FADE IN:

INT. THE COFFEE SHOP - DAY

PAUL, ISABEL, and KIA are working in the shop, but there are barely any customers. Paul walks by Kia.

KIA

Wow, it sure is slow today.

PAUL

I know.

ISABEL

I think it might be a good idea to give Eddie the day off.

PAUL

Yeah you're right Isabel. It's just too slow today, and it's not like we can't do the dishes ourselves.

ISABEL

I think I'll call Eddie now and tell him what's going on.

Isabel gets out from behind the counter and goes into the back office. Just as Isabel enters the office, EDDIE walks into the shop.

PAUL

You're early.

EDDIE

I got a little bored so I decided to come in early. Is there a problem Paul?

PAUL

It's been extremely slow today, and we've decided to give you the day off.

EDDIE

Why?

KIA

We can do the dishes ourselves.

EDDIE

Okay I guess. Actually come to think about it, Mark has been trying to get me to go play paintball with him for some time now.

PAUL

Well I think you know what to do now.

Eddie takes out his morpher, rotates the screen, and dials a number.

EDDIE

Hey Mark, it's Eddie. (pause) About playing paintball, how's this afternoon work for you? (pause) He's giving me the day off. (pause) Okay good. Meet me here at the coffee shop in an hour. See you then.

Eddie ends the call and puts his morpher away. Isabel comes out of the office. She notices Eddie.

ISABEL

Has Paul told you what's going on?

EDDIE

Yeah. Anyway, I've got to go home and change.

Eddie leaves the shop.

FADE OUT.

FADE IN:

INT. INSIDIA'S LAB - DAY

DR. VENGE stands at his workstation working on an experiment. He places the finishing touches on it and places a small rice-shaped object with three eye-like jewels into a small somewhat humanoid looking object. Dr. Venge then places the humanoid object into a larger one, and then places that one into a larger one and so forth until placing the mass of containers into one final one. INSIDIA comes up behind Dr. Venge.

INSIDIA

How's your little plan going?

DR. VENGE

I just finished it.

DRAGOS and MALEVALA walk into the lab and up to Insidia, and Dr. Venge.

MALEVALA

Like this plan is really going to succeed.

DR. VENGE

Care to explain Malevala?

MALEVALA

Well for starters, we don't even know who the Rangers are; let alone getting this thing to make evil duplicates of them.

DR. VENGE

Anything else?

MALEVALA

Your last plan didn't exactly pan out the way you wanted it to either.

INSIDIA

Malevala does have a point Venge. The Rangers did defeat the Voice Virus, and we did lose quite a bit of business because of that.

DRAGOS

So tell us doctor, how exactly is this plan of yours supposed to work?

DR. VENGE

Simple, over the past few battles with the Rangers I've been able to pick up some energy readings from their powers. So using the data from these readings I was able to program the ability to copy the Rangers' powers into my little Nestimic.

Dr. Venge holds up the object he was working on.

MALEVALA

So how exactly do you plan on finding out the Rangers' identities?

DR. VENGE

If Nestimic copies a Ranger it'll come back to me and we'll know then. Now if you don't mind, I need to get out and plant this somewhere where the Rangers could potentially find it.

Dr. Venge leaves the lab.

MALEVALA

He's going to fail.

INSIDIA

Now, now, Malevala have some faith in Venge and maybe his plan will work. However when he fails, feel free to mock him all you want.

MALEVALA

Yes mistress.

Malevala starts to walk out of the lab. After a few moments she stops. Insidia notices.

INSIDIA

Is there a problem Malevala?

MALEVALA

No.

Malevala continues to walk.

MALEVALA

(INNER)

What was that just now? It almost feels like a presence I haven't felt in years.

FADE OUT. OPENING CREDITS.

FADE IN:

INT. THE COFFEE SHOP - DAY

Paul and Kia are tending to a few customers, while Isabel works the counter. RACHEL is off to one of the tables at the side with her laptop doing some typing. Paul's morpher rings and he answers.

PAUL

Hello? (pause) Okay I'll get it now and it'll be ready for when you get here.
Bye.

Paul ends the call. He walks over to the counter.

ISABEL

Who called?

PAUL

Mark. He wants me to have a cup of coffee ready for him when he gets here to meet up with Eddie.

Paul takes out a paper cup and pours some coffee in it, as well as some 2% milk and a couple of scoops of sugar. Paul stirs the coffee and puts a lid on the cup. MARK walks in to the shop dressed head to toe in black camouflage. Mark walks over to the counter and Paul hands him the cup.

MARK

Just put it on my tab.

PAUL

All ready did.

Mark takes a sip from the cup. Eddie walks into the shop dressed head to toe in blue camouflage. Eddie walks up to Mark.

EDDIE

You ready?

PAUL

Just look at you two.

MARK

What?

PAUL

Nothing, nothing, it's just that you two look a little interesting.

Kia walks up to Paul, Mark, and Eddie. She starts to laugh a little.

KIA

What are you two planning?

MARK

We're playing paintball.

KIA

And you have to be camouflaged because...?

EDDIE

It's war out there, and we need to blend in with our surroundings.

KIA

Okay fine. (turns to Rachel) Hey Rachel, get a look at Mark and Eddie.

Rachel gets up and walks over to everyone else. She starts to laugh a little upon seeing Mark and Eddie.

RACHEL

You guys look ridiculous.

MARK

Will you guys knock it off all ready?

PAUL

Fine, fine, we'll stop.

MARK

Better. C'mon Eddie let's go.

Mark and Eddie start to leave the shop.

PAUL

Hey Mark!

Mark turns to see Paul.

MARK

What?

PAUL

We'll call you if something's going to go down.

MARK

Okay fine. Anything else?

PAUL

We'll also call the two of you if a
wascally wabbit is on the loose.

Rachel and Kia start to laugh their heads off. A scowl starts to grow over Mark's face as he turns around and leaves the shop with Eddie. Kia's laughing dies down a little, as does Rachel's, however Rachel still has a smile on her face. Paul notices.

PAUL

You know Rachel; you really should try
smiling like that a little more often.

RACHEL

Why?

PAUL

You look so much better like that, then
the usual face that you give me.

KIA

Paul's got a point Rachel.

RACHEL

That all you have to say Paul?

PAUL

Plus it looks like I FINALLY got a rise
out of out.

FADE OUT.

FADE IN:

EXT. A PAINTBALL FIELD - DAY

Mark and Eddie walk up to a booth that rents out equipment. They pick up their guns and goggles, as well as containers of paintballs, green for Mark, blue for Eddie. They both start to head toward the field. A couple of guys, dressed in standard green camouflage, notice them.

GUY 1

Hey!

Mark turns to them.

MARK

Yeah?

GUY 1

You guys need someone to play against?

MARK

Sure. I'm Mark. This is Eddie.

EDDIE

Hey.

GUY 1

The name's Craig.

GUY 2

Luke.

MARK

So how do we want to do this?

LUKE

How about Capture the Flag?

EDDIE

With only two people per team?

CRAIG

Sure, the way we've done it is if you get five hits you sit out for a few minutes.

MARK

Sounds all right.

LUKE

Great, just go get something for your flag, and we'll see you on the field.

Craig and Luke go off.

EDDIE

So what are we going to do for a flag?

MARK

I've got a blanket somewhere in my car.
Just hang on I'll be right back.

Mark hands Eddie his gear, and heads toward his car.
Moments later he returns with a small black blanket.

EXT. THE FORESTED PART OF THE PAINTBALL PLAYING FIELD - DAY

Mark ties the blanket to a tree. He and Eddie put on their goggles and start to wander around the area looking for Craig and Luke's flag. Mark and Eddie split up; Mark goes toward the left of the field while Eddie goes to the right. In Mark's area he slowly creeps through the trees. Just as Mark moves a little forward, he gets hit in his right arm with one of Craig's yellow paintballs. Mark turns to his right, dodges the other incoming paintballs that Craig is firing at him, and fires a series of five paintballs at Craig, all of which make contact.

CRAIG

Nice shot.

MARK

Thanks.

Craig leaves the field. In Eddie's area, like Mark, Eddie creeps through the trees. Eventually Eddie sees a green towel tied to a tree.

EDDIE

That has to be their flag.

Eddie starts to creep ever so slightly toward the towel, but gets hit in the left shin by an orange paintball. Eddie looks to his left and sees Luke behind a couple of trees with his gun aimed at him. Eddie aims his gun at Luke and fires numerous shots a few of which hit Luke.

EXT. THE EDGE OF THE FOREST - DAY

Dr. Venge walks with the Nestimic in hand.

DR. VENGE

Just how am I going to get this thing
to the Rangers?

As Dr. Venge walks he ends up getting hit by a few of Eddie's paintballs. The hits from the paintballs come as a surprise to Dr. Venge, and as such he loses his grip on the Nestimic and it goes flying up into the air.

EXT. EDDIE'S AREA - DAY

Eddie dodges the shots that Luke is firing at him, while at the same time moving toward the towel. Eddie closes in on the towel just as Luke gets a fourth shot on Eddie.

LUKE

One more to go until you're finished,
for a few minutes.

Luke aims his gun at Eddie, and pulls the trigger. Nothing happens.

LUKE

What?!

Luke checks his loader, and sees that he is out of ammo. Eddie grabs the towel.

EDDIE

Looks like we win.

The Nestimic falls to the ground in front of Eddie. Eddie bends over and picks it up.

EDDIE

What is this?

FADE OUT.

FADE IN:

INT. THE COFFEE SHOP - DAY

Paul and Kia are sitting on the couch. Rachel is still at her laptop doing some typing at one of the side tables. Mark walks in dressed normally. He goes to the couch.

PAUL

How'd paintball go?

MARK

Great. Eddie won the game for us that we played against a couple guys we met there.

KIA

Where is Eddie?

MARK

He went home to change and get washed up. He said something about going over to D.A.T.A. Base later.

PAUL

That reminds me, I kinda forgot to bring Doc's mail in the past few days.

KIA

You might want to get on that.

MARK

Besides he might have a few bills in there.

PAUL

Actually all of his bills came a few days ago. You should see how much he pays for electricity.

KIA

You looked at his bills?

PAUL

Only because he's having me pay them for him while he's gone.

MARK

Makes sense, so how much is he paying for his power?

PAUL

Let's just say that if he were to ever miss paying a bill, we'd be screwed big time.

KIA

So everything that's attached to D.A.T.A. Base is on his bill?

PAUL

And how. When I first saw it I wondered how a single man his age could use up so much power, but then I remembered what his basement actually is.

MARK

I should've figured that D.A.T.A. Base uses all that power. So it's not really surprising that his bill's that high.

FADE OUT.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Eddie (dressed normally) sits near one of the terminals holding the Nestimic. He twists the top of it slightly and it starts to come loose. Eddie pulls the top of it off, and takes the smaller part of it out. Paul walks into the monitoring room. He sees the Nestimic.

PAUL

What is that?

EDDIE

I found it at the paintball field.

PAUL

Didn't Kia tell you what happened when she first used Shovel 7?

EDDIE

No what?

PAUL

Some guy at Lincoln U found the orb that Malevala was after and he nearly got destroyed because he found it lying on the ground.

EDDIE

So what are you trying to say?

PAUL

Just be careful. You don't know what that thing is or where it came from. There's no telling what it could possibly do. For all we know that thing you're holding could be one of Venge's creations.

EDDIE

Fine whatever.

PAUL

Now let me take a look at thing.

Paul walks over to Eddie and sees the Nestimic. Paul picks up the first shell of it.

EDDIE

I'm still trying to figure out what it is.

PAUL

Try undoing some more of it.

Eddie separates the halves of the next shell. He sets them down.

EDDIE

So?

PAUL

Just what I thought.

EDDIE

What?

PAUL

It's a nesting doll.

EDDIE

A nesting doll?

PAUL

It's a Russian thing. Basically it's a series of outer shells that have a solid core, and you can several different dolls in one convenient package. I think I still have one my mom used to have.

Paul puts the two halves of the shell he is holding together and places them near Eddie. Eddie does the same with the two other halves that he has and places it beside the combined halves that Paul put together. Eddie notices that both dolls are exactly the same.

EDDIE

Are all nesting doll shells supposed to look the same?

PAUL

Not typically. The only ones I've seen have different designs on each shell. This one's kinda odd.

EDDIE

Maybe if I undid some of the other shells it might reveal other designs.

PAUL

Maybe. Either way, have fun playing with your doll. I've got to go now.

Paul leaves the monitoring room. Eddie undoes another one of the shells and puts it together. He places it beside the other combined shells. Eddie continues to do this until finally coming to the core, which is a rice-shaped object with three jewel-like eyes. Eddie picks up the core.

EDDIE

This can't be right.

Eddie places the core of the doll beside the largest of the dolls. Eddie turns around and scratches his head for a minute. When Eddie turns around he sees that there are two versions of the largest shell.

EDDIE

Huh?

Eddie picks up the shell on the right. The three eye-like jewels are on the back of it.

EDDIE

I must be going crazy or something.

Eddie sets the shell down on the other side of the room. Eddie goes back to his chair and starts to put the other shells together again. Once the shells are together again Eddie gets up, only to find another Eddie in the room. The other Eddie extends his hands out, and nabs Eddie.

FADE OUT.

FADE IN:

INT. INSIDIA'S LAB - DAY

Dr. Venge stands before Insidia who is sitting in her throne.

INSIDIA

So let me get this straight, you lost the Nestimic?

DR. VENGE

Yes Insidia.

INSIDIA

And now you can't find it?

DR. VENGE

Yes Insidia. But in my defense when I went to go look for it, it was gone.

INSIDIA

Did you check every possible location?

DR. VENGE

I did, based on the trajectory of how it left my hand. I think it'd be a safe bet to assume that someone's all ready taken off with it.

INSIDIA

Why must I be surrounded by incompetence? First Dragos starts to fail on me, now you. Even Malevala's demon monsters don't get the job done. I really need to get some better minions here.

DR. VENGE

What do you mean?

INSIDIA

Never you mind, just go try to find the Nestimic.

DR. VENGE

Yes mistress.

Dr. Venge leaves the lab.

FADE OUT.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Eddie stares at one of the screens looking at the Ranger profiles. First he looks at Paul's, then Mark's, then Rachel's, and finally Kia's. Eddie then loads up information on the D.A.T.A. Trekkers. Kia walks into the monitoring room just as Eddie loads up information on the D.A.T.A. Megazord.

KIA

What's up?

Eddie closes the information.

EDDIE

(coldly) Nothing.

KIA

Why were you looking at the file on the D.A.T.A. Megazord?

EDDIE

No reason.

KIA

Is something wrong Eddie? You don't seem like yourself right now.

EDDIE

Just leave me alone.

KIA

Fine whatever. I'll be in the lab doing some homework if you need me.

Kia leaves the monitoring room.

INT. D.A.T.A. BASE JUST OUTSIDE OF THE LAB - DAY

Paul, Mark, and Rachel enter. They walk past the lab and see Kia looking a little weirded out. Paul, Mark, and Rachel enter the lab and walk up to Kia.

RACHEL

What's wrong?

KIA

I think there's something wrong with Eddie.

MARK

What?

KIA

Can't say, he kinda gave me the cold
shoulder just now.

An expression of deep thought goes over Paul's face.

PAUL

It couldn't be, could it?

MARK

What?

PAUL

You know that thing Eddie found when
the two of you went to play paintball?

MARK

That weird looking metal thing?

PAUL

Yeah, apparently it's some kind of
nesting doll.

Mark starts to laugh a little bit.

RACHEL

What's so funny?

MARK

Eddie playing with dolls.

RACHEL

Please Mark, I'd expect this from Paul,
but not you. So what's the big deal
with this nesting doll Paul?

PAUL

Can't say all I know is that it's a
nesting doll, beyond that I know
anything. Although I did warn Eddie
about picking things up that he knows
nothing about.

KIA

Like that one guy who had that orb
Malevala was after.

PAUL

Actually that was the same example I
gave Eddie, but he did kinda throw it
back in my face.

RACHEL

So what could turn Eddie from what we know him as, to something cold?

MARK

Maybe that's not Eddie.

PAUL

Mark if this is going to be some kind of X-Files rant I'm leaving.

MARK

No, no maybe it's something Venge created.

PAUL

Well I did tell him that it could be something from Venge as part of my warning.

Slight pounding and muffled yelling starts to come out of one of the closets in the lab. Mark goes over to the closet and opens it. A bound and gagged Eddie falls out of the closet. Paul walks over to Eddie and helps Mark untie him.

KIA

What were you doing in the closet?

EDDIE

No idea.

The other Eddie walks up to the door leading to the lab now as the Blue Ranger. Mark notices.

MARK

Uh guys...

Everyone turns his or her head to see the duplicate Blue Ranger.

PAUL

Well I think we know what we have to do.

FADE OUT.

FADE IN:

EXT. AN INDUSTRIAL PARK - DAY

The other Blue Ranger runs from the Rangers (all morphed). The other Blue Ranger stops, and turns around to face the Rangers.

MARK

What's the plan Red?

PAUL

I guess we just try to take it out,
like any other monster we've fought.

The other Blue Ranger charges at Eddie. The other Blue Ranger jumps up and toward Eddie, tackling him. Eddie and the other Blue Ranger start to fight. The Blue Ranger launches his right fist at Eddie, in an attempt to try to punch him, but Eddie dodges the attack sending his own fist at the Blue Ranger. The Blue Ranger dodges the attack, and draws his D.A.T.A. Blaster. The Blue Ranger fires a few lasers at Eddie, but Eddie dodges and returns fire from his own Blaster. The other Rangers watch the fight.

MARK

Okay I'm confused.

PAUL

Well you're not the only one.

KIA

How do we tell which one is which? It's not like there's some kind of tell to show us which one's which.

RACHEL

There's got to be some way to know who's who.

Paul, Mark, Rachel, and Kia continue to watch the fight between the two Blue Rangers. Eddie charges at the Blue Ranger with his D.A.T.A. Sword, and the Blue Ranger draws his own D.A.T.A. Sword. They both exchange swipes from their swords clashing them against each other. The Blue Ranger puts his Sword away and pulls out his Wind Knuckle. The Blue Ranger aims the Knuckle and starts to blow a tornado at Eddie. Eddie takes out his own Knuckle and uses it to levitate himself above the Blue Ranger's tornado. The Blue Ranger stops blowing the tornado as Eddie lands. They both charge at each other, and start attacking each other with their Knuckles. Dr. Venge appears.

DR. VENGE

Interesting. It appears Nestimic was able to duplicate the Blue Ranger verbatim.

PAUL

The Nestimic?

DR. VENGE

That's right Red Ranger, Nestimic the nesting mimic.

PAUL

So that's how it happened.

RACHEL

What?

PAUL

It appears our good friend Venge here placed some sort of duplicator into that nesting doll Blue found.

DR. VENGE

Right you are Red Ranger. I'm hoping to expose the five of you.

MARK

Well I think you know what we have to do now.

DR. VENGE

Why does that not surprise me? Either way you'll find that this scientist may be a little more agile than he looks.

Dr. Venge starts to engage Paul, Mark, Rachel, and Kia in hand-to-hand combat. Dr. Venge starts out by throwing out a few punches at Paul, but they are all dodged. Dr. Venge then gives Paul a swift kick, which makes contact causing Paul to fall back a little. Mark goes on the offensive by launching a right hook on Dr. Venge, but Dr. Venge blocks the attack, and elbows Mark with his left arm. Rachel jumps up, and extends her right foot to launch a flying kick but Dr. Venge catches Rachel's foot and throws her aside. Kia comes in and starts to launch a barrage of punches on Dr. Venge, but he blocks all of the punches, and then gives her a quick hit causing her to fall back a little. Paul, Mark, Rachel, and Kia regroup.

KIA

Who knew he had those kinds of moves?

PAUL

He's almost as good a fighter as
Dragos.

DR. VENGE

However Red Ranger I have a power that
even Dragos would envy.

Dr. Venge raises his right hand and starts to create a ball of energy that spirals around with purple and black energy, and green gridlines. Dr. Venge lowers his arm, aims the ball at Paul, Mark, Rachel, and Kia and launches the ball, which splits up into four beams. The four beams hit Paul, Mark, Rachel, and Kia knocking them down.

DR. VENGE

Now if you don't mind Rangers I have
one of your identities to figure out.

Dr. Venge turns his back to Paul, Mark, Rachel, and Kia and starts to walk toward the two dueling Blue Rangers who both look evenly matched.

VOICE

Hey Venge! Look out if you know what's
good for you!

Dr. Venge turns around and sees Paul flying toward him with his right foot extended. Paul's flying kick makes contact, knocking Dr. Venge to the ground. Dr. Venge gets to his feet just as Paul lands.

DR. VENGE

I didn't realize you still had some
fight in you left Red Ranger. My energy
beam should've taken care of you.

PAUL

Talk to Dragos some time, he might tell
you about how I can fight.

DR. VENGE

Very well if it's a fight you want it's
a fight you'll get.

PAUL

Good. Crash Armor!

The Crash Armor forms on Paul.

PAUL

Crash Cannon, Drill Mode!

Paul raises his right hand and the Crash Cannon in Drill Mode appears. Paul aims the Cannon at Dr. Venge.

PAUL

Time to say goodbye Venge.

DR. VENGE

Would you really fire at an unarmed enemy?

PAUL

That little energy beam of yours could do a lot more damage than my Cannon.

DR. VENGE

Very well.

Dr. Venge raises his right hand again to charge another energy ball, but nothing happens.

PAUL

Just what I thought, you used up most of your energy.

DR. VENGE

This is not over Rangers.

Dr. Venge disappears. Mark, Rachel, and Kia come up to Paul just as the Crash Armor and Cannon disappear. Paul draws his D.A.T.A. Blaster.

PAUL

Rachel, would you mind doing me a favor?

RACHEL

Okay, what?

PAUL

I need you to stand in front of me.

Rachel goes to stand in front of Paul. Paul aims his Blaster at Rachel.

RACHEL

(nervously) What are you doing?

PAUL

Just watch. Hey Blue Rangers!

The Blue Rangers stop fighting.

PAUL

Make one wrong move and Yellow gets it!

The Blue Ranger to Paul's left starts to run toward Paul. As this Blue Ranger nears Paul and attempts to shield Rachel with his body Paul changes his aim at the Blue Ranger who stayed behind. Paul fires at that Blue Ranger and it falls down. The Blue Ranger that is coming toward Paul stops.

PAUL

Good to know that you're you Eddie.

EDDIE

How?

MARK

Wait a minute. Paul did you know that Eddie would do this?

PAUL

Pretty much, now I think we know what we have to do.

The other Blue Ranger gets back to its feet. All of the Rangers turn to the other Blue Ranger. They aim their Blasters at it and fire. The lasers hit the Blue Ranger and it falls down. The Blue Ranger gets back to its feet and quickly changes into Paul, then the Red Ranger, then Mark, then the Black Ranger, then Rachel, then the Yellow Ranger, then Kia, the Pink Ranger, then back to Eddie, and finally back as the Blue Ranger. A blue energy starts to go over the Blue Ranger as it multiplies itself into numerous copies.

MARK

What the-?

KIA

It's duplicating itself?

RACHEL

Why'd it change into all of us?

EDDIE

Maybe it had a look at the data files Doc has on us.

PAUL

Oh man, this is like something out of Fantasia.

MARK

How are we going to fight this?

EDDIE

I've got an idea.

Eddie runs away. The sea of Blue Rangers start to run off. Paul, Mark, Rachel, and Kia follow them into another part of the industrial park.

EXT. ANOTHER AREA - DAY

Eddie drives Mixer 8 toward the industrial park.

EDDIE
Here goes nothing.

Eddie drives Mixer 8 into the Blue Ranger clones. The clones fly up as the Trekker hits them.

EDDIE
I need something to get them in one place.

Inside of Mixer 8 Eddie pulls on one of the secondary function levers. Outside Mixer 8 pours out some concrete, which hits all of the clones. Eddie parks Mixer 8.

EDDIE
Not bad.

The other Rangers look up at Eddie.

PAUL
Good work!

MARK
Let's just finish this thing.

EDDIE
Way ahead-

The Blue Ranger clones start to glow blue, as they combine into a blocky copy of the D.A.T.A. Megazord.

RACHEL
It copied the Megazord?

EDDIE
Now I know it looked at the data files.

KIA
Looks like there's only one thing to do.

PAUL
Right.

Paul takes out his morpher, rotates the screen, and presses the launch button. All of the Rangers press their number, and Paul revs the digitize gear.

INT. THE ZORD BAY AT D.A.T.A. BASE - DAY

Dump 1, Formula 2, Gyro 3, Dozer 4, and Marine 5 activate and launch.

INT. THE COCKPIT OF DUMP 1 - DAY

Paul sits at the controls.

PAUL

It's Megazord time.

Outside Dump 1, Formula 2, Gyro 3, Dozer 4, and Marine 5 combine into the D.A.T.A. Megazord.

PAUL, MARK, RACHEL, AND KIA

D.A.T.A. Megazord online!

PAUL

Let's do it!

KIA

Right. D.A.T.A. Saber!

The Megazord combines its weapons into the D.A.T.A. Saber. The Megazord walks toward Nestimic, and Nestimic tries to kick at the Megazord with its right foot, but the Megazord blocks the attack. The Megazord gets a quick slash on Nestimic. The Megazord tries to slash at Nestimic again, but it breaks apart.

RACHEL

What's going on?

Nestimic reconfigures behind the Megazord, and fires a few yellow beams at the Megazord. The Megazord falls back and goes down. As Nestimic starts to close in on the Megazord, several green lasers are fired at it from Mixer 8. Nestimic falls down as Mixer 8 comes closer.

EDDIE

Let's try combining Drill 6 and Mixer 8.

The Megazord gets back up. Inside Paul, Mark, Rachel, and Kia sit at their controls.

PAUL

All right.

Paul presses the launch button followed, by the "6", and revs the digitize gear. Outside Mixer 8 comes up in front of the Megazord as Drill 6 makes its way to the scene.

PAUL, MARK, RACHEL, AND KIA
Drill 6, Mixer 8, attach!

Inside of the Megazord Paul presses the combine button, followed by the "6" and "8", and revs the digitize gear. Outside Dozer 4, and Marine 5 detach themselves from the Megazord. Drill 6 goes onto the right side of the Megazord, and Mixer 8 goes onto the left.

ALL FIVE RANGERS
D.A.T.A. Megazord Drill and Mixer!

Nestimic gets back to its feet. The cement container on Mixer 8 starts to spin and opens as the Megazord fires cement at Nestimic. The cement hits Nestimic constricting its movement.

EDDIE
Let's finish it.

The Megazord powers up Drill 6, and strikes Nestimic with it. Nestimic explodes.

FADE OUT.

FADE IN:

INT. INSIDIA'S LAB - EVENING

Dr. Venge bows before Insidia who is sitting in her throne. Dragos and Malevala stand behind Dr. Venge.

INSIDIA
INCOMPETENCE!

Insidia extends her right hand toward Dr. Venge and releases a purple energy wave. Dr. Venge cries out in pain a little.

DR. VENGE
I'll do better next time mistress.

Insidia stops her torture on Dr. Venge. Dr. Venge recoils from the pain.

INSIDIA
You better, because my patience is starting to wear thin with ALL of you! I thought that you all were the worst of the worst, but apparently I was dead wrong.

MALEVALA
Mistress can I say something?

INSIDIA
It better be good Malevala.

MALEVALA
Today I felt a presence that I haven't felt in years.

INSIDIA
Go on.

MALEVALA
I've got a feeling that a former classmate of mine from my ninja training might be on Earth right now.

INSIDIA
And what does this have to do with us?

MALEVALA
He was a very skilled warrior, and would be a great addition to us if I can get him to join us of course.

INSIDIA

Hmm, interesting.

Insidia rises from her throne. She starts to walk toward the elevator.

INSIDIA

Malevala come. And tell me more about this person.

Malevala starts to follow Insidia.

INT. THE MONITORING ROOM AT D.A.T.A. BASE - EVENING

Paul, Mark, Rachel, and Kia stand before Eddie.

PAUL

Now, what have we learned today Eddie?

EDDIE

If you don't know what something is, leave it alone.

MARK

Good boy, you deserve a toffee.

RACHEL

Now is there something you need to do now?

EDDIE

I don't think so.

KIA

Could it perhaps happen to deal with the computer system here?

EDDIE

What are you guys getting at?

PAUL

I told Doc about our situation today, and he told me to tell you that he wants you to encrypt the data files on us and any other important pieces of info.

EDDIE

Like what?

MARK

The D.A.T.A. Trekkers, our weapons, that kind of stuff.

PAUL

Be sure to write down the password and give it to us later. So I think you know what you have to do now.

Eddie heads over to the computer terminal. Paul, Mark, Rachel, and Kia start to leave the monitoring room.

PAUL

It's been a long day. Let's go get some coffee.

EXT. THE STREETS OF LINCOLN PARK - NIGHT

A blue streak moves through a few building eventually making its way onto the top of one. Once on the building the streak becomes a blue ninja-like figure.

FIGURE

So this is the city that Insidia is attacking. I'm sure my master will have no problem trying to take it over. But first it'd be a good idea to test the Rangers here.

The figure leaves the top of the building in another streak.

END
