"POWER RANGERS D.A.T.A. TREK: EPISODE 17 - THAT TIME OF
YEAR PART 2"

FADE IN:

INT. INSIDIA'S LAB - NIGHT

INSIDIA and CHAOTROS sit in their thrones. DRAGOS, and DRAGHORN enter and kneel before them.

INSIDIA

How did your search go?

DRAGOS

The trail has unfortunately grown cold mistress. The Dragonites were unable to sniff them out, and we were unable to find anything from the sky with the Dragon Flyers.

INSIDIA

So you've failed?

DRAGOS

Not necessarily. It is night after all, and we can only do so much with the Dragon Flyers at this time of day.

INSIDIA

I see. Well I don't think I need to mention what will happen should you fail.

DRAGOS

No mistress.

INSIDIA

Not to mention that it'd be redundant to say that I want both the Red Ranger, and the traitor destroyed.

DRAGHORN

Of course not, that is what we're after. Should we find them, Cephalas will meet the end of my staff. And I'm sure the Red Ranger will meet both of your swords General.

DRAGOS

You know me all too well Draghorn, but remember that no matter what happens the Red Ranger is mine.

DRAGHORN

But of course.

INSIDIA

In the mean time, I suggest that the two of you try to find them again.

DRAGOS

As you command mistress.

CHAOTROS

And Dragos, this time take some Abras. They are after all equipped with torches.

DRAGOS

I told you once all ready Chaotros I still don't know if I can trust you.

INSIDIA

Dragos, you're being too stubborn. Just take some Abras. And that's an order!

DRAGOS

As you wish mistress.

Dragos gets up, and walks over to Chaotros. Chaotros hands Dragos a handful of the pebbles that become Abras. Dragos turns toward the exit and starts to leave the lab.

DRAGOS

Come Draghorn.

Draghorn gets up and leaves with Dragos. After the both of them have left MALEVALA comes into the lab.

MALEVALA

Mistress, can I speak to you?

INSIDIA

Of course Malevala, what about?

MALEVALA

Actually, I'd like to speak to you alone.

CHAOTROS

Fine. Besides I need to see what Venge is doing anyway.

Chaotros gets up and leaves the lab.

INSIDIA

What do you want to talk about
Malevala?

MALEVALA

It's about Chaotros. I overheard him
saying something about eventually
betraying you.

INSIDIA

While I appreciate your concern
Malevala, I'm well aware that Chaotros
may eventually betray me.

MALEVALA

You are?

INSIDIA

Why else would I have given him an
equal partnership with me in our
organization down here? You don't think
I'm a fool do you?

MALEVALA

Of course not mistress, but why give
someone you don't trust such a
position?

INSIDIA

So I can constantly keep an eye on him.
It's the same reason why I gave his
human form has such a high position
within Mindset. Remember this little
"truce" between the two of us is little
more than a well-played game of chess.
And I'm trying to keep at least two
moves ahead of him.

MALEVALA

Don't worry mistress, no matter what
happens, I'll always stay on your side.

INSIDIA

You flatter me Malevala, and if your
loyalty proves to be true it will be
rewarded greatly. However in the
meantime I think it might be a good
idea to keep a close eye on Ninjrex.

MALEVALA

I was just thinking the same thing
mistress. Ninjrex's loyalty to Chaotros
may one day prove to be his undoing
when you finally decide to rid yourself
of Chaotros.

INSIDIA

Excellent. Now go, and let's pretend
that we didn't have this little
conversation. Understood?

MALEVALA

Yes mistress.

Malevala leaves the lab. Chaotros stands near the entrance
to the lab as Malevala enters the hallway. Malevala notices
Chaotros.

MALEVALA

How much of that did you hear?

CHAOTROS

What ever are you talking about?

MALEVALA

Don't play dumb. I know you can hear
anything from within the lab out here.

CHAOTROS

Fine then, I heard everything. However
Malevala, Insidia's wrong about being
two moves ahead of me. I am after all
anticipating any move she might make.

MALEVALA

Your presence here isn't needed so why
don't you just make your move now, and
Insidia can SWAT you down.

CHAOTROS

Not going to happen, besides if you
join me, it could prove to be lucrative
for you. Besides having two ninjas
would be a great asset to me.

MALEVALA

The answer's no.

CHAOTROS

Fine have it your way, but don't say I
didn't warn you.

FADE OUT. OPENING CREDITS.

FADE IN:

EXT. A FORESTED AREA - NIGHT

PAUL (still morphed), and CEPHALAS make their way through the forest. Cephalas eventually forces them to stop.

CEPHALAS

Why don't you just leave me to die,
which you probably want me to?

PAUL

You're injured, and I can't let you
fall to Dragos.

CEPHALAS

What do you possibly have against
Dragos?

PAUL

For one thing there's the whole rival
thing he started on me for some reason.

CEPHALAS

Dragos only does that if you're a great
warrior and refuse to join his side.

PAUL

Well that explains that.

CEPHALAS

But your reason seems extremely
shallow. You couldn't possibly know the
pain I'm in right now.

PAUL

I beg to differ.

CEPHALAS

How so? You couldn't possibly know what
it feels like to lose a loved one
that's extremely close to you.

PAUL

It just so happens I've lost four loved
ones who were extremely close to me.

CEPHALAS

Who did you lose?

PAUL

The ones lost to me were my parents, and my dad's parents. And as a matter of fact I lost them six years ago to this day. So before you go on to say that I don't know the pain that you're in, believe me I do. Now the choice is simple, either you let me help you, or I can leave you.

CEPHALAS

Well you've certainly proved me wrong. But before we begin there's one thing I've got to know.

PAUL

What?

CEPHALAS

I know your real name isn't "Red Ranger", so what is your real name?

PAUL

Paul. And now with that out of the way, I never did catch your name.

CEPHALAS

Cephalas.

PAUL

Good.

Paul starts to leave the area.

CEPHALAS

You're not going to leave me here after all, are you?

PAUL

No, I'm just going to find something to stop your bleeding, and go get some wood to make a fire. Neither of us will make it to morning if we don't have a fire to keep us warm.

Paul continues to walk away.

FADE OUT.

FADE IN:

INT. THE COFFEE SHOP - NIGHT

ISABEL is about to close the shop, just as MARK, EDDIE, RACHEL, and KIA (all now unmorphed) all enter.

ISABEL

You're lucky you got here when you did;
I was just about to lock up.

Isabel notices that there is someone missing.

ISABEL

Where's Paul?

MARK

We don't know.

ISABEL

This isn't like that one time where he
let himself be captured by your
enemies, is it?

KIA

Far as we can tell he just took off on
his own, and with one of the people we
were fighting against.

ISABEL

What?

EDDIE

I know. It's confusing me too.

RACHEL

You forget Eddie that Paul usually has
a good reason for doing what he does.

ISABEL

What does Quinn think of all of this?

EDDIE

Quinn?

MARK

That's Doc's real name.

KIA

You saw how bad he looked earlier, so
we kinda put him to bed. He's been
sleeping ever since as far as we know.

RACHEL
We probably should go check up on him.

MARK
We'll do it in a minute.

ISABEL
So what are you going to do about Paul?

MARK
There probably isn't anything we can do.

KIA
And he hasn't been answering his morpher, so we might as well just wait it out until he calls us.

ISABEL
Well you guys are right, but I just wish Paul wouldn't do things like this. He had me so worried when he was captured a while ago.

MARK
Relax Isabel; I'm sure he'll be fine.

INT. DOC'S LIVING ROOM - NIGHT

DOC still sleeps on his couch with the mask over his eyes. His hands are pointed up and he is partially talking in his sleep. Doc rolls onto his left, but he ends up falling off of the couch. The fall causes Doc to wake up, and take the mask off. Doc gets to his feet.

DOC
I can't believe they were right. Either way, Jet 10 is waiting.

FADE OUT.

FADE IN:

EXT. THE FOREST - NIGHT

Cephalas sits against a rock holding his wounded arm. Paul (still morphed) walks back to him. The headlights on Paul's helmet are on, and he is carrying some wood and a small strip of linen. Paul sets the wood down and takes the linen over to Cephalas. Paul moves Cephalas' hand and starts to wrap the linen around the wound.

CEPHALAS

Ow! You're doing it too tight.

PAUL

Do you want to stop the bleeding or not?

Paul ties the linen. Paul then collects numerous rocks and arranges them all into a circle. Paul takes some of the wood and makes a "teepee" with it. Paul draws his D.A.T.A. Blaster adjusts the dial on it and fires a beam at the wood. The beam causes the wood to catch fire, and Paul puts his D.A.T.A. Blaster away.

PAUL

So tell me Cephalas, what do you have against Dragos?

CEPHALAS

He destroyed my father.

PAUL

So what did your father do?

CEPHALAS

Absolutely nothing. Years ago, my home planet came under attack from Insidia, and Dragos was sent to overthrow my father.

PAUL

I take it that your father was some sort of ruler, right?

CEPHALAS

He was the king of the planet, which of course makes me the prince.

PAUL

So why did Insidia attack your planet?

CEPHALAS

For the same reason she's attacking Earth, power. However after the royal family was overthrown my planet fell into great disarray. Nothing but chaos rules the planet now, but there is hope.

PAUL

What?

Cephalas takes out the leather map.

CEPHALAS

This map tells the location of an ancient crystal that my father banished to the farthest reaches of the universe before he was destroyed. Every year it appears on a different planet, and this year it's here on Earth. Only this crystal will be able to bring peace back to my planet.

PAUL

So this crystal must have some great power.

CEPHALAS

It does. In fact if Insidia were to get her hands on it, she might be able to conquer Earth with its power. However I won't be able to find it no thanks to you.

PAUL

Unroll the map on the ground.

CEPHALAS

Okay but I don't see what the point is.

Cephalas gets up and unrolls the map on the ground. Paul takes out his morpher and converts it to scan mode. Paul scans the map, and a copy of it appears on the screen of his morpher. Paul then presses a few buttons and brings up a scan of the corner of the map that he ripped off. Paul presses a few more buttons and the scan of the corner combines with the scan of the rest of the map.

CEPHALAS

What are you doing?

Paul rotates the screen on his morpher all the way, and hands it over to Cephalas.

PAUL

I made a scan of the corner that I ripped off, and so by scanning what you had we now have the full map.

CEPHALAS

Impressive Paul.

PAUL

Tomorrow morning, I'll call the other Rangers, and together we'll get that crystal.

CEPHALAS

I can't tell you how much this means to me.

PAUL

Well you can thank me by answering one last question.

CEPHALAS

Anything.

PAUL

What's with that metal thing on your forehead?

CEPHALAS

It's a symbol of the royal family on my planet. Think of it as my crown.

PAUL

And the indent?

CEPHALAS

It contains a small precious crystal. The shards of the one your friend took from me, was my father's, and as I told you it's the only thing I have to remember him by.

PAUL

I see. Now if you'll excuse me for a minute I have a call to make.

Paul walks away from the area.

FADE OUT.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - NIGHT

Doc sits in front of a terminal with Jet 10 being displayed on a screen. Doc is frantically pressing buttons, and on screen the wings of Jet 10 flip up. The words "JET 10 ONLINE" appear over top of the screen.

DOC

Looks like they definitely were right.
I did need some sleep. But at least
I've got Jet 10 up and running.

Mark, Eddie, Rachel, and Kia enter the room.

KIA

There you are.

RACHEL

We were wondering where you went when
we couldn't find you on the couch
upstairs.

DOC

Well I kinda fell off of the couch and
woke up, so I came down here. But the
good news is that Jet 10 is online. Now
where's Paul?

MARK

He took off with one of the guys that
we were fighting, and we've been unable
to contact him.

Paul (now unmorphed) appears on one of the screens.

PAUL

Guys come in.

MARK

Where are you?

PAUL

Don't worry I'm fine, but we've got
some work to do tomorrow morning.

EDDIE

What kind of work?

PAUL

We've got a crystal to find.

DOC

What exactly are you talking about Paul?

PAUL

I've kinda befriended that guy I ran off with. He's not so bad once you get past the whole we was trying to destroy us thing.

DOC

Now what about this crystal?

PAUL

Apparently it has a great power, one that could give Insidia the upper hand that she needs to take over Earth.

DOC

Then get it, and we can use it against her.

PAUL

No, Cephalas needs it to bring peace back to his planet. I know its power seems tempting, and we could easily use it to defeat Insidia, but what Cephalas wants to do with it, is much more noble than us. Besides the crystal belongs to his planet.

DOC

That's fine Paul. There are always other things here on Earth that we could find. Now is there anything else we should know?

PAUL

Eddie, do you still have those crystal segments?

EDDIE

They're in the inventing room.

PAUL

Good. Doc I'm going to need you to try to put them back together.

DOC

No problem. Anything else?

PAUL

I'll let you know when the time comes.
In the mean time I'm going to work with
Cephalas to try to figure out where
this crystal is.

DOC

Thanks for the update Paul.

MARK

Yeah, we've been wondering about you,
and Isabel's a little worried.

PAUL

Tell her I'm fine, yada, yada, yada.
Anyway I gotta go.

The screen goes blank.

RACHEL

At least he called this time.

KIA

Although in his defense he did mention
that when he was captured Mindset was
blocking his communicator, and he was a
little afraid of whipping out his
morpher.

MARK

Makes sense, they did take his Control
Case, and D.A.T.A. Blaster from him.

DOC

Either way the four of you should
probably go home and get some sleep.
There's something telling me that Paul
might want to get on everything first
thing in the morning.

EXT. THE FOREST - PRE-DAWN

A Dragonite stands before Dragos. Draghorn walks up to
them.

DRAGOS

We have searched all night and still
turned up nothing. However we still
have one trump card left.

Dragos turns to look at the three Dragon Flyers that are
resting nearby.

FADE OUT.

FADE IN:

EXT. A ROCKY OPEN FIELD - MORNING

Paul (morphed again) and Cephalas stand waiting.

CEPHALAS

When did they say they'd get here?

PAUL

As soon as possible.

CEPHALAS

And when do you think that will be?

PAUL

Well I called about an hour ago, so they should be around any minute now.

CEPHALAS

Okay. Although there's one thing I'd like to know before I leave for my planet after we get the crystal.

PAUL

What?

CEPHALAS

I want to see your true face.

PAUL

I don't see a problem with that. After all it is for a friend. In fact before you leave I've got a little surprise for you, and I'll bring it unmorphed.

CEPHALAS

What's the surprise?

PAUL

Even through this sounds really cliché, if I told you what it was it wouldn't be a surprise.

Part of the ground opens up and the D.A.T.A. Tracker carrying the other Rangers (all morphed) drives out. The other Rangers get out, and meet up with Paul and Cephalas.

MARK

So where exactly is this crystal you talking about Red?

PAUL

Well for starters, Cephalas knows my real name, so if you guys don't mind maybe I should introduce you?

MARK

Fine whatever.

CEPHALAS

So who do we have?

PAUL

In black is Mark. In blue is Eddie. In yellow is Rachel. And finally in pink is Kia.

CEPHALAS

Nice to meet you all under better circumstances than last time.

MARK

Again, Paul, where's the crystal?

PAUL

Working with Cephalas we discovered that the crystal is in a volcano a few miles south west of here. So Eddie we're going to need you go with Cephalas in Gyro 3.

CEPHALAS

You're not going to go with me?

PAUL

Eddie's D.A.T.A. Trekker is the only flyer we have, unless of course Doc managed to get Jet 10 up and running.

KIA

Actually he did.

PAUL

Then I'll be going with you Cephalas.

VOICE

Too bad you won't actually make it to the crystal.

The Rangers and Cephalas turn around to see Dragos, Draghorn, and a massive platoon of Dragonites behind them.

DRAGOS

I really should thank you Cephalas for doing all of the hard work me, and with the Dragon Flyers getting into the volcano will be all too easy.

CEPHALAS

You're not going to get it Dragos.

DRAGOS

That's where you're wrong traitor. We'll all destroy you first, and then go for what we need.

EDDIE

Sounds to me like, someone's a little too overconfident as always.

DRAGOS

Your insolence Blue Ranger is not appreciated.

PAUL

But Blue does have a point Dragos, or have you forgotten that us Rangers always manage to fumble up even the best-laid plans of yours?

DRAGOS

Attack!

Dragos, Draghorn, and the Dragonites charge at the Rangers and Cephalas.

MARK

So what's the plan?

PAUL

I'll go after Dragos. He's probably expecting it anyway.

CEPHALAS

Let me go after Draghorn Pa-

PAUL

Cephalas, with Dragos and his goons here, please call us by color.

CEPHALAS

All right Red, but what about Draghorn?

PAUL

Go knock yourself out.

RACHEL

So that leaves the Dragonites for the rest of us?

PAUL

Pretty much. Think you guys can handle it?

MARK

What do you think?

PAUL

All right, let's get them!

The Rangers and Cephalas charge at Dragos, Draghorn, and the Dragonites. Some Dragonites break off and head straight for Paul. However, Paul quickly draws his D.A.T.A. Blaster, converts it to the D.A.T.A. Sword, and starts to slash at the Dragonites until they all have been defeated. With both of his swords drawn Dragos jumps up and at Paul. Dragos tries to land twin flying slashes from his swords on Paul, but Paul manages to counter the attack with his Sword. Eventually when Dragos lands, he presses against Paul's Sword so much that Paul loses his grip. Dragos gives Paul a quick slash that doesn't do much, but does give Paul an opportunity.

PAUL

Grapple Staff!

The Grapple Staff forms in Paul's hands, and he converts it to Tri-mode. Paul then goes on to slash at Dragos with the bladed end of the Staff. After taking a few hits, Dragos falls back, but then goes onto slash at Paul again, and continue the fight. In his own area Mark has his D.A.T.A. Blaster drawn and fires a few shots at the incoming Dragonites. The Dragonites take the hits and fall down. More Dragonites come up on Mark and manages to get a few kicks in on them, which cause them to fall down. As even more Dragonites come in on Mark, he converts his Blaster into the D.A.T.A. Sword and slashes at them, knocking them down. In his area Eddie slashes at the Dragonites knocking them down. More Dragonites come in on Eddie, and he continues to slash at them. In her area Rachel faces against the Dragonites unarmed, and manages to get a series of kicks and punches in on them, knocking them down. As more Dragonites come in on her, she draws her D.A.T.A. Blaster and converts it to the D.A.T.A. Sword, and starts to slash at the Dragonites. In her area Kia slashes at the Dragonites with her D.A.T.A. Sword, which knocks them back a little. More Dragonites start to come in on Kia, and she converts her Sword back to her Blaster, and puts it away.

KIA

Sub Blaster!

The Sub Blaster forms in her hands, and she uses it to strike the incoming Dragonites, which causes them to fall back a little. Kia then aims the Sub Blaster at the Dragonites, and fires. The Dragonites take the hits and they fall down destroyed, which finishes off the last of the Dragonites. In his area Cephalas fights against Draghorn with a white-colored staff. Draghorn also has his staff out and they both clash their staffs against each other. However Draghorn manages to get in a good hit on Cephalas, which knocks him back a little.

DRAGHORN

I'm going to take great pleasure in destroying a traitor like you.

Draghorn then goes onto slash at Cephalas with his staff a couple times, which knocks Cephalas down. Paul comes running to Cephalas' side, and gets in a good slash on Draghorn with the bladed end of his Staff. Draghorn falls back a little. Paul helps Cephalas up.

PAUL

You okay?

CEPHALAS

I'll be fine.

Draghorn faces Paul and Cephalas and powers up an attack from his staff. Draghorn fires the attack, but Paul and Cephalas toward Draghorn, and the attack causes a few explosions to go off behind Paul and Cephalas. Paul and Cephalas stop and launch red powered up slashes from their staffs in an "X" formation on Draghorn. Draghorn takes the hit and falls back. The other Rangers come up behind Paul and Cephalas.

RACHEL

Looks like we may have taken care of him.

A scream can be heard from the sky as the Dragon Flyers swoop in toward the Rangers, and Cephalas. The Flyers start firing shots from their mouths, which cause explosions on the ground that disorient the Rangers and Cephalas. Draghorn gets back to his feet. The Dragon Flyers fly toward Draghorn and hover for a moment.

DRAGHORN

Dragon Flyers, get the crystal so we can finish off the Rangers once and for all!

The Dragon Flyers take off.

MARK

They're going after the crystal.

PAUL

Well looks like there's only one thing to do.

Paul takes out his morpher and rotates the screen. He presses the launch button, and the voice from the morpher says, "launch". Paul, then presses the "0" button, and the voice from the morpher says "jet".

PAUL

Jet 10; venture forth!

Paul revs his morpher on his left arm.

INT. THE ZORD BAY AT D.A.T.A. BASE - DAY

A sound goes off as the door above the auxiliary Trekkers opens up, and Jet 10 (wings flipped up) starts to come out from behind the doors. Jet 10 pauses for a moment, and its wings flip down. The launch railing comes out from the platform Jet 10 is on, and extends out. The jets on Jet 10 start up and it takes off traveling on the railing at a high speed and goes into a tunnel.

EXT. A FORESTED AREA - DAY

The Jet 10 launch railing rises up diagonally. Jet 10 travels on it, becoming airborne once it has left the railing. Jet 10 makes its way to where the Rangers and Cephalas are. The Rangers look up at the new D.A.T.A. Trekker. Paul now has his Control Case.

KIA

Amazing, just amazing.

Jet 10 comes near the Rangers and hovers above them.

PAUL

Let's go.

Paul and Cephalas run toward Jet 10, and jump up and into it. Inside of Jet 10's cockpit, Paul places his Control Case in the front panel, and places his morpher in the Case slot. Cephalas stands behind Paul, as he grabs onto the wheel. Outside Jet 10 follows the Dragon Flyers. Inside the cockpit of a Dragon Flyer, the Dragonite piloting it notices what is on his tail. Outside Jet 10 follows the Dragon Flyers very closely. Inside of Jet 10 the targeting computer locks onto a Dragon Flyer.

PAUL
Target locked!

Paul presses one of the secondary controls on his Case. Outside Jet 10 starts to fire lasers at the Dragon Flyers. The lasers hit one of the Dragon Flyers, and it crashes into a nearby cliff, and explodes. Jet 10 continues to fire lasers at the other Flyers, but they evade the attacks. Jet 10 follows the Flyers closely, and fires at them, but the Flyers manage to pull up and get behind Jet 10. The Flyers then start to fire blasts from their mouths at Jet 10, but Jet 10 manages to dodge the attacks. Jet 10 then pulls up and flies toward the sun. The Flyers follow, but the light of the sun blinds the Dragonites piloting the Flyers. Inside of Jet 10 Paul presses on one of the secondary controls.

PAUL
Here we go.

Outside Jet 10 turns around and fires at the Dragon Flyers. The lasers hit both of them, and they explode.

PAUL
All right, all we need to do now is get the crystal and we go home.

Jet 10 turns to its right and flies off.

EXT. THE ROCKY FIELD - DAY

Mark wearing the Crash Armor aims the Crash Cannon in Drill Mode at Draghorn. Eddie comes up behind Mark, and Rachel and Kia get in front of him and crouch down.

MARK
Crash Cannon...

MARK, EDDIE, RACHEL, AND KIA
FIRE!

Mark fires the Crash Cannon, and the shot causes Draghorn to fly back many feet, and explode. Dragos comes up to the area, and sees what has happened.

DRAGOS
Malevala!

Malevala appears.

MALEVALA
What?

DRAGOS

Make Draghorn grow.

MALEVALA

Chouninpo! Kyodai henkei!

Malevala extends her arms forward and paper charms fly toward Draghorn, surround him, and make him grow to gigantic size. The Crash Armor is no longer on Mark as he Eddie, Rachel, and Kia witness Draghorn's growth. Mark takes out his morpher.

MARK

We'll use the Megazord in Auxiliary Mode.

Mark presses the right buttons to launch the first nine Trekkers. Dump 1, Formula 2, Gyro 3, Dozer 4, Marine 5, Drill 6, Shovel 7, Mixer 8, and Crane 9 make their way to the Rangers.

EXT. A VOLCANO - DAY

Jet 10 flies through a crevice near the top of the volcano, and eventually makes its way into the volcano, just above the lava. Jet 10 hovers above the lava. Inside of Jet 10 Paul turns his head to his left.

PAUL

There it is.

Resting on top of the lava is a fairly large crystal. Inside of Jet 10, Paul turns his head toward Cephalas.

PAUL

Looks like it's time for you to go.

Cephalas nods his head, and makes his way out of the cockpit. Outside Cephalas is strapped into a harness, and is being lowered by a winch toward the crystal. Paul watches with great concern from the cockpit.

PAUL

Be careful.

Cephalas nods as he continues to be lowered toward the lava. The winch stops with Cephalas' dangling a few feet above the crystal. Cephalas reaches down to grab the crystal, but is struggling a little. Cephalas reaches down and the crystal is only a few inches away, but he still continues to struggle.

CEPHALAS

For you father!

Cephalas reaches down, and grabs the crystal. He pulls it out of the lava. Paul watches from the cockpit and gives Cephalas a "thumbs up".

PAUL

Great job!

EXT. DRAGHORN'S AREA - DAY

The D.A.T.A. Megazord in Auxiliary Mode drives toward Draghorn using the wheels on Mixer 8, and Crane 9. The horns on the helmet glow, and the D.A.T.A. Megazord gives Draghorn a high-powered head butt. Draghorn counters with the horns on his head, and the D.A.T.A. Megazord's attack is rendered useless. The D.A.T.A. Megazord falls back a little, turns around and drives toward Draghorn again.

MARK, EDDIE, RACHEL, AND KIA

Double Strike!

The D.A.T.A. Megazord tries the Double Strike attack, but Draghorn fires a blast from his mouth, which hits the D.A.T.A. Megazord, before it can do anything. Draghorn then takes his staff, aims it at the D.A.T.A. Megazord, and starts to close in on the D.A.T.A. Megazord.

KIA

None of our attacks are working on this guy.

MARK

Just hang on. Paul will be here eventually.

RACHEL

Paul, get your butt over here right now!

As Draghorn closes in on the D.A.T.A. Megazord, numerous lasers are fired at him. Draghorn takes the hits as Jet 10 swoops in and drops a few bombs on him. The lasers and bombs cause numerous explosions.

KIA

Paul?

Paul and Doc appear on the screen in front of the other Rangers in the D.A.T.A. Megazord cockpit with Paul on the right in the bigger window.

PAUL

Guys, I'm here, and we were able to get the crystal no problem.

Doc's window switches positions with Paul's.

DOC
Rangers, Jet 10 can combine with your
Megazord in Auxiliary.

Doc and Paul's windows switch positions again.

PAUL
All right let's try it out!

Inside of Jet 10 Paul presses the combine button, and the voice from the morpher says "combine". Paul then presses all of the numerical buttons on his morpher and the voice says the names of each of the Trekkers (Dump, Formula, Gyro, etc.). Paul then revs the digitize gear, and the voice says "D.A.T.A. Trek formation". The D.A.T.A. Megazord starts to move and Jet 10 comes up behind it. The D.A.T.A. Megazord jumps up and combines with Jet 10.

ALL FIVE RANGERS
D.A.T.A. Trek Megazord, online!

Inside of the cockpit, Paul pops up to his position, and places his Control Case into the panel.

ALL FIVE RANGERS
First gear, power up!

PAUL
Attack!

The D.A.T.A. Trek Megazord flies toward Draghorn, and strikes him with its right arm. Draghorn falls back and the D.A.T.A. Trek Megazord lands.

PAUL
Let's see what else the D.A.T.A. Trek
Megazord can do.

DRAGHORN
I'll destroy you all!

Draghorn fires a blast from his mouth, but it does not do any damage as the D.A.T.A. Trek Megazord walks forward.

ALL FIVE RANGERS
Gyro Typhoon!

The D.A.T.A. Trek Megazord launches a typhoon from the gyros on Gyro 3, which fling Draghorn's attack back at him. Inside of the cockpit the Rangers push the secondary controls up.

ALL FIVE RANGERS

GO!

Outside the D.A.T.A. Trek Megazord strikes Draghorn with its right arm, and Draghorn takes the hit. Draghorn tries to head butt the D.A.T.A. Trek Megazord, but the attack is no good. Draghorn falls back as the D.A.T.A. Trek Megazord strikes him with its left arm. Draghorn falls to the ground.

PAUL

Now!

ALL FIVE RANGERS

Full power!

The D.A.T.A. Trek Megazord takes to the sky, and flies toward Draghorn. The D.A.T.A. Trek Megazord powers up and fires a blast from its chest.

ALL FIVE RANGERS

Flying Blast!

The blast flies toward Draghorn, hits him, and he explodes. The D.A.T.A. Trek Megazord hovers in the air.

FADE OUT.

FADE IN:

EXT. A BEACH - DAY

Cephalas holds the crystal, waiting. Paul (now unmorphed) walks up to him. Cephalas looks at him, and notices the color Paul wears.

CEPHALAS

Paul?

PAUL

You wanted to see my true face, and well here it is.

CEPHALAS

I can't thank you enough for everything you've done. I know we got off to a rocky start, but we really pulled through didn't we?

PAUL

We sure did.

The other Rangers (all now unmorphed) come up behind Paul.

CEPHALAS

So I also get to see what everyone else looks like behind the helmets and spandex.

MARK

Paul wanted to do this alone, but we all played a part in helping you get that crystal.

KIA

Even though Paul did do most of the work.

RACHEL

But Cephalas did get to know our names.

CEPHALAS

So when Paul mentioned that he was going to come here unmorphed you guys decided to come like that too?

EDDIE

Pretty much.

PAUL

Cephalas, before you leave there's something we want you to have.

CEPHALAS

What?

Paul reaches into one of his pants pockets and pulls out a semi-spherical crystal. He hands it to Cephalas. Cephalas gets a good look at it.

CEPHALAS

Is this?

PAUL

It's your father's crystal. We had a friend of ours put it back together, and if you look closely there are no flaws with it.

CEPHALAS

You have done more than I ever could've hoped for.

PAUL

Just make sure your planet's okay. All right King Cephalas?

Cephalas nods and places the crystal into the indent on his crown.

CEPHALAS

Well I guess the only thing to do now is say goodbye.

PAUL

Goodbye Cephalas, and take care my friend.

Cephalas disappears in a flash of red light.

MARK

So, you going to miss him?

PAUL

A little I guess, but I really do hope he can bring peace back to his planet. The way he described it almost makes Detroit sound like Disneyland.

MARK

That bad, huh?

PAUL

Anyway, let's just go, I'm sure
Isabel's going to have my butt for
being away like this, again.

The Rangers make their way from the beach.

INT. THE INVENTING ROOM AT D.A.T.A. BASE - DAY

Doc is standing at one of the workbenches fiddling with a bracelet-like object. He stops for a moment, and goes over to the drafting table and picks up three blueprints; one marked "11", another marked, "12", and the third marked, "13". The words "Rescue Trekkers" can be seen at the top of the sheets.

DOC

Looks like it's now time to start work
on the next Megazord.

INT. INSIDIA'S LAB - DAY

Dragos kneels before Insidia who is sitting in her throne.

INSIDIA

You have failed Dragos.

DRAGOS

I'm sorry mistress. The Rang-

INSIDIA

Don't go blaming your problems on the
Rangers. You knew the price of failure.
However your punishment is more or less
going to hurt me more than you.

DRAGOS

How so?

INSIDIA

Because I've called into action a few
minions of mine that I need for other
purposes.

DRAGOS

You don't mean-?

INSIDIA

Just be prepared, to see Panthras very
shortly.

DRAGOS

And Tigras, and Jaguas?

INSIDIA

They'll be here too, eventually.

DRAGOS

How is this going to hurt you more than me?

INSIDIA

I need them to be scouring this miserable planet for something that could tip the balance of this war in our favor. This hurts my cause. But for now leave my sight. I can't stand to look at you.

DRAGOS

As you wish mistress.

Dragos starts to leave the lab.

INSIDIA

And Dragos...

Dragos pauses for a minute.

DRAGOS

Yes mistress?

INSIDIA

If you really want to try to gain favor with me again, I suggest you do something spectacular, like say, I don't know, discover the Rangers' true identities.

DRAGOS

Yes mistress.

Dragos leaves the lab.

END
