"POWER RANGERS D.A.T.A. TREK: EPISODE 21 - GREAT
RESPONSIBILITY"

FADE IN:

INT. A NEWS STUDIO - EVENING

LINDA Park sits behind the desk.

LINDA

Good evening, and welcome to Action News One, I'm Linda Park. As I'm sure all of you are well aware, for the past few months Lincoln Park has been protected by the Power Rangers, however a recent battle of theirs with a new enemy has proven to be too much for the city's beloved heroes. But there's no cause for alarm, because a new Ranger has come to town. I was able to sit down with this new Siren Ranger in an exclusive interview.

INT. ANOTHER PART OF THE STUDIO - EVENING

Linda and SCOTT (morphed) sit in chairs facing each other.

LINDA

So tell me, how did you come about your powers?

SCOTT

Well Linda, the other Rangers were trying to fight these two new enemies, but their powers were neutralized. So the guy who created their powers created a new set and gave it to me.

LINDA

So how have you been getting along with the other Rangers so far?

SCOTT

I don't need the other Rangers.

LINDA

Why not?

SCOTT

Their powers are like technology, when the new model comes along, it's time to upgrade. So I say it should be out with the old and in with the new Siren Ranger.

LINDA

Do you really think you can handle all of this by yourself?

SCOTT

Of course I can, and when I defeat what they weren't able to you'll all lift me above your shoulders and give me the praise that I deserve.

LINDA

Aren't you worried that you're sounding a little arrogant at the moment?

SCOTT

Why should I be worried? I did what the other Rangers weren't able to do. As far as I'm concerned I've got every right to act like this.

LINDA

I'd like to thank you Siren Ranger for talking to me today.

SCOTT

The pleasure's all mine.

INT. THE COFFEE SHOP - EVENING

PAUL, MARK, EDDIE, RACHEL, and KIA watch the news report on the TV. Paul is also holding the remote to the TV and quickly turns it off.

EDDIE

Hey I was watching that!

PAUL

I'm sorry Eddie, but I couldn't take another second of Scott's arrogance.

RACHEL

Sounds to me like someone's calling the kettle black.

PAUL

All I did was underestimate Scott when I challenged him to that sparring session. He's the one that had to gloat. And need I remind you about what he said after he defeated Jaguas and Tigras?

KIA

He makes a good point Rachel.

EDDIE

Can we turn the TV back on?

PAUL

I think it's best we keep it off. Besides all of the local channels are airing Siren Ranger this, and Siren Ranger that. And I'm about to throw the remote at the TV if I hear any more of that.

MARK

Heck, I'd do the same.

A knocking is heard at the door. Paul goes over and opens the door. Scott (unmorphed) is on the other side. Scott notices the look on Paul's face.

SCOTT

I take it you've seen the interviews.

PAUL

That's nothing but shameless self-promotion, and you know it.

SCOTT

I'm just playing every angle I can to make the Siren Ranger as well known in Lincoln Park as the original Power Rangers are in Angel Grove.

Paul notices that the Digitize Morpher is not on Scott's wrist.

PAUL

So where's your morpher?

SCOTT

Let's just say I'm not stupid enough to wear that thing out in public.

PAUL

What'd you come here for?

SCOTT

I just wanted to know if you guys thought of my interview with the lovely Linda Park.

PAUL

I think you know what we think.

Rachel gets up and walks over to the two of them.

RACHEL

Look we're all eventually going to have to get along, so why don't we try to make an effort?

SCOTT

Please, I'm not hanging out with last year's model. Like I said the Rangers are like technology, and when a new model comes out it's time to upgrade.

PAUL

I'm going to tell you one thing before I literally kick you out of my coffee shop.

SCOTT

What?

PAUL

You may have power, but you are in no way a Ranger. Now leave.

SCOTT

Fine I know when I'm not wanted. See you when Jaguas and Tigras hands you your butts on a silver platter.

Scott leaves the shop. Mark walks over to where Paul, and Rachel are standing.

MARK

Very poignant remarks Paul.

PAUL

Yeah well he had better learn what it really means to be a Ranger, because someone might give Doc the impression that those powers would be better off with someone else.

FADE OUT. OPENING CREDITS.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - EVENING

DOC looks at the screens and nothing appears to be going on. Paul walks in.

PAUL

Doc, could I talk to you for a minute?

DOC

Sure Paul. What do you want?

PAUL

It's about Scott, are you really sure you want him on the team?

DOC

Why do you ask?

PAUL

Did you see the interview he had with Action News One? I think he's starting to abuse his powers.

DOC

I didn't see it, sorry. I haven't really watched the news, since my humiliation with trying to bring Mindset's true face public. What'd he say?

PAUL

He's been saying a lot of things, but it's his arrogance that I can't stand.

DOC

Have you told him about this?

PAUL

Of course, in fact I even said something that I hope he keeps in mind.

DOC

What?

PAUL

He may have power, but he's in no way a Ranger.

DOC

I appreciate you bringing your concerns to me Paul.

PAUL

But?

DOC

Unfortunately Scott's all we've got right now. And whether you like it or not he's here to stay. Now if you don't mind I have some work I need to do.

PAUL

Fine.

Paul leaves the monitoring room, somewhat storming out. Doc turns his attention to the computer terminals. Doc starts to work for a few minutes, but pauses after awhile.

DOC

Might as well give Paul the benefit of the doubt.

Doc loads up a program, and types "Linda Park/Siren Ranger interview" on the terminal. A screen loads up the interview and Doc watches for a few moments before finally turning it off in disgust.

DOC

I need to have a little talk with him.

FADE OUT.

FADE IN:

INT. AN AREA BENEATH MINDSET H.Q. - NIGHT

DR. VENGE stands on a catwalk that is suspended above a factory like area. Sparks can be seen flying up from beneath the catwalk as numerous Dragonites and Abras are working on a gigantic robot. JAGUAS and TIGRAS walk up to Dr. Venge. Tigras is carrying a small device.

DR. VENGE

It won't be ready until tomorrow so you can just go away.

JAGUAS

Please Venge, we didn't come here to just check up on the status of the robot.

TIGRAS

Besides we have something more important to discuss.

DR. VENGE

What?

JAGUAS

There is an ancient cannon buried deep within a mountain on the outskirts of the city.

TIGRAS

We'd like to use that cannon as a weapon for this robot.

DR. VENGE

And what does this have to do with me?

JAGUAS

We've obtained a preliminary energy reading of the cannon, and would like you to include it into the robot so everything works perfectly.

TIGRAS

Everything you need to know is contained within this.

Tigras hands Dr. Venge the device.

DR. VENGE

I'll add it later, but like I said the robot itself won't be ready until tomorrow.

JAGUAS

That's fine.

TIGRAS

All we care is that this energy reading gets included into the robot's programming.

Jaguas and Tigras walk off. Moments later CHAOTROS and NINJREX walk up to Dr. Venge.

CHAOTROS

Excellent the Negazord is coming along quite nicely.

DR. VENGE

Soon the Rangers won't know what hit them, and their Megazord will be useless. There's basically nothing that can stop, unless of course the Rangers get a new Megazord.

NINJREX

Which could happen.

DR. VENGE

I wasn't denying that. Although I've got more work to do than I thought.

CHAOTROS

What?

DR. VENGE

Jaguas had a little request, and I need to program an energy signature into the Negazord, but at the very least it might be one that could destroy the Rangers. I might as well do it now while I'm thinking about it.

Dr. Venge leaves, and Chaotros and Ninjrex follow.

FADE OUT.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - NIGHT

Doc paces around for a while. Eventually Scott comes in.

SCOTT

You wanted to see me Doc?

DOC

Yes Scott. I saw that interview you had with Linda Park.

SCOTT

What'd you think?

DOC

Could you have been any more arrogant?

SCOTT

Please you've given me this great power I have to flaunt it.

DOC

I gave you that power to help the other Rangers. And you constantly saying that the other Rangers are outdated, and you're here to replace them, has got to stop. The SIX of you are in this together or have you forgotten what the "T" in D.A.T.A. means?

SCOTT

You know what, I don't care. I'm just going to do what I've been doing and if you don't like it then tough.

DOC

Scott, I'll tell you this here and now, when I'm actually in Lincoln Park you have to listen to me, and when I'm not here, Paul's in charge so you either learn to cooperate with the others or I will take your powers away.

SCOTT

You can't do that. I created the Siren Ranger.

DOC

You just created the suit design. I did everything else. Now that I think about it, I probably should have checked your age, because right now you're acting even more immature than Eddie.

SCOTT

I'm nothing like Morita. And what brought on this little discussion?

DOC

It was Paul. At first I didn't really listen to him, but then I saw that interview of yours, and he's completely right. You're going to have to get your priorities straight, if you want to keep your powers.

SCOTT

But-

DOC

No buts. You either cooperate with the others or you can kiss being a Ranger goodbye. The choice is up to you.

SCOTT

Fine.

Scott storms out of the monitoring room.

DOC

He better learn to get along with the others.

FADE OUT.

FADE IN:

INT. THE COFFEE SHOP - EARLY MORNING

Loud banging knocking can be heard coming from the front door. The knocking continues as the door to the apartment opens up. Paul walks out wearing his bathrobe, and is half asleep. The knocking continues as Paul makes his way to the door. Paul opens up the door and Scott barges in.

PAUL

Scott, for crying out loud it's four A.M.

SCOTT

I don't care. There's something I really need to talk to you about.

PAUL

Oh for the love of-...what?

SCOTT

I had a little talk with Doc tonight, and he told me that when he's not around you're in charge, is that right?

PAUL

I'm the Red Ranger, I'm the leader of the team that's all there is to it. Why?

SCOTT

Just wondering.

PAUL

Whatever you're planning, it better be good.

Paul yawns, and looks as if he could fall asleep again. Scott notices.

SCOTT

I'm not planning anything. I just want to talk.

PAUL

Didn't Doc give you my cell phone number? I don't see why you had to do this in person.

SCOTT

The phone's so impersonal.

PAUL

You, a hacker of all people, is saying that the phone's impersonal? Why does that sound a little strange to me?

SCOTT

I'm not trying to do anything, honest.

PAUL

Look Scott, if you don't have any real reason to be here at this hour. Then just leave.

SCOTT

Okay fine. But before I go could I just want to say one thing.

PAUL

(a little angrily) What?!

SCOTT

Meet me in the industrial district at dawn. I want to challenge you for leadership.

PAUL

(not realizing what Scott just said)
Yeah, yeah, yeah whatever, just go all ready!

Paul pushes Scott out of the shop, and locks the door. After locking the door, Paul's eyes open up wide.

PAUL

Wait a minute!

Paul opens up the door and looks down the street. Scott is nowhere to be seen. Paul closes the door and locks up again.

PAUL

What did you get yourself into Rossi?

FADE OUT.

FADE IN:

EXT. THE INDUSTRIAL DISTRICT - DAWN

Paul wanders around, looking a little lost.

PAUL

Scott?

Paul continues to wander around.

PAUL

Scott?

Scott comes up to Paul.

SCOTT

I didn't think you'd actually come.

PAUL

I realized what you said to me after you left the shop. However I didn't come to fight.

SCOTT

Then what are you here for?

PAUL

I just want to talk. Look Scott everything you've got is great, and I know you think that because you have the abilities you have, you should use them. But the reality is just because you *can* do something, doesn't mean you *should* do it.

SCOTT

I don't get what you're saying.

PAUL

Okay, what have you hacked into in the past?

SCOTT

Pretty much anything, why?

PAUL

What exactly did you do when you hacked into someone's system?

SCOTT

There were a couple of times that I put a virus on someone's hard drive. I was also able to get information on things.

PAUL

That's my point you have the ability to do this, but does that mean you should do it?

SCOTT

Of course not, it's just fun to do. Just like using my powers for my own gain is fun.

PAUL

But as a Ranger you have a responsibility to use those powers to protect this planet, this city. And if you fail to do that, people will blame you for what might happen.

SCOTT

Enough of this!

Scott takes out his morpher and straps it onto his left wrist. He opens up the morpher to command mode.

SCOTT

Siren, digitize!

Scott presses the digital chronograph and morphs. Paul takes out his morpher and rotates the screen.

PAUL

(sighs) Go digital.

Paul presses morph button, revs the digitize gear, and morphs. Paul and Scott stare down each other. Scott charges at Paul, and once he nears Paul throws a punch at him. Paul blocks the attack, but does not retaliate. Scott then goes on to throw numerous punches from both of his fists at Paul, but Paul blocks every attack and continues to not retaliate.

SCOTT

Why won't you try to hit me?

PAUL

I told you, I don't want to fight you.

SCOTT

Fine if that's the way you're going to be, I'll just have to give you bigger attacks.

Scott launches a hard kick from his right foot at Paul. The kick makes contact and Paul goes flying back into a nearby warehouse. Paul falls to the ground, and when he gets back up, Scott enters the warehouse with the Detect Staff in hand.

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

The alarm goes off, and Doc rushes in. One of the monitors is showing a giant robot partially destroying the side of a mountain. The words "DANGEROUS ARTIFACT DETECTED" is displayed over the screen.

DOC

I need to tell the Rangers about this.

Doc notices another monitor that is showing Scott attacking Paul with his Detect Staff. Scott tries to hit Paul with the Staff, but Paul hits it and it goes flying in the air.

DOC

I thought I told Scott what would happen if he tried something like that again. Either way, he knew what would happen so it's time to do what you must.

Doc presses a button on the computer terminal.

INT. THE WAREHOUSE - DAY

The Detect Staff falls to the ground, and Scott charges at Paul. Scott winds his right fist back, but as Scott thrusts his fist forward his suit disappears, and he powers down.

SCOTT

What?

PAUL

Looks like Doc actually listened to me.

Scott opens up his morpher and presses the digital chronograph.

SCOTT

Siren, digitize!

Nothing happens. Scott presses the digital chronograph again.

SCOTT
Siren, digitize!

Again, nothing happens. Scott presses the digital chronograph again.

SCOTT
(desperately) Siren, digitize!

Nothing happens.

SCOTT
What happened?

PAUL
Looks like you abused your power, and
as such lost it.

Paul's morpher rings. He takes it out and answers.

PAUL
Yeah? (pause) I'll be there. (pause)
That's what I thought happened. (pause)
Don't worry, I will.

Paul ends the call and puts his morpher away.

PAUL
Go to D.A.T.A. Base, Doc wants a word
with you.

Paul rushes away from the area.

FADE OUT.

FADE IN:

EXT. AN AREA ON THE OUTSKIRTS OF THE CITY - DAY

Dump 1, Formula 2, Gyro 3, Dozer 4, and Marine 5 all make their way to the area. They park and all of the Rangers get out of their Trekkers. Paul is still morphed from before, and Mark, Eddie, Rachel, and Kia are all now morphed. All of the Rangers have their morphers out.

KIA

According to the readings on my morpher
it should be around here somewhere.

MARK

Yeah, but there's still no telling
where it could be.

PAUL

Okay, let's go.

The Paul, Mark, Eddie, Rachel, and Kia run off, but stop when the ground shakes.

PAUL

Over there!

Paul leads the others to the area where the Quest Negazord is destroying the side of a mountain. They all look up at the Quest Negazord.

EDDIE

What is that thing?

PAUL

Probably something Venge made, but
either way we have to stop it.

Blue energy bolts go over Paul, Mark, Eddie, Rachel, and Kia's bodies. Explosions occur on their bodies, and they all fall to the ground.

RACHEL

Jaguas and Tigras are nearby.

KIA

There's got to be something we can do
to stop this energy surge.

Jaguas comes down to the ground. Paul, Mark, Eddie, Rachel, and Kia get back to their feet.

JAGUAS

How good to see you Rangers, but where's the newbie?

PAUL

None of your business, Jaguas. Now what are you up to?

JAGUAS

We're just simply taking the Quest Negazord out for a test drive. And I should add that a Vengine powers it, so your little Megazord probably won't work. So just say goodbye.

The Quest Negazord spins around and goes into the ground. Jaguas draws both of his blasters and fires at Paul, Mark, Eddie, Rachel, and Kia. They take the shots and fall back a little. Jaguas then charges at Paul, Mark, Eddie, Rachel, and Kia and starts to use his blasters to slash at them. They all try to counter, but the efforts prove to be useless, as Jaguas is very quickly slashing at them. Rachel and Kia try to come up behind him, but he slashes at them, and they fall to the ground. Jaguas unleashes a high-powered slash on Paul, Mark, Eddie, Rachel, and Kia, and the attack hits them.

JAGUAS

You guys should just give up, or at least let siren boy fight for you.

Paul, Mark, Eddie, Rachel, and Kia try to walk over to Jaguas, but they fall down. The ground shakes as the Quest Negazord comes back up carrying a gigantic cannon. Jaguas jumps up.

EDDIE

What is that thing holding?

Kia takes out her morpher in scan mode. She scans the cannon.

KIA

It's got a danger level of five fifty.

Inside of the Quest Negazord Jaguas takes his seat.

JAGUAS

Good work Tigras. Now let's show the Rangers the power of the cannon.

Outside the Quest Negazord powers up the cannon and fires a blast. The blast travels past the Rangers and destroys a nearby mountain.

EDDIE

Its power is incredible.

PAUL

Everyone, back in your Trekkers, we'll try to take Jaguas and Tigras out somehow.

The Quest Negazord turns around, and the D.A.T.A. Megazord approaches it with the D.A.T.A. Saber in hand. The D.A.T.A. Megazord tries to slash at the Quest Negazord, but the Quest Negazord blocks the Saber with the cannon, and then hits the D.A.T.A. Megazord with the cannon a few times, which causes it to drop the Saber. The Quest Negazord hits the D.A.T.A. Megazord a few more times with the cannon, and the D.A.T.A. Megazord falls back a little.

EDDIE

Their power is still too strong.

PAUL

Just try to hang on. We've got to defeat them no matter what.

The Quest Negazord fires a few shots from three jewels on its body at the D.A.T.A. Megazord. The D.A.T.A. Megazord takes the hits and falls to its knees.

JAGUAS

Time to give them the full power of the Vengine.

TIGRAS

How about we combine our power with the Negazord's?

The Quest Negazord powers up a blast from the power of its Vengine combined with the power of Jaguas and Tigras' Vengines. The blast hits the D.A.T.A. Megazord, and inside Paul, Mark, Eddie, Rachel, and Kia all feel the effects of the blast. Outside the Quest Negazord aims the cannon, and fires. Paul, Mark, Eddie, Rachel, and Kia all feel the effects of the blast from inside of the D.A.T.A. Megazord and fall back in their seats unmorphed. The Quest Negazord powers up another blast from the cannon.

PAUL

We've got to separate!

The Quest Negazord fires the blast, and just as it hits the D.A.T.A. Megazord, it separates into its components. Marine 5, Formula 2, Gyro 3, and Dozer 4 crash to the ground. Dump 1 lands on its wheels and quickly turns around and extends its arms. The Quest Negazord powers up another blast from the cannon.

JAGUAS

Take that!

The Quest Negazord fires the blast, and it hits Dump 1 rendering it useless.

JAGUAS

There I think we proved our point.

TIGRAS

Yes, now let's go destroy the city.

The Quest Negazord flies up, and leaves. On the ground Paul, Mark, Eddie, and Kia have regrouped.

MARK

Formula 2 is down.

EDDIE

So is Gyro 3.

PAUL

We took a pretty bad hit.

KIA

So what are we going to do?

PAUL

We'll take the auxiliary Trekkers and Jet 10. They're all we've got, and Doc was saving the Rescue Trekkers for Scott to use.

FADE OUT.

FADE IN:

EXT. DOWNTOWN LINCOLN PARK - DAY

Numerous buildings are destroyed. Paul, Mark, Eddie, and Kia make their way to the area.

PAUL
Let's do this.

MARK
Wait a minute, where's Rachel?

PAUL
Not important now, we've got to stop that thing.

Paul takes out his morpher.

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Doc watches the events in the city. Scott barges in.

SCOTT
Would you mind telling me what that was about?

DOC
I thought I told you. If you wanted to keep your powers, you need to get your priorities straight. And challenging Paul for leadership isn't the way to go about it.

SCOTT
But I was in the middle of a battle.

DOC
It was with one of your comrades. From here on in, the Siren Ranger is no more.

SCOTT
Is there anything I could possibly do to get my powers back?

DOC
Just watch the others.

Doc and Scott turn their attention to the monitors.

EXT. DOWNTOWN LINCOLN PARK - DAY

Jet 10 swoops in. Inside Paul is seen struggling with trying to pilot the Trekker while unmorphed. Paul presses on the secondary controls. Outside Jet 10 fires a few lasers at the Quest Negazord, and they make contact. Jet 10 leaves the area as Mixer 8 comes in and fires a few shots at the Quest Negazord. Mixer 8 gets out of the way as Shovel 7 and Crane 9 drive up to the area.

KIA

Shovel Arm!

MARK

Hook Shot!

INT. THE MONITORING ROOM - DAY

Doc and Scott continue to watch the battle.

SCOTT

What are they stupid? They're unmorphed and they're trying to take out that thing.

DOC

But Paul, Mark, Eddie, and Kia realize something that you don't.

SCOTT

What?

DOC

That the power I've given them comes with a great responsibility, the responsibility to protect the city, a responsibility, which you've obviously turned your back to.

EXT. DOWNTOWN LINCOLN PARK - DAY

Mixer 8 flips up its front end, and cement container. Inside Eddie presses on the secondary controls.

EDDIE

Take this!

Outside Mixer 8 fires some cement at the Quest Negazord, but it flings it back at Mixer 8 causing it to not function. The Quest Negazord turns its attention to Shovel 7 and Crane 9, and fires a few shots at the two Trekkers. The blasts do not do anything, and the Quest Negazord aims its cannon.

JAGUAS

Why won't you be good little boys and girls and be destroyed?

The Quest Negazord fires a blast from the cannon and it hits Shovel 7 and Crane 9. Mark and Kia recoil from the attack. Paul notices from inside Jet 10.

PAUL

Mark! Kia!

Outside Jet 10 turns around, flies toward the Quest Negazord and slashes it with its left wing. In the distance Drill 6 makes its way to the scene. Drill 6 strikes the Quest Negazord with its drill.

RACHEL

Sorry I'm late. Oh and thanks for leaving me behind!

PAUL

(sarcastically) Well sorry.

RACHEL

Can we just defeat this thing and go home?

INT. THE MONITORING ROOM - DAY

Doc and Scott are still watching everything on the screen. Scott actually looks like he is feeling sorry for Paul, Mark, Eddie, Rachel, and Kia.

SCOTT

I can't believe they'd actually do something like this.

DOC

Remember they realize the responsibility that comes with their powers, which is probably something you never think of when you're hacking into some computer system.

SCOTT

Paul said the exact same thing before we got into our little fight.

DOC

I can see that you're looking a little empathetic towards them.

SCOTT

I just wish there was something I could do to help them out.

DOC

There is.

Doc presses a button on the terminal.

DOC

Your powers are online again, and you're going to have access to Fire 11, Aider 12, and Police 13 the Rescue Trekkers that combine into the Blast Megazord.

SCOTT

Blast Megazord? Sounds a little dull.

DOC

Do you have something better?

SCOTT

As a matter of fact I do. How does Siren Blast sound?

DOC

Actually it's much better. Also there's one other thing I need you to do.

SCOTT

What?

Doc hands Scott a compact Guard Crate.

DOC

When you defeat that robot, bring back that cannon. Use this to retrieve it. Now I think you know what to do.

Scott nods, and opens his morpher.

SCOTT

Siren, digitize!

EXT. DOWNTOWN LINCOLN PARK - DAY

Drill 6 drives toward the Quest Negazord, however the Quest Negazord stomps on the drill. Mark, Eddie, and Kia watch from the ground.

MARK

Rachel!

Jet 10 swoops in, and dodges the shots that the Quest Negazord is firing at it. However one shot hits Jet 10's left wing, and it crashes to the ground.

KIA

Paul!

The Quest Negazord turns around and starts to fire shots from the jewels. Buildings get destroyed and a fire rages. Eddie and Kia help Paul, while Mark helps Rachel. The fire surrounds them.

KIA

This can't be it, can it?

Paul, Mark, Eddie, Rachel, and Kia try to protect themselves from the fire. In the distance the sound of sirens can be heard.

RACHEL

What's that?

Paul, Mark, Eddie, Rachel, and Kia look up as Fire 11, Aider 12, and Police 13 make their way to the scene.

MARK

The Rescue Trekkers?

EDDIE

Who's piloting them?

PAUL

It can't be.

MARK

What?

PAUL

I think someone's come to his senses about what it means to be a Ranger.

Fire 11 drives through the fire, and eventually parks. The safety devices flip out and the water cannons pop up.

SCOTT

Water Blast!

The water cannons shoot water at the flames and extinguish them. The Quest Negazord turns to face Fire 11.

JAGUAS

The Siren Ranger?

Inside of Fire 11, Scott (morphed) brings his morpher to his mouth plate.

SCOTT

Aider 12, Police 13, attack!

Outside Aider 12, and Police 13 speed and jump up and hover in the air. They both fire lasers at the Quest Negazord, which make contact. Aider 12, and Police 13 fly around the Quest Negazord and continue to fire lasers. The Quest Negazord falls down, and Aider 12, and Police 13 leave it. Scott sits at the controls inside of Fire 11.

SCOTT

All right, it's Megazord time.

Scott opens up his morpher. He presses the "combine" button, and a voice from the morpher says, "combine". Scott turns the dial on the digital chronograph to "11" and the voice says "fire", he turns it to "12" and the voice says "aider", finally he turns it to "13", and the voice says "police". Scott raises his left arm up vertically, and presses the digital chronograph; the voice says, "rescue formation". Outside Aider 12, and Police 13 drive up to Fire 11. Police 13 is on the right of Fire 11, while Aider 12 is on the left. Aider 12, and Police 13 attach themselves to Fire 11, and their front ends rotate. Inside of Fire 11 Scott pulls up a jack that is by his seat.

SCOTT

Jack up!

Outside the mass of Rescue Trekkers transforms, and the safety devices flip in.

SCOTT

Siren Blast Megazord, online!

Paul, Mark, Eddie, Rachel, and Kia look up at the new Megazord.

PAUL

You can do it Siren Ranger.

Inside of the Siren Blast Megazord Scott presses on the secondary controls.

SCOTT

Time to see what this baby can do.

Outside the Quest Negazord gets back up and aims the cannon. The cannon powers up and fires a blast at the Siren Blast Megazord.

SCOTT

Water Blast!

The Siren Blast Megazord fires shots of water at the Quest Negazord's blast, extinguishing it.

JAGUAS

What?

SCOTT

Let's go!

The Siren Blast Megazord quickly runs toward the Quest Negazord and starts to repeatedly punch it a few times, and finishes with a roundhouse kick from its right foot. The Quest Negazord falls back a little, but swings the cannon at the Siren Blast Megazord. Inside of the Siren Blast Megazord Scott pushes the jack down. Outside the Siren Blast Megazord ducks underneath the cannon, rendering the Quest Negazord's attack useless. Jaguas and Tigras look down in confusion. Inside of the Siren Blast Megazord Scott lifts the jack up.

SCOTT

Take this.

Outside the Siren Blast Megazord transforms again and gives the Quest Negazord an uppercut with its right hand. The Siren Blast Megazord's attack knocks the cannon out of the Quest Negazord's hands. The cannon falls to the ground.

JAGUAS

He'll pay for that.

SCOTT

Knuckle Shot!

The Siren Blast Megazord aims its fists at the Quest Negazord and fires numerous lasers at the Quest Negazord. The Quest Negazord takes the shots.

SCOTT

Time to finish this.

Scott presses on the secondary controls. Outside the cannon on the Siren Blast Megazord's head flips out, and the Siren Blast Megazord grabs onto the two other cannons.

SCOTT

Tidal Blast!

The Siren Blast Megazord powers up, and fires numerous shots at the Quest Negazord. The shots hit the Quest Negazord destroying it, but Jaguas and Tigras escape just as the explosion occurs.

SCOTT

Great, they got away. Oh well.

The Siren Blast Megazord tosses a giant compact Guard Crate at the Quest Negazord's cannon. The Crate forms over the cannon and Scott jumps out of the Siren Blast Megazord and meets up with Paul, Mark, Eddie, Rachel, and Kia.

FADE OUT.

FADE IN:

INT. INSIDIA'S LAB - DAY

INSIDIA paces around looking angry. Chaotros, Ninjrex and Dr. Venge enter.

INSIDIA

Well Venge that robot of yours failed.

DR. VENGE

I thought I told you that there was nothing the Rangers could do to stop us other than get a new Megazord, and well they got a new Megazord. How was I supposed to know that'd happen?

INSIDIA

You should have anticipated.

DR. VENGE

I don't mean this to actually mean anything in any way, but I think you should be the last person to say that Insidia.

Jaguas and Tigras enter.

INSIDIA

I will deal with you later Venge. And what do the two of you have to say for yourselves?

JAGUAS

It won't happen again mistress.

TIGRAS

Besides the Siren Ranger's Megazord was very powerful.

Dr. Venge starts to leave the lab.

INSIDIA

And where do you think you're going?

DR. VENGE

I'm going out for a while.

Dr. Venge completely leaves the lab. Jaguas and Tigras follow him.

JAGUAS

Venge wait!

DR. VENGE

What?

TIGRAS

While the Negazord was defeated, it had some great power.

JAGUAS

We want you to make us another one.

DR. VENGE

I'll see what I can do but I'm not promising anything.

INT. THE COFFEE SHOP - DAY

The TV is on, and Paul is behind the counter making some coffee for everyone. Mark, Eddie, Rachel, Kia, Scott (with a bare left wrist), and Doc are sitting at a table. When Paul is finished he points to Kia, and she goes over to him and helps him carry the coffee cups to everyone. They hand everyone the coffee.

DOC

Now Scott have you learned your lesson?

SCOTT

For the last time, yes! I won't abuse my powers anymore. And speaking of my powers, what'd you do with my morpher?

Doc pulls out a watch-like device that has an orange strap and resembles the digital chronograph. He hands it to Scott.

DOC

I wanted to make an adjustment to it so you can still wear your morpher in public, but it won't look like it.

Scott straps his incognito morpher onto his left wrist.

SCOTT

Now is there anything else I should know?

MARK

Well for one thing try to keep your identity from Insidia and her goons. We've been able to make it this far without them finding out about us, and I think we'd all like to go farther.

PAUL

My aunt is the only other person who knows about us beyond Doc. When she gets back we'll fill her in on what else has happened.

SCOTT

Anything else?

EDDIE

Remember with great power comes great responsibility.

SCOTT

That's something I now know Morita.

KIA

But Eddie does have a point.

RACHEL

First Paul says something meaningful, and now Eddie.

PAUL

But the thing to remember is that what I said were my actual words. Eddie got his little piece of wisdom from Spider-man.

EDDIE

Just because I got it from a comic book doesn't make it any less meaningful.

DOC

The only other thing you need to know is that Paul, Mark, Eddie, Rachel, and Kia have been referring to each other by color when morphed.

SCOTT

So you're going to call me "silver"?

PAUL

Nah, I was thinking of calling you "siren" while were out on a mission.

DOC

But for now, let's just get some rest. It's been a long few days.
