INT. A TESTING AREA WITHIN D.A.T.A. BASE - NIGHT

PAUL (morphed) sits in a mock Trekker cockpit that has the number "14" behind the seat. Paul places his hands on the steering wheel. A simulation on the screen before him starts and Paul goes through it. After a few minutes the simulation ends, and DOC walks up to Paul.

DOC

So how did it feel?

PAUL

I don't know what it is, but there was something that felt a little off. Not like other Trekkers.

DOC

What do you think it was?

PAUL

It just didn't really feel as powerful as Dump 1, Jet 10 or even the auxiliary Trekkers.

Paul stands up, and takes out his morpher. He rotates the screen and presses the morph button.

PAUL

Power down.

Paul powers down. He and Doc start to walk out of the room.

DOC

Well if it's any consolation, this "Navigator Project" was sprung up on me at the last minute.

PAUL

So you didn't have these things planned like the auxiliary or Rescue Trekkers?

DOC

Not really Jones sent me the plans for these things, in an attempt at trying to create his own versions of the Trekkers.

PAUL

And he ended up needing you to finish these off, right?

DOC

Pretty much. My only hope is that I can do something to finish off these Voyager Trekkers. But since you said that they didn't feel powerful as the other ones then who knows what we could do.

PAUL

Maybe you should do an alternate combo or something.

DOC

What do you mean?

PAUL

Something that isn't the Megazord.

DOC

You know, that just might work. But what should this other form be?

FADE OUT.

FADE IN:

INT. AN OFFICE - NIGHT

DR. MORITA sits at a desk with his laptop in front of him as he does some typing. The screen on the laptop starts to go a little fuzzy as JONES appears on it.

JONES

Dr. Morita, I was hoping I could catch you?

DR. MORITA

How are you transmitting onto my laptop?

JONES

Let us just say I have my methods.

DR. MORITA

So to what do I owe this intrusion?

JONES

My sources have been able to track down a sunken ship near Lincoln Park.

DR. MORITA

First of all I'd like to know why wouldn't you contact Quinn Mackenzie, if this thing were near Lincoln Park?

JONES

He is currently off doing something else for me right now. And what else would you like to know?

DR. MORITA

What's so important about a sunken ship?

JONES

This is no ordinary ship. This was the ship that brought Juan Rodríguez Cabrillo and other Spanish settlers to what we now know as San Diego.

DR. MORITA

Then what's it doing near Lincoln Park?

JONES

Several years after Cabrillo's death the ship was retrofitted, to increase its speed and firepower, but it sank during a war that occurred during this time.

DR. MORITA

I take it this ship sank near the Lincoln Park area around that time.

JONES

You are correct Doctor. Now can I count on you to find the ship?

DR. MORITA

I'll need to clear up my schedule-

JONES

All ready taken care of.

DR. MORITA

What kind of power does the S.G.S. have?

JONES

More than you can imagine my dear Doctor.

FADE OUT. OPENING CREDITS.

FADE IN:

INT. INSIDIA'S LAB - DAY

INSIDIA, and CHAOTROS are sitting in their thrones.  
NINJREX, JAGUAS, and TIGRAS are standing before them.

INSIDIA

And the purpose of trying to obtain  
this thing is?

JAGUAS

Cabrillo's ship was said to have great  
power, power that we could in turn use  
against the Rangers.

INSIDIA

Need I remind you that I've heard that  
excuse so many times before, and yet no  
one has ever delivered, on his or her  
promise? Not to mention that your last  
experience with the Rangers resulted in  
the destruction of yet another  
Negazord.

DR. VENGE walks in. Insidia notices

INSIDIA

So someone decided to be a little  
social for once.

DR. VENGE

It's not my fault that someone has me  
constantly developing Negazords, which  
then get destroyed by the Rangers,  
right Jaguas?

JAGUAS

I get it Venge. But how's the next one  
coming?

DR. VENGE

Fine, I just need to get its Vengine  
and organic parts working together  
perfectly.

TIGRAS

Organic parts?

DR. VENGE

The next Negazord will be a fusion of typical Negazord parts, a Vengine, plus a little help from the Transmutation Ray.

INSIDIA

Why the Transmutation Ray?

DR. VENGE

It's been so long since I've used it, and frankly it was starting to collect dust. And for the record the "organic parts" are from a Dragonite.

JAGUAS

Excellent, I can't wait to try it out.

DR. VENGE

Then you're going to have to wait even longer, because this new Negazord is only going to have one pilot, and that'll be Dragos.

JAGUAS

WHAT?!

INSIDIA

If Venge deems that you and Tigras are unfit to pilot this new Negazord then I support him. Even though Dragos did fail in his last course of action.

NINJREX

But in the meantime mistress, I do know of a way to look for this ship.

CHAOTROS

You do?

NINJREX

I do. Chouninpo! Akuma meshidasu!

Ninjrex extends his arms. A portal opens and the FUNEMA monster comes out.

FUNEMA

Yes Ninjrex?

NINJREX

Funema, we need your nautical skills to find a sunken ship.

FUNEMA

No problem.

NINJREX

Good now go with Jaguas and Tigras.

INSIDIA

No, you go Ninjrex.

NINJREX

Why me?

INSIDIA

Malevala usually goes with the demon  
monsters, and so should you.

CHAOTROS

Besides it's not like you've been doing  
that much since we joined up with  
Insidia.

FADE OUT.

FADE IN:

INT. THE COFFEE SHOP - DAY

The shop is empty, as a man dressed in khaki coveralls places a strip of a brown colored paper on the window that does not have writing on it. The man smoothes the strip out and after a few seconds he takes it down revealing the word "ROSSI'S" written backwards. Paul comes out of the office, carrying a pen and a checkbook, and walks over to man. Once near the man Paul writes on the checkbook and rips out a new check. He hands it to the man.

PAUL

And that should do it.

MAN

Thank you sir.

The man picks up his tools and leaves the shop. MARK, and KIA walk in.

MARK

The new window's looking good.

PAUL

Better hope so since it's brand new. So how'd everything go at Doc's?

KIA

You're right; individually those new Trekkers weren't that powerful.

MARK

But the only question is what should that other combo you suggested be?

PAUL

I have no idea. Has Doc done any testing with Rachel and Eddie with those things yet?

MARK

I don't think he has.

KIA

And he didn't really mention anything like that when we were there.

PAUL

But knowing Doc he's probably got something up his sleeve.

INT. THE TESTING AREA AT D.A.T.A. BASE - DAY

EDDIE and RACHEL (both morphed) step out of mock cockpits marked "16", and "17", respectively. They both power down as Doc walks up to them.

DOC

So?

EDDIE

They were all right.

DOC

But they weren't the normal Trekkers.

EDDIE

Yeah. How'd you know I was going to say that?

DOC

Paul, Mark, and Kia all said that when they tested theirs out, although Paul did make a suggestion about another combo. But unfortunately I've got nothing for something like that.

INT. THE COFFEE SHOP - DAY

Paul, Mark, and Kia stand where they were. The morphers go off.

MARK

So what's Insidia up to now?

PAUL

No idea, but it's not like we can ignore this.

FADE OUT.

FADE IN:

EXT. A CLIFF THAT OVERLOOKS THE OCEAN - DAY

Dr. Morita (dressed in khaki cargo shorts, and a matching shirt) makes his way around the side of the cliff. He looks down and the faint outline of a ship can be seen within the water.

DR. MORITA

There it is, but how does Jones expect me to get it out of there?

Dr. Morita turns around and the sound of some sort of struggle can be heard. Paul, Mark, Eddie, Rachel, Kia, and SCOTT (all morphed) can be seen fighting Funema. In their area Paul and Mark jump up, and extend their right legs out. They both land flying kicks on Funema, but they do little damage.

FUNEMA

And what were you expecting to accomplish with such a weak attack?

MARK

I don't know, maybe we were trying to defeat you.

FUNEMA

You won't succeed.

SCOTT

That's what they all say.

FUNEMA

Time to end this.

Funema draws a kendo shinai, and charges at the Rangers. Paul, Mark, Eddie, Rachel, and Kia draw and convert their D.A.T.A. Blasters, while Scott draws and converts his Detect Blaster. Funema slashes all of the Rangers with the shinai, which does minimal damage to them. Rachel and Kia charge at Funema and give him simultaneous slashes with their D.A.T.A. Swords. Scott converts the Detect Staff and fires a few shots at Funema. Funema falls back a little. Mark charges at Funema with his D.A.T.A. Sword, but before he reaches the monster a blue streak comes in, and attacks Mark. Mark falls to the ground and the streak lands and reveals it to be Ninjrex.

NINJREX

Long time no see Black Ranger.

MARK

Yeah, not since Chaotros first appeared. So let me guess, you're here to bring out that old "rivalry" you started when we first met?

NINJREX

It appears that you know just as well as the Red Ranger probably knows Dragos.

Ninjrex draws both of his swords as Mark gets back to his feet. The two of them charge at each other, and start to fight. Paul charges at Funema with the Grapple Staff in Tri-mode. He jumps up to try to land a slash, but Funema throws a short white colored stick at him. The stick hits Paul creating a small explosion that causes him to fall to the ground. Rachel comes up to Paul and crouches down.

RACHEL

You okay?

PAUL

I'm fine.

Paul gets back to his feet.

KIA

What was that?

FUNEMA

Just a little something to make this situation, explosive.

Paul looks down and sees that he is somewhat covered in a white powder. He dusts himself off.

PAUL

Is this chalk?

FUNEMA

As a matter of fact it is.

SCOTT

Great a demon monster that throws exploding chalk.

EDDIE

Can we just end this?

The Wind Knuckle appears on Eddie's right hand, and he jumps up. Funema throws a red chalk bomb at Eddie. The chalk hits him and he goes flying several yards into a nearby forested area. Dr. Morita sees this and follows.

EXT. THE FORESTED AREA - DAY

Eddie continues to go flying back and Dr. Morita has somewhat caught up with him. Eddie falls to the ground and Dr. Morita walks up to him. A flash of blue light goes over Eddie's body powering him down. Dr. Morita notices.

DR. MORITA

Edward?

Eddie gets to his feet and sees his uncle.

EDDIE

How much of that did you see?

DR. MORITA

Everything.

EDDIE

Okay. What are you doing in Lincoln Park?

DR. MORITA

Looking for a ship, but that discovery pales in comparison that the one I just found. You've been the Blue Ranger all this time?

EDDIE

(reluctantly) Yeah.

DR. MORITA

And that time at the museum when you and your friend Mark took off that was because you had to fight the monster, right?

EDDIE

Yeah.

DR. MORITA

Now the other Rangers...

EDDIE

They're those friends of mine you met that one-day. Look it probably isn't safe for you to be around here like this.

DR. MORITA

And where do you want me to go, that coffee shop you're always hanging out at?

EDDIE

I actually have a better idea.

Eddie takes out his morpher and rotates the screen. He dials "335" and presses the send button. Part of the ground opens up and the D.A.T.A. Tracker drives out. Eddie presses the morph button, revs the digitize gear on his left palm, and morphs in a flash of blue light. Eddie heads toward the driver's seat on the D.A.T.A. Tracker.

DR. MORITA

What is this?

EDDIE

A vehicle.

DR. MORITA

I know that, but what's it for?

EDDIE

This is going to take us to where we need to be. C'mon get in.

Eddie climbs into the driver's seat, and Dr. Morita gets into the front passenger seat. Eddie turns the D.A.T.A. Tracker around, and drives into opening.

EXT. THE AREA NEAR THE CLIFF - DAY

Funema throws yellow chalk bombs at Paul, Rachel, Kia, and Scott who are all charging at him. The chalk hits them and knocks them to the ground. Ninjrex launches a Flight of a Thousand Cranes attack at Mark, and it hits him causing him to fly back to the others. Ninjrex goes over to Funema.

NINJREX

We found the ship that should be good enough for now.

Ninjrex and Funema disappear. Paul, Mark, Rachel, Kia, and Scott get back to their feet.

SCOTT

What was that about?

MARK

And what's with this ship?

KIA

I think we better go find Blue first and then head back.

PAUL  
 Good idea Pink. Did anyone see where he  
 went?

RACHEL  
 I think he went into that forest over  
 there.

EXT. THE FORESTED AREA - DAY

Paul, Mark, Rachel, Kia, and Scott look around but do not  
 see any traces of Eddie.

MARK  
 Where is he?

Paul takes out his morpher and rotates the screen. He dials  
 "3" and hits the send button.

PAUL  
 Blue come in.

Eddie (still morphed) appears on screen.

EDDIE  
 I'm here.

PAUL  
 Where are you?

EDDIE  
 Just meet me back at D.A.T.A. Base.

Paul ends the call. He then dials "335" and hits the send  
 button. The words "D.A.T.A. TRACKER IN USE" appear on  
 screen.

PAUL  
 Great.

SCOTT  
 What?

PAUL  
 We have to walk back to D.A.T.A. Base.

FADE OUT.

FADE IN:

INT. D.A.T.A. BASE NEAR THE MONITORING ROOM - DAY

Eddie (now unmorphed) leads Dr. Morita to the monitoring room. Dr. Morita takes in his surroundings.

DR. MORITA  
So this is your base?

EDDIE  
Yeah pretty much.

DR. MORITA  
And all of this has been underground  
for some time?

EDDIE  
As far as I know.

Doc comes out of the inventing room. He sees Eddie and Dr. Morita.

DOC  
Eddie, what's going on?

Eddie, and Dr. Morita turn around.

EDDIE  
We have someone else who knows about  
us.

Dr. Morita notices Doc.

DR. MORITA  
Quinn?

DOC  
Yes Isaac, it's me.

DR. MORITA  
But how?

DOC  
It's a long story, and I'm a little  
busy right now. But how'd you find out?

EDDIE  
I kinda powered down in front on him.

DOC  
You what?!

EDDIE

It wasn't on purpose. I was attacked by the monster and lost power. And uncle Isaac was right there when it happened.

DOC

What did you call him Eddie?

DR. MORITA

Yes Quinn I am Edward's uncle.

DOC

Well this wouldn't be the first time that a relative of one of the Rangers was let in on our secret.

Paul, Mark, Rachel, Kia, and Scott walk in.

PAUL

Eddie, were you using the D.A.T.A. Tracker earlier?

EDDIE

I was, but I had to get my uncle out of there.

MARK

Nice to see you again Doctor...wait a minute what's your uncle doing here Eddie?

DR. MORITA

I know about you.

MARK

First your aunt Paul, now Eddie's uncle, what's next one of my sisters is going to find out?

SCOTT

Or any one of our parents.

Paul clears his throat somewhat loudly.

SCOTT

Sorry I forgot.

EDDIE

So what are we going to do about this?

RACHEL

There's nothing we can do, other than hope that we can trust your uncle with this info. Can we?

DR. MORITA

You can.

PAUL

Good. Now that that's taken care of we need to figure out what that ship was.

DR. MORITA

It was the ship that brought the early Spanish settlers here to California.

MARK

How do you know about this ship?

DR. MORITA

I'm looking for it myself.

MARK

So Jones sent you after it?

DR. MORITA

How-?

DOC

They know about the S.G.S. Isaac.

PAUL

Then why would our enemies want this ship?

DR. MORITA

Apparently years after it came here it was fitted to make it practically invincible.

MARK

But it couldn't have been invincible because it's on the bottom of the sea.

PAUL

Either way we can't let Mindset get their hands on it.

DOC

I think the six of you know what to do.

Paul, Mark, Eddie, Rachel, Kia, and Scott leave.

DR. MORITA

When Paul said "Mindset", did he mean Mindset Industries?

DOC

That's part of the long story I told  
you about.

DR. MORITA

Well it appears that I now have all day  
to hear this story.

DOC

Don't worry I'll tell you, but first  
all this talk of ships has given me an  
idea.

FADE OUT.

FADE IN:

INT. INSIDIA'S LAB - DAY

Ninjrex and Funema kneel before Insidia and Chaotros who are sitting in their thrones. MALEVALA is off to the side with a somewhat smug look on her face.

CHAOTROS

I expected much more from you Ninjrex.

NINJREX

But master, I'm a warrior not an archaeologist. At the very least I was able to find the ship.

MALEVALA

Don't forget that he also summoned a weak chalk throwing demon too.

NINJREX

Quiet Malevala. Besides we were able to defeat the Rangers.

FUNEMA

I even sent that Blue moron flying back into the forest.

INSIDIA

The Rangers will only double their efforts to try to take the ship for themselves now.

NINJREX

What are you saying, mistress?

INSIDIA

Malevala, you'll go with Ninjrex this time.

MALEVALA

Yes mistress.

INSIDIA

And try not to fail this time.

MALEVALA AND NINJREX

Yes mistress.

Malevala, Ninjrex, and Funema leave the lab.

INSIDIA

Everything that's been going on has started to anger you, hasn't it?

CHAOTROS

How-?

INSIDIA

I was going through the same thing before you reared your ugly head. The trick is to not let it get to you.

CHAOTROS

And it hasn't gotten to you?

INSIDIA

And that's supposed to mean?

CHAOTROS

Didn't someone decide that she once wanted to take things into her own hands?

INSIDIA

And if you remember, that monster and I were able to make two of the Rangers disappear.

CHAOTROS

But they came back, and managed to defeat your plan anyway.

INSIDIA

It's not like-

CHAOTROS

No it is, and if we don't do something then all of our plans will be ruined.

FADE OUT.

FADE IN:

EXT. THE CLIFF BY THE OCEAN - DAY

Malevala, Ninjrex, and Funema appear. The Rangers (all morphed) show up soon after.

MALEVALA

I should've known you'd be here.

KIA

Well you're going down.

SCOTT

And you're not getting that ship.

NINJREX

We'll just have to see about that.

PAUL

(sighs) Here we go again.

NINJREX

Funema!

Funema summons his shinai and charges at the Rangers. Mark, Eddie, Rachel, and Kia draw and convert their D.A.T.A. Blasters. Scott draws and converts his Detect Blaster. Paul summons AURELIUS in sword form. Funema swings his shinai at the Rangers, but they all block the attack with their weapons. Paul gives Funema a few slashes with Aurelius, and the monster falls back a little. Malevala and Ninjrex watch everything.

MALEVALA

Great, just when I thought we wouldn't have to do any work for once.

NINJREX

The Black Ranger's mine.

MALEVALA

Fine, but I get Yellow and Pink.

NINJREX

Whatever.

Malevala and Ninjrex jump up and streak toward the Rangers. Ninjrex knocks Mark away from Funema.

MARK

Great, you again.

NINJREX

We'll end this, this time.

MARK

Is that what you're going to say next time?

Ninjrex draws both of his swords, charges at Mark and gives him a few slashes. Malevala makes her way toward Rachel and Kia and slashes at the both of them with her daggers.

RACHEL

Looks like they're trying to divide and conquer.

KIA

Like it matters. Two of our more powerful Rangers are fighting the monster. How about we just fend Malevala off until that happens?

RACHEL

Fine by me.

Malevala thrusts both of her daggers toward Rachel and Kia, but they both block the attack with their D.A.T.A. Swords. Rachel and Kia then give Malevala simultaneous kicks, which knock her back a little. Malevala then thrusts her daggers at Rachel and Kia again, this time making contact with them. In their area Paul, Eddie, and Scott continue to fight Funema. Paul slashes at Funema a few times with Aurelius. Eddie converts his D.A.T.A. Sword and fires a few shots at the monster. Scott swings his Staff and gets a hard slash on Funema. Funema flies back a little and falls on his back. He gets to his feet, aims his left arm at Paul, Eddie, and Scott, and fires numerous white chalk bombs at the three of them. Eddie manages to dodge the attack, but Paul and Scott fall to the ground. Eddie converts his D.A.T.A. Blaster again, jumps up, and winds his right arm back to try to slash Funema. However, Funema throws a gold chalk bomb at Eddie, and he flies back over the cliff. Paul and Scott get back to their feet.

PAUL

Blue!

SCOTT

What'd you do?

FUNEMA

I sent your little blue friend into the blue. Gold chalk is a wonderful creation, don't you think?

PAUL

Well if you want to fight with gold  
I've got just the thing.

Paul grabs Aurelius, and turns his chest seal. Aurelius transforms, and lands beside Paul.

AURELIUS

Yes Red?

PAUL

We need your help.

AURELIUS

Glad to be of service.

Paul, Scott and Aurelius charge at Funema, but Funema red chalk bombs at them, and they all fall back. In their area Ninjrex fires numerous pieces of colored origami paper at Mark, and he goes flying back near Paul, Scott, and Aurelius. In their area Malevala manages to get high-powered slashes in on Rachel and Kia, and they go flying back toward the others. Malevala and Ninjrex regroup with Funema.

MALEVALA

Looks like we actually succeeded for  
once.

NINJREX

Now for the ship.

Malevala, Ninjrex, and Funema walk toward the edge of the cliff, but just as they reach it. Eddie comes flying up with his Wind Knuckle, firing a tornado, on his left hand and his D.A.T.A. Sword in his right. He gives Funema a hard slash, which causes the monster to fall back. Eddie lands and his Wind Knuckle vanishes.

EDDIE

You guys will be happy to know that I  
managed to secure the ship.

The other Rangers and Aurelius get back to their feet, as does Funema.

PAUL

Good work, it's in a Guard Crate,  
right?

EDDIE

Yeah.

PAUL  
We'll get it later.

EDDIE  
(to Funema) Now for you. Crash Armor!

The Crash Armor forms onto Eddie. He raises his right hand and the Crash Cannon in Drill Mode appears. Eddie aims the Cannon.

EDDIE  
Fire!

Eddie fires a shot at Funema, which makes contact causing him to fall down and explode.

MALEVALA  
Do you want to do it, or should I?

NINJREX  
I'll do it. Chouninpo! Kyodai henkei!

Ninjrex extends his arms and numerous paper charms fly out surrounding Funema causing him to grow to gigantic size. Eddie takes out his morpher. Scott opens up his morpher.

EDDIE  
D.A.T.A. Trekkers, venture forth!

In the distance Dump 1, Formula 2, Gyro 3, Dozer 4, and Marine 5 make their way toward the Rangers. Fire 11, Aider 12, and Police 13 soon follow them. Dump 1, Formula 2, Gyro 3, Dozer 4, and Marine 5 combine. Fire 11, Aider 12, and Police 13 combine.

PAUL, MARK, EDDIE, RACHEL, AND KIA  
D.A.T.A. Megazord, online!

SCOTT  
Siren Blast Megazord, online!

Funema prepares an attack and throws several white chalk bombs at the two Megazords.

FUNEMA  
Take that!

The chalk hits the Megazords causing them to fall back a little. The D.A.T.A. Megazord charges with the D.A.T.A. Saber in hand. Funema throws more white chalk bombs, but the attack does not do any damage to the D.A.T.A. Megazord. The D.A.T.A. Megazord slashes at Funema a few times, before grabbing onto him. The D.A.T.A. Megazord then jumps up and kicks Funema with both of its feet. Funema goes flying back, and the D.A.T.A. Megazord uses its left hand to spring board itself back toward the Siren Blast Megazord.

EDDIE

Scott, I need to borrow your shoulders.

SCOTT

Huh?

The D.A.T.A. Megazord lands on the Siren Blast Megazord's shoulders and it uses the Siren Blast Megazord to jump up higher. Funema looks up to see the D.A.T.A. Trek Megazord waving the Saber in a circular motion as an energy version of the D.A.T.A. compass symbol forms behind it with the needle spinning.

PAUL, MARK, EDDIE, RACHEL, AND KIA

D.A.T.A. Saber, full power!

The D.A.T.A. Megazord slashes at Funema, and it takes the hit. The D.A.T.A. Megazord lands, and blue energy bolts start to go over Funema.

FUNEMA

I can't believe you sank me, a battleship.

Funema falls down and explodes. The Siren Blast Megazord comes up beside the D.A.T.A. Megazord.

FADE OUT.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Mark, Eddie, Rachel, Kia, Scott, Doc, and Dr. Morita stand around. Paul and Aurelius walk in. Dr. Morita sees Aurelius, and an unsure look goes over his face. Aurelius notices.

AURELIUS

What?

DR. MORITA

Sorry, I've never seen anything like you before. Whatever you are.

AURELIUS

I'm Aurelius the-

PAUL

Yes Aurelius we know that you're the Sword of Mu.

Aurelius' head tilts forward ever so slightly.

DOC

So how'd the retrieval of the ship go?

PAUL

Almost smoothly, thanks to Jet 10.

DOC

Why almost smoothly?

PAUL

Because someone left the Guard Crate full of water.

Paul turns to stare at Eddie.

KIA

Actually it's better that left the Crate full of water because it would've floated to the surface otherwise.

PAUL

Even so, but there would've been no way for Ninjrex or Malevala to get into the Crate.

DOC

He has a point.

DR. MORITA

So what's going to happen with the ship?

DOC

We'll ship it off to S.G.S. headquarters, and I'm sure Jones will give you credit for it.

DR. MORITA

Now before I go, is everyone fine with me knowing about all of this?

PAUL

It's not like we have much of a choice.

KIA

And it might actually be nice for someone else to be in on this secret.

RACHEL

Besides we really could use a few more allies.

EDDIE

Even if that ally is related to one of us.

END
