"POWER RANGERS D.A.T.A. TREK: EPISODE 30 - SUN SHINE"

FADE IN:

INT. A COCKPIT - DAY

DRAGOS steps up behind a control panel.

DRAGOS
D-Rex Negazord activate.

Dragos grabs onto a control stick and presses on it. The screen in front of him shows schematics for the D-Rex Negazord and the Vengine inside of it. The central part of the Vengine on the screen starts to spin around and the sound of a beating heart can be heard. Dragos grabs onto the steering wheel, and the needle on a power meter starts to rise going to "40".

INT. A HOLDING AREA - DAY

The eyes of the D-Rex Negazord light up.

INT. THE COCKPIT - DAY

The needle on the meter has gone past "50" on its way to "55".

EXT. THE HOLDING AREA - DAY

The turrets on the D-Rex Negazord rise up.

INT. THE COCKPIT - DAY

The meter reaches and goes past "60", going all the way past "70". Dragos continues to hold onto the steering wheel. The meter reaches its maximum, and sparks start to fly out of the panels beside Dragos. The Vengine on the screen stops spinning.

INT. THE HOLDING AREA - DAY

The eyes on the D-Rex Negazord turn off, and the turrets lower.

INT. THE COCKPIT - DAY

Dragos looks at everything and turns around.

EXT. THE HOLDING AREA - DAY

On the ground Dragos walks up to DR. VENGE, JAGUAS, and TIGRAS.

DRAGOS

I think it overloaded.

JAGUAS

I knew he couldn't handle it.

TIGRAS

You should let us handle this one Venge.

DR. VENGE

No. I designed this one with Dragos in mind, and only Dragos can really control the Dragonite I used for the organic parts of this one. If there's any problem with this, it's that the fusion of the Vengine, the Dragonite, and Negazord tech doesn't have enough power.

JAGUAS

What is powering the Vengine in this one?

DR. VENGE

What do you mean?

TIGRAS

Chaotros did say that Panthras' essence is what's powering our Vengines, and the essence of that magician monster powered the Vengine that the Beast of Mu had. So what's powering this Vengine?

CHAOTROS walks in.

CHAOTROS

The essence of Funema, however it looks like it's not enough.

JAGUAS

But didn't Panthras' essence also power the Vengine from the first Negazord?

DR. VENGE

It did, but the two of you should know that you're more powerful than any monster we could create, or summon. Now I'm assuming that you came here to check up on this Negazord, right Chaotros?

CHAOTROS

Exactly. Now gentlemen how do you suggest that we power this thing?

JAGUAS

Question for you Chaotros, how would you like to potentially have the power of the Sword of Mu?

CHAOTROS

What are you talking about?

TIGRAS

As you know there was a relic of the lost continent of Mu around this area.

CHAOTROS

And?

JAGUAS

There's also a relic of Mu's sister continent, Lemuria. An ancient power source that could give us everything we need to fully power this new Negazord.

CHAOTROS

Then what are you waiting for? Get it!

TIGRAS

We will, but first we need to find two people who represent the colors of Lemuria.

JAGUAS

And we all ready have two perfect candidates in mind for that.

FADE OUT. OPENING CREDITS.

FADE IN:

INT. THE COFFEE SHOP - DAY

Isabel is behind the counter tending to customers, as PAUL and KIA make their rounds around the tables waiting on customers. MARK is sitting on the couch with his laptop doing some typing. Every so often Kia glances over at Mark.

KIA
(INNER)

Should I...maybe I shouldn't. No, no
it's just not the right time. Just get
a grip on yourself Kia.

RACHEL enters the shop, and walks over to Kia. She notices Kia glancing at Mark.

RACHEL
You're still thinking about that?

KIA
About what?

RACHEL
The whole you and Mark thing.

KIA
Why are you making a big deal out of
this?

RACHEL
Everything that I've been seeing
between the two of you is like the
worst soap opera ever.

KIA
Well there's something that I've been
watching that makes for a better soap
opera than the thing between Mark and
me.

RACHEL
And that'd be?

KIA
Don't worry about it.

RACHEL
But are you going to tell Mark?

KIA

I just haven't found the right time,
and just going over to him right now
doesn't feel right.

RACHEL

You know, ever since that whole
Cinderella thing it almost seems like
you've lost some of the confidence you
had when we first met.

KIA

This whole thing is just making me a
little uncomfortable. That's all.

RACHEL

But still there's no time like the
present to do what you have to.

KIA

You know what, I think I will.

Kia walks over to Mark.

MARK

What's up?

KIA

There's something I want to talk to you
about.

MARK

What?

KIA

Ever since-

The warning sound goes off on the morphers. Paul and Rachel
head towards the door.

MARK

Can this wait?

KIA

Actually it can.

Mark gets up, and he and Kia head towards the door.

FADE OUT.

FADE IN:

EXT. DOWNTOWN LINCOLN PARK - DAY

Jaguas and Tigras stand back to back with their blasters out. They are both firing numerous shots, which destroy the nearby buildings. Paul, Mark, EDDIE, Rachel, Kia, and SCOTT (all morphed) come running up to the area.

PAUL

What is it this time?

JAGUAS

Nothing much, we just want to have a nice friendly chat with the two of you who represent the colors of Lemuria.

SCOTT

And the colors are?

TIGRAS

Black, and gold.

MARK

Well you're not taking me without a fight.

PAUL

And you're not getting Aurelius.

JAGUAS

We could care less about that stupid sword of yours.

RACHEL

Well like Black you're not taking me without a fight.

TIGRAS

Fine.

JAGUAS

If it's a fight you want, then we'll give you one. But first there's someone else we want to join this little party.

Dragos appears.

PAUL

So you survived our last meeting.

DRAGOS

Not by much, but I did. And now it's time to return that favor. The Red Ranger's mine, and mine alone.

TIGRAS

Fine whatever we only need to grab two of these morons anyway.

Dragos charges toward Paul as Jaguas and Tigras charge toward the other Rangers. Eddie and Kia try to slash at Tigras, but he makes quick work of them with his blaster. Scott tries to slash at Jaguas with the Detect Staff, but Jaguas smacks the weapon back, and fires a quick shot at Scott. Jaguas then moves onto Mark and Rachel, who both strike him with their D.A.T.A. Swords. Jaguas falls back, and tries to give them a counter move, but Mark, and Rachel continue to give him slashes from their Swords. Jaguas falls back. Eddie and Kia give Tigras hard slashes and he falls back near Jaguas. Finally Paul gives Dragos a hard slash with AURELIUS in sword form, and Dragos falls back near Jaguas and Tigras. The Rangers regroup.

JAGUAS

Looks like there's only one thing to do.

TIGRAS

Yes.

DRAGOS

Couldn't agree more.

Tigras gets on Dragos' left side, while Jaguas gets on Dragos' right side. Dragos draws a blaster. Jaguas holds up his right hand blast, and Tigras holds up his blaster.

JAGUAS AND TIGRAS

Vengine activate!

Jaguas and Tigras' Vengines can be seen working from within their chests. Jaguas and Tigras touch their blasters with Dragos' and the three of them fire a high-power blast at the Rangers. The blast hits the Rangers knocking them down. Jaguas and Tigras walk over to Mark and Rachel. Jaguas grabs Mark, while Tigras grabs Rachel, and they disappear with them. Dragos also vanishes. Paul, Eddie, Kia, and Scott get to their feet.

PAUL

What are they up to?

FADE OUT.

FADE IN:

INT. A CAVERN - DAY

Jaguas leads Dragos and Tigras who are dragging Mark and Rachel (still morphed), respectively. Mark and Rachel are tied up in chains. Jaguas leads to a section of the cavern that has a flat wall. Dr. Venge appears by the wall holding gun-like device.

JAGUAS

Did you bring something to drain the Rangers of their energy?

DR. VENGE

You're lucky I all ready had something like this.

MARK

You did?

DR. VENGE

I'll make it no secret that I have been studying your energy signals since we first started attacking Earth, and this device is apart of my research.

JAGUAS

Either way thanks Venge.

DR. VENGE

Although I should tell you that this is untested, but there's no time like the present to try it out.

Dr. Venge aims the device at Mark and Rachel. He pulls the trigger and a beam made of green gridlines fires out hitting Mark and Rachel. The end of the device starts to shoot out a combination of black and yellow energy that hits the wall of the cavern. The black and yellow energy starts to create a door on the wall, and once enough energy has been drained, the door opens. Dr. Venge stops draining energy. Jaguas leads everyone into the chamber where the Sun of Lemuria is resting on a pedestal. Jaguas walks over to the Sun.

JAGUAS

At last we have a power source that could defeat the Rangers once and for all.

DRAGOS

So how do we use it?

JAGUAS

The same way we entered this chamber.
Venge!

Dr. Venge starts to drain more energy from Mark and Rachel. The output hits the Sun, and it starts to shine. As the Sun absorbs more energy the brighter it starts to shine.

VOICE

Hold it!

Jaguas, Tigras, Dragos and Dr. Venge turn their heads to see Paul, Eddie, Kia, and Scott (still morphed) enter the chamber. Aurelius (warrior form) soon follows them.

PAUL

I don't know what you're up to, but it ends now.

The Sun starts to shine even brighter.

KIA

Hand over Black and Yellow now.

DRAGOS

Or you're going to do what?

SCOTT

What we always do in this situation.

TIGRAS

Pathetic sentiment.

Aurelius takes note to the Sun.

AURELIUS

That object behind you, is it what I think it is?

JAGUAS

It is.

The sun starts to shine so bright now, that it releases a golden energy. Aurelius' chest jewels start to glow, he walks out in front of Paul, Eddie, Kia, and Scott, and turns to face them.

EDDIE

What are you doing?

AURELIUS

I must aid in bringing back the time of the lost continents.

PAUL

What?

Tigras notices the released energy.

TIGRAS

I think it's time we do what we came to.

JAGUAS

Yes.

Jaguas walks over to the Sun and places his right hand over the energy it is emitting. The energy leaves the chamber.

EXT. A MOUNTAINOUS AREA - DAY

The energy from the Sun makes its way around a mountain, into another one.

INT. THE HOLDING AREA - DAY

The Sun's energy hits the D-Rex Negazord.

INT. THE CHAMBER - DAY

The Rangers, Aurelius, Dr. Venge, Dragos, Jaguas, and Tigras are where they were standing. Dr. Venge is no longer draining Mark and Rachel's energy, and the Sun has stopped emitting energy.

DRAGOS

Time to make sure this energy doesn't leave the new Negazord.

Dragos picks up the Sun. Jaguas picks up Mark, Tigras picks up Rachel, and they all leave the chamber with Dragos, Dr. Venge, and Aurelius.

KIA

(to Paul) Are you just going to let them get away with our friends?

PAUL

They should be fine, for now.

KIA

Are you really going to let them get away with this?

PAUL

Look I don't know about you, but I'm a little more concerned with where that energy went, and what Aurelius said about bringing back the time of the lost continents.

INT. THE D-REX NEGAZORD'S COCKPIT - DAY

Dragos steps in and grabs onto one of the controls.

DRAGOS

D-Rex Negazord, activate.

The D-Rex Negazord's Vengine on the screen starts up, and the meter goes to its maximum.

INT. THE HOLDING AREA - DAY

The eyes of the D-Rex Negazord light up, and its turrets rise. The D-Rex Negazord starts to take off.

EXT. THE MOUNTAINOUS AREA - DAY

The D-Rex Negazord bursts through the mountains. On the ground Paul, Eddie, Kia, and Scott look up to see it.

PAUL

We've got to stop this thing first.

KIA

What about Black and Yellow?

PAUL

I told you. They'll be fine for now. So I think we know what we have to do.

Paul takes out his morpher. Scott opens his up.

PAUL

All ten D.A.T.A. Trekkers, venture forth!

SCOTT

Rescue Trekkers venture forth!

In the distance Dump 1, Formula 2, Gyro 3, Dozer 4, Marine 5, Drill 6, Shovel 7, Mixer 8, Crane 9, and Jet 10 make their way toward Paul, Eddie, Kia and Scott. Fire 11, Aider 12, and Police 13 soon follow. On the ground Paul, Eddie, Kia, and Scott are all holding their control cases.

PAUL

Let's do it!

The four of them jump up and into their primary Trekkers. Inside of Dump 1 Paul places his Control Case in the panel.

PAUL
D.A.T.A. Trek formation!

Paul presses the combine button, and revs the digitize gear. Outside Dump 1, Formula 2, Gyro 3, Dozer 4, Marine 5, Drill 6, Shovel 7, Mixer 8, Crane 9, and Jet 10 combine.

PAUL, EDDIE, AND KIA
D.A.T.A. Trek Megazord, online!

Inside of Fire 11 Scott presses the digital chronograph.

SCOTT
Rescue formation!

Outside Fire 11, Aider 12, and Police 13 combine.

SCOTT
Siren Blast Megazord, online!

The two Megazords face the D-Rex Negazord. A gigantic Aurelius comes up beside the D-Rex Negazord.

PAUL
Okay, we've got to figure out why Aurelius is doing this.

DRAGOS
You won't succeed.

Aurelius charges at the Megazords.

SCOTT
Aurelius stop! You shouldn't be fighting us.

Aurelius punches both of the Megazords simultaneously. The two Megazords fall back a little. Aurelius charges at them again, but the Siren Blast Megazord grabs onto him.

SCOTT
I'll take care of Aurelius. You guys handle that thing.

PAUL
Just be careful, Scott.

The Siren Blast Megazord takes Aurelius away. The D.A.T.A. Trek Megazord charges at the D-Rex Negazord.

DRAGOS

I'm not going down that easy. Dragon
Flyers, take off!

The D-Rex Negazord releases a massive squadron of Dragon
Flyers.

KIA

It holds other dragon monsters?

PAUL

Let's take them out.

The D.A.T.A. Trek Megazord takes to the sky. The Dragon
Flyers fire lasers at the D.A.T.A. Trek Megazord, but the
shots are dodged.

PAUL

Fire!

The D.A.T.A. Trek Megazord fires lasers at the Dragon
Flyers, which make contact destroying the Dragon Flyers. On
the ground Aurelius is punching the Siren Blast Megazord
numerous times. Aurelius and the Siren Blast Megazord both
unleash punches, but the punches hit each other knocking
Aurelius back a little. Aurelius and the Siren Blast
Megazord try kicking each other, but the kicks make contact
knocking them back.

SCOTT

Stop it Aurelius, you're on our side!

Aurelius converts himself to sword form, and flies toward
the Siren Blast Megazord. Aurelius strikes the Siren Blast
Megazord causing a massive explosion. The Siren Blast
Megazord falls down and explodes. Paul, Eddie, and Kia
notice from the D.A.T.A. Trek Megazord.

PAUL, EDDIE, AND KIA

Scott!

The D-Rex Negazord releases more Dragon Flyers.

EDDIE

Oh man, we keeping destroying these
things, but he's go more.

KIA

Well then we're going to have to
destroy the source of these things,
right?

PAUL

Right.

The D.A.T.A. Trek Megazord fires more lasers, which take out the Dragon Flyers. The D.A.T.A. Trek Megazord then powers up.

PAUL, EDDIE, AND KIA
Flying Blast!

The D.A.T.A. Trek Megazord fires the Flying Blast attack at the D-Rex Negazord.

DRAGOS
How futile. Dragosaurus blast!

The D-Rex Negazord opens its mouth and fires a blast that destroys the Flying Blast.

PAUL
The Flying Blast didn't work?

EDDIE
No way.

The D.A.T.A. Trek Megazord lands.

KIA
We can't reach full power with the three of us.

PAUL
Then we'll do what we can.

Inside of the D.A.T.A. Trek Megazord the screen in front of Kia locks onto the D-Rex Negazord, which is charging towards them. The word "WARNING" appears on the screen. Outside, the D-Rex Negazord turns around and whips the D.A.T.A. Trek Megazord with its tail a few times. The D.A.T.A. Trek Megazord falls back. The D-Rex Negazord charges at the D.A.T.A. Trek Megazord and head butts it. The D-Rex Negazord then starts to strike the D.A.T.A. Trek Megazord with its mouth a few times.

PAUL
Can't lose...Gyro Typhoon!

The D.A.T.A. Trek Megazord fires the Gyro Typhoon, which knocks the D-Rex Negazord back. The D.A.T.A. Trek Megazord gets back to its feet.

DRAGOS
This ends now. Take this!

The D-Rex Negazord gets back up, and fires numerous lasers at the D.A.T.A. Trek Megazord. The D.A.T.A. Trek Megazord takes all of the hits causing it to separate into its 10 components. The separation flings Paul, Eddie, and Kia away from the area. The D.A.T.A. Trekkers take a lot of damage as they crash to the ground. Paul, Eddie, and Kia fall into the nearby ocean.

DRAGOS

Looks like I win.

From out of nowhere a gigantic Battleship rises from the depths with Paul, Eddie, and Kia on top of it.

EDDIE

What is this?

KIA

No idea.

PAUL

Wait a minute...

The Battleship fully rises from the ocean and starts to sail toward the D-Rex Negazord.

DRAGOS

What?!

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

DOC stands in front of a screen.

DOC

Everyone, hurry and get inside the Navigator Battleship.

Paul, Eddie, and Kia appear on the screen before Doc.

PAUL

What's going on Doc?

INT. THE D-REX NEGAZORD COCKPIT - DAY

Dragos sits at the controls.

DRAGOS

How do they keep getting all that stuff? Either way it's still no match for me.

EXT. THE D-REX NEGAZORD'S AREA - DAY

The D-Rex Negazord releases another squadron of Dragon Flyers. Inside of the Navigator Battleship, Paul sits down in the cockpit marked "14", Eddie sits down in the cockpit marked "16", and Kia sits down in the cockpit marked "18".

PAUL

Doc is this what I think it is?

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Doc is still in front of the screen.

DOC

Yes Paul, this is the alternate form you suggested for the Voyager Trekkers. I'll explain everything a bit later.

EXT. THE D-REX NEGAZORD'S AREA - DAY

The Dragon Flyers swoop in and fire lasers at the Navigator Battleship. The lasers end up hitting the water around the Navigator Battleship. Paul feels the impact from within.

PAUL

Okay let's take these things out.

Paul presses on one of the secondary controls. Outside the missile launchers and laser turrets turn around to take aim.

PAUL

Fire!

The missile launchers and laser turrets start to fire at the Dragon Flyers. The launchers and turrets continue to fire until every last Dragon Flyer is destroyed.

DRAGOS

It destroyed all the Dragon Flyers? But what is it?

Dr. Venge watches everything from the edge of a cliff where Jaguas, and Tigras, are standing holding onto Mark and Rachel. Mark and Rachel are barely able to move from the energy drain.

JAGUAS

Stupid Rangers.

DR. VENGE

Might I suggest that we go to a more secure location?

TIGRAS

That would be a good idea.

Dr. Venge, and Jaguas, and Tigras holding Mark and Rachel leave the area.

DRAGOS

Time to finish this thing off.

Inside of the D-Rex Negazord the meter drops to "0".

DRAGOS

Looks like I'm out of energy. Might as well escape.

Dragos grabs onto the control stick. Outside the D-Rex Negazord's turrets lower, and the D-Rex Negazord goes into the ground.

KIA

The Negazord...

EDDIE

It's going away?

PAUL

Okay, follow it.

Doc appears on the screen inside of Paul's cockpit.

DOC

You guys better come back to D.A.T.A. Base for a minute.

PAUL

But Doc!

DOC

I've still got a little more work to do on the Navigator to have it running properly. So please come back.

PAUL

But-

DOC

Just come back, Paul.

FADE OUT.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Doc paces around a little as Paul, Eddie, Kia, and Scott (all morphed but with their helmets off) come into the room.

PAUL

Okay why did you want us to come back?

DOC

Like I said I still have a little more work to do, plus I'm still trying to figure out how you guys will be able to call for the Battleship as well as forming the Megazord.

KIA

Then why'd you send it?

DOC

All of the Trekkers have been damaged. With the Rescue Trekkers taking the most damage.

PAUL

So the Navigator is all we have right now?

DOC

Right.

PAUL

And you still have more work to do on it?

DOC

Right. Paul is this going somewhere?

PAUL

What are we going to do if that thing of Dragos' shows up again?

DOC

Wait a minute I just had a thought.

Doc goes over to the terminal and starts to bang on a few keys. The schematics for the Navigator Battleship appear as well as a list of commands for the Digital Morphers. Doc continues to do his work for a few moments until ultimately stopping.

DOC

There. If you need it Paul, you can now call for the Navigator by pressing the launch button on your morpher, and saying what you'd normally say to call for a Trekker.

PAUL

So it's "Navigator Battleship venture forth"?

DOC

Exactly.

KIA

Good to know, but we need to find Mark and Rachel now.

PAUL

Why do you seem so interested in finding Mark and Rachel right now?

KIA

Well they're our friends, and we have to save them.

EDDIE

But you're sounding a little *too* interested.

KIA

Okay so maybe I was going to tell Mark something important, something that's been going on since that Cinderella thing.

PAUL

I get it now. Well let's go.

Paul, Eddie, Kia, and Scott leave the room while putting their helmets back on.

FADE OUT.

FADE IN:

INT. A TEMPLE-LIKE ROOM - DAY

Jaguas (carrying the Sun) leads Dr. Venge, Dragos, and Tigras and Aurelius who are carrying Rachel and Mark, respectively into the room. In the center of the room is a pedestal surrounded by four pillars. Jaguas walks up to the pedestal and places the Sun on it. Dr. Venge and Dragos stand off to the side while Tigras and Aurelius let go of Rachel and Mark.

JAGUAS

Do it Venge.

Dr. Venge aims the energy drainer at Mark and Rachel again, and drains them of even more power. The drained energy hits the Sun.

EXT. A MOUNTAIN RANGE - DAY

Paul, Eddie, Kia and Scott (still morphed) come up to the area. Kia has her morpher out with the screen flipped up.

KIA

If my readings are right, then Mark and Yellow are somewhere within the mountain.

EDDIE

So we'll have to bust in.

SCOTT

But how?

PAUL

We've got the Navigator, don't we? And Pink did you realize you actually said, "Mark" instead of "Black"?

KIA

I did?

PAUL

You must have some strong feelings for him.

KIA

Yeah.

PAUL

Anyway, we've got a rescue mission to worry about.

Paul takes out his morpher and rotates the screen. He presses the launch button.

PAUL

Navigator Battleship, venture forth!

Paul revs the digitize gear on his left arm.

INT. AN AREA WITHIN THE ZORD BAY AT D.A.T.A. BASE - DAY

The Navigator Battleship activates as its restraints open up. The Navigator Battleship takes off from its position.

EXT. THE MOUNTAIN RANGE - DAY

The Navigator Battleship rises up from the nearby ocean, and goes onto land crushing any and all rocks that are in its path. Once the Navigator Battleship has gotten near Paul, Eddie, Kia, and Scott it stops.

PAUL

We'll use it to bust into the mountain.

EDDIE, KIA, AND SCOTT

Got it.

Paul, Eddie, Kia, and Scott all head towards the Navigator Battleship.

INT. THE TEMPLE - DAY

Jaguas, Tigras, Dragos, and Aurelius stand off to the side while Dr. Venge continues to drain Mark and Rachel of energy. Mark and Rachel's suits go translucent for a second.

RACHEL

(struggling) So...weak.

MARK

(struggling) Just hang in there. The others will be here any second.

Dr. Venge pays a little bit of attention to Mark's words.

DR. VENGE

Jaguas, don't you think we've drained enough energy from them? Surely the Sun should be at full power by now.

JAGUAS

The only power we needed was to get the Sun going and to open the door.

DR. VENGE

Then why are we still draining them of their power?

JAGUAS

To eliminate them of course, you don't capture two of your biggest enemies and not eliminate them. Besides the more power we have in the Sun the more power the D-Rex Negazord will have to destroy the other morons.

EXT. THE MOUNTAIN RANGE - DAY

The Navigator Battleship makes its way toward the mountain.

INT. THE TEMPLE - DAY

A rumbling can be heard as Paul, Eddie, Kia, and Scott burst through the ceiling and land near Mark and Rachel. Jaguas, Tigras, Dragos, Aurelius turn their attention to Paul, Eddie, Kia, and Scott, and Dr. Venge stops draining power. Paul and Kia take out and convert their D.A.T.A. Blasters. Paul uses his D.A.T.A. Sword to break Rachel's chains, while Kia does the same for Mark's chains. Mark and Rachel struggle to get back to their feet, but eventually fall down again.

PAUL

This ends now!

KIA

So drop whatever it is you're doing to Black and Yellow.

JAGUAS

Not going to happen.

TIGRAS

We need more energy from them.

DRAGOS

Soon the D-Rex Negazord will destroy you.

AURELIUS

And then we will bring back the glory of Mu and Lemuria.

DR. VENGE

I hate to break it to you, but we've obtained enough power from the Black and Yellow Rangers.

DRAGOS

How dare you undermine us Venge? What would mistress Insidia say?

DR. VENGE

You know what, I've somewhat had it Insidia lately. So here's a one-time act of compassion from me.

Dr. Venge turns the energy drainer on the Sun and drains it of some of its power. The output hits Mark and Rachel allowing them to get to their feet.

RACHEL

We're at full power.

MARK

Good thing too, because we have a major score to settle.

Mark and Rachel draw their signature weapons. Rachel charges and slashes at Dragos, Jaguas, and Tigras with her Scoop Claws.

MARK

Speed crash!

Mark swings the Mach Hammer twice and unleashes high-powered hits on Dragos, Jaguas, and Tigras. Dragos, Jaguas, and Tigras all fall back. Dragos gets up, grabs the Sun, and quickly leaves the temple.

JAGUAS

You'll pay for this Venge!

Jaguas and Tigras charge toward Dr. Venge, but he quickly disappears.

TIGRAS

How about we just destroy the Rangers instead?

JAGUAS

Fine by me, and we can also use their ally too.

Jaguas, Tigras, and Aurelius turn to the Rangers.

INT. THE D-REX NEGAZORD'S COCKPIT - DAY

Dragos enters the cockpit and places the Sun on the panel in front of him.

DRAGOS

Perfect now the Negazord will get direct power from the Sun.

Dragos grabs onto the control stick.

EXT. THE MOUNTAIN RANGE - DAY

The D-Rex Negazord bursts through the ground.

INT. THE TEMPLE - DAY

The ground shakes as Jaguas, Tigras and Aurelius try to get near the Rangers.

PAUL

Dragos must've activated the Negazord again.

SCOTT

You guys worry about Dragos. I'll handle everything here.

Paul, Mark, Eddie, Rachel, and Kia rush out of the temple.

EXT. THE MOUNTAIN RANGE - DAY

The D-Rex Negazord starts to terrorize the area. Paul gets in the "14" cockpit of the Navigator Battleship. Mark gets in the "15" cockpit of the Navigator Battleship. Eddie gets in the "16" cockpit of the Navigator Battleship. Rachel gets in the "17" cockpit of the Navigator Battleship. Kia gets in the "18" cockpit of the Navigator Battleship.

PAUL, MARK, EDDIE, RACHEL, AND KIA
Navigator Battleship, take off!

The Navigator Battleship takes off. Inside of the D-Rex Negazord Dragos sits at the controls.

DRAGOS

You'll never succeed. Not when I have the power of the Sun of Lemuria.

Dragos grabs onto the control stick, and the Sun starts to glow. Outside the top part of the D-Rex Negazord creates a barricade that fires numerous lasers at the Navigator Battleship. The laser fire does nothing, and the Navigator Battleship continues on its path driving over the barricade destroying it.

DRAGOS

What?!

PAUL, MARK, EDDIE, RACHEL, AND KIA

Take this!

The Navigator Battleship starts to fire numerous missiles and lasers at the D-Rex Negazord. The D-Rex Negazord takes all of the hits.

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Doc stands before a screen that has a schematic image of the Navigator Battleship with individual windows for each of the Rangers' cockpit. The words "COMMANDER 14" appear under Paul, "CARRIER 15" appears under Mark, "FIGHTER 16" appears under Eddie, "ATTACKER 17" appears under Rachel, and "ROADER 18" appears under Kia.

DOC

To form the Megazord, just press the combine button on your morpher, and press the horn on your Control Case.

EXT. THE D-REX NEGAZORD'S AREA - DAY

Mark sits inside of Carrier 15.

MARK

Let's do it.

Rachel sits inside of Attacker 17.

RACHEL

And it's time to pay Dragos back for everything that's happened.

Paul, Mark, Eddie, Rachel, and Kia all sit in their respective cockpits.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Activate Megazord sequence!

Paul, Mark, Eddie, Rachel, and Kia all press the combine button on their morphers, and the voice from the morphers says "combine". Outside the Navigator Battleship continues on its path.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Voyager formation!

Inside of their cockpits Paul, Mark, Eddie, Rachel, and Kia all press the horn on their Control Cases. Outside the Navigator Battleship splits into five parts.

PAUL

Commander 14!

Commander 14 flies above the other Voyager Trekkers.

MARK

Carrier 15!

Jets on the bottom of Carrier 15's front end tilt it up.

EDDIE

Fighter 16!

Fighter 16 splits in half, and the halves take off.

RACHEL

Attacker 17!

The front end of Attacker 17 tilts down bringing the rear up.

KIA

Roader 18!

The halves of Fighter 16 attach to Roader 18. Roader 18 then splits in half and takes to the sky. Carrier 15 becomes completely vertical as Attacker 17, and the halves of the Fighter 16/Roader 18 combo fly toward it. Commander 14 swoops in. Attacker 17 attaches over the single wheel of Carrier 15. Both halves of the Fighter 16/Roader 18 combos attach to the sides of Carrier 15. The back end of Commander 14 flips out as the face of the Megazord appears and the two biggest wings stop spinning. Commander 14 attaches to Carrier 15. The rollers on Roader 18 spin around.

PAUL, MARK, EDDIE, RACHEL, AND KIA
Navigator Megazord, online!

Inside of the Navigator Megazord the Rangers pop up to their consoles. Rachel and Kia are in the back behind the consoles marked "17", and "18" respectively, while Mark, Paul and Eddie pop up to the front consoles behind the ones marked "15", "14", and "16" respectively. Paul, Mark, Eddie, Rachel, and Kia all put their Control Cases in the consoles and the controls pop up. Outside the Navigator Megazord prepares for battle.

DRAGOS

It doesn't matter what new toys you may get; you won't defeat me!

PAUL

Okay let's do it!

The Navigator Megazord charges at the D-Rex Negazord. The D-Rex Negazord fires numerous lasers, which do not do anything to the Navigator Megazord.

PAUL

This Megazord's power is unbelievable.

The D-Rex Negazord stops firing, and the Navigator Megazord stops. The missile launchers and laser turrets aim toward the D-Rex Negazord.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Navigator cannons!

The Navigator Megazord fires numerous shots at the D-Rex Negazord, all of which make contact. When the Navigator Megazord stops firing the D-Rex Negazord falls back a little.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Full power!

The Navigator Megazord extends both of its arms out. The wheel on its chest starts to spin causing its fists to spin as well.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Double screw punch!

The Navigator Megazord punches the D-Rex Negazord with its left fist, then its right, and finally with both fists. Energy bolts start to go over the D-Rex Negazord.

DRAGOS

The power of this new Megazord is too great.

The D-Rex Negazord falls down and explodes. The explosion causes Dragos and the Sun to be flung away. The Navigator Megazord lowers its arms.

FADE OUT.

FADE IN:

INT. DR. VENGE'S PERSONAL LAB - NIGHT

Dr. Venge sits at his workbench. INSIDIA comes in.

INSIDIA

Venge I want to talk to you.

DR. VENGE

Whatever it is Insidia I don't care.

INSIDIA

As you know, I demand nothing but loyalty from my minions. However your actions today are starting to make me question you.

Dr. Venge gets up and faces Insidia.

DR. VENGE

Yeah well, I'm not exactly happy being one of your minions at the moment.

INSIDIA

That's too bad, but whom would you ally yourself with? The Rangers wouldn't take you, because of your track record with them, and "Alden Conroy" doesn't have any references that a real company would take for a job. So your options are severely limited.

DR. VENGE

I'll work on my own if I have to.

INSIDIA

Relax Venge, as long as this was just a one-time thing it's perfectly fine by me.

DR. VENGE

It is?

INSIDIA

Yes, and to make sure that this is a one-time thing just allow to do something.

DR. VENGE

What?

INSIDIA

This!

Insidia extends her right hand and a purple-colored wave comes out. The wave hits Dr. Venge and leaves a slight purple tinge in Dr. Venge's pupils for a second.

INSIDIA

Now will you ever betray me again?

DR. VENGE

No mistress.

INSIDIA

And when the time comes, will you destroy Chaotros for me?

DR. VENGE

Yes mistress.

INSIDIA

Excellent. Mind control always works like a charm.

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Doc stands in front of the terminal doing some work. The Rangers enter and Aurelius follows them carrying a Guard Crate.

DOC

So what do you have for me?

The Guard Crate opens up revealing the Sun.

MARK

We thought we better pick this up in case Insidia decided to go after it again.

DOC

Good thinking. And you'll all be happy to know that I've started repairs on the D.A.T.A. and Rescue Trekkers, but it might take a while, especially the Rescue Trekkers.

PAUL

The only thing I'd like to know is what you meant by the whole "bringing back the time of lost continents" Aurelius.

AURELIUS

In all honesty Paul I don't know what that was about.

DOC

This might be speculation on my part, but I think the Lemurian scientist that brought Aurelius here wasn't as good as Aurelius made him seem.

MARK

After all when you look at an historical figure's entire life, they're not as good as they're made out to be. So this might be the case.

AURELIUS

But this only happened when the Sun was activated.

SCOTT

So we keep the Sun locked up and this won't happen again. No big deal.

DOC

Either way, it's been an excruciatingly long day for all of us. And I'm sure Mark and Rachel need to recharge a little, right?

MARK

I'm actually feeling pretty good.

RACHEL

I could use a cup of coffee right now.

The Rangers leave the monitoring room. As they leave the monitoring room, Kia pulls Mark aside and into the library.

KIA

About what I was saying before we left the coffee shop today...

MARK

Oh yeah, what did you want to say to me?

KIA

This has been coming for some time now, but about five weeks ago I realized something.

MARK

What?

KIA

This is going to sound like I'm back in junior high, but I like you.

MARK

I like you too.

KIA

I actually mean a different kind of "like".

Mark's eyes widen a little bit.

MARK

Oh *that* kind of like. Well, I still stand by what I said. And yes I mean it that way.

KIA

So what do you want to do about this mutual "liking" of each other?

MARK

We'll see, but definitely not like what's been going on with Paul and Rachel.

KIA

Yeah.

Mark and Kia hug each other for a quick second. They then take each other's hand and walk out of the library.

END
