"POWER RANGERS D.A.T.A. TREK: EPISODE 31 - MIX AND MATCH"

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

DOC stands in front of a screen doing some work. The schematics for the D.A.T.A. and Rescue Trekkers are displayed. Doc pauses for a minute.

DOC

At least I now have the first five done. But they took way too much damage.

As Doc is about to work again, some of the screens change to S.G.S. insignia, and the others display the words "INCOMING TRANSMISSION" for a second before JONES appears on one of the screens.

JONES

Good you are here.

DOC

There isn't anything I need to do for the S.G.S. right now, so why are you contacting me?

JONES

My superiors have gone over the information that you gave me a while ago.

DOC

What information?

JONES

About each of the Rangers' majors at school.

DOC

What about them?

JONES

My superiors are severely unhappy with the lack of artifacts that have been uncovered by the Rangers.

DOC

I thought I told you guys that their powers were designed to mostly protect the planet. Finding the artifacts is only a bonus.

JONES

Even still my superiors are demanding that we see a "reshuffling" of sorts within each of their colors.

DOC

The Rangers are in no way going to be happy about this.

JONES

Neither my superiors nor I really care about what the Rangers will think. After all a soldier does not question his general's orders.

DOC

But we aren't an army.

JONES

Not as far as we are concerned. I am going to send you three things.

DOC

What?

JONES

First the list for each Rangers new color, then something we would like them to say in battle, and finally uniforms.

DOC

Uniforms?

JONES

We would like them to look like a team while they are out.

DOC

But only a few other people know their identities, why would you want them to start wearing uniforms?

JONES

Again, do not question my orders, or I will cut your funding. Is that understood?

DOC

Fine.

JONES

Good we have an understanding. I want the Rangers to be in their new color by the end of the day.

DOC

Fine whatever, but don't say I didn't warn you about what might happen with this reshuffling.

JONES

The only thing that will happen is more efficiency on their part, and nothing more. What do you think will happen?

DOC

We'll just have to wait and see.

FADE OUT.

FADE IN:

INT. CRITTENDEN'S OFFICE - DAY

CRITTENDEN sits at her desk going over a few papers. KERNS walks in, and up to Crittenden.

KERNS

Adrienne we have a small problem with the coffee shop.

CRITTENDEN

What, is Rossi trying to prevent us from building there?

KERNS

No it's a problem with the city. Our permits aren't entirely in order.

CRITTENDEN

We have a major problem on our hands.

KERNS

I know. We need to get that shop up and running as soon as possible.

CRITTENDEN

Any suggestions?

KERNS

I can't think of any. However this form is somewhat preventing me from being overly creative.

CRITTENDEN

Well when you're right, you're right.

Crittenden presses a button on her desk phone.

CRITTENDEN

Karen could you please meet me "downstairs".

KERNS

And tell her to call Gerald too.

CRITTENDEN

And call Gerald.

Crittenden rises from her desk. She walks over to one of her bookcases, and Kerns comes up behind her. Crittenden pulls on her copy of The Art of War and the bookcase slides to the side revealing the elevator. Crittenden and Kerns both step in.

INT. INSIDIA'S LAB - DAY

The elevator opens up and Crittenden and Kerns in their true forms of INSIDIA and CHAOTROS, respectively, step out. They walk to their thrones and sit down. MALEVALA and NINJREX come up to them and kneel before them.

MALEVALA

What did you call us for mistress?

INSIDIA

It appears that we're having some problems with getting our permits for the new coffee shop.

CHAOTROS

And at the moment neither one of us can really think of any plans.

NINJREX

Why don't we change Lincoln Park's computer mainframe?

CHAOTROS

Excellent plan. Not only could we get what we need, we can get a little more.

MALEVALA

In fact I know the perfect demon for the job.

Malevala gets up.

MALEVALA

Chouninpo! Akuma meshidasu!

Malevala extends her arms opening up a portal. The AKKIBAN monster steps out of it.

AKKIBAN

You summoned me Malevala?

MALEVALA

We have a job for you.

FADE OUT. OPENING CREDITS.

FADE IN:

INT. THE COFFEE SHOP - DAY

MARK and KIA sit on the couch. ISABEL is behind the counter, and PAUL is going around the tables.

MARK

Okay so what do you want to do about this?

KIA

You know the usual stuff.

MARK

But the real question is when should we do it?

RACHEL walks into the shop, and sees that Kia is talking with Mark. She goes over to Paul.

RACHEL

So what's the deal with Mark and Kia?

PAUL

No idea.

Paul and Rachel turn to look at Mark and Kia.

PAUL

They almost look they're planning something.

RACHEL

So maybe the bad soap opera that was Kia telling Mark what's what is finally over.

PAUL

Probably.

Isabel walks over to Paul and Rachel, and joins in Paul and Rachel's observation.

ISABEL

So Mark and Kia?

PAUL

I guess.

ISABEL

They do actually look good together. Although I'm really looking forward to seeing how the other soap opera, that's been going on around here, is going to wrap up.

PAUL

What other soap opera?

ISABEL

Oh I think you know.

A confused look goes over Paul's face. Isabel looks at Paul and Rachel for a minute and walks back to behind the counter.

INT. THE LOBBY OF LINCOLN PARK CITY HALL - DAY

Malevala as MISS WYATT, and Ninjrex as AJAX both walk into the lobby. Several Mindset security guards in a mix of white and red uniforms push a strange looking device. The receptionist from the front desk walks up to them.

RECEPTIONIST

Can I help the two of you?

MISS WYATT

Yes, I'm Karen Wyatt Adrienne Crittenden's personal assistant.

AJAX

And I'm Gerald Ajax, Duane Kerns' personal assistant.

RECEPTIONIST

Who?

MISS WYATT

Adrienne Crittenden, CEO of Mindset Industries.

AJAX

And Mr. Kerns is the COO of Mindset.

RECEPTIONIST

Okay, then what are two Mindset representatives doing here?

MISS WYATT

It's come to our attention that the city's computer mainframe may not be the best that it could.

AJAX

So we've come to give the city this newly developed CPU that should increase the mainframe's efficiency by at least one hundred percent.

RECEPTIONIST

As far as I know our mainframe is fine the way it is. Besides Mindset should have put in a formal request to give us this piece of technology. So please come back when you have the right authorization.

INT. THE COFFEE SHOP - DAY

Mark and Kia are still on the couch, Isabel is still behind the counter, and Paul and Rachel are still observing Mark and Kia, but EDDIE and SCOTT are beside them. Neither Paul nor Rachel realizes that Eddie and Scott are now standing with them.

EDDIE

So what are we looking at?

PAUL

Mark and Kia seem to be up to something.

SCOTT

What?

RACHEL

We think he's going to ask her out or something.

EDDIE

So Mark and Kia, huh?

Paul realizes Eddie and Scott's presence, and looks over at them.

PAUL

How long have you two been there?

SCOTT

Long enough.

Paul's morpher rings. He takes it out and the caller ID says "DOC". Paul rotates the screen and answers.

PAUL

Yeah Doc? (pause) No, we're not doing anything important right now.

The warning sound goes off on Rachel's morpher. She taps Paul on the shoulder.

RACHEL

Paul, we've got to go.

PAUL

Scratch that, there's something going on. We'll go to D.A.T.A. Base later.

Paul ends the call, and puts his morpher away. Paul, Eddie, Rachel, and Scott all head toward the door. Before he leaves the shop Paul looks at Mark and Kia, he points his left thumb to the door, and quickly thrusts his hand toward the door. Mark and Kia get up and all six Rangers leave the shop.

FADE OUT.

FADE IN:

EXT. A SECLUDED AREA NEAR LINCOLN PARK CITY HALL - DAY

Miss Wyatt, Ajax and the security guards stand around with the CPU.

MISS WYATT

What are we going to do about this?

AJAX

Please, Malevala we're ninja, there's always a way.

MALE VOICE

Too bad that won't get you anywhere.

Miss Wyatt and Ajax turn around to see all six Rangers (all morphed).

MISS WYATT

Please Power Rangers, we're just simple employees of Mindset. We're not doing anything wrong.

KIA

Look we know who you are Miss Wyatt, or should I say "Malevala"?

AJAX

We at Mindset always knew that you Power Rangers were a problem.

MARK

Of course you'd say that Ninjrex.

Miss Wyatt and Ninjrex look at each other.

MISS WYATT

They know too much.

AJAX

Well we'll just have to teach them a lesson about being too smart for their own good.

Miss Wyatt and Ajax become Malevala and Ninjrex again.

EDDIE

Let's see Mindset security guards in red and white uniforms. I wonder who's who.

PAUL

Well if we were in Vegas, my money
would be on Dragonites in red, Abras in
white.

The security guards in red become Dragonites, while the
guards in white become Abras.

SCOTT

Looks like someone needs to go to
Vegas.

RACHEL

Can we just end this?

MALEVALA

Agreed Yellow Ranger.

Malevala snaps her fingers and the Dragonites and Abras
charge at the Rangers. A mixed group of Dragonites and
Abras surround Paul. A Dragonite swings its sword at Paul
while an Abra simultaneously swings its sickle at Paul.
Paul ducks under both attacks, jumps up, and kicks out his
feet hitting the Dragonite and Abra. The Dragonite and
Abras hit their comrades knocking them back a little. All
of the Dragonites and Abras surrounding Paul come charging
at him a little more, but Paul quickly draws and converts
his D.A.T.A. Blaster, and slashes at the Dragonites and
Abras with his D.A.T.A. Sward. The Dragonites and Abras
fall down defeated. In another area Ninjrex has both of his
swords out while fighting Mark.

NINJREX

It actually feels kinda good to be
fighting against you twice within a
week. This must be how Dragos used to
feel when going up against your leader.

MARK

Then this must be how it felt for my
leader when he used to go up against
Dragos.

Mark slashes at Ninjrex with his D.A.T.A. Sword, only to have Ninjrex block the attack with his swords. Ninjrex kicks Mark, and he falls back a little. Mark converts his D.A.T.A. Sword back into the D.A.T.A. Blaster, and fires a few shots at Ninjrex. In another area Eddie has his D.A.T.A. Sword out, while Scott has his Detect Staff out, and together they are finishing off the Abras and Dragonites. Eddie slashes at a few Dragonites and they take the hit and fall down defeated. Scott slashes at the Abras and they take the hit and crumble. In another area Rachel and Kia are fighting against Malevala. Malevala slashes at them with her daggers, but Rachel and Kia's D.A.T.A. Swords block them both. Rachel and Kia simultaneously kick Malevala and she goes flying back a little by the CPU. Ninjrex gives Mark a hard slash and he falls down. Ninjrex then goes over to Malevala.

MALEVALA

They seem a little stronger than usual.

NINJREX

Either way we won't get anywhere by fighting off the Rangers right now.

Malevala, Ninjrex and the CPU disappear.

SCOTT

What was that about?

EDDIE

Who knows, but what was with that CPU thing?

PAUL

Don't know. So should we go to D.A.T.A. Base?

RACHEL

Please, like you really need to ask.

FADE OUT.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Doc stands in front of the screens. The Rangers (now unmorphed) walk in.

DOC

So how come you guys didn't come here sooner?

SCOTT

We got a little side tracked by Malevala and Ninjrex, so we had to spring into action to take care of them. You know the usual "save the world" thing.

PAUL

So what did you want to talk to us about?

DOC

I talked to Jones earlier, and apparently the S.G.S. wants a few changes with the team.

MARK

What kind of changes?

DOC

Well for starters they want a "reshuffling" of your Ranger designations. So I guess we'll start with that. Rachel, Kia, switch morphers.

KIA

(unsure) Okay.

RACHEL

Why?

DOC

I'll explain later.

Rachel and Kia take out their morphers and exchange them.

DOC

Now Eddie, give Scott your morpher.

Eddie takes out his morpher and gives it to Scott.

DOC

Mark, give Eddie your morpher. Paul,
give Mark your morpher. Scott, give
Paul your morpher.

Mark gives Eddie his morpher. Paul gives Mark his morpher.
Scott takes his morpher off of his wrist and gives it to
Paul.

DOC

Paul put your new morpher in your
wrist.

Paul places his new morpher on his wrist.

DOC

So as you can tell, Mark you're now the
Red Ranger, Eddie you're now the Black
Ranger, Scott you're the Blue Ranger
now, Kia you're now Yellow, Rachel
you're now Pink.

PAUL

And I'm Siren.

DOC

Exactly.

MARK

So what's with the change?

DOC

Well this happened after I told Jones
each of your majors at school. So I
guess the S.G.S. decided that since
you're a history major Mark, with
aspirations of doing archaeology, you'd
be better suited as the Red Ranger
given the artifacts that we've been
going after.

RACHEL

And the rest of us?

DOC

Eddie and Scott are computer majors,
and since that deals with the more
tech-based aspects of what we've been
doing, they've both been bumped up. Kia
since you're in science you've also
been bumped up.

PAUL

So Rachel and I get sent down to the "boonies" because neither of our majors have anything to do with being a Digitally Armed Team of Adventurers?

DOC

Exactly, and there are two more things that they want.

MARK

What?

Doc picks up a sheet that is lying on the computer terminal. He hands it the Mark.

DOC

The S.G.S. wants you to say this intro when you first appear.

The Rangers look at the sheet Mark is holding.

RACHEL

There's no way any of us are saying that.

KIA

Do what's the last thing?

DOC

Uniforms.

PAUL

They want us to wear multicolored pajamas when we're not morphed?

DOC

I'm afraid so, and I was pushing to not have these, because we're all trying to keep everything secret. So what does everyone think?

PAUL

It's like we're on some bad TV show, and the network's revamping us to get better ratings.

RACHEL

For once I agree with you Paul.

PAUL

We're not saying that intro, and we're not wearing uniforms.

MARK

But Paul, you're not the leader anymore, I am. And I say let's do everything the S.G.S. wants.

DOC

Well the Red Ranger has spoken. Just wait a minute.

Doc leaves the room. Moments later he comes back in carrying a cardboard box. He picks up a jacket from within the box. The jacket is a mix of khaki, red, and red camouflage, with a pocket on the left arm that is similar to the Digital Morpher holders. Doc hands the jacket to Mark, and he puts it on. Doc pulls out another jacket, which is similar to Mark's only with black, and black camouflage. Doc hands it to Eddie and he puts in on. Doc pulls out another jacket with blue and blue camouflage, and hands it to Scott. Scott puts the jacket on. Doc pulls out a yellow and yellow camouflage jacket, hands it to Kia and she puts it on. Doc pulls out a pink and pink camouflage jacket, hands it to Rachel, and she puts it on. Finally Doc pulls out another jacket in silver and black with a few orange accents. He hands it to Paul who puts it on reluctantly. Mark, Eddie, Scott, Kia, and Rachel put their morphers into the holders on their left arm sleeve.

DOC

So I guess everything's settled.

FADE OUT.

FADE IN:

INT. THE COFFEE SHOP - DAY

Mark, Eddie, Scott, and Kia sit around the couch area. Isabel is behind the counter. Paul and Rachel sit at a table away from the other Rangers with their jackets off. They are both still wearing shirts in their usual colors. Paul looks over at Mark who seems to have a somewhat arrogant look on his face.

PAUL

And you say I have an inflated ego.

RACHEL

What do you mean?

PAUL

Look over at Mark.

Rachel turns her head toward Mark.

RACHEL

He's looking a little arrogant.

PAUL

Good so I'm not the only one who thinks so. And I see you're still wearing yellow.

RACHEL

I don't have a single pink thing in my closet, just like I'm sure you don't have anything that's silver.

PAUL

I've got some gray, but that's not silver.

Eddie gets up from where he is sitting, and walks over to Paul and Rachel.

EDDIE

So what do you guys think of all of this?

PAUL

Eddie, we're still wearing our usual colors, and we're not wearing the jackets, what do you think?

Eddie unzips his jacket revealing a blue shirt.

EDDIE

The same as you, and is it just me, or does Mark seem like being Red is getting to his head?

RACHEL

Good you're not the only one who thinks so.

PAUL

Besides Eddie, you're "aoi_otaku", not "kuroi_otaku".

EDDIE

Yes, thank you.

Scott walks over to Paul, Eddie, and Rachel.

SCOTT

Do you guys hate this reshuffling too?

PAUL, EDDIE, AND RACHEL

(somewhat sarcastically) Yes.

SCOTT

Good so it's four to two, maybe we can vote to get things back to normal, because frankly I'm not happy that someone else is using my own Ranger design.

EDDIE

So are you still wearing your normal color?

SCOTT

Why else would I come over here?

Mark and Kia get up and go over to the other Rangers. Eddie quickly zips up his jacket.

MARK

Paul, Rachel, why are you not wearing your jackets?

PAUL

I told you I'm not wearing it.

MARK

Then why are you two still wearing red and yellow?

RACHEL

As far as we're concerned we're still
the Red and Yellow Rangers.

KIA

Well live with this new order.

PAUL

Or?

KIA

No "or", just live with it.

The warning sound goes off on the morphers. All of the
Rangers get up and leave the shop with Paul and Rachel
leave their jackets behind.

FADE OUT.

FADE IN:

EXT. LINCOLN PARK CITY HALL - DAY

Malevala, Ninjrex, and Akkiban walk toward city hall creating a path of destruction.

NINJREX

Well if we can't do this by stealth...

MALEVALA

We'll just have to do this by force.

The Rangers (morphed in their new colors) show up.

MARK

Give up now!

MALEVALA

You usually have something a little snappier Red Ranger.

NINJREX

He's not the Red Ranger, he's the Black Ranger morphed as Red.

MARK

Well I'm the Red Ranger now and there's nothing you can do about.

Paul starts to run toward Ninjrex, Malevala, and Akkiban, but his helmet and shoulder sirens start to go off.

PAUL

Blue, how did you turn these things off?

SCOTT

They just kinda stopped on their own.

The sirens on Paul's shoulders and helmet stop.

PAUL

Better.

Malevala and Ninjrex start laughing.

MALEVALA

This is too perfect. The Rangers switch their colors around and they don't know how to use their new powers.

NINJREX

Since the new Red Ranger is an "old friend" I think I'll begin by taking him out.

MALEVALA

Whatever. Akkiban get the other Rangers.

AKKIBAN

With pleasure!

Ninjrex charges toward Mark, pulls out his swords and starts to slash at Mark numerous times. Ninjrex stops for a minute.

MARK

Grapple Staff!

The Grapple Staff appears in Mark's hands and he converts it to Tri-mode. However, Mark appears to be unable to properly wield it, and a potential slash that he tries to get in on Ninjrex ends up a whole foot short.

NINJREX

What was that?

MARK

I was trying to hit you.

NINJREX

Don't make me laugh.

In their area the other Rangers and Akkiban are fighting. Eddie, Scott, Kia, and Rachel all seem to be having some trouble with their new weapons and powers. Eddie tries to swing the Mach Hammer at Akkiban, but bare makes a dent. Scott tries to fire a tornado from the Wind Knuckle, but he ends up flying back. Kia's slashes from the Scoop Claws do not do much damage. The shots from the Sub Blaster that Rachel is firing cause her to fly around. However every slash from the Detect Staff that Paul lands on Akkiban makes contact and does some damage.

SCOTT

How are you able to use that?

PAUL

Your Staff, is no different that my normal Staff.

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Doc watches the Rangers fighting against Akkiban and Ninjrex, not being as effective as they usually are. Jones appears on one of the screens.

JONES

So how are the Rangers doing with their new color scheme?

DOC

They need to go back to their previous color scheme. They are in no way as effective as they were earlier when they were fighting their enemies.

JONES

Too bad, this is the way the S.G.S. wants it.

DOC

Fine. Then I'm officially pulling out of the S.G.S.

JONES

First of all you know too much about our organization, you cannot pull out. Secondly you are too important to us.

DOC

Then you know what you have to do.

EXT. LINCOLN PARK CITY HALL - DAY

Ninjrex gives Mark a hard slash, which sends Mark flying back. Akkiban strikes Eddie, Scott, Kia, Rachel, and Paul (in that order) hard and they all go flying back near Mark.

MARK

C'mon guys where's our usual strength?

EDDIE

That went out the door when we were forced to switch colors.

MARK

C'mon just get back up and fight!

PAUL

But it's not like we're actually at our usual strength.

RACHEL

Besides, just senselessly fighting like you want us to do isn't going to get us anywhere.

Mark's morpher rings and he takes it out, and answers. Doc appears on screen.

DOC

Rangers, come back to D.A.T.A. Base for a minute.

MARK

But why?

DOC

We need to talk about this new arrangement.

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Doc stands around, as the Rangers (now unmorphed) walk in.

MARK

So what about our new arrangement?

DOC

As you can probably tell, the six of you aren't at your usual strength with this new arrangement. However the S.G.S. somewhat wants it, but they will let you go back to what you once had. But they want the six of you to take a vote on it.

PAUL

Okay great, all those in favor of going back to the way things were, raise your hand.

Paul, Eddie, Rachel, and Scott's hands shoot up quickly. Kia very reluctantly raises her hand.

MARK

Kia?

KIA

I'm sorry Mark, but the Yellow Ranger is Rachel.

MARK

Come to think about it, being Red might be a little too much to worry about.

Paul takes the Digitize Morpher off of his wrist. He hands it to Scott.

PAUL

I think you know what to do with this.

Scott immediately straps the morpher onto his wrist. Mark hands the Red Digital Morpher to Paul, Eddie hands the Black Digital Morpher to Mark, Scott hands the Blue Digital Morpher to Eddie, and Rachel and Kia exchange morphers.

DOC

Well I think the six of you know what to do now.

Paul, Mark, Eddie, Rachel, and Kia rotate the screens on their morphers, and press the morph button.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Go digital!

Scott presses the button on his morpher to take it out of its disguise. He then opens it up.

SCOTT

Siren, digitize!

Paul, Mark, Eddie, Rachel, and Kia rev the digitize gears on their left arms, and Scott presses the digital chronograph. All six Rangers morph.

EXT. LINCOLN PARK CITY HALL - DAY

Malevala, Ninjrex, and Akkiban are destroying the area. The Rangers appear.

MALEVALA

So you're back.

NINJREX

There's something different about you than before.

SCOTT

We're back to normal.

MALEVALA

And just who do you think you are?

PAUL

Don't worry we've got that covered.

MARK

We do?

PAUL

Let's try out that intro, just to see how it feels.

MARK

You're actually serious about this?

Paul nods.

KIA

Then let's do it.

PAUL

Adventurer of heat, Red Ranger!

MARK

Adventurer of speed, Black Ranger!

EDDIE

Adventurer of the sky, Blue Ranger!

RACHEL

Adventurer of strength, Yellow Ranger!

KIA

Adventurer of the depths, Pink Ranger!

SCOTT

Adventurer of silver, Siren Ranger!

ALL SIX RANGERS

Digitally Armed Team of Adventurers,
Power Rangers D.A.T.A. Trek!

MALEVALA

I don't know what that was supposed to be, but it's not going to help you one bit. Akkiban!

Akkiban charges at the Rangers. The Rangers charge at Akkiban with their signature weapons in hand. Paul gives Akkiban a hard slash with the Grapple Staff in Tri-mode. Mark then strikes Akkiban a couple of times with the Mach Hammer. Eddie punches Akkiban a couple of times with the Wind Knuckle, before firing a tornado at him. Rachel comes in and slashes at Akkiban a couple of times with the Scoop Claws. Kia fires a few shots at Akkiban with the Sub Blaster. Finally Scott fires a few shots at Akkiban with his Detect Blaster. Akkiban goes flying back.

PAUL

Crash Armor!

The Crash Armor forms onto Paul, and the Crash Cannon in Drill Mode appears in his hand. Paul aims the Cannon, and the other Rangers get into position around him.

ALL SIX RANGERS

FIRE!

Paul fires a shot from the Cannon, and it hits Akkiban and he falls down and explodes.

NINJREX

Chouninpo! Kyodai henkei!

Ninjrex extends his arms and numerous paper charms surround Akkiban causing him to grow to gigantic size. Paul takes out his morpher, and rotates the screen.

PAUL

Navigator Battleship, venture forth!

Paul presses the launch button and revs the digitize gear on his left arm. Scott opens up his morpher.

SCOTT

Rescue Trekkers venture forth!

Scott opens up his morpher and presses the launch button, but nothing happens.

DOC THROUGH THE COMMUNICATOR

Sorry Siren, but your Trekkers are still being repaired.

INT. THE ZORD BAY AT D.A.T.A. BASE - DAY

The Navigator Battleship starts up and launches.

EXT. A NEARBY BODY OF WATER - DAY

The Navigator Battleship comes up through the water, goes onto land, and makes its way toward the Rangers. On the ground Paul, Mark, Eddie, Rachel and Kia jump up, and they all go into their cockpit in the Battleship. The Navigator Battleship then makes its way toward Akkiban.

AKKIBAN

Looks like I need to go digital myself.

Akkiban presses a button on his keyboard. A flash is released causing explosions around the Battleship that do not do nay damage.

PAUL

Fire missiles.

The missile launchers on the Battleship take aim and fire numerous shots at Akkiban. Akkiban takes all of the shots and falls down.

MARK

Okay let's end this.

Akkiban gets onto his knees and the screen on his chest loads up a program. The cords on Akkiban's left arm extend out and wrap around the Battleship preventing it from moving.

PAUL

What the-?

Akkiban stands up and his cords continue to be wrapped around the Battleship.

AKKIBAN

There's no escaping from my cords. So it's time to finish you.

Akkiban presses the keys on his keyboard and blue energy bolts go through the cords hitting the Battleship. The Rangers feel the effects of the shock.

KIA

We've got to do something about all of this.

PAUL

I know, but these cords are in the way.

EDDIE

And it looks like we can't really get through them either.

MARK

We've got to think of something.

RACHEL

Why don't you try your leadership tactics Black?

The Battleship struggles to break free from the cords. Inside of Carrier 15 Mark presses the combine button on his morpher.

MARK

Voyager formation!

Mark presses the horn on his Control Case. Outside blue energy goes over the Battleship, but nothing seems to happen.

KIA
These cords are too powerful.

RACHEL
Nice plan. But it wasn't enough.

Mark starts to press on his Control Case numerous times while repeating "voyager formation". Rachel also does this. The Battleship manages to break apart into the Voyager Trekkers, which knocks Akkiban down.

AKKIBAN
What?

EDDIE
Looks like everything's fine.

The Voyager Trekkers combine.

PAUL, MARK, EDDIE, RACHEL, AND KIA
Navigator Megazord, online!

Akkiban gets back up.

AKKIBAN
Oh no, I've got to do something about this.

Akkiban starts to press numerous buttons on his keyboard.

KIA
Oh no you don't.

EDDIE
Navigator Cannons!

The missile launchers and laser turrets take aim and fire numerous shots at Akkiban. All of the shots hit him, and he stops pressing his buttons.

PAUL, MARK, EDDIE, RACHEL AND KIA
Full power!

The Navigator Megazord's fists start to spin.

PAUL, MARK, EDDIE, RACHEL AND KIA
Double Screw Punch!

The Navigator Megazord does the Double Screw Punch attack on Akkiban. Akkiban takes the hit and falls down and explodes.

FADE OUT.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Doc stands before a screen that has Jones on it.

DOC

So do you have anything to say to me?

JONES

If you are expecting some sort of an apology, forget it. These were orders and nothing more. My superiors were not enthused by your pathetic threat to pull out of the S.G.S. because quite frankly once you become a member of the S.G.S. there is no turning back.

The screen with Jones on it goes blank. The Rangers walk in.

DOC

Well I just finished talking to Jones, and we might be in a little bit of trouble.

PAUL

How so?

DOC

Well his superiors aren't happy right now, and I think they'd still prefer to have you guys in their color scheme.

RACHEL

Well too bad for them.

SCOTT

Besides we have bigger problems than the S.G.S.

KIA

Not to mention that Insidia's attacks are probably only going to get worse.

END
