"POWER RANGERS D.A.T.A. TREK: EPISODE 37 - MALEVALANCE"

FADE IN:

EXT. AN ALLEYWAY - NIGHT

Rain starts to fall as CONROY sits down in the alley by a dumpster. His clothes are tattered, his face is covered with dirt, and his face is also showing a few days worth of stubble. Conroy grabs a nearby piece of cardboard and holds it above his head to shield himself from the rain.

CONROY
(INNER)

I never thought leaving Insidia and trying to make it on my own would be this difficult. I know I can't turn to the Rangers for help, given my track record with them so far. And I know I can't go back to Insidia, because she'll either put me under more mind control, or worse. But still how did things end up like this?

DISSOLVE TO:

INT. INSIDIA'S LAB - NIGHT

INSIDIA sits in her throne. Conroy as DR. VENGE bursts in.

DR. VENGE
Insidia we need to have a little talk.

INSIDIA
I think I know what this is about.

DR. VENGE
So you've resorted to mind control, to try to get me to bend to your will?

INSIDIA
If you remember correctly, the reason I did it, was because of that act of compassion you gave the Black and Yellow Rangers.

DR. VENGE
I thought Jaguas, and Tigras were draining too much energy from them.

INSIDIA

Venge, you're one of my minions. You're supposed to be ruthless, lethal, and most of all EVIL! Words like "compassion" shouldn't be in your vocabulary. So you've now got a choice either actually agree to more mind control, or follow my orders no questions asked.

DR. VENGE

What if I don't like either of those options?

INSIDIA

There is one other option, but I know you won't like it. So what will it be?

DR. VENGE

I'll obey no questions asked.

INSIDIA

Good boy. I knew you'd take the easy way out. It saves the both of us any hassles. Now go back to your personal lab and prepare another Negazord for Jaguas and Tigras.

DR. VENGE

(reluctantly) Yes Insidia.

Dr. Venge leaves the lab, and starts to walk down the hall toward his personal lab. As he approaches the lab, he does not enter. Instead, he changes into Conroy and starts to somewhat run down the hall.

INT. DR. VENGE'S PERSONAL LAB - NIGHT

Insidia, JAGUAS, and TIGRAS walk into the lab.

INSIDIA

Venge I've brought Jaguas and Tigras in to talk-

Insidia notices that Dr. Venge is nowhere to be seen.

JAGUAS

Where is he?

MALEVALA walks into the lab.

INSIDIA

Malevala, have you seen Venge at all?

MALEVALA

Not since this morning, why?

INSIDIA

He's supposed to be in here.

MALEVALA

I'll go see if he's in the building.

Malevala leaves the lab. Moments later she returns.

MALEVALA

He's nowhere to be found.

INSIDIA

He's made a run for it.

TIGRAS

What's the plan mistress?

INSIDIA

Scour the city, and bring him back to me.

Insidia raises her right hand slightly, and makes a tight fist, as purple energy starts to gather over it.

INSIDIA

And when he's back, he'll meet a very swift end.

DISSOLVE TO:

EXT. A CLIFF OVERLOOKING A QUARRY - DAY

Dr. Venge steps toward the edge of the cliff. On the ground beneath the cliff, Insidia (in battle gear), Malevala, Dragos, NINJREX, Night, Mare, and the Feng, Tenmakuta, Hirameki, Abomino, Manticore, Fisticuff, Shurikage, and Gizz Moe monsters are seen closing in on the D.A.T.A. and Magix Rangers.

DR. VENGE

Hmm...fourteen to twelve. The odds aren't that great. Better give a little assistance.

Dr. Venge raises his right hand, and powers up his black/purple energy attack with green gridlines. He fires it at Insidia, and she stops and turns her attention toward the trajectory of the blast. Dr. Venge leaves the area.

DISSOLVE TO:

EXT. THE ALLEYWAY - NIGHT

The rain has now stopped, and Conroy is still sitting on the ground by the dumpster, but is no longer holding the piece of cardboard over his head.

CONROY

But still I need to do something. I
can't live like this for the rest of my
life.

Conroy gets to his feet, and starts to pace around a little. Dragos and Ninjrex are seen passing by the alley. Conroy ducks behind the dumpster, and peeks his head out from the side of it. A blue umbrella is seen entering the alley. The umbrella closes revealing EDDIE with his morpher out. Eddie notices Conroy.

EDDIE

I thought this alley was empty.

Conroy comes out from behind the dumpster.

CONROY

Does it make any difference that a
homeless person is sitting here trying
to get out of the rain?

EDDIE

No, no, it's just that most of the
alleys I've been in recently have been
empty.

Eddie takes a good look at Conroy and sees the condition of his clothes, and that he looks like he has not eaten in a few days. Eddie takes out his wallet, and pulls out a ten-dollar bill. He walks over to Conroy and hands the bill to him.

EDDIE

It's not much, but you look like you
haven't eaten in days. You could at
least get yourself a cup of coffee or
something, and something to eat.

CONROY

Thank you.

Eddie then hands Conroy his umbrella.

EDDIE

It could rain again, so you might need
this.

CONROY

Is there anything that I can do to
repay this generosity?

EDDIE

Just give me a little alone time in
here.

Conroy takes the umbrella and goes deeper into the alley
getting out of Eddie's sight. Eddie rotates the screen on
his morpher, and presses the morph button.

EDDIE

Go digital!

Eddie revs the digitize gear on his left arm, and morphs in
a flash of blue light. The light shines a little brightly,
and Conroy sees everything. Eddie takes off out of the
alley.

CONROY

The Blue Ranger just helped me out? He
probably didn't recognize me like this.
Either way, maybe allying yourself with
the Rangers could work after all.

The rain starts up again. Conroy opens the umbrella and
holds it above his head. He then goes over to the dumpster
and sits down again.

FADE OUT. OPENING CREDITS.

FADE IN:

INT. INSIDIA'S LAB - DAY

Insidia sits in her throne not looking amused. CHAOTROS enters the lab and walks up to her.

CHAOTROS
Still mad that Venge left us?

INSIDIA
What do you think?

Malevala appears.

MALEVALA
I still haven't found anything.
Although mistress I would've had a
little more time yesterday if you
hadn't sent me to make that monster
grow.

INSIDIA
And why is that?

MALEVALA
Dragos did it anyway. But still my
usual skills aren't enough to track him
down on my own.

CHOATROS
I'm sure where one ninja fails another
will succeed.

Ninjrex appears.

NINJREX
I'm sorry to report that I still
haven't found anything.

INSIDIA
Ha!

CHAOTROS
But still what are we going to do about
this? After all you nobody crosses you
Insidia the way Venge did, and lives to
tell about it.

INSIDIA

Well Chaotros, you are one of the only ones out there who did live to tell about it. But that's all in the past now.

Jaguas and Tigras come into the lab. Jaguas is carrying a roll of a strange looking cloth.

INSIDIA

I take it that you two have been out looking for artifacts as opposed to Venge, right?

TIGRAS

We have mistress.

JAGUAS

But the artifact we have for you is the legendary Cloth of Transformation. Anyone who wears it becomes whatever his or her heart desires.

INSIDIA

Interesting.

MALEVALA

Yes very interesting. In fact I think it could be a big help to me to look for Venge.

Malevala walks over to Jaguas and grabs onto the Cloth. Jaguas starts to pull the Cloth away.

JAGUAS

I'm not handing this over to you.

Malevala pulls on the Cloth a little more.

MALEVALA

Please, we're comrades you should share.

Malevala and Jaguas start to get into a tug of war with the Cloth until finally Malevala is able to get a hold of most of it. Jaguas makes one final pull causing a sliver of the Cloth to rip off of the roll. Malevala takes off with the Cloth.

JAGUAS

Insidia-

INSIDIA

Let her be.

JAGUAS

But-

INSIDIA

Whatever she's planning on doing with that cloth is going to be of great use to us. The only thing I want you and Tigras to do is make sure that she's able to keep the cloth.

TIGRAS

So that means-

INSIDIA

Exactly. When the Rangers show up, destroy them. But I do have one request.

JAGUAS

Don't worry we'll save Venge for you.

INSIDIA

(pleased) Excellent.

FADE OUT.

FADE IN:

INT. THE COFFEE SHOP - DAY

PAUL, MARK, RACHEL, KIA, and SCOTT are all sitting around the couch area. Isabel is behind the counter. Kia coughs a little.

MARK

Are you sure you're okay?

KIA

I'm fine. Besides all of my symptoms are gone.

PAUL

Well if you're still not up to doing what we always do, we do have a good substitute.

KIA

I heard that Isabel actually did pretty well filling in for me.

SCOTT

She did have some impressive moves.

KIA

So what else happened while I was sick?

MARK

Paul got back together with Kari.

PAUL

We've only gone out on one date. That's hardly getting back together. Besides that date felt more like old times than anything else. The next one's going to be the real gauge of how this is going to work.

RACHEL

(muttering) Probably won't.

PAUL

What'd you say?

RACHEL

Nothing.

EXT. THE STREETS OF LINCOLN PARK - DAY

Eddie walks down the sidewalk. Conroy is following him carefully to not be spotted. Eddie pauses for a second and looks behind him, but Conroy ducks out of the way. Eddie shrugs his shoulders and continues on his way.

INT. THE COFFEE SHOP - DAY

Eddie enters the shop. Paul, Mark, Rachel, Kia, Scott and Isabel are still were they were previously. Eddie walks up to Paul, Mark, Rachel, Kia, and Scott.

EDDIE

Does anyone ever get the feeling that you're being followed?

PAUL

All the time, why?

EDDIE

It's just that as I was walking here I could've sworn that someone was following me.

Eddie looks at one of the front windows and sees Conroy looking in at him. Eddie starts to stare at Conroy. Scott notices.

SCOTT

Morita, what are you staring at?

Eddie does not answer.

PAUL

Eddie?

Eddie turns his attention to everyone else again.

KIA

What's wrong?

EDDIE

I think the homeless guy I helped out last night followed me here.

RACHEL

But why would he follow you here?

EDDIE

No idea.

PAUL

Why don't you go talk to him? Maybe see what, if anything, he wants.

Eddie walks out of the shop. Eddie and Conroy can be seen going off to the side through the window. LINDA Park walks into the shop and up to Paul.

LINDA

Paul, could I talk to you for a minute?

PAUL

What about?

LINDA

Well I'm putting together a report about a possible connection between Mindset, and the people who have been attacking the city, and since I can't find the Power Rangers, you're my only lead so far.

Nervous looks start to go over Paul, Mark, Rachel, Kia, and Scott's faces.

PAUL

Okay, what do you need to know?

LINDA

First, I'd like to know if you've ever been in their headquarters.

PAUL

Actually I have. In fact I met with Crittenden personally.

LINDA

Great, what was the meeting about?

PAUL

Selling this place.

LINDA

So did you notice anything strange while you were there?

PAUL

Not that I can remember. Anything else you want to know?

LINDA

Have you ever heard of a Dr. Quinn Mackenzie?

PAUL

Can't say that I have. Why?

LINDA

A few years ago he claimed that Mindset was a front for an alien organization, but he got laughed at for it. Since then he's been a recluse. Other than you he's the only person I can think of who'd know something about Mindset.

PAUL

Wait a minute, I've heard of that. But all I really know is that his lab was eventually bought out by Mindset. Beyond that all I could really tell you is stuff you could find in old newspapers. Sorry.

LINDA

It's okay. I guess I'll have to do more research. Thanks anyway.

PAUL

If there's anything I can do, let me know.

LINDA

Okay great. Thanks.

Linda walks over to the counter, gets a cup of coffee from Isabel, and walks out of the shop, waving to Paul as she leaves. Paul waves back.

PAUL

That was close.

MARK

Tell me about it.

SCOTT

Although you've got to admit that it's funny that she said that she couldn't find the Rangers, when she was standing in front of us.

RACHEL

Yeah, yeah, yeah Scott, I think we all get the irony.

PAUL

Hey Scott, what are the chances that you have some photo paper?

SCOTT

I've got plenty in my room, why?

PAUL

I've got a little pic on my laptop that I'd like to run off and "anonymously" give to Linda.

MARK

Is it what I think it is?

PAUL

Yeah. And maybe I'll see if Doc will go with something I just thought of.

SCOTT

What?

PAUL

Just let me grab my laptop, and I'll tell you on the way.

FADE OUT.

FADE IN:

EXT. AN ALLEY BESIDE THE COFFEE SHOP - DAY

Eddie and Conroy stand around.

EDDIE

Okay, why did you follow me to that coffee shop?

CONROY

I just wanted to thank again for last night.

EDDIE

But was it really necessary to follow me?

CONROY

I also wanted to talk to you about something I saw last night too.

EDDIE

About what?

CONROY

You tell me, Blue Ranger.

A shocked look goes over Eddie's face.

CONROY

I saw everything, and the reason why I needed to talk to you is because I need the Rangers' help.

EDDIE

What kind of help?

CONROY

Protection.

EDDIE

Protection?

CONROY

Maybe I should show you my real form.

Conroy changes himself into Dr. Venge.

EDDIE

Venge!

Eddie starts to take a defensive pose.

DR. VENGE

Please believe me when I say that I mean you no harm.

EDDIE

It's kinda hard to believe you when you've tried to destroy us in the past. So did you figure out Insidia was controlling you or something?

DR. VENGE

That's exactly it.

EDDIE

Why did you leave?

DR. VENGE

I can't deal with the way that Insidia, or even Jaguas and Tigras for that matter, had been treating me. I'm sure you'd do the same if the Red Ranger were doing that.

EDDIE

And that's where us Rangers are different from you guys. We all treat each other with respect.

DR. VENGE

I always did that with Insidia and the others, but it was rarely returned.

EDDIE

Then you were hanging with the wrong crowd.

Dr. Venge pauses for a minute, until his eyes widen a bit.

DR. VENGE

Now that I think about it, I was. My work was never really appreciated, especially all of those Negazords I created for Jaguas and Tigras.

FEMALE VOICE

Well, well, looks like someone's made a new friend.

Eddie, and Dr. Venge turn around to see Malevala (holding the Cloth), Jaguas, Tigras, and Ninjrex.

JAGUAS

Too bad he's teamed up with someone who looks like he couldn't fight to save his life.

TIGRAS

This will be all too easy.

NINJREX

Allow me, and I won't even need to fold any paper.

Ninjrex extends his hands and shoots out numerous sheets of origami paper at Eddie. The paper hits Eddie, causing him to fly back out of site. Malevala turns toward Dr. Venge.

MALEVALA

Now to finish you!

Malevala takes one step forward, but Eddie (now morphed) jumps out in front of Dr. Venge. Eddie draws his D.A.T.A. Blaster and aims it at Malevala.

EDDIE

You're not getting your hands on him.

MALEVALA

So a Ranger's going to defend his enemy?

DR. VENGE

Former enemy.

MALEVALA

Whatever, I think I'll have a little fun with this one.

Malevala unrolls some of the Cloth, and it starts to wrap around her turning her into a cowgirl. Malevala draws both of her revolvers and starts to fire at Eddie, and Dr. Venge. Eddie takes all of the shots, and falls to the ground a little. Malevala holsters the revolvers.

JAGUAS

Nice shootin' Tex.

Malevala, Tigras, Jaguas, and Ninjrex start to close in on Eddie and Dr. Venge, but Eddie quickly draws his Wind Knuckle and creates a tornado that levitates him. Eddie grabs onto Dr. Venge as he goes up into the sky. They both continue to rise until they vanish from sight.

FADE OUT.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Paul (holding a manila envelope), Scott, and DOC stand before the screens. Dossiers of Insidia, Chaotros, Dr. Venge, and Malevala appear on a few of the screens with the words "NOW PRINTING" written over them in red. The dossiers finish printing and Scott collects them and hands them to Paul. Paul takes out a picture of a platoon of Dragonites in Mindset's lobby from the envelope, places it on top of the dossiers, and slides everything into the envelope.

DOC

So is that it?

PAUL

Only other thing I need to do is write a little note to Linda Park, but beyond that we're good to go.

SCOTT

How come you didn't print off the info we have on Dragos, Ninjrex, Jaguas, and Tigras?

PAUL

Because it's easier to figure out who Insidia, Chaotros, Venge, and Malevala are within Mindset.

Eddie (still morphed) and Dr. Venge enter the monitoring room. Paul notices their new "guest". Eddie powers down quickly.

PAUL

Blue what's he doing here?

Dr. Venge takes a look at both Paul and Scott, and notices their colors.

DR. VENGE

Well if you must know Red Ranger, I've left Insidia, and she now has Malevala hunting me down.

EDDIE

Paul we have to help him.

SCOTT

Have you lost it Morita? Venge has had his hand at trying to destroy us from pretty much day one.

DR. VENGE

Look I know that you're probably skeptical about all of this-

PAUL

There's an understatement.

DR. VENGE

But please believe me when I say that I want to change.

PAUL

I'm not buying it.

SCOTT

Neither am I.

DOC

All right.

Paul and Scott turn their heads toward Doc.

PAUL AND SCOTT

WHAT?!

Doc pulls Paul and Scott aside, and into a small huddle.

DOC

If we actually ally ourselves with Venge, then that could mean we could defeat Insidia sooner. Besides I kinda like seeing Venge look like this.

Paul, Scott, and Doc break from their huddle.

PAUL

Okay fine, you're in. But believe me when I say that I'll be the first one to hunt you down if you betray us in some way.

DR. VENGE

Don't worry. I can believe that.

The alarm goes off as one of the screens displays the words "DANGEROUS ARTIFACT DETECTED", and another shows Malevala in downtown Lincoln Park with the Cloth. Paul, Eddie, and Scott take off. As Paul takes off he drops the envelope. Doc sniffs the air for a second, and then turns to look at Dr. Venge.

DOC

Don't take this the wrong way Venge-

DR. VENGE

But?

DOC

When was the last time you showered?

DR. VENGE

Not since I left Insidia, why?

DOC

Why don't you go upstairs, and get yourself cleaned up?

DR. VENGE

Thank you Mackenzie. I know we've had our differences in the past, but hopefully we can get past that.

DOC

Agreed, and maybe you could give us a little "inside information" as well.

DR. VENGE

As long as our alliance holds, I will. But there is one thing that I'm wondering.

DOC

What?

DR. VENGE

Why does it not surprise me that you're behind all of this?

Doc and Dr. Venge start to laugh a little as Dr. Venge leaves the room. Doc picks up the envelope that Paul dropped.

FADE OUT.

FADE IN:

EXT. DOWNTOWN LINCOLN PARK - DAY

Mark, Rachel, and Kia (all morphed) are fighting against Malevala (normal). Malevala is holding the Cloth in one hand and one of her daggers in the other. Malevala tries to slash at the three Rangers with the dagger, but is unsuccessful. Malevala falls back a little and puts the dagger away. Malevala then starts to unroll the Cloth.

MALEVALA

Time for a quick change.

Malevala wraps the cloth around her and it dresses her in a kung fu dress, with her hair done up. Malevala starts to get in a few good quick punches and kicks in on Mark, Rachel, and Kia, and they all take the hits and fall back a little.

RACHEL

How much power is in that cloth she's using?

Kia quickly takes out her morpher in scan mode, and scans Malevala.

KIA

It's a danger level of one twenty.

MARK

At least it's not as bad as it could be.

Malevala charges toward Mark, Rachel, and Kia, jumps up, and extends her right leg to perform a flying kick, but a single red boot hits her foot knocking her to the ground. Paul (morphed) lands, and Eddie and Scott (both also morphed) come up behind him.

PAUL

That should put an end to that kung fu fighting.

MARK

Hey, those kicks were fast as lightning.

MALEVALA

Spare me the jokes Rangers.

PAUL

Fine.

Malevala charges at the Rangers, and tries to kick and punch her way through the six of them, but most of her attacks get blocked. However she is able to land a punch or two on Paul, Eddie, and Rachel. The Rangers strike back, but Malevala manages to block the series of punches from Paul, several kicks and punches from Mark, an uppercut from Eddie, arm strikes from Rachel and Kia, and a roundhouse kick from Scott. Eddie tries another punch on Malevala but she jumps back to dodge it.

MALEVALA

Time for a change, and I think this time I'll give you my own special brand of "medicine".

Malevala turns around. The Cloth loosens and wraps around Malevala again, this time turning her into a nurse, holding a giant needle.

SCOTT

Great, it's cosplay day, isn't it?

PAUL

Looks like she knows that I don't like getting shots.

MALEVALA

Thanks Red Ranger, for giving me a great idea.

Malevala aims the needle at Paul, and fires a blue beam from the end of it. Paul dodges the blast, but Malevala continues to fire a few more beams before setting down the needle.

MALEVALA

Might as well use this thing's full power.

Malevala turns around again, and the Cloth loosens. This time when it wraps around her again it transforms her into an angel-like monster.

MARK

What the-?

Malevala takes a look at herself.

MALEVALA

Yes I like this new Malevolent Angel form.

The Malevolent Angel draws her sword and charges at the Rangers. The Malevolent Angel then starts to slash at the Rangers, moving so fast that none of the Rangers can see where she is attacking them.

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Doc stands in front of one of the screens doing a scan on the Malevolent Angel. Conroy walks in now cleaned up, clean-shaven, and dressed in clean clothes like he would normally wear. He walks over to Doc.

CONROY

They're losing.

DOC

It's that artifact Malevala is wearing. This monster form of hers is moving faster than any of the monsters they've fought in the past.

CONROY

She's got to have some kind of weakness. Do you mind?

DOC

Go ahead.

Doc steps aside and Conroy starts to pound away at the keys on the terminal. One of the screens brings up a close up of the Malevolent Angel's back and a red ellipse forms around the middle of her shoulders.

CONROY

There!

DOC

I'll tell the Rangers.

CONROY

No, let me do it in person. Hopefully I'll gain some trust, and I'll be able to settle a score.

DOC

Whatever.

Conroy changes into Dr. Venge, and leaves the monitoring room.

EXT. DOWNTOWN LINCOLN PARK - DAY

The Malevolent Angel is still slashing at the Rangers (still morphed) with her sword, which knocks the Rangers down. The Malevolent Angel raises her sword, but gets hit by a beam made of purple/black energy and green gridlines. The Malevolent Angel falls back.

MALEVOLENT ANGEL

Venge!

Dr. Venge appears in front of the Rangers.

RACHEL

What's Venge doing attacking Malevala?

EDDIE

He's on our side now.

MARK

Really?

PAUL

Apparently.

Dr. Venge turns around and helps the Rangers up.

KIA

Thanks I guess.

PAUL

It's going to take a lot more than that to get me to trust you.

DR. VENGE

I realize that.

MALEVOLENT ANGEL

Okay you and me old man! And don't you dare turn to your new friends!

DR. VENGE

I wouldn't want it any other way.
Vengeance Cane!

A walking cane-like weapon appears in Dr. Venge's right hand, with the end on the ground. Dr. Venge turns the cane up and charges at the Malevolent Angel. The Malevolent Angel in turn charges at Dr. Venge. The two of them start to clash their weapons against each other's, but eventually the Malevolent Angel manages to push Dr. Venge back. Dr. Venge fires one of his blasts at the Malevolent Angel, and she takes the attack, falling back a little. The Malevolent Angel charges at Dr. Venge again, raising her sword, and as she brings it down to slash at him, he blocks the attack with his Cane.

MALEVOLENT ANGEL

You're coming back with me to receive mistress Insidia's punishment.

DR. VENGE

This malevolence that Insidia instilled in you has to stop. She's only going to use you for her own purposes, and you'll only end up being stepped on in her madness.

MALEVOLENT ANGEL

It's going to be such a pleasure to defeat you, and I'm sure Insidia will more than enjoy finishing you off.

The Rangers watch the struggle between Dr. Venge and the Malevolent Angel.

EDDIE

We've got to do something.

KIA

He does seem like he wants to help us.

RACHEL

Maybe we should let them finish each other off.

PAUL

Yellow!

RACHEL

Like you weren't thinking the same thing.

MARK

She's got to have some kind of weakness.

DR. VENGE

Rangers, she has a weak spot in the middle of her shoulders. Aim there.

PAUL

Well let's do it.

RACHEL

I can't believe you of all people would be helping him.

PAUL

Oh ha, ha, ha. Blue would you mind doing the honors?

EDDIE

Why me?

PAUL

You're the one who brought him to us.

SCOTT

And if you want to keep him, he's your responsibility.

KIA

He's not a puppy, Siren.

EDDIE

Crash Armor!

The Crash Armor forms onto Eddie. The Crash Cannon in Drill Mode appears in his hands. The Rangers get behind the Malevolent Angel, and Paul, Mark, Rachel, Kia and Scott get into position around Eddie.

PAUL, MARK, EDDIE, RACHEL, KIA AND
SCOTT

FIRE!

Eddie fires the usual blast from the Crash Cannon, and it hits the Malevolent Angel in the middle of her shoulders. The Malevolent Angel falls back and releases Dr. Venge from their struggle.

MALEVOLENT ANGEL

You'll pay for this, Rangers!
Chouninpo! Kyodai henkei!

The Malevolent Angel extends her hands and grows to gigantic size. Paul takes out his morpher. Scott opens his up.

PAUL

D.A.T.A. Trekkers venture forth!

SCOTT

Rescue Trekkers venture forth!

Dump 1, Formula 2, Gyro 3, Dozer 4, Marine 5, Drill 6, Shovel 7, Mixer 8, Crane 9, and Jet 10 make their way toward the area. The Malevolent Angel aims her sword and fires a few bursts of fire at the 10 D.A.T.A. Trekkers.

PAUL, MARK, EDDIE, RACHEL, AND KIA

D.A.T.A. Trek formation!

Dump 1, Formula 2, Gyro 3, Dozer 4, Marine 5, Drill 6, Shovel 7, Mixer 8, Crane 9, and Jet 10 combine, and the D.A.T.A. Trek Megazord flies through the flames toward the Malevolent Angel.

EDDIE

Take this!

The D.A.T.A. Trek Megazord extends its right leg out and tries to do a flying kick, but the Malevolent Angel jumps up and does the same. Both kicks hit each other, and the D.A.T.A. Trek Megazord and Malevolent Angel land on both of their feet. The D.A.T.A. Trek Megazord charges at the Malevolent Angel, and tries to strike her with its right arm, but she blocks the attack with her sword. The Malevolent Angel then smacks the D.A.T.A. Trek Megazord's arm away and slashes at it with her sword a few times, until she receives a few blasts from the Siren Blast Megazord. The Siren Blast Megazord charges at the Malevolent Angel, and she tries to slash at it, but the Siren Blast Megazord ducks under the attack, and grabs onto her. The Siren Blast Megazord then positions the Malevolent Angel in the direction of the D.A.T.A. Trek Megazord.

SCOTT

Now!

PAUL

I'm on it.

The D.A.T.A. Trek Megazord strikes the middle of the Malevolent Angel's shoulders. She takes the attack and the Siren Blast Megazord throws her to the ground.

EDDIE

I think it's time to finish her.

Inside of the D.A.T.A. Trek Megazord cockpit, Paul takes out Aurelius in sword form.

PAUL

Aurelius, you're on.

Paul releases Aurelius. Outside Aurelius grows to gigantic size, and the D.A.T.A. Trek Megazord raises its arms to grab onto Aurelius. The Malevolent Angel gets back to her feet.

PAUL

Giant Golden Slash!

The D.A.T.A. Trek Megazord brings Aurelius down, slashing the Malevolent Angel. Bolts of energy go over her body separating Malevala from the Cloth, and Malevala falls to the ground. After hitting the ground Malevala gets back to her feet.

MALEVALA

Next time Rangers, next time.

Malevala disappears. The Cloth falls to the ground, and Dr. Venge catches it, and places it in a Guard Crate.

FADE OUT.

FADE IN:

INT. INSIDIA'S LAB - NIGHT

Insidia and Chaotros sit in their thrones, as Dragos, Ninjrex, Jaguas, and Tigras stands near them. Malevala enters, and Insidia notices what Malevala is missing. Insidia rises from her throne, extends her right hand out, and fires a purple wave of energy at Malevala. The wave hits Malevala, and it appears to be hurting her.

INSIDIA

I gave you a simple request, and you
FAILED!

Insidia stops the wave, and Malevala recoils from the pain it caused.

INSIDIA

I don't think I really need to mention
what will happen should you fail me
again, but believe me when I say that
you won't survive if you meet my energy
wave again. Understood?

MALEVALA

Yes mistress.

INSIDIA

Now get out of my sight.

Malevala leaves the lab. Chaotros, Dragos, Ninjrex, Jaguas, and Tigras all laugh as Malevala passes through the lab's doors, as she enters the hall. Malevala walks through the hall using the walls to prop herself up.

MALEVALA

Maybe Venge has the right idea.

Malevala continues her way through the hall.

INT. LINDA'S OFFICE - NIGHT

Linda sits at her desk doing some typing on her laptop. A knocking is heard at the door.

LINDA

Come in.

An intern enters carrying a manila envelope. The intern hands it to Linda.

INTERN

This just came for you Miss Park.

LINDA

Thanks.

The intern leaves the office, and Linda opens up the envelope. The dossiers of Insidia, Chaotros, and Malevala are contained within it, as well as the picture of the Dragonites in Mindset's lobby, and a note written in red ink. Linda reads the note out loud.

LINDA

Dear Ms. Park. Heard you were doing a report on a connection between Mindset and the people who have been attacking the city, and thought this could come in handy. Also I'd like to apologize for the pic, it was taken on my cell phone. Signed your friend, Double R.

Linda puts the note on her desk, and pauses for a minute.

LINDA

Double R. Double R. Who is this person?

Linda looks over at the note again, and notices the color.

LINDA

Wait a minute that note's written in red ink, and "Double R" must refer to two R's. But how could he have found out about this? (pause) Nah it couldn't be.

INT. THE MONITORING ROOM AT D.A.T.A. BASE - NIGHT

Paul, Mark, Eddie, Rachel, Kia, Scott, Doc, and Conroy stand around.

CONROY

Well if anything, what we did with Malevala should be enough proof that I'm on your side.

EDDIE

It's enough for me.

KIA

Me too.

RACHEL

I guess we can trust you.

SCOTT

Probably.

PAUL

Although, there's one thing I'm wondering.

MARK

And I'm wondering the same thing too.

Doc rolls his eyes.

DOC

Here we go.

CONROY

What are you wondering?

MARK

What do we call you now?

DOC

What?

PAUL

None of us call Doc "Quinn" or "Dr. Mackenzie", and I personally don't want to call you "Venge" or "Dr. Conroy".

CONROY

Then what do you want to call me?

MARK

Paul and I were thinking "Al".

EDDIE

Why Al?

PAUL

What are the first two letters in "Alden"?

RACHEL

Paul!

CONROY

I like it.

END
