"POWER RANGERS D.A.T.A. TREK: EPISODE 39 - VIRTUALLY REAL  
PART 1"

FADE IN:

INT. INSIDIA'S LAB - NIGHT

The lab is mostly empty except for JAGUAS and TIGRAS who are standing around.

JAGUAS

Are you sure about that?

TIGRAS

Positive, and we'll have no problems obtaining it.

JAGUAS

What about the Rangers?

TIGRAS

I forgot about them, but it would be a good idea to keep them busy somehow.

JAGUAS

I'd say we should get Malevala to call for a demon, but she's been acting a little strange lately.

TIGRAS

What about Ninjrex?

JAGUAS

He won't do it unless Insidia or Chaotros orders him to.

TIGRAS

So we're out of options.

JAGUAS

Looks like it.

VOICE

You're not completely out of options.

TIGRAS

Who said that?

VOICE

Wouldn't you like to know?

JAGUAS  
Show yourself!

The voice does not respond.

TIGRAS  
Maybe we were imagining it.

JAGUAS  
Yeah, it couldn't have been real.

VOICE  
But what is reality? Maybe it's right  
in front of you. Or perhaps it's what  
you make of it.

JAGUAS  
Okay whoever you are, show yourself  
now!

A thin dark purple line starts to appear in the lab, and starts to tear the lab as if the lab itself were a piece of cloth. The line grows larger as an axe starts to come through it. The line grows large enough so that LOBOS can walk out of it. Once Lobos has stepped out of the line, it closes up again.

TIGRAS  
Lobos?

LOBOS  
I hardly recognize either of you with that get-up, but it's good to see the both of you.

JAGUAS  
You too.

LOBOS  
So how did *that* happen?

TIGRAS  
Insidia called Panthras here, but Power Rangers defeated him.

JAGUAS  
Then she called us, and we were defeated, but we were revived by these devices called Vengines.

LOBOS  
So you're more machine than anything else now, right?

TIGRAS

Pretty much. Now why have you come to us?

LOBOS

I started to get a little bored in that dimension, so I decided to see what the two of you have been up to.

JAGUAS

Well if you've been bored, then I think we can help you with that.

TIGRAS

Yes, I'm sure you heard us before you stepped into this dimension.

LOBOS

Just say what you need and I'll take care of it.

JAGUAS

Good then you can take care of the Rangers, while we retrieve this one artifact.

LOBOS

Are there any Rangers in particular you'd like "taken care of"?

JAGUAS

Come to think about it, there is.

FADE OUT. OPENING CREDITS.

FADE IN:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Schematics for Drill 6, Shovel 7, Mixer 8, Crane 9, and Jet 10 are displayed on the screens as CONROY stands at the terminal doing some work. DOC enters the room, but stops to watch Conroy with a close eye. A partial look of concern goes over Doc's face.

CONROY

Right now, you're probably thinking that you're still not sure if you can trust me, right?

DOC

The thought had crossed my mind.

CONROY

Well if you're wondering what I'm doing, it's not retrieving info on the D.A.T.A. Trekkers so I can bring it back to Insidia. I can assure you of that.

DOC

Then what are you doing?

CONROY

Just a little something that I've always wanted to see.

DOC

What?

CONROY

When I was still with Insidia I always wondered why the Rangers never combined the drill, steam shovel, cement mixer, crane, and jet. Because I always thought that those five would probably make a Megazord.

DOC

So you're altering Drill 6, Shovel 7, Mixer 8, Crane 9, and Jet 10 to combine on their own?

CONROY

Exactly. But this might take awhile.

DOC

Well if you're going to be awhile with this, I need to do something quick for Paul.

Conroy steps back from the terminal and Doc goes over to it, and loads up some security footage from Mindset's lobby. PAUL walks into the room.

PAUL

Okay, so what's this footage that you wanted to show me Doc?

DOC

See for yourself.

Paul walks up to beside Doc, and the footage on the screen shows Paul in Mindset's lobby fighting against a platoon of Dragonites.

PAUL

How did you get this footage?

DOC

I have my ways.

Paul starts to scratch his head a little.

PAUL

Hmm...

DISSOLVE TO:

INT. MINDSET'S LOBBY - DAY

Paul enters the lobby and shakes off any excess water on the umbrella that he is carrying. He sees a nearby copper umbrella stand, and places the umbrella in it. Paul looks at his surroundings and sees a small bubble protruding from the wall.

DISSOLVE TO:

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Paul, Doc and Conroy are where they were previously.

PAUL

You put a security camera in Mindset's lobby, didn't you?

DOC

Yes, and it was seeing you fighting against those Dragonites that led me to contacting the top five players in the game. Although after seeing you fighting the Dragonites, I almost thought about contacting you directly, as opposed to who "pikapix58" was.

PAUL

I bet you were more than happy when you found out that I was "pikapix58", right?

DOC

Yeah. Now about this footage, do you want me to send it to Linda Park like this or-?

PAUL

Blur my face.

DOC

Why?

PAUL

I told her a while ago that I've never seen anything strange within Mindset. Plus she might start to think that I'm the Red Ranger too.

CONROY

He's got a point Mackenzie.

PAUL

Thanks Al.

DOC

How about if I put your helmet over your head?

PAUL

Blurring my face is good enough. Plus putting the helmet over my head might still make it a little obvious.

DOC

Okay, then I'll just blur your face.

PAUL

That all you wanted to see me about?

DOC

Pretty much. Although, are you sure you don't want that helmet over your face instead?

Paul rolls his eyes.

PAUL

We just went over it. No.

Paul leaves the room.

CONROY

You're not going to let this go, are you?

DOC

No, but I do have to go with what he said.

Doc hits a few buttons on the computer terminal and Paul's face in the footage becomes blurred. Doc hits another button and a DVD comes out of a slot. Doc steps back, and Conroy goes back to work.

FADE OUT.

FADE IN:

INT. THE COFFEE SHOP - DAY

MARK, EDDIE, RACHEL, KIA, and SCOTT are sitting around the couch area. Isabel is behind the counter looking after customers.

MARK

So what do you think Doc wanted to see Paul about?

KIA

No idea, but it must be something a little personal if he only wanted to see him. Maybe it's-

RACHEL

Nope.

KIA

So are you two-

RACHEL

No, but at least we're now on friendlier terms than we were a few days ago.

SCOTT

(a little annoyed) Big deal.

MARK

Something wrong Scott?

SCOTT

I'm just a little tired of this whole Paul and Rachel soap opera that's been going on.

EDDIE

Please you're probably still hung up on the fact that the only girl you've been interested in is taken.

SCOTT

Actually I'm starting to wonder why Doc actually contacted me to be a Ranger.

MARK

What do you mean?

SCOTT

Remember what I said a while ago about how you guys had all the fun before I came along?

MARK

I get it now. Like I said you'll get your chance sooner or later to literally surf the 'Net or something.

INT. INSIDIA'S LAB - DAY

INSIDIA, and CHAOTROS sit in their thrones. Jaguas and Tigras kneel before them, while MALEVALA, DRAGOS, and NINJREX stand behind Jaguas and Tigras.

INSIDIA

So why do you need the rest of us to help?

JAGUAS

Tigras and I are going to be going after this one item, but there are three others we need to get to do what we want.

TIGRAS

And that's why we need the rest of you to get them.

NINJREX

So we spilt up so the Rangers can't get to us as a group?

JAGUAS

Exactly. Plus we just so happen to have something that can keep the Rangers busy while we get what we need.

TIGRAS

So what do you say?

INSIDIA

Where do we go?

JAGUAS

There are two auctions being held today at two different houses, and at the same time. Insidia, we want you and Malevala go to one, while Chaotros and Ninjrex go to the other.

DRAGOS

What about me?

TIGRAS

We need you to take some Dragonites to go into an inactive volcano to grab something.

DRAGOS

That should be no problem.

INSIDIA

So what exactly is this distraction of yours?

JAGUAS

Don't worry about it. The Rangers will go no matter what.

INT. THE COFFEE SHOP - DAY

Mark, Eddie, Rachel, Kia, Scott, and Isabel are where they were. Paul enters the shop.

MARK

So what'd-

The warning sound goes off on the morphers. All of the Rangers rush out of the shop.

FADE OUT.

FADE IN:

EXT. A MOUNTAIN RANGE - DAY

Lobos destroys some of the area with his axe. The Rangers (all morphed) run up to him.

EDDIE

What is that?

LOBOS

I'm Lobos, a comrade of Jaguas and Tigras'.

MARK

Figures he kinda looks like them before they got the Vingines.

Lobos charges at the Rangers, and swings his axe at them. The Rangers jump back to dodge the attack. Paul, Mark, Eddie, Rachel, and Kia draw and convert their D.A.T.A. Blasters, while Scott draws and converts his Detect Blaster. The Rangers charge at Lobos. Rachel, and Kia try simultaneous slashes on Lobos, but he blocks the attacks. Mark comes in and tries to slash Lobos, but Lobos blocks the attack. Mark then tries a quick kick, but Lobos also blocks that attack. Eddie tries to slash at Lobos a few times, but he blocks the attack. Scott slashes at Lobos a few times, and manages to get a couple hits in on Lobos, which also gives Paul the opportunity to come in with a few slashes of his own on Lobos. The morphers ring. Paul takes his out and answers.

DOC THROUGH THE COMMUNICATOR

Jaguas has appeared near a cave. He might be going after something.

PAUL

Got it.

Paul puts his morpher away.

MARK

What's the plan?

PAUL

You, Blue, Yellow, and Pink go after Jaguas.

SCOTT

So we'll take on this guy?

PAUL  
What do you think?

Mark, Eddie, Rachel, and Kia take off.

LOBOS  
So where are your friends going?

PAUL  
Don't worry about it.

SCOTT  
Besides, we're more than enough for  
you.

EXT. A CAVE NEAR A BEACH - DAY

Jaguas walks toward the cave. Mark, Eddie, Rachel, and Kia  
(all still morphed) appear.

MARK  
No so fast.

JAGUAS  
I thought Lobos would've kept you busy.

RACHEL  
Please, Red, and Siren are more than  
enough for him.

JAGUAS  
That may be true, but you're forgetting  
one thing.

EDDIE  
What's that?

JAGUAS  
Who's missing right now?

KIA  
Where's Tigras?

JAGUAS  
Defeat me and find out.

Jaguas draws both of his swords and charges at Mark, Eddie,  
Rachel, and Kia. He slashes at the four of them quickly.  
They all take the hit and fall back.

EXT. THE MOUNTAIN RANGE - DAY

Paul and Scott (both still morphed) are still fighting against Lobos. Scott still has his Detect Staff. Paul now has the Grapple Staff in Tri-mode out. Paul and Scott both charge at Lobos, and give him hard slashes from their Staffs. Lobos takes the hits and falls back.

PAUL

Do you want to do it, or should I?

SCOTT

Be my guest.

PAUL

Crash Armor!

The Crash Armor forms onto Paul, and the Crash Cannon in Drill Mode appears in his hands. Paul aims the Crash Cannon, and fires at Lobos. Lobos takes the hit, and falls down and explodes. The Crash Armor and Cannon disappear, as Tigras shows up and slashes at Paul and Scott with his sword.

TIGRAS

I never thought two on you could handle Lobos like that.

PAUL

Please, by now you should know we're full of surprises.

LOBOS

Well you're not the only one who's full of surprises.

Lobos gets back to his feet and casts off his body, turns into blue energy, and grows to gigantic size. Lobos raises his axe and brings it down to hit Paul, and Scott. However Paul and Scott dodge the attack, and Lobos' axe nearly hits Tigras.

TIGRAS

You almost hit me, you idiot!

SCOTT

We've got to take care of Tigras first, but how are we going to take care of Lobos?

PAUL

Duh, we'll use Aurelius.

Paul takes out AURELIUS in sword form, and rotates his chest seal. Paul then throws Aurelius up. Aurelius transforms and grows to gigantic size.

AURELIUS

Time to take you out.

PAUL

Got everything under control?

AURELIUS

No problem.

Aurelius charges at Lobos, and he swings his axe, but Aurelius dodges the attack. Aurelius then kicks Lobos, and Lobos swings his axe at Aurelius again. On the ground Paul and Scott turn to face Tigras. Tigras charges at Paul and Scott.

EXT. THE CAVE BY THE BEACH - DAY

Jaguas is slashing at Mark, Eddie, Rachel, and Kia, but they are all able to block his attacks with their D.A.T.A. Swords. The morphers ring. Mark takes his out and answers.

DOC THROUGH THE COMMUNICATOR

That monster you guys were fighting has grown.

MARK

What about Jaguas?

DOC THROUGH THE COMMUNICATOR

It's probably best to leave him for now. Just meet up with Red and Siren right now with the D.A.T.A. Trek Megazord.

EXT. THE MOUNTAIN RANGE - DAY

Paul and Scott (both still morphed) are still fighting against Tigras, while Aurelius fights against Lobos. Aurelius punches Lobos a few times, which knocks Lobos back. Lobos charges at Aurelius and swings his axe, but Aurelius dodges the attack, and Lobos takes out some of the mountains. The debris from the mountain falls onto Paul, Scott, and Tigras, but they all dodge it. Aurelius fires a blast from his chest seal at Lobos, but Lobos smacks the shot away, and the deflection nearly hits Paul, Scott, and Tigras.

PAUL

Aurelius, try to get him out of here.

AURELIUS

Okay.

Aurelius charges at Lobos, but Lobos swings his axe hitting Aurelius, hard. Aurelius falls to the ground and Lobos walks up to him.

LOBOS

Time to finish you.

Lobos brings back his axe.

PAUL

Return Aurelius!

Just as Lobos is about to hit Aurelius, Aurelius rotates his chest seal and turns back into sword form, and goes into Paul's hands. A yellow blast then hits Lobos, as the D.A.T.A. Trek Megazord lands on the ground.

PAUL

Guys?

RACHEL

Hey Red, get up here!

EDDIE

You know we can't do this without you.

MARK

It just wouldn't feel the same.

KIA

So would you mind getting up here now?

Paul turns to Scott.

PAUL

Think you can handle him?

SCOTT

I think we both know the answer to that.

Paul jumps up and into the D.A.T.A. Trek Megazord.

PAUL

Let's do it!

LOBOS

You don't know when to quit, do you? So take this!

Lobos fires a powered slash at the D.A.T.A. Trek Megazord.  
Lobos then charges at the D.A.T.A. Trek Megazord.

PAUL

This should be no different than  
Panthras, or even the first time with  
Jaguas and Tigras.

Lobos swings his axe at the D.A.T.A. Trek Megazord, but the  
D.A.T.A. Trek Megazord blocks it with its right arm. Lobos  
then gets in a few hits on the D.A.T.A. Trek Megazord with  
his axe, which knocks the D.A.T.A. Trek Megazord back.

KIA

Dump 1, and Gyro 3 are damaged. What  
should we do?

PAUL

No idea.

INT. THE MONITORING ROOM AT D.A.T.A. BASE - DAY

Conroy frantically finishes up what he is working on. He  
then presses a button on the panel.

CONROY

Rangers, some modifications I made to  
Drill 6, Shovel 7, Mixer 8, Crane 9,  
and Jet 10 are finished. They can now  
combine on their own.

EXT. THE MOUNTAIN RANGE - DAY

Inside of the D.A.T.A. Trek Megazord the Paul, Mark, Eddie,  
Rachel, and Kia sit in their positions.

PAUL

Okay let's try this.

Paul presses on the secondary controls of his Control Case.  
Outside Drill 6, Shovel 7, Mixer 8, Crane 9, and Jet 10  
separate from the D.A.T.A. Megazord. The voice from the  
morphers can be heard saying, "combine", "drill", "shovel"  
"mixer", "crane", "jet", and "Megazord formation two."  
Drill 6, Shovel 7, Mixer 8, Crane 9, and Jet 10 combine.

PAUL, MARK, EDDIE, RACHEL, AND KIA  
Trek Megazord, online!

Lobos charges at the Trek Megazord. Lobos tries to slash at the Trek Megazord, but the Trek Megazord blocks the attack with its right arm. The Trek Megazord then turns around, and strikes Lobos with its left arm. Lobos swings his axe again, but the Trek Megazord blocks the attack, and strikes Lobos with its right arm. On the ground Scott and Tigras exchange blows with their respective weapons. Scott gets a good slash in on Tigras, and Tigras returns it with his sword. Lobos and the Trek Megazord can be seen fighting in the background. Scott then gives Tigras a hard slash, and Tigras falls back.

SCOTT

Guys, everything's fine down here.

PAUL

Good to know. Let's finish this.  
Digital Flash!

The Trek Megazord fires four beams of orange, aqua, green, and purple energy at Lobos. Lobos takes the hit and his essence leaves his body.

LOBOS

You may be strong, but see how you do  
without one of your friends. See you on  
the other side Siren Ranger!

Lobos' essence goes over to Scott, and surrounds him. The other Rangers notice this.

PAUL

Siren!

Paul, Mark, Eddie, Rachel, and Kia get onto the ground, and go over to Scott, just as Lobos' essence disappears, leaving Scott still morphed, but unconscious. Tigras watches.

TIGRAS

Good one less thorn in our side.

Jaguas appears, carrying a strange looking container.

JAGUAS

Let's go.

TIGRAS

So you got the Alchemist's Cauldron.

JAGUAS

Now let's just hope that the others did  
what they were supposed to.

Jaguas and Tigras disappear. Paul, Mark, Eddie, Rachel, and Kia stand over Scott.

EDDIE

So what are we going to do?

PAUL

Only thing we can do is bring him back to D.A.T.A. Base and hope that maybe Al knows what to do about this.

FADE OUT.

FADE IN:

INT. AN AUCTION HOUSE - DAY

All of the seats are full, including JONES in the audience. An auctioneer stands behind a podium and holds up a small vial that contains several silver beads.

AUCTIONEER 1

Our next item actually has an historical connection. This vial of silver colored beads is rumored to have been used by Sir Isaac Newton, for purposes unknown. I will begin the bidding at ten thousand. Do I have ten thousand?

Jones raises his hand.

AUCTIONEER 1

I have ten thousand. Do I have fifteen thousand?

A man in the audience raises his hand.

AUCTIONEER 1

I have fifteen thousand. Do I have twenty thousand?

Jones raises his hand again.

AUCTIONEER 1

I have twenty thousand. Do I have twenty-five thousand?

No one responds.

AUCTIONEER 1

Are there no more bids for this item?  
Very well going once, going twice-

Insidia as CRITTENDEN, and Malevala as Miss Wyatt both step into the room.

CRITTENDEN

Three million.

The auctioneer looks at Crittenden.

AUCTIONEER 1

I have three million. Are there any more bids?

No one responds.

AUCTIONEER 1

Going once. Going twice. Sold to Ms.  
Adrienne Crittenden.

Crittenden and Miss Wyatt walk up to the podium. Miss Wyatt takes out a checkbook and a pen and hands it to Crittenden. Crittenden fills out a check, signs it, and hands it to the auctioneer. The auctioneer then hands the vial over to Crittenden. Crittenden and Miss Wyatt leave the room. Jones notices this, takes out a cell phone, and dials a number.

INT. ANOTHER AUCTION HOUSE - DAY

Another auctioneer is behind a podium as a small bidding war is going on.

AUCTIONEER 2

Do I have one hundred thousand for  
Mercury's Staff?

A person in the audience raises his hand.

AUCTIONEER 2

Do I have one fifty?

Another person raises their hand.

AUCTIONEER 2

Do I have-

Chaotros as KERNS, and Ninjrex as Ajax walk into the room.

KERNS

Five million.

AUCTIONEER 2

I have five million. Any more bids?

No one responds.

AUCTIONEER 2

Going once. Going twice. Sold to Duane  
Kerns of Mindset.

Kerns and Ajax walk up to the auctioneer. Ajax takes out a checkbook and pen, and hands it to Kerns. Kerns then fills out the checks, signs it and hands it to the auctioneer. The auctioneer then hands Kerns Mercury's Staff.

INT. A HANGAR - DAY

A stealth bomber like vehicle rests in the hangar. Inside of the vehicle Tigras sits at the controls while Jaguas stands behind him looking at the Alchemist's Cauldron.

TIGRAS

There the modifications are done.

JAGUAS

I still can't believe Venge had most of another Negazord for us before he left.

Jaguas turns around and walks up to the controls.

JAGUAS

Either way let's just hope this little plan of ours pays off, because if it does, the Rangers won't be able to stop our Bomber 0.

FADE OUT.

FADE IN:

INT. A SMALL INFIRMARY WITHIN D.A.T.A. BASE - DAY

Paul, Mark, Eddie, Rachel, and Kia (all now unmorphed) stand around a bed where a still morphed and unconscious Scott is laying on. Conroy is also looking over Scott. Doc walks in.

DOC

Well I've all ready started the repairs on Dump 1, and Gyro 3. But the important thing is what happened to Scott.

MARK

So what did happened?

CONROY

Well shortly after we came to Earth, Insidia had Jaguas, Tigras, Panthras, and Lobos going around looking for artifacts. But from what I recall Lobos got sidetracked somehow.

KIA

From what?

CONROY

Apparently he found the entrance to an alternate dimension that's contained within all computer systems on Earth.

PAUL

This dimension isn't called the "digital world", is it?

CONROY

No it's actually called "virtual reality". And as far as I know Lobos has been spending most of his time there.

A sound starts to go off in the monitoring room. Doc leaves the infirmary and goes into the monitoring room. Once in the monitoring room, S.G.S. insignia is displayed on one of the screens, as well as the words "INCOMING TRANSMISSION" in red on another. Doc presses a button and Jones appears on the screen.

DOC

So what do you need this time?

JONES

I am only calling to inform you that Adrienne Crittenden recently bought an item at an auction that I was at today.

DOC

And this has to do with us how?

JONES

The item she bought was a vial of mercury pellets that Sir Isaac Newton had used during his experiments with alchemy. Furthermore Duane Kerns was seen by one of my agents buying an item known as Mercury's Staff at an auction. This is said to have the power of the gods in it. All I want you to do is inform the Rangers of this, and make sure that they are aware of anything else that could come up.

DOC

Will do.

The screen goes blank. Paul, Mark, Eddie, Rachel, Kia, and Conroy enter the monitoring room.

MARK

So what's going on?

DOC

Apparently Insidia, and Chaotros just bought a couple artifacts at two different auctions.

PAUL

Are these the usual types of artifacts?

DOC

Exactly.

The alarm goes off, and one screen shows Dragos overseeing a few Dragonites, while another shows Insidia, Chaotros, Malevala, and Ninjrex together.

RACHEL

What's the plan?

PAUL

Mark, you and Kia go see what Insidia, and Chaotros are doing.

KIA

Got it.

RACHEL

What about us?

PAUL

Rachel, you, me, and Eddie will go after Dragos.

CONROY

Actually Paul I think it might be best if Eddie were to stay here for the moment.

EDDIE

Why?

CONROY

You're the only one besides Scott who has the computer prowess I need to potentially get Scott out of that dimension.

PAUL

Okay so it's just you and me Rachel.

Rachel smiles a little. Kia notices, and a sinister grin goes over her face. Paul, Mark, Rachel, and Kia leave the monitoring room.

EXT. A BARREN WASTELAND - DAY

Scott (still morphed) lies on the ground. After a while his arms start to move and he gets to his feet. Scott looks around, and sees that things look a little different. Geometric shapes fly through the air, the sky is purple, and the sand that he is standing on is green.

SCOTT

What is this?

Scott starts to walk around a little, but eventually finds himself transported to a small hut. A man comes out of the hut.

SCOTT

How'd I get here?

MAN

Welcome.

SCOTT

Where am I?

MAN

You are in virtual reality.

SCOTT

Virtual reality? But I'm a Ranger, not a Trooper. Either way how do I get back to where I'm from?

MAN

As it turns out I have been expecting you. I am Ziktor.

SCOTT

So how do I get out?

ZIKTOR

You must defeat this world's grim lord. Only then can you return from whence you came. If you like I could show you the way to the palace now.

SCOTT

That'd be great, because the sooner I get out of here the better.

Ziktor starts to walk away from the hut. Scott follows.

FADE OUT.

FADE IN:

EXT. A FORESTED AREA - DAY

Insidia, Chaotros, Malevala, and Ninjrex walk through the area.

CHAOTROS

So what do you think Jaguas and Tigras need these things for?

INSIDIA

No idea, but they will pay if what they said won't happen.

Mark, and Kia (both morphed) appear.

MARK

And that's what we're here for.

KIA

So hand over those things, and we'll be on our way.

INSIDIA

Please Pink Ranger you should know us better by now. Malevala!

CHAOTROS

Ninjrex!

Malevala draws her daggers and charges at Kia. Ninjrex draws both of his swords and charges at Mark. Mark and Kia draw and convert their D.A.T.A. Blasters and counter the slashes Malevala, and Ninjrex are giving them.

EXT. A VOLCANO - DAY

A ball of fire comes out of the volcano. It hits the ground, and shows itself as a Dragonite holding something. Dragos walks up to it. The Dragonite speaks in its language, and holds up the item it is holding. Dragos walks over to the Dragonite and takes the item.

DRAGOS

So this is the Magma Herb. But can this little plant really defeat the Rangers? Either way we got what we came for. Let's go.

On a ledge above Dragos and the Dragonites, Paul and Rachel (both morphed) appear.

PAUL

Dragos! Hand it over!

The Dragonites draw their swords and charge. Paul and Rachel draw their D.A.T.A. Swords and jump off of the ledge. When they land they both slash at a couple Dragonites, and clang swords with them. Paul slashes at one, and knocks it down. Dragos jumps up and toward Paul with a sword drawn. When he lands Dragos tries to slash at Paul, but Paul jumps back a little. Dragos tries to slash at Paul again, but Paul dodges the attack, and thrusts his Sword at Dragos, grabbing onto him.

DRAGOS

Just two of you? Where's the rest?

PAUL

Wouldn't you like to know?

Paul lets go of Dragos, swipes his Sword, but Dragos blocks the attack and slashes at Paul. Rachel slashes and kicks at a Dragonite, and then slashes at another defeating it. She then turns to Paul.

RACHEL

Will you hurry up? We need to take what he's got and go help the others.

A Dragonite comes in and tries to slash Rachel, but she ducks and slashes the Dragonite.

EXT. THE FORESTED AREA - DAY

Ninjrex and Chaotros are both slashing at Mark with their swords, and Mark is blocking the attacks with his D.A.T.A. Sword. Insidia (in battle gear), and Malevala are both trying to slash at Kia, but like Mark, Kia is also blocking their attacks her D.A.T.A. Sword. Insidia raises her sword, and tries to strike Kia, but Kia slashes at the sword knocking it back. Ninjrex tries to slash at Mark with both of his swords, but Mark blocks, pushes the swords back and slashes Ninjrex's midsection. Ninjrex falls back a little.

NINJREX

You've gotten better.

MARK

Well I try.

Chaotros comes in behind Mark and slashes his back quickly. Mark falls to the ground. Insidia and Malevala both manage to get in quick slashes on Kia that knock her down. Insidia, Chaotros, Malevala, and Ninjrex all disappear.

## INT. THE MONITORING ROOM - DAY

Eddie, Doc, and Conroy stand before the terminal. The three of them are all working frantically. Doc looks at the screen that had Insidia, Chaotros, Malevala, and Ninjrex on it.

DOC

Oh no, it looks like Mark and Kia lost them.

EDDIE

I better go help Paul and Rachel.

DOC

Before you go Eddie, make sure to tell Paul that the repairs to Dump 1 and Gyro 3 are now complete.

## EXT. THE VOLCANO VALLEY - DAY

Rachel slashes at a Dragonite, knocking it down. Paul also slashes at a Dragonite and knocks it down. Paul slashes another Dragonite, and kicks another. The kicked Dragonite lands before Dragos. Eddie (morphed) jumps in with his D.A.T.A. Blaster and fires a few shots. The shots hit Dragos, knocking him to the ground. Eddie lands near Paul and Rachel.

PAUL

Glad you could make it.

EDDIE

Black, and Pink lost Insidia, and Chaotros. Unfortunately we still don't know what they're up to.

PAUL

What about Siren?

EDDIE

We're still doing our best with that one, and Dump 1 and Gyro 3 are repaired. Anyway we can't let Dragos get away with that thing.

TIGRAS' VOICE

Too late!

Paul, Eddie, and Rachel turn to see Tigras on the ledge with Mercury's Staff in one hand and Newton's Mercury in the other.

TIGRAS

The Magma Herb is ours.

Tigras fires some of the Staff's power at Paul, Eddie, and Rachel. The power hits them, and knocks them down. Dragos gets back to his feet, and Jaguas quickly comes in and takes the Magma Herb.

JAGUAS

Yoink!

DRAGOS

What the-?

Jaguas goes onto the ledge with Tigras.

JAGUAS

They're finally ours.

Jaguas and Tigras hold up the Staff, Herb, and Mercury. Paul, Eddie, and Rachel get back to their feet.

EDDIE

Oh no.

RACHEL

We don't know what you're doing, but it ends now.

TIGRAS

Really, and Insidia and Chaotros went through all that trouble too.

PAUL

So what's your plan?

RACHEL

Doesn't matter. We've got to stop it.

JAGUAS

Really? Well too bad. Not to mention that your friend fell right into Lobos' little trap. So it might just be your end this time. We've got one down.

DRAGOS

What are the two of you trying to do?

Insidia, Chaotros, Malevala, and Ninjrex appear on the ledge.

INSIDIA

Yes Jaguas, what are the two of you up to?

CHAOTROS

Tell us now!

JAGUAS

Very well. We might as well give the people what they want.

TIGRAS

The items you got for us are going to be used for a creature that not even Venge could create.

JAGUAS

Chaotros got us Mercury's Staff. The Dragonites went into the volcano and picked up the Magma Herb. Insidia picked up Newton's Mercury.

Tigras holds up the Alchemist's Cauldron.

TIGRAS

And when all three are combined in the Alchemist's Cauldron...

Tigras sets the Cauldron down, and the Magma Herb goes in, followed by Newton's Mercury, and finally Mercury's Staff. All three items become liquid mercury as they are placed in the Cauldron.

EDDIE

Stop!

Eddie fires a blast, but the shot does nothing. Jaguas and Tigras pick up the Cauldron and pour the contents out. Paul, Eddie, and Rachel get out of the way of the incoming mercury flood, and the mercury itself becomes the Mercurius monster.

TIGRAS

Say hello to Mercurius, one of the most powerful alchemical concoctions out there.

PAUL

This isn't good.

EDDIE

How are we going to beat that?

JAGUAS

Funny, where Earthlings failed in alchemy, the two of us succeeded. And look at the results.

Mercurius fires a blast from its mouth. The blast hits the side of a mountain destroying it.

EDDIE

Amazing.

Bomber 0 appears behind Jaguas and Tigras.

TIGRAS

And now for the finishing touch.

Jaguas and Tigras jump up and into Bomber 0. Bomber 0 then flies to Mercurius, and hovers over its head. Bomber 0 unfolds and combines with the monster.

JAGUAS

And with Bomber 0 the Nega Trekker, we can control Mercurius as the Stealth Negazord.

Mark and Kia (both still morphed) appear. They go over to Paul, Eddie, and Rachel.

MARK

What is that thing?

The Stealth Negazord turns to the Rangers and fires a blast from its shoulder cannons. The Rangers dodge the attack, but get caught up in the explosions the Stealth Negazord causes. Paul takes out his morpher, and rotates the screen.

PAUL

All ten D.A.T.A. Trekkers venture forth.

In the distance, the ten D.A.T.A. Trekkers make their way to the Rangers. Once arrived, they all combine.

PAUL, MARK, EDDIE, RACHEL, AND KIA

D.A.T.A. Trek Megazord, online!

D.A.T.A. Trek Megazord lands and faces the Stealth Negazord. The D.A.T.A. Trek Megazord charges at the Stealth Negazord.

TIGRAS

Time to show you its power.

The Stealth Negazord charges, and once it gets near the D.A.T.A. Trek Megazord they both grab onto each other for a quick second, before knocking each other's arms back. The Stealth Negazord tries to strike the D.A.T.A. Trek Megazord, but the D.A.T.A. Trek Megazord blocks the attack with its right arm. The Stealth Negazord then punches the D.A.T.A. Trek Megazord a couple of times, before head butting it. The D.A.T.A. Trek Megazord falls back a little.

JAGUAS

The power is amazing.

TIGRAS

What do you expect? It uses three powerful artifacts.

PAUL

Let's take it to the sky.

The D.A.T.A. Trek Megazord takes to the sky.

JAGUAS

Trying to run?

The Stealth Negazord fires a few blasts at the D.A.T.A. Trek Megazord, but they are all dodged.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Flying Blast!

The D.A.T.A. Trek Megazord fires the Flying Blast attack at the Stealth Negazord, causing an explosion. The D.A.T.A. Trek Megazord lands.

MARK

Did we do it?

KIA

No, not yet.

The flames from the explosion disappear, and the Stealth Negazord is still intact.

EDDIE

It didn't even faze him.

RACHEL

This isn't good.

JAGUAS

Now time for payback!

The Stealth Negazord fires a few blasts at the D.A.T.A. Trek Megazord, all of which hit the D.A.T.A. Trek Megazord causing some damage.

TIGRAS

Now to finish this!

The Stealth Negazord fires a powerful blast from its mouth. The blast hits the D.A.T.A. Trek Megazord knocking it down.

JAGUAS

This is going better than I thought.

Insidia, Chaotros, Malevala, and Ninjrex watch from the ledge.

MALEVALA

(somewhat concerned) They took out their Megazord?

NINJREX

Looks like it.

INSIDIA

I can't believe this is actually working.

CHAOTROS

I know, I would've thought the Rangers would've won by now.

On the ground Paul, Mark, Eddie, Rachel, and Kia leave the D.A.T.A. Trek Megazord carrying their Control Cases.

EXT. THE WASTELANDS OF VIRTUAL REALITY - DAY

Scott (still morphed) follows Ziktor as they walk through the dimension.

SCOTT

How much farther?

ZIKTOR

Just a few more miles, and soon you shall return to your world. (under his breath) Or preferably, perish in this one.

An evil grin goes over Ziktor's face.

TO BE CONTINUED...
