"POWER RANGERS D.A.T.A. TREK: EPISODE 40 - VIRTUALLY REAL
PART 2"

FADE IN:

EXT. A VOLCANO VALLEY - DAY

The Stealth Negazord, with JAGUAS and TIGRAS piloting it, faces the D.A.T.A. Trek Megazord. The Stealth Negazord fires a powerful blast from its mouth. The blast hits the D.A.T.A. Trek Megazord knocking it down.

JAGUAS

This is going better than I thought.

INSIDIA, CHAOTROS, MALEVALA, and NINJREX watch from the ledge.

MALEVALA

(somewhat concerned) They took out their Megazord?

NINJREX

Looks like it.

INSIDIA

I can't believe this is actually working.

CHAOTROS

I know, I would've thought the Rangers would've won by now.

On the ground PAUL, MARK, EDDIE, RACHEL, and KIA (all morphed) leave the D.A.T.A. Trek Megazord carrying their Control Cases.

EXT. THE WASTELANDS OF VIRTUAL REALITY - DAY

SCOTT (morphed) follows ZIKTOR.

ZIKTOR

So tell me young man, how was it that you came to find yourself here?

SCOTT

Some friends of mine defeated this guy named Lobos, while I was fighting against someone else. When my friends defeated Lobos, his soul or whatever surrounded me, and I was here.

ZIKTOR
Your friends fought Lobos?

SCOTT
You've heard of him?

ZIKTOR
Lobos is the grim lord I spoke of.

SCOTT
So my friends didn't defeat him?

ZIKTOR
No. His essence, or soul as you put it,
has the ability to travel through the
dimensions. And I think he can gain a
new body while he is here in virtual
reality.

SCOTT
Then how do I defeat him?

ZIKTOR
He only regenerates when he crosses
from your dimension to this one. So you
must defeat him here. However, in this
dimension his power is great. So
consider yourself warned.

SCOTT
I think I can take him.

ZIKTOR
(slyly) We'll see about that.

Scott and Ziktor continue on their way.

EXT. THE VOLCANO VALLEY - DAY

Paul, Mark, Eddie, Rachel, and Kia are huddled in some
rubble.

PAUL
We need to use the Navigator.

MARK
Yeah.

Paul takes out his morpher and rotates the screen.

PAUL
Navigator Battleship, venture forth!

The Navigator Battleship appears and makes its way to the Rangers.

PAUL

Let's do it.

MARK, EDDIE, RACHEL, AND KIA

Got it.

JAGUAS

They don't know when to quit.

The Stealth Negazord fires blasts from its shoulders. However the blasts are dodged as the Navigator Battleship continues on its path.

PAUL, MARK, EDDIE, RACHEL, AND KIA

FIRE!

Numerous lasers are fired from the Navigator Battleship, and hit the Stealth Negazord, doing no damage.

TIGRAS

Please Rangers that tickles. Besides you don't have a chance.

PAUL

We need the Megazord.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Activate Megazord formation!

The Navigator Battleship separates into the Voyager Trekkers. The Voyager Trekkers then combine.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Navigator Megazord, online!

PAUL

Let's take it out!

JAGUAS

Pathetic. Just pathetic Rangers.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Navigator Cannon!

The missile launchers and laser turrets on the Navigator Megazord aim at the Stealth Negazord and fire, not doing any damage.

JAGUAS

That didn't hurt at all.

The Stealth Negazord charges at the Navigator Megazord. The Stealth Negazord tries to punch the Navigator Megazord, but the attack is blocked. The Stealth Negazord then kicks, and punches the Navigator Megazord a couple of times knocking the Navigator Megazord back a little. Inside of the Navigator Megazord Paul takes out Aurelius in sword form.

PAUL

Aurelius, we need your help.

Paul rotates Aurelius' chest seal and throws him out of the Navigator Megazord. Outside Aurelius transforms into gigantic size. The Navigator Megazord comes up beside Aurelius.

AURELIUS

I'm ready to go.

The Navigator Megazord and Aurelius charge at the Stealth Negazord. Aurelius kicks it, but the Stealth Negazord blocks the attack. The Stealth Negazord tries to strike Aurelius, but he blocks the attack. The Navigator Megazord comes in, but the Stealth Negazord quickly strikes, which gives Aurelius the chance to give the Stealth Negazord a quick kick. The Stealth Negazord then punches Aurelius, and tries to punch the Navigator Megazord, but the attack is blocked. Aurelius tries to punch the Stealth Negazord, but it dodges the attack. Aurelius turns to face the Stealth Negazord, but the Stealth Negazord fires a blast from its mouth. The blast causes Aurelius to fall back a great distance, going back into sword form. Aurelius hits a nearby rock looking extremely damaged. The Navigator Megazord turns to see Aurelius.

PAUL, MARK, EDDIE, RACHEL, AND KIA

Aurelius!

MARK

Why you!

The Navigator Megazord turns to face the Stealth Negazord.

TIGRAS

It's the same no matter what you do.

PAUL

Oh shut up! Full power!

PAUL, MARK, EDDIE, RACHEL, AND KIA

Double Screw Punch!

The Navigator Megazord powers up to do the Double Screw Punch, and as it tries to get the attack on the Stealth Negazord, the Stealth Negazord grabs onto the Navigator Megazord's left fist.

PAUL

What?!

JAGUAS

Morons!

TIGRAS

Time to finish this, Rangers.

The Stealth Negazord flips the Navigator Megazord over its head causing the Navigator Megazord to spin around uncontrollably. The Navigator Megazord hits the ground, and an explosion occurs causing the Voyager Trekkers to separate and crash taking an immense amount of damage. Insidia, Chaotros, Malevala, and Ninjrex. DRAGOS watches from the ground.

DRAGOS

They actually defeated the Rangers?

MALEVALA

(in disbelief) Amazing.

INSIDIA

This certainly is a good day.

CHAOTROS

Not to mention that the Siren Ranger probably won't return from his little trip.

JAGUAS

We did it. The Rangers are toast, and there's nothing stopping us now.

INSIDIA

Well done both of you. With the Rangers out of the picture now, go destroy the city.

The Stealth Negazord turns around and leaves. Insidia, Chaotros, Malevala, Ninjrex, and Dragos all vanish. On the ground Paul (unmorphed) leaves the flaming wreckage of Commander 14, falls to the ground, and passes out. Kia (unmorphed) lies on the ground outside of Roader 18 unconscious. Mark, Eddie, and Rachel (unmorphed) lie unconscious in their respective Voyager Trekkers.

FADE OUT. OPENING CREDITS.

FADE IN:

INT. THE MAIN PART OF D.A.T.A. BASE - DAY

DOC, CONROY, and ISABEL all push in hovering stretchers that have Paul, Mark, Eddie, Rachel, and Kia lying unconscious on them. Paul's eyes twitch a little, as he regains some consciousness, and lifts his head up a little.

PAUL

Did someone get the number of that bus?

Paul's head falls back into the stretcher.

ISABEL

(partially crying) Paul.

DOC

It's going to be okay Isabel. He'll be fine. Just be glad that Conroy could conjure up these stretchers.

CONROY

Well we did need something to get the Rangers out of that mess.

DOC

True. Isabel, how about you and Conroy take everyone into the infirmary?

CONROY

What about you?

DOC

I'm going to begin the repair sequences on the Trekkers. They took way too much damage.

Doc goes into the monitoring room. Conroy and Isabel push the stretchers into the infirmary. Once in the infirmary Conroy takes out a five more beds, and with Isabel they put Paul, Mark, Eddie, Rachel, and Kia on them. Isabel notices Scott lying on his bed, still morphed and unconscious.

ISABEL

What happened to Scott?

CONROY

We suspect that one of the people that the Rangers fought has brought him to another dimension, and we're trying to bring him back.

Conroy walks over to Scott, and checks him out a little.

CONROY

At the very least his vitals appear to be okay.

ISABEL

But we need to do something to get everyone up again.

CONROY

Just let them rest for now. It's all we really can do.

Conroy starts to leave infirmary.

ISABEL

Where are you going?

CONROY

Just to see what Mackenzie is doing.

INT. THE MONITORING ROOM - DAY

Doc stands before the screens frantically working. The Zord bay is displayed on one of the screens showing several machines making repairs to Dump 1, Formula 2, Gyro 3, Dozer 4, Marine 5, Drill 6, Shovel 7, Mixer 8, and Crane 9. Another screen is displaying a dimensional search. Conroy walks in.

CONROY

How's it all going?

DOC

Well so far so good. Repairs on the Trekkers are going okay.

CONROY

What about the search for Scott?

DOC

We've still got nothing, and that's with the adjustments you made to the equipment.

CONROY

So the dimensional scanner isn't working?

DOC

It's working, it's just not picking up anything. How are the Rangers doing?

CONROY

Scott's still the same. And the others are just sleeping right now. They'll probably be up within the next hour or so.

DOC

At least they're fine. Could you do me a favor?

CONROY

What?

DOC

I need you to go to where we found the Rangers, and grab Aurelius. I think he's in a stone somewhere in that area.

CONROY

Okay, but what are we going to do about Isabel right now?

DOC

I wouldn't worry too much about that. She'll be fine when Paul wakes up again.

FADE OUT.

FADE IN:

EXT. THE WASTELANDS OF VIRTUAL REALITY - DAY

Scott (still morphed) and Ziktor continue on their path.

SCOTT
There's one thing that I still don't
get.

ZIKTOR
What?

SCOTT
Why do you want Lobos taken out?

ZIKTOR
Years ago he destroyed my village,
taking the people I loved with it.

SCOTT
So revenge?

ZIKTOR
It's more than just revenge. This world
needs to be free of his tyranny. Just
as I'm sure you are fighting to stop
Insidia's potential tyranny.

SCOTT
How do you know about Insidia?

ZIKTOR
Never you mind.

Scott and Ziktor continue walking, as the landscape changes to become the double front doors of a palace. Scott notices the new locale.

SCOTT
I'm never going to get used to that.

ZIKTOR
Well if you are successful, you won't
have to. Now help me to take down the
door.

SCOTT
How?

Ziktor reaches into his pockets and pulls out two explosive devices. He hands one to Scott.

ZIKTOR
Help me place these on the doors.

SCOTT
How did- (pause) never mind.

Scott and Ziktor walk up to the doors. Scott places his device on the left door, while Ziktor places his on the right. Scott and Ziktor step back from the door several feet away. Ziktor pulls out a small detonation device from a pocket.

ZIKTOR
Countdown control. Four. Three. Two
One.

Ziktor presses the button on the device and the door explodes revealing the front hallway of the palace. Scott and Ziktor walk into the hallway.

SCOTT
This is odd.

ZIKTOR
How so?

SCOTT
You'd think there'd be a bunch of
guards coming toward us right now.

ZIKTOR
We just got lucky.

Scott and Ziktor continue on their way through the hall.

FADE OUT.

FADE IN:

EXT. THE VOLCANO VALLEY - DAY

Conroy walks up to the stone that has Aurelius in sword form in it. Conroy grabs onto Aurelius, and pulls him out.

CONROY

This is going to take some major work
to fix.

Malevala appears. A concerned look goes over Conroy's face.

MALEVALA

I'm just here to talk.

CONROY

About what?

MALEVALA

Now that you're on the Rangers' side,
are you happy?

CONROY

You know, I am. I can finally do things
that I want to do as opposed to what
Insidia wants. Plus if I make only a
slight mistake I don't have to suffer
Insidia's punishment. So what brought
this on?

MALEVALA

I think I'm beginning to feel how you
were feeling before you left. But I'm
afraid at what Insidia might do.

CONROY

Then leave. If you're unhappy with your
current situation leave and join us,
and together we can put an end to
Insidia's evil.

MALEVALA

I don't know.

CONROY

She's threatened you, hasn't she?

MALEVALA

Well...

CONROY

I know this seems confusing right now,
but believe me; you could end up
regretting staying with her, if she's
going to treat you like that.

The faint sound of footsteps is heard, as Ninjrex walks up
to Malevala.

NINJREX

So there you are. Insidia was looking
for you. And it looks like you found
something that Insidia would like to
get back.

MALEVALA

I...uh...was just about to finish him.

NINJREX

Then do it.

MALEVALA

Would you mind leaving me alone?

NINJREX

Fine.

Ninjrex vanishes. Malevala draws one of her daggers.

MALEVALA

Forgive for this Venge.

Malevala throws the dagger and vanishes. However, instead
of hitting Conroy, it hits the stone Conroy pulled Aurelius
out of.

CONROY

She missed?

A puzzled look goes over Conroy's face.

FADE OUT.

FADE IN:

INT. THE INFIRMARY AT D.A.T.A. BASE - DAY

Rachel's eyes start to twitch a little as she slowly sits up in bed. She rubs the back of her head.

RACHEL

What was that?

Rachel gets up out of the bed. Paul starts to talk in his sleep a little.

PAUL

Hey baby, come here. Oh come on you know I love you.

A confused look goes over Rachel's face.

PAUL

Please Rach-

Paul stops talking in his sleep. Isabel walks into the room carrying five cups of coffee from the shop. She goes over to Rachel and hands her one of the cups.

RACHEL

Thanks.

ISABEL

How are you feeling?

RACHEL

I could use a couple aspirins, but beyond that I'm fine.

Rachel takes a sip of her coffee, just as the others start so slowly wake up starting with Mark, then Kia, then Eddie, and finally Paul.

EDDIE

Anybody remember what happened?

MARK

I think Jaguas and Tigras trashed the Trekkers.

Doc walks in.

DOC

That's exactly what happened.

PAUL

So what are we going to do in the mean time?

DOC

There's nothing we can do.

Paul, Mark, Eddie, and Kia get out of their beds.

KIA

So we're completely defenseless?

DOC

I have a repair cycle going on the Trekkers, but it's going to take a while.

MARK

Which means the eventual attack could lead to the city's destruction.

Isabel hands the other coffee cups to Paul, Mark, Eddie, and Kia. The alarm goes off in the monitoring room, and everyone rushes into it. Everyone turns his or her attention to one of the screens, which is showing the Stealth Negazord destroying the city.

EDDIE

Great they're attacking again.

RACHEL

And we're pretty much out of options.

DOC

It does seem that way. Especially with the D.A.T.A. and Voyager Trekkers being repaired.

Paul's eyes widen a little. He slowly leaves the room.

DOC

Paul, do you-

Doc turns away from the screens only to find that Paul is no longer in the room. Mark, Eddie, Rachel, Kia and Isabel turn away from the screens.

EDDIE

Where'd he go?

FADE OUT.

FADE IN:

EXT. DOWNTOWN LINCOLN PARK - DAY

The Stealth Negazord walks through its path of destruction. It fires its shoulder cannons destroying numerous buildings.

JAGUAS

Excellent. There really is nothing stopping us this time.

TIGRAS

Soon everyone will bow down to us.

The Stealth Negazord continues to destroy buildings.

JAGUAS

Soon this city will be a distant memory.

The Stealth Negazord stops firing, just as red and yellow colored lasers are fired at it. The lasers make contact.

TIGRAS

What?

Fire 11, Aider, 12, and Police 13 appear and combine.

JAGUAS

The Siren Blast Megazord?

TIGRAS

It can't be. Lobos sent the Siren Ranger to that dimension.

PAUL

Jaguas, Tigras it's time to end this!

TIGRAS

It's the Red Ranger.

PAUL

I just hope I can handle this thing.

INT. THE MONITORING ROOM - DAY

Doc, Mark, Eddie, Rachel, Kia, and Isabel watch the Siren Blast Megazord on one of the screens.

KIA

Paul?

MARK

So that's where he went.

DOC

He must've realized that the Rescue Trekkers were still operational.

EDDIE

I can't believe he's using Scott's Megazord.

RACHEL

Why is he doing this alone?

EXT. DOWNTOWN LINCOLN PARK - DAY

The Siren Blast Megazord and the Stealth Negazord face each other.

TIGRAS

You can challenge us all you want Red Ranger, but you're still going to lose.

PAUL

Let's just see about that.

The Siren Blast Megazord charges, and the Stealth Negazord fires blasts from its shoulders. The Siren Blast Megazord dodges the shots from the Stealth Negazord, and gives it a hard punch. The Stealth Negazord falls back a little.

JAGUAS

Take this!

The Stealth Negazord fires more shots from its shoulders.

PAUL

Jack down!

Inside of the Siren Blast Megazord Paul (morphed) presses down on the jack by his seat. Outside the Siren Blast Megazord ducks under the Stealth Negazord's shots.

JAGUAS

Why you!

The Stealth Negazord fires a blast from its mouth.

PAUL

Jack up!

The Siren Blast Megazord jumps up and over the Stealth Negazord, dodging the blast. The Siren Blast Megazord turns around.

PAUL

I've dodged your attacks.

The Stealth Negazord turns around.

JAGUAS

Don't underestimate us Ranger!

The Stealth Negazord charges and punches the Siren Blast Megazord. The Siren Blast Megazord falls back a little. The Stealth Negazord then prepares a blast from its mouth.

PAUL

Water Blast!

The Stealth Negazord fires its blast, just as the Siren Blast Megazord fires two jets of water from its shoulder cannons. The two streams fight each other, until the Stealth Negazord's eventually wins. The Siren Blast Megazord takes the hit and falls down as numerous explosions go over its body. The Stealth Negazord walks over to the Siren Blast Megazord.

TIGRAS

Looks like we win after all.

JAGUAS

That was a complete waste of time Red Ranger.

The Siren Blast Megazord gets back to its feet.

PAUL

You haven't won anything yet. I still have another ace up my sleeve.

INT. THE MONITORING ROOM - DAY

Doc has the Siren Blast Megazord's schematics on a separate screen from the one that is showing the battle scene.

DOC

This can't be right.

MARK

What?

DOC

It looks like the Siren Blast Megazord is starting to overload.

RACHEL

What?

DOC

I wish it was something else, but
that's what it looks like.

ISABEL

So what would happen if it overloads?

MARK

He's doing a kamikaze mission.

One of the screens shows the Siren Blast Megazord leading
the Stealth Negazord toward a mountain range.

EDDIE

At least he's going to an area where no
one's going to get hurt.

RACHEL

No one except for Paul.

Rachel goes over to the terminal and presses a button.

RACHEL

Paul, come in!

EXT. A MOUNTAIN RANGE - DAY

Inside of the Siren Blast Megazord Paul sits at the
controls.

RACHEL THROUGH THE COMMUNICATOR

Paul, come in. Don't do it! Please,
don't do it!

Paul presses a few buttons on the controls, and a red
button rises out of the panel.

RACHEL THROUGH THE COMMUNICATOR

Paul! Please come in! Don't do it!

Outside the Stealth Negazord fires blasts from its
shoulders at the Siren Blast Megazord. The Siren Blast
Megazord takes the hits.

INT. THE MONITORING ROOM - DAY

Rachel is somewhat pounding on the terminal, and a few
tears are in her eyes.

RACHEL

Paul, please!

Mark and Eddie come up behind Rachel and pull her away from
the terminal.

MARK

Hey come down.

RACHEL

Paul!

Rachel struggles with Mark and Eddie's grasp. Doc, Isabel, and Kia stand behind them. Tears start to run down Rachel's face.

RACHEL

Paul!

FADE OUT.

FADE IN:

INT. THE PALACE IN VIRTUAL REALITY - DAY

Scott (still morphed) and Ziktor make their way through the barren hallways.

SCOTT
Something still doesn't feel right.

ZIKTOR
What?

SCOTT
We've been wandering around the halls for hours now and nothing's in here. No guards, or anything else.

ZIKTOR
Lobos doesn't like to keep anyone under his employ. Not that it really matters.

Scott and Ziktor continue to wander through the halls eventually coming into the throne room. Nothing is in the room except for an empty throne.

SCOTT
And Lobos isn't even here. So much for this "grim lord" you kept going on about. Where is he?

ZIKTOR
Right here.

Ziktor walks in front of the throne. A white light covers him as he shows his true form of LOBOS.

SCOTT
It was you all along.

LOBOS
I'm surprised you didn't figure it out sooner. So much for what Jaguas and Tigras told me about you Rangers being too smart for your own good.

SCOTT
So how do I really get home?

LOBOS
I didn't lie to you. Just defeat me. But I know you'll fail, so there's no point.

SCOTT

Then what was all that stuff?

LOBOS

I've been really bored lately, and this just to amuse myself. But all of this has gotten old so I might as well end it right now.

Lobos' axe forms in his hands as the palace changes into the wastelands. Scott draws and converts his Detect Blaster, and he and Lobos charge at each other.

EXT. THE MOUNTAIN RANGE - DAY

The Stealth Negazord, and Siren Blast Megazord exchange punches knocking each other back with each blow. The Siren Blast Megazord falls back. Inside the screen in front of Paul is showing a warning sign.

PAUL

Just need to wait for the right moment.

Outside the Siren Blast Megazord faces the Stealth Negazord.

TIGRAS

Time to finish this Red Ranger.

PAUL

You must've read my mind. I was thinking the same. Here I come!

The Siren Blast Megazord charges at the Stealth Negazord.

JAGUAS

Pathetic.

The Stealth Negazord charges at the Siren Blast Megazord. Once they are near each other, they both grab onto each other. The Siren Blast Megazord tries to push the Stealth Negazord back, but the Stealth Negazord gets the upper hand. Red energy starts to go over the Siren Blast Megazord.

TIGRAS

What's he trying to do?

PAUL

Have the engines on this thing go critical, and take you guys out with me when the Siren Blast Megazord explodes.

TIGRAS

Is he crazy enough to do that?

JAGUAS

Let go Red Ranger!

The Stealth Negazord tries to punch the Siren Blast Megazord, but the Siren Blast Megazord will not be moved.

PAUL

Guys I'm sorry it came to this. Please forgive me, especially you Rachel.

Inside of the Siren Blast Megazord, Paul lifts up the panel over the red button. He reaches his right index finger towards it.

RACHEL

Paul, stop it!

Paul stops. Outside Formula 2, and Marine 5 make their way to the area.

MARK

I want to see you go out with a bang, but not like this.

Gyro 3 swoops in near the Stealth Negazord and Siren Blast Megazord.

EDDIE

Can't blow yourself up now, or you'd take us too.

Dozer 4 makes its way around the Stealth Negazord.

RACHEL

Please, I don't want to see you do this.

KIA

Aren't we supposed to be a team?

PAUL

There's no other way.

KIA

Please, there's another way.

MARK

It involves the five of us...

RACHEL

Fighting together...

EDDIE

And destroying this thing.

PAUL

Guys.

Inside of the Siren Blast Megazord Paul flips the panel down over the button. The warnings on the screen in front of him go away.

JAGUAS

That was too close.

Outside the Stealth Negazord gets out of the grip the Siren Blast Megazord has on it. The Stealth Negazord then punches the Siren Blast Megazord knocking it down.

TIGRAS

There's no chance for you guys to win.

The Stealth Negazord fires blasts from its shoulder, but Dozer 4, and Marine 5 come in and shield the Siren Blast Megazord from them. The front end of Formula 2 flips up and starts to fire missiles. Gyro 3 fires lasers. The missiles and lasers hit the Stealth Negazord, knocking it down. The Siren Blast Megazord gets back to its feet.

PAUL

Guys, I'm sorry. I know we should've did this together. We are a team after all. We can't give up, so let's give it our best. That's how we always did things before, right?

RACHEL

Just don't scare us like that again.

PAUL

So let's beat this thing and try to get Scott back.

Inside of the Siren Blast Megazord Doc appears on the screen in front of Paul.

DOC

Rangers, the repairs to the other Trekkers are complete. But I had to rush so you can't form the D.A.T.A. Trek Megazord.

MARK

Fine with me.

KIA

So what's the plan?

PAUL

Give it everything we've got and take this thing out.

EXT. THE WASTELANDS OF VIRTUAL REALITY - DAY

Scott and Lobos clang their weapons against one another's. Lobos swings his axe at Scott, but he ducks the attack, and quickly slashes Lobos. Lobos falls back a little.

LOBOS

Didn't think you'd actually be able to get a hit on me.

SCOTT

Maybe you were a little overconfident, when you said that your power was great in this dimension.

Scott and Lobos charge at each other again and clang their weapons.

EXT. THE MOUNTAIN RANGE - DAY

The Trek, D.A.T.A. and Siren Blast Megazords line up in front of the Stealth Negazord.

PAUL

Okay let's do this.

MARK

Got it.

EDDIE, RACHEL, AND KIA

Okay.

The Trek, D.A.T.A. and Siren Blast Megazords charge at the Stealth Negazord. The D.A.T.A. Megazord tries to slash at the Stealth Negazord with the D.A.T.A. Saber, but the Stealth Negazord blocks the attack. The Stealth Negazord then punches the D.A.T.A. Megazord knocking it back a little. The Siren Blast Megazord comes in and tries to attack, but the Stealth Negazord blocks the attack. The Stealth Negazord tries to attack the Siren Blast Megazord, but it blocks the attack. The Trek Megazord tries to attack with its right arm, but the Stealth Negazord blocks. The Stealth Negazord breaks free of the grip the Trek and Siren Blast Megazords have on it, and strikes them both.

JAGUAS

We'll destroy you all.

The Stealth Negazord turns around creating a white cyclone. The cyclone hits the three Megazords, and they all fall back a little.

MARK

Is this going to be no good?

KIA

Maybe those emergency repairs weren't enough.

EDDIE

And we can't bring out enough power.

PAUL

Surround it and attack!

The three Megazords surround the Stealth Negazord and attack simultaneously. The Stealth Negazord takes the hits.

EXT. THE WASTELANDS OF VIRTUAL REALITY - DAY

Lobos charges at Scott with his axe drawn back. Lobos swipes at Scott a few times but Scott dodges the attacks.

LOBOS

Why won't you fall?

Scott slashes Lobos quickly.

SCOTT

I have people waiting for me on the other side, and I can't disappoint them. This lone wolf attitude you seem to have isn't going to get you anywhere.

Scott and Lobos start to clang their weapons against each other's, until they both hit each other simultaneously. The attacks cause the both of them to fall back a little. They then charge at each other, strike each other as they near one another, and stand with their backs facing each other when they stop. They both pause for a moment, until blue energy bolts start to go over Lobos' body. Scott and Lobos turn to face each other, and Lobos starts to walk toward Scott, but stumbles and falls to the ground.

LOBOS

You may have defeated me, but you will never defeat Jaguas, Tigras, Insidia, or any of the others.

Lobos explodes. Once the flames of Lobos' explosion clear the dimension starts to dissolve.

DISSOLVE TO:

INT. THE INFIRMARY AT D.A.T.A. BASE - DAY

Scott is still lying in the bed morphed, and Doc, and Conroy are looking down at him.

CONROY

I don't think there's anything we can do about him.

Scott sits up in bed.

DOC

What?

Scott notices where he is.

SCOTT

I'm back?

DOC

I'd ask you how you were able to wake up, but that's not important right now.

SCOTT

Why not?

CONROY

The others need you.

SCOTT

Okay I'll get the Rescue Trekkers ready.

DOC

Actually you're taking the Navigator.

SCOTT

Why?

DOC

Paul has the Rescue Trekkers.

EXT. THE MOUNTAIN RANGE - DAY

The Stealth Negazord fires blasts from its shoulders at the Trek, D.A.T.A. and Siren Blast Megazords. The three Megazords take the hits and fall to the ground.

TIGRAS

Looks like we finally won.

JAGUAS
And your end is here.

SCOTT
I don't think so.

The Navigator Battleship's missile launchers aim and fire at the Stealth Negazord. The Stealth Negazord takes the hits and falls back.

JAGUAS
What?

TIGRAS
It can't be.

The Navigator Battleship comes up to the area.

SCOTT
Hey Red, if I see a scratch on my Megazord, I'm sending you the bill.

PAUL
Right.

RACHEL
You're back?

SCOTT
Sorry to keep everyone waiting.

MARK
You had us worried there for a minute.

SCOTT
Well I'm back now.

EDDIE
And we never doubted you'd be back.

SCOTT
Hey I'm invincible.

KIA
This is great. The gang's all here.

SCOTT
Yeah.

PAUL
Okay, one last time, let's give it all we've got.

MARK, EDDIE, RACHEL, KIA, AND SCOTT
Okay.

The Stealth Megazord gets back to its feet.

PAUL
Tidal Blast!

The Siren Blast Megazord fires the Tidal Blast attack.

MARK
Digital Flash!

The Trek Megazord fires the Digital Flash attack.

SCOTT
Navigator Cannon!

The Navigator Battleship fires all of its weapons. The Stealth Megazord takes all of the shots from the Siren Blast, and Trek Megazords as well as the Navigator Battleship. The D.A.T.A. Megazord waves the D.A.T.A. Saber in the air.

EDDIE, RACHEL, AND KIA
D.A.T.A. Saber, full power!

The D.A.T.A. Megazord releases a high-powered slash on the Stealth Megazord. The Stealth Megazord takes the hit and falls down.

JAGUAS
Why you!

Inside of the D.A.T.A. Megazord Paul and Mark get into their usual positions.

PAUL
Okay, we'll use the Navigator D.A.T.A. Megazord. Okay Siren?

SCOTT
You got it.

The Navigator Battleship drives toward the D.A.T.A. Megazord. The D.A.T.A. Megazord jumps up and lands on the Navigator Battleship.

ALL SIX RANGERS
Navigator D.A.T.A. Megazord, online!

The Navigator D.A.T.A. Megazord drives toward the Stealth Megazord.

JAGUAS

Curse you!

The Stealth Negazord fires a few blasts, but the D.A.T.A. Saber deflects them all.

SCOTT

Here we go.

PAUL

And now for even more power, Aurelius!

Aurelius appears in sword form, and the Navigator D.A.T.A. Megazord grabs onto it.

PAUL, MARK, EDDIE, RACHEL, KIA, AND
SCOTT

Giant Golden Slash!

The Navigator D.A.T.A. Megazord slashes the Stealth Negazord twice with Aurelius. Inside of the Stealth Negazord explosions occur.

JAGUAS

Grab the Cauldron.

Tigras grabs the Alchemist's Cauldron, and he and Jaguas escape the Stealth Negazord just as it explodes. On the ground Jaguas and Tigras struggle to get back up.

JAGUAS

They destroyed it?

TIGRAS

Relax as long as we have the Alchemist's Cauldron, we can create another Mercurius.

They both get back to their feet.

JAGUAS

True.

SCOTT

Too bad you won't get another chance.

The Rangers appear.

SCOTT

We're going to take that little artifact.

PAUL

So you're not going to get your way.

SCOTT
So let's finish this.

JAGUAS
I was thinking the same thing.
Especially after you defeated Lobos.

SCOTT
How did you know that?

TIGRAS
How else would you be here right now?
Besides who do the six of you think you
are.

SCOTT
That's easy.

PAUL
Adventurer of heat! Red Ranger!

MARK
Adventurer of speed! Black Ranger!

EDDIE
Adventurer of the sky! Blue Ranger!

RACHEL
Adventurer of strength! Yellow Ranger!

KIA
Adventurer of the depths! Pink Ranger!

SCOTT
Adventurer of silver! Siren Ranger!
Digitally Armed Team of Adventurers!

PAUL, MARK, EDDIE, RACHEL, KIA, AND
SCOTT
Power Rangers D.A.T.A. Trek!

The Rangers jump up and face Jaguas and Tigras. Jaguas and Tigras draw their blasters and fire at the Rangers. The Rangers dodge the shots.

PAUL
Let's go!

Paul, Mark, Eddie, Rachel, and Kia draw and convert their D.A.T.A. Blasters, and charge at Jaguas and Tigras. Tigras converts his blaster and fights them.

JAGUAS
Siren Ranger!

Scott stands up, and draws the Detect Blaster.

SCOTT

It's you and me Jaguas.

JAGUAS

Fine with me.

Scott and Jaguas charge at each other. They both jump up and face each other as the other Rangers and Tigras fight. Scott and Jaguas hit each other in the air. On the ground Tigras brings his sword down in a vertical slash, which hits Paul knocking him down. Mark, Eddie, Rachel, and Kia surround him, with Rachel and Kia behind, and Mark and Eddie in front. Tigras converts his sword, aims, and fires. Mark, Eddie, take the hits as Paul jumps over them. Paul then gives Tigras a hard slash, which knocks him back. In another area, Scott and Jaguas land near a cliff. Jaguas tries to strike Scott with one of his blasters, but Scott blocks the attack with his. They both then aim their blasters at each other.

SCOTT

It's the end of your era Jaguas.

JAGUAS

Right.

SCOTT

You're going down hard, fast, and right now!

JAGUAS

Don't get too overconfident Ranger.

SCOTT

Who says I'm overconfident? Besides after what I've just been through I feel that there's nothing I can't do.

In their area Tigras is slashing at Paul, Mark, Eddie, Rachel, and Kia, but all of his attacks are getting blocked. In their area Scott and Jaguas jump up, and Jaguas fires, but the shots do not come near Scott. Jaguas and Scott kick themselves off of nearby rocks and fly toward one another firing lasers at each other. Jaguas' shots barely make contact, while Scott's shots cause Jaguas to fall to the ground. Scott lands and picks Jaguas up.

SCOTT

It's over Jaguas.

Scott converts the Detect Blaster, and slashes at Jaguas a couple of times.

SCOTT

Good-bye.

Scott gives Jaguas a high-powered vertical slash. Jaguas takes the hit and his Vengine is destroyed.

JAGUAS

Siren Ranger...

Jaguas falls back over the cliff, and explodes. Scott turns to face Jaguas' destruction, as does Tigras.

TIGRAS

Jaguas!

Tigras then turns around to see Paul (with Crash Armor), Mark, Eddie, Rachel, and Kia in position with the Crash Cannon in Drill Mode.

PAUL

It's over Tigras!

TIGRAS

Not if I can help it!

PAUL, MARK, EDDIE, RACHEL, AND KIA

Fire!

A shot is fired from the Crash Cannon, and it hits Tigras. Small explosions go over Tigras' body, before he finally explodes.

FADE OUT.

FADE IN:

INT. THE MONITORING ROOM - NIGHT

Paul, Mark, Eddie, Rachel, Kia, Scott, Doc, and Conroy stand around.

DOC

I can't believe that you guys defeated Tigras and Jaguas. Congrats.

PAUL

We were all together so it was nothing.

SCOTT

I actually feel like I could defeat Insidia herself right now.

MARK

I was wondering something Al.

CONROY

What?

MARK

When we defeated Jaguas and Tigras their essences didn't leave their bodies like they did when we first defeated them.

CONROY

That's because when the Vengines were put in they became more machine than anything else. So when you destroyed their Vengines, you destroyed them completely.

EDDIE

I'm just glad that they're defeated. It makes our lives easier.

KIA

Tell me about it.

RACHEL

But there's one thing that I can't help but wonder.

PAUL

Let me guess, it's what Insidia's probably thinking right now.

RACHEL

Yeah.

INT. INSIDIA'S LAB - NIGHT

Insidia sits in her throne, alone in the lab. An infuriated look is on her face, and she is holding her right fist up, which is glowing in purple energy.

INSIDIA

(angrily) You'll pay for this, Rangers!
I don't care how long it takes me, and
I don't care if I have to run Mindset
into the ground. You will PAY!

Insidia fires the energy from her hand and destroys part of the lab.

INSIDIA

And don't think that things will get
any easier for you now.

Insidia fires more energy within the lab, and destroys more of it as her tantrum starts to subside.
