"POWER RANGERS ELEMENTAL BLADE: EPISODE 12 - A NEW LEAF?"

FADE IN:

INT. THE COMMAND CENTER - DAY

DON stands in front of the computer terminal, as a news broadcast plays on the screen above him. The broadcast shows a space shuttle connected to a set of booster rockets on a launch pad.

NEWS ANCHOR
(V/O)

This prototype shuttle launch will provide NASADA with their first major breakthrough in inter-space travel since 1998.

The broadcast footage changes to headshots of three men.

NEWS ANCHOR
(V/O)

Leading this mission is Major Thomas Jones of the United States Air Force. Assisting Major Jones on this mission is NASADA physicist Dr. Albert Fernandez, and Commander David Williams of the United States Navy.

Upon hearing the name "David Williams", Don clenches and grinds his teeth a little in a small fit of anger. Don quickly presses a few buttons on the computer terminal, and changes the screen to the default screen saver of the Hathaway Enterprises logo.

DON

(sighs) That could've been you on that shuttle.

Don takes a deep breath to relax himself.

DON

Okay Donald, pull yourself together. You've got way too much work to do on the Metal Tiger before you can even consider it complete. Yeah that's all you need to do, keep your mind on your work and completely forget the fact that NASADA chose that Williams guy over you for that mission.

Don presses a few buttons on the computer terminal, and schematics for the Metal Tiger Samurai Zord appear.

DON

Just put all of your focus on your work, and try to get your mind off of all of this. (pause) I could really use some coffee right now.

INT. HATHAWAY ENTERPRISES H.Q. - BREAK ROOM - DAY

Don picks up the carafe of a coffee maker that is on the break room's counter, and pours some coffee into a mug with the Hathaway Enterprises logo on it. He then walks over to the fridge, opens it up, and takes out a few creamers. Don opens the creamers, and pours them into his cup, and takes a sip. A male Hathaway employee walks into the break room, and sees Don.

MALE EMPLOYEE

Hey Moore, did you watch that shuttle launch earlier?

DON

(through his teeth) No I didn't.

A female employee walks into the break room and goes over to the male employee.

FEMALE EMPLOYEE

Were you just talking about that shuttle launch?

MALE EMPLOYEE

Yeah, why?

FEMALE EMPLOYEE

I just saw that. And that David Williams is just gorgeous.

MALE EMPLOYEE

Isn't he at least ten years younger than you?

FEMALE EMPLOYEE

So what? Mama could use a little sugar like that right now. So what'd you think of the launch, Don?

DON

(through his teeth) Didn't watch it. Now if you don't mind I need to get back to work.

Don heads toward the break room's door, dropping his mug on the floor along the way. The mug crashes on the floor, spilling coffee everywhere. Don leaves the break room, looking complete and utterly mad.

FEMALE EMPLOYEE

What's with him?

MALE EMPLOYEE

He's probably got some kind of stick up his butt. You read the celebrity gossip rags, you should know how they can get every now and again.

INT. THE COMMAND CENTER - DAY

Don walks into the command center and heads immediately to the computer terminal. The Metal Tiger schematics are still displayed on the screen, and Don frantically presses several buttons. AKIRA walks in, and goes over to Don.

AKIRA

So how's it coming?

DON

It's coming.

AKIRA

How much is left to do?

DON

Just some programming here and there.
(pause) You're not going to ask me about that shuttle launch are you?

AKIRA

Knowing you, you probably watched it, and are now bemoaning the name David Williams. Plus I heard about what happened in the break room, so I assume that has something to with the launch.

DON

Good now let's just finish this thing.

FADE OUT. OPENING CREDITS.

FADE IN:

INT. THE THUNDERCRACK - THRONE ROOM - TIME UNKNOWN

ELECTREX sits in his throne, which has been fully raised. BRUUDAS then storms into the throne room, soon followed by DAMASH, MALICIA, and SEDUCTRA all of whom are looking angered. SQUIDENGER soon follows.

BRUUDAS

It's time to talk.

ELECTREX

About what?

BRUUDAS

Your leadership.

DAMASH

Or more specifically your lack of leadership.

ELECTREX

(shocked) Et tu, Damash?

DAMASH

Even me.

SEDUCTRA

We want you out, and we want you out now!

ELECTREX

Then I suppose you've used me for all I'm worth then Seductra.

SEDUCTRA

I've actually found someone who's much more powerful than you.

ELECTREX

Figures. After all I'm not an empty shell of a man right now. So tell me who-

SQUIDENGER

I would just like to go on record and say that I do not share my comrades' sentiments, Baron.

ELECTREX

Good to know Squidenger. But as I was saying, so who's the guy you're getting to replace me?

MALICIA

Him.

RALAEZ walks into the throne room.

ELECTREX

Ralaez, I should've known. I thought I smelled your incoherent odor earlier.

RALAEZ

You know me all too well. But then again you never know what's really under this façade of mine.

ELECTREX

So what, have you corrupted my minions to fall for you chicanery?

RALAEZ

There was no manipulation required. I merely gave Bruudas a little push in the right direction.

ELECTREX

Well for what it's worth, I might as well hear you all out. So who's in favor of a mutiny?

Ralaez, Damash, Bruudas, Malicia, and Seductra raise their hands.

ELECTREX

Looks like the yays have it. Fine I know when I'm not wanted, so I guess I'll leave you.

BRUDAS

Wait, that's it?

ELECTREX

That's it. You weren't hoping to battle me to the death to get rid of me were you?

BRUDAS

Well yes.

ELECTREX

As far as I'm concerned if you all don't want me here anymore, then I should just leave. So this was fun while it lasted, and I'll see you all around sometime.

Electrex turns into a lightning bolt and disappears. Ralaez then walks over the throne area, climbs the stairs, and sits down in the throne.

MALICIA

Did we really think this through?

BRUUDAS

What do you mean?

MALICIA

Electrex was the only one of us who could activate the Genetic Manipulator. So how are we going to attack Earth now?

RALAEZ

The answer's quite simple, right Damash?

DAMASH

Of course. I've all ready taken the liberty to recalibrate the Genetic Manipulator for Ralaez.

Ralaez aims his right hand at the Genetic Manipulator's receptacle, and fires a beam of red energy. Light's start to flash and the cylindrical chamber opens up, revealing the RINGMASTER monster. The Ringmaster steps out of the chamber, and kneels before the throne.

RINGMASTER

What is your bidding Master Ralaez?

RALAEZ

I could get used to this. Go down to Earth, and try to seize control of the Rangers.

RINGMASTER

As you command Master.

The Ringmaster takes out an eye-like shield, which grows to cover his body. The shield blinks, causing the Ringmaster to disappear.

FADE OUT.

FADE IN:

INT. THE COMMAND CENTER - DAY

Don continues to stand in front of the computer terminal, working on the Metal Tiger. The alarm goes off, and the screen above Don, shows a map of the city, with a red dot on it.

DON

It's actually fairly close by. Well you could use a little break from all of this.

Don runs out of the command center.

EXT. DOWNTOWN SAN FORTUNA - DAY

Electrex stands around, not doing much of anything. Don, KEN, EVAN, MEL, and LISA (all morphed) run up to the area, and draw their Katanas.

ELECTREX

There's no need for that Rangers, I'm not here to attack this planet.

EVAN

Yeah right.

ELECTREX

Honestly I come in peace.

KEN

You know maybe we should give him the benefit of the doubt. (sarcastically)
It's not like his past actions have made us think he's got something else intended.

ELECTREX

If you won't believe then I'll have to make you believe.

Electrex scans the area, and finds a piece of a metal pipe lying on the ground. Electrex goes over to it, picks it up, and returns to face Don, Ken, Evan, Mel, and Lisa.

LISA

What are you planning on doing with the pipe?

ELECTREX

This!

Electrex runs a mild electrical current through the pipe. With the electricity running through the pipe, Don, Ken, Evan, Mel, and Lisa's Katanas fly out of their hands, and attach to the pipe.

MEL

How-?

DON

He must've run a current through the pipe to create an electromagnet.

ELECTREX

Good to know that the super genius knows his stuff.

DON

That's rudimentary physics. So now that you've disarmed us what do you want?

ELECTREX

A new villain has appeared on my ship, and has caused my minions to mutiny against me.

EVAN

Why doesn't that surprise me?

ELECTREX

However, this whole experience has caused me to rethink some of my past behavior, and I've decided to turn over a new leaf, and join forces with you to overthrow this new menace.

Lisa stares at Electrex for a moment, and notices a sincere look about him.

LISA

He is looking fairly sincere about all of this.

EVAN

But this is Electrex we're talking about. He did nearly kill me.

MEL

And he wants to kill all of us.

LISA

But if he's sincere about all of this maybe we should go for it. He might actually be of some use to us.

KEN

You're not actually suggesting that we team up with Electrex, are you?

Electrex pulls out a square black envelope that has an insignia resembling red skull surrounded by a white question mark on it.

ELECTREX

If it's any consolation Rangers, I do have a message for you from this new threat that's come up. I'd be more than willing to play it for you. That is, of course, if you'll put a little trust in me.

DON

As much as I hate to do this, you're coming back to our base with us, to see if your story checks out.

FADE OUT.

FADE IN:

INT. THE COMMAND CENTER - DAY

Don, Ken, Evan, Mel, and Lisa (all now powered down) lead a blindfolded Electrex into the command center. The schematics for the Metal Tiger are still displayed on the screen above the computer terminal. Don takes the blindfold off of Electrex, and Electrex takes a look at the screen.

ELECTREX

What's this you're working on?

DON

None of your business. Now about this guy who's usurped you.

ELECTREX

His name is Ralaez. He's a highly skilled and highly intelligent warrior. In fact he prides himself on his intelligence more than his fighting skills. However he's also a little cocky about his intelligence too.

KEN

How so?

Electrex hands Don the black envelope.

ELECTREX

In this envelope is a disk. Play the disk, and you'll see what I mean.

Don walks over to the computer terminal, and opens the envelope. He takes the disk out, and places into a slot on the computer terminal. The screen above the computer terminal changes to a black background, with the red skull and white question mark insignia overtop of it. A jaunty tune plays as the insignia is displayed on the screen. The tune stops, and the insignia is pushed to the left side of the screen, revealing Ralaez.

RALAEZ ON SCREEN

Hello Rangers, I'm Ralaez, and I'll be your new planetary attacker.

EVAN

This guy's just as bad as someone else I can think of.

RALAEZ ON SCREEN

You may be wondering why it is that Electrex is now with you, and why he gave you this disk that you're now watching. Well that's because I've deposed Electrex. And I'll be attacking Earth very shortly. But even with whatever scanners you may have to detect this sort of thing, you'll never figure out where the attack is happening in time. Besides, there's no real way to oppose my crazy intent.

The screen goes blank, and the disk is forcibly ejected from the slot on the computer terminal. The disk flies out, and lands on the floor, where it immediately catches fire. Don stomps out the fire with his right foot.

KEN

What was that?

ELECTREX

I told you he was arrogant. However there's usually a double meaning somewhere within anything that he says.

EVAN

Great, first we deal with the Joker, and now we're dealing with the Riddler.

MEL

But there wasn't anything in what he said that sounded odd.

LISA

Well maybe we need to look at the synonyms of some of the things he said.

KEN

Come to think about it, I did find the phrase "crazy intent" a little weird.

DON

Wait another word for intent is motive.

EVAN

A "crazy motive"?

MEL

So what are some other words for "crazy"?

LISA

Well the first thing that comes to my mind is "loco".

DON

That's it, a loco motive.

EVAN

A loco motive?

DON

You know a locomotive. He's probably going to attack that new high-speed rail train station that they're building on the outskirts of town.

KEN

Well then what are we waiting for? Let's get down there.

DON

There's one problem though.

MEL

What?

Don points to Electrex.

DON

Him.

ELECTREX

What about me?

DON

Can we actually trust you?

ELECTREX

My minions betrayed me for Ralaez; I have nowhere else to go. What am I going to do?

Akira walks into the command center carrying the small model of the Metal Tiger. Akira notices Electrex.

AKIRA

What's he doing here?

DON

Actually could you watch him, while we deal with something?

AKIRA

(unsure) Okay.

Don, Ken, Evan, Mel, and Lisa run out of the command center.

ELECTREX

So what exactly are you working on right now?

AKIRA

Have you asked Don that yet?

ELECTREX

I have, why?

AKIRA

What'd he say about it?

ELECTREX

That it was none of my business.

AKIRA

Good, let's keep it that way.

Electrex walks over to Akira.

ELECTREX

But me dear Mr. Miyamoto, it HAS to be my business. And I'm willing to get whatever information I need one way or another. So since you won't tell me...

Electrex holds his right thumb and forefinger three inches apart, and runs a mild electric current between them. He then presses his thumb and finger against Akira. Akira violently shakes, and falls to the ground unconscious.

ELECTREX

Then I'll just have to take it myself.

Electrex grabs the Metal Tiger model, and goes over to the computer terminal.

FADE OUT.

FADE IN:

EXT. A CONSTRUCTION SITE - DAY

The Ringmaster stands around as Don, Ken, Evan, Mel, and Lisa run up to the area.

RINGMASTER

So you guys actually managed to figure out Ralaez's clue.

EVAN

That was a clue?

A red energy skull appears, and becomes Ralaez.

RALAEZ

Of course it was. I didn't think any of you would be smart enough to figure it out. Regardless, I've tested your mental capabilities; let's see what your physical capabilities are.

Ralaez draws his sword.

RALAEZ

You have two minutes to morph.

Don, Ken, Evan, Mel, and Lisa take out their morphers, convert them to brush mode, and press the green button.

DON, KEN, EVAN, MEL, AND LISA

Samurai brushstroke!

In flashes of their respective colors, Don, Ken, Evan, Mel, and Lisa morph.

RALAEZ

Impressive, you did it in just under a minute. Regardless, Ringmaster we're significantly outnumbered here. So why don't you even things up a little?

RINGMASTER

Who do you want?

Ralaez points his sword at Don, Ken, Evan, Mel, and Lisa, and moves it between the five of them, before ultimately settling on Evan.

RALAEZ

How about little boy blue?

RINGMASTER

As you command Master Ralaez.

The Ringmaster fires a blast of dark energy from his head at Evan. Evan takes the hit, and absorbs the energy into his body.

LISA

What'd you do to him?

RINGMASTER

Just watch.

Evan draws his Katana, and rushes toward Don. Just as he approaches Don, Evan draws back his Katana, and thrusts it forward. However Don quickly draws his Katana, and uses it to block Evan's attack.

KEN

Well at least we know why this monster's called "Ringmaster".

RINGMASTER

And speaking of me...

The Ringmaster runs toward Ken, Mel, and Lisa and draws a whip. The Ringmaster then starts to lunge the whip at Ken, Mel, and Lisa, but they all dodge the attack. Ralaez then joins in the fray by teaming with Evan to attack Don. Ralaez slashes at Don, but Don blocks the attack with his Katana, and slashes at Ralaez, who blocks Don's attack with his sword.

DON

Why does this have to be a case of two on one?

RALAEZ

Because it's so much more fun this way. Well for me at least.

Ralaez and Don draw back their respective weapons, and slash at each other again, but they both manage to block each other's attacks. Evan then slashes at Don with his Katana and Don takes the hit and falls to the ground.

RALAEZ

Excellent. Now go relieve Ringmaster of his duties with the rest of your comrades.

Evan goes over to where the Ringmaster is fighting Ken, Mel, and Lisa, and starts to slash at Ken. The Ringmaster then goes over to where Ralaez is standing.

RALAEZ

Get up!

Don gets back to his feet.

RALAEZ

It's a pity that may I have to do you in Red Ranger, since you're a skilled fighter and from what I hear quite the genius.

DON

What are you going to do?

RALAEZ

Same thing I did to your comrade. Now hold still and let this take you over, since like I said in my little intro video, there's no real way to oppose my crazy intent. Ringmaster, you know what to do.

The Ringmaster fires another blast from his head, but Don dodges it, and takes out his morpher.

RINGMASTER

Hold still!

Don converts his morpher to brush mode, just as the Ringmaster fires another blast from his head. Before the Ringmaster's blast can hit Don, Don draws the Samurai Emblem for counter, "反", and flips the drawing. The drawing causes the Ringmaster's attack to vanish.

RINGMASTER

How did-?

DON

It was all in Ralaez's words. All I had to do was oppose, or "counter", his crazy intent.

RALAEZ

I'm going to keep my eye on you in the future Red Ranger. Perhaps you'll actually be able to defeat me in more ways than one.

Ralaez puts his sword away, and takes out a communication device.

RALAEZ

Damash, how has our double agent fared?

DAMSASH THROUGH THE COMMUNICATOR

It's a success.

DON

What double agent?

RALAEZ

That's for me to know, and you to find out when it's too late. Ringmaster, take over from here.

RINGMASTER

Yes Master Ralaez.

Ralaez turns into a red energy skull, and takes off. The Ringmaster then starts to hit the ground a couple of times with his whip. The faint sound of a tiger's roar can be heard.

DON

Please don't tell me...

The Metal Tiger comes out of the ground with its legs extended.

RINGMASTER

Metal Tiger, get the Red Ranger!

The Metal Tiger roars, and fires a blast from its mouth. Don dodges the blast, but just barely, and the blast causes an explosion upon its impact on the ground. In their area, Evan places the Water Disk on his Katana, and spins it. Water surrounds the blade of Evan's Katana, and he gives Ken, Mel, and Lisa a high powered slash. Ken, Mel, and Lisa take the hit, fall to the ground, and power down upon impact. Don (still holding his morpher in brush mode) makes his way over to Ken, Mel, and Lisa, and draws the Samurai Emblem for smoke. Don flips the drawing, and it becomes huge puff of smoke. The smoke clears, and Don, Ken, Mel, and Lisa are nowhere to be found.

FADE OUT.

FADE IN:

INT. THE COMMAND CENTER - DAY

Don (now powered down), Ken, Mel, and Lisa enter the command center to find Akira still lying unconscious on the floor. Looks of shock go over their faces when they see that the command center has been trashed, with an electric blue colored lightning bolt spray painted on the floor.

MEL

What happened here?

DON

We never should've trusted Electrex.
Right Lisa?

LISA

So I made a mistake with that. I never said that I was Little Miss Perfect.

DON

Well this explains who the double agent was.

KEN

What double agent?

DON

Before the Metal Tiger showed up, Ralaez mentioned something about a double agent to Damash over a communicator.

LISA

It had to be Electrex there wasn't anyone else who could've gotten in here.

MEL

But why would Electrex fake a mutiny?

KEN

Because he's Electrex.

DON

He probably wanted to get his hands on the Metal Tiger before we got a chance to use it ourselves.

LISA

We better wake up Akira, and clean up this mess.

KEN

Yeah.

DISSOLVE TO:

INT. THE COMMAND CENTER - DAY

Half an hour later, the command center has mostly been cleaned up, and Akira is rubbing his hands against his head. Ken, Mel, and Lisa are still doing some cleaning, as they scrub the lightning bolt off of the floor, while Don is holding his morpher in brush mode, writing the Samurai Emblem for "counter" on a white Element Disk.

AKIRA

Ah...my head!

DON

Well you were lying unconscious when we found you.

AKIRA

The one thing I still don't understand is how Electrex managed to finish off the Metal Tiger.

DON

Well after checking the computer, there was some unauthorized access. He must've sent everything to Damash, and everything was completed from there.

MEL

But why would Electrex trash the command center like this?

KEN

Again, because he's Electrex.

LISA

He probably saw an opportunity to screw us over a little, and took it.

KEN

So what's the plan?

DON

As soon as I'm finished with this Emblem Disk, we go back to the construction yard, and finish what we started.

LISA

Emblem Disk?

AKIRA

We've designed a series of blank Element Disks that work with Samurai Emblems for the occasional temporary power.

DON

Unfortunately they're not nearly as strong as a regular Disk, but either way the one I'm making should be enough to reverse the mind control that monster put on Evan.

KEN

What about getting the Metal Tiger on our side?

DON

That's another story.

AKIRA

There's no reason why the current Emblem Disk you're making Don, shouldn't also work on the Metal Tiger.

DON

You think so?

AKIRA

Actually I'm not sure, but then again there's only one way to find out.

FADE OUT.

FADE IN:

EXT. THE CONSTRUCTION SITE - DAY

The Ringmaster and Evan (still morphed) stand around. The Ringmaster holds his shield in left hand, while Evan holds his Katana with the Water Disk still attached. Don, Ken, Mel, and Lisa (all morphed) run up to the area.

RINGMASTER

So, you showed up again. Ready to be beaten by your comrade again?

DON

I've had a bit of a bad day today, and you're one of the last things I need to contend with now. So we're just going to take Evan and the Metal Tiger back, and make sure Electrex, Ralaez, or whoever it was that sent you down to Earth, regret the decision.

RINGMASTER

That's some pretty tough talk for someone who's going to be defeated by his own teammate. But regardless, Blue Ranger, wipe the floor with the other Rangers.

DON

He's fighting me and me alone.

RINGMASTER

Fine if that's the way you want to play it.

The Ringmaster thrusts his right hand forward.

RINGMASTER

You know what to do.

Evan charges at Don. Don opens his belt buckle, takes out the Emblem Disk, and attaches it to his Katana. Don then draws his Katana, and charges at Evan. Don and Evan charge at each other and they clash their Katanas against each other's. The force of the blade strikes causes Don and Evan to fall back a little, and Evan swipes his Katana at Don. However, Don ducks under Evan's Katana. Don then goes on to slash at Evan a couple of times, and Evan takes the hits and falls back a little

LISA

I never realized how good Evan's gotten.

KEN

No kidding.

Don and Evan then start to slash at each other more, but as they swipe their Katanas at each other the two of them end up missing each other more than they hit each other. Evan steps back a little, and spins the Water Disk. A spiral of water surrounds the blade of his Katana, and Evan thrusts it toward Don. The high-powered slash travels toward Don, but he jumps over the slash. The slash hits a nearby pile of girders, and creates an explosion. Don lands, and spins the Emblem Disk. A spiral of red energy surrounds the blade of Don's Katana, and he charges at Evan. Once he approaches Evan, Don gives Evan a slash from his Katana, and Evan takes the hit. Evan pauses for a moment, as an energy version of the Samurai Emblem for counter appears in front of him. The dark energy that Evan had absorbed comes out of his body, and Evan cries in partial agony. The energy hovers above Evan's head for a moment, before ultimately exploding.

EVAN

What happened?

RINGMASTER

No. No. No. No. NO!!!!!! How did you do that?

DON

I used the Emblem Disk that was on my Katana to power it up, and when I gave Evan that slash it expelled that energy you shot at him.

RINGMASTER

Well I may not have your comrade under my control anymore, but there is something else of yours I can use against you. Metal Tiger!

The Metal Tiger rises out of the ground, and pauses for a moment. Don walks over to Evan, and Ken, Mel, and Lisa walk over to the two of them.

KEN

What's the plan?

DON

I'll take care of the Metal Tiger, you guys finish off the Ringmaster.

Ken, Evan, Mel, and Lisa run toward the Ringmaster. Don takes out his morpher and converts it to brush mode.

DON
Samurai Zord Emblem!

Don draws his helmet Samurai Emblem, and the drawing glows becoming his Samurai Zord Emblem. Don then places his Samurai Zord Emblem on the ground, and draws the Samurai Emblem for big on it.

DON
Samurai Zord, grow and unfold!

Don's Samurai Zord Emblem grows to gigantic size, and unfolds into the Lion Emblem Samurai Zord. The Lion Emblem then goes face to face with the Metal Tiger.

DON
Let's do it.

The Lion Emblem and Metal Tiger charge at each other and the Lion Emblem pounces on the Metal Tiger. The Lion Emblem then hits the Metal Tiger a few times with its front paws, before pouncing at the Metal Tiger again, and biting the Metal Tiger's underside. The Lion Emblem then pushes the Metal Tiger back several yards, immobilizing the Metal Tiger. The Metal Tiger's eyes dim.

DON
Now's my chance.

Don jumps out of the Lion Emblem, and into the Metal Tiger. Inside of the Metal Tiger's cockpit, Don attaches the Emblem Disk to his Katana, and spins it.

DON
I just hope this works.

Don places his Katana into the Metal Tiger's control panel, and an energy version of the Samurai Emblem for counter appears before Don. Outside dark energy comes out of the Metal Tiger, and explodes. Inside of the Metal Tiger the Emblem Disk on Don's Katana takes on a tiger head design, becoming the Metal Disk. Outside the Metal Tiger's eyes glow again, and it stands upright. Back on the ground, Evan gives the Ringmaster (holding his shield) a hard slash with his Katana. The Ringmaster takes the hit, and falls to the ground.

EVAN
And that's for trying to control me
like that!

Ken, Mel, and Lisa come up behind Evan, and Mel points to her left.

MEL

Don did it.

The Ringmaster gets back to his feet, and looks in the direction that Mel is pointing.

RINGMASTER

No!

KEN

Okay time to finish off ugly.

Ken, Evan, Mel, and Lisa place their signature Element Disks on their Katanas, and spin them.

RINGMASTER

Oh no you don't!

The Ringmaster fires a few blasts from his shield, but Ken, Evan, Mel, and Lisa dodge them. The blasts create an explosion that Ken, Evan, Mel, and Lisa jump through.

KEN, EVAN, MEL, AND LISA

Element Spiral Slash!

Lisa gives the Ringmaster a high-powered slash, then Ken, then Mel, and finally Evan. The Ringmaster takes the hits and falls to the ground and explodes. A lightning bolt descends from the sky, creating an explosion that causes the Ringmaster to grow to gigantic size. The Ringmaster then faces the Metal Tiger.

RINGMASTER

If you won't be under my control, then you'll have to be destroyed!

The Metal Tiger charges up. The Ringmaster aims his shield at the Metal Tiger and fires a few blasts. The Metal Tiger dodges the blasts, which create explosions on the ground. The Metal Tiger then raises its legs, and charges at the Ringmaster. The Metal Tiger strikes the Ringmaster with its front paws, and the Ringmaster falls back a little. The Metal Tiger then turns around, and lowers its legs. As the Metal Tiger moves forward, it uses its drill-like legs to split the ground. The Metal Tiger strikes the Ringmaster, and the Ringmaster falls into the hole the Metal Tiger created.

RINGMASTER

Hey what's the big idea here?

The Dragon, Turtle, Bear, and Monkey Emblems come up to the Metal Tiger. Inside of the Metal Tiger, Don takes out his morpher in brush mode and draws the Samurai Emblem for combine. Outside, the Lion, Bear, Dragon, Monkey, and Turtle Emblems combine.

DON, KEN, EVAN, MEL, AND LISA
Samurai Megazord!

The Samurai Megazord walks up behind the Metal Tiger. Inside of the Metal Tiger, Don takes his Katana out of the control panel.

DON
Metal Tiger, combine!

Don then spins the Metal Disk. Outside the Metal Tiger combines with the Samurai Megazord.

DON, KEN, EVAN, MEL, AND LISA
Samurai Megazord Metal Drill!

The Ringmaster stands up.

RINGMASTER
Doesn't matter what combos you make.
I'll beat you, if it's the last thing I
do!

The Ringmaster walks over to the Samurai Megazord, and the Samurai Megazord draws its katana. The Samurai Megazord tries to slash at the Ringmaster, but he blocks the attack with his shield. The Ringmaster pushes back the Samurai Megazord's katana, and strikes it with his shield. The Samurai Megazord tries to strike the Ringmaster with its katana, but the Ringmaster blocks the attack with his shield. The Ringmaster then tries to strike the Samurai Megazord with his shield, but the Samurai Megazord instead strikes the Ringmaster with the drills by its head. The Ringmaster takes the hit, and falls back. The Ringmaster aims his shield at the Samurai Megazord, and fires a few blasts, but the blasts miss and the Samurai Megazord walks forward. The Ringmaster stops firing, and the Samurai Megazord pauses.

DON
Time to finally finish this.

Inside of the Samurai Megazord, Don takes his Katana out of his control panel, spins the Metal Disk, and thrusts his Katana forward.

DON
Drill Strike!

Outside, the Samurai Megazord bends forward, and the drills by its head spin. The Samurai Megazord dashes toward the Ringmaster, and strikes him with the drills. The Ringmaster takes the hit and the Samurai Megazord stand straight up again. The Ringmaster then falls down and explodes.

INT. THE COMMAND CENTER - EVENING

Don, Ken, Evan, Mel, and Lisa stand in front of the computer terminal. Don holds the Metal Disk and looks down at it.

KEN

So what's going to happen with the Flame Disk now that the Metal Tiger's up and running?

DON

No idea. The only thing I know for sure is that there's no way I can use three different Disks at once to control three different Zords. Frankly it's hard enough to try to control two at the same time let alone three.

EVAN

So who's getting the Flame Disk?

DON

Again, I have no idea. But barring some sort of interference from someone's dad, it'll probably be Ken.

MEL

Now Lisa, do you have anything to say about trusting Electrex?

LISA

What are you trying to get at? Besides I said I was sorry for believing him.

MEL

And yet you didn't believe me when I said what I said about him. And here I thought we were supposed to be friends now.

LISA

Fine, I'm sorry I didn't believe you.

DON

Besides, it wasn't entirely Lisa's fault either. I was the one who said we had to bring him back here to see if his story checked out. Either way I think we all learned a lesson about who we're fighting.

EVAN

I didn't.

KEN

Why not?

EVAN

Because I knew what Electrex was capable of before today. I am after all the one who seems to enjoy tormenting the most.

Akira walks into the command center. Akira notices what don is holding.

AKIRA

So you were able to get the Metal Tiger back under our control.

DON

I wouldn't be holding this Disk if I didn't.

AKIRA

Now here's a question for you, are you feeling better than you were earlier?

DON

Let's just say that it was a little cathartic to get the Metal Tiger back under our control, and then finishing off that monster.

AKIRA

Good. Now that the three auxiliary Zords are complete, it's time to work on their next phase.

FADE OUT.

FADE IN:

INT. THE THUNDERCRACK - THRONE ROOM - TIME UNKNOWN

Ralaez sits in the throne, which is fully raised. Damash, Bruudas, Squidenger, Malicia, and Seductra stand at the base of the throne's stairs. Electrex walks into the room. Bruudas sees Electrex, and walks over to him. Bruudas then takes out his sword, and places it underneath Electrex's chin.

BRUUDAS

What are you doing here?

Electrex rubs his right thumb against his right fingers, and a small jolt of electricity comes out of his hand and goes into Bruudas' sword. The electricity travels through the sword, and gives Bruudas a shock that causes him to fall back a few feet.

ELECTREX

To answer your question Bruudas, I'm merely here to reclaim what's rightfully mine. Isn't that right Ralaez?

RALAEZ

Yes it is.

Ralaez lowers the throne to the floor, and stands up. Ralaez walks over to Electrex and extends his right hand. Electrex grasps Ralaez's right hand with his right hand and the two pull each other towards one another, for a quick friendly embrace. Electrex lets go of Ralaez, and walks over to the throne, and sits down.

MALICIA

What's this all about?

ELECTREX

This was merely a little social experiment to see which of my minions is loyal to me. And congrats Malicia you failed miserably.

SQUIDENGER

What about Damash, and Seductra?

DAMASH

We were in on the whole thing.

SEDUCTRA

Why do you think that I was so insistent about the mutiny?

MALICIA

Because you thought that Ralaez had more power than Electrex?

SEDUCTRA

Don't be silly, Ralaez isn't nearly as powerful as Electrex.

RALAEZ

Besides Seductra's not my type.

SEDUCTRA

And Ralaez has a face that only his mother could love.

DAMASH

And if you're wondering, the Genetic Manipulator was fully juiced before Ralaez got here. The whole thing with Ralaez using it was all a part of the act.

SQUIDENGER

But why is Ralaez only now showing up?

RALAEZ

I had...other things that I needed to do when Damash was doing his recruiting.

DAMASH

Besides we had plenty of help when we first started.

MALICIA

But why show up now?

ELECTREX

Now that the Rangers have proven to be a constant nuisance, we need all the help we can get. And knowing the Rangers they've probably got something else up their sleeves with those three new Zords of theirs.
