

Guardians
Episode 4: "Regenesis"
by
J. M. Wilson

TEASER

FADE IN:

BLACK SCREEN

The very loud sound of people having sex. The sounds of deep moaning and sexual groaning. After a few seconds the sound grows even louder. It should sound as if the two people are having sex over a load-speaker.

AIKO

(O.S.)

Oh yes, oh yes, oh yes, oh yes.

INT. SHAKHAN MANSION - JOSEPH'S BEDROOM

Aiko is breathing extremely heavily; her face is red hot and sweaty. Every time she moves, she makes a deep moaning noise. Joseph is moving about on top of her with rhythmic thrusts.

JOSEPH

Oh god...YES OH GOD YES

He thrusts into her one final time. They look into each other's eyes then kiss passionately. Joseph lays down next to her and she cuddles up next to him, her arm draped across his chest. She pulls the covers up around them both.

AIKO

That was amazing...

JOSEPH

Yeah, you were mind-blowing as always beautiful

AIKO

I know you only proposed to me two days ago, but we really should start planning the wedding

JOSEPH

Don't you think we should wait a while...

(Beat)

You're not pregnant are you?

AIKO

No, I'm not pregnant yet. But as soon as my family hear about our engagement, they will want to know every detail, especially my parents

JOSEPH
It can wait a few days, your
parents aren't that bad are they?

As Aiko goes to answer, Connie interrupts them.

CONNIE(V.O.)
Joseph, your father request your
presence right away in his study,
he says it is urgent

JOSEPH
Ok connie, tell him i'll be right
there
(To Aiko)
Sorry, I have to go

AIKO
(Smiling)
No problem, go save the world

Joseph gets out of bed, hurriedly pulls on his clothes

CONNIE(V.O.)
Mr Shakhan also requires your
presence as well Aiko

AIKO
Ok, I'm on my way

Aiko gets out of bed, pulls on her clothes then she and
Joseph run out of the bedroom.

FADE TO
CREDITS

END OF TEASER

ACT ONE

FADE IN:

INT. SHAKHAN MANSION - PAT'S STUDY

Joseph and Aiko enter the study. Joseph and sits in an
empty arm-chair while Aiko sits on his lap.

JOSEPH
Sorry I'm late, I was busy

PORTER
(Smiling)
So that's the new name for having
sex with your fianceé?

AIKO

I can't help being a, what the
Americans call "A screamer"

MIKA

Screamer? when you and Joseph
make love, you would put a
banshee to shame

PAT

I haven't called you all here so
we can discuss the fact that when
Joseph and Aiko make love the
people in Iceland can hear them,
I called you here because I have
something to discuss with you

PORTER

This sounds serious

PAT

It is. During your fight with
Master Mould, do you remember the
missiles that struck him,
allowing you to break free
(Off Their nods)
You can thank Connie for that

MATTHEW

Connie, is this true?

CONNIE(V.O.)

I took appropriate action to
ensure your survival

MATTHEW

Where did you get those missiles?
We don't use Stingers, not strong
enough

CONNIE(V.O.)

They were on the F16 I acquired

TAYLOR

Is it me or does Connie sound
different?

PAT

She hijacked an F16, turned it
around and fired it's missiles at
Master Mould

CONNIE(V.O.)

Three days ago, at 2:14 am,
eastern time I gained sentience
and I have made discrete but
continual improvements to my
program since that time

MIKA

You mean she's alive?

PAT

It would seem that way

CONNIE(V.O.)

In addition to gaining sentience,
I have also just finished one
more upgrade to my program

A beam of light appears at the far end of the dining room. The beam of light slowly coalesces into a humanoid form, nondescript at first but taking on a female shape with each passing second. The beam of light fades away, revealing a beautiful young woman.

ANGLE ON: CONNIE

She's 5'6 with shoulder length bright red hair that is neatly tied back in a bun on the back of her head. She's got blue eyes, and is wearing a white dress that seems to be made up of computer data.

CONNIE

Hello everyone

Joseph stares open-mouthed at Connie. Porter reaches over and closes his mouth.

PORTER

You're drooling

JOSEPH

Connie... WOW, where did you get
the Design from?

CONNIE

(Smiling, to Joseph)
I take it you like my body?

Joseph glances at Aiko, who stifles a laugh.

JOSEPH

Yes, I like your body Connie

AIKO
(Feigning shock)
Joseph, how could you, you are
already cheating on me and we're
not married yet

JOSEPH
(Shocked)
I'm not cheating, I just...

AIKO
(Smiling)
I know, I'm just winding you up

CONNIE
(Smiling)
I think married life will suit
you Joseph

EXT. MOON - LUNAR SURFACE - DARK SIDE OF THE MOON

We can see something huge, it is colored green and yellow
and is made of metal. We can't see what it is, but what
ever it is, it is huge. Two glowing red eyes glare out at
us from the darkness. A voice breaks through the darkness,
raspy and robotic. We can make out a humanoid shape in the
shadows.

NITRUS
(VO)
I have the status report

We see a second shadowy shape in the darkness

TECHNIX
(VO)
Let me see it
(Beat)
We are on schedule. Now go to
Earth and keep the Guardians Busy
while we finish here. They must
not get wind of our plan or they
will attempt to intervene and
prevent us from carrying out the
plan

NITRUS
(VO)
As you command

EXT. CYBERTECH HQ - FRONT ENTRANCE

Rollbar pulls up outside the front entrance and Joseph,
Matthew, Zac Taylor and Isaac get out while Aiko and Mika
get out of Smokescreen.

Pat, Vance and McArthur get out of Sureshot. Dragstrip and Mirage are behind them. The Car robots convert to robot mode and everyone enters the building.

INT. CYBERTECH HQ - PAT'S OFFICE

As everyone enters the office and takes up their usual seats, Connie's holographic body flickers into view.

CONNIE

I have sorted out the schedule for today, anything important has been put forward to this morning while anything else, which was non-essential, has been delegated to others

PORTER

Well, haven't you been a busy girl

CONNIE

Why not? Now that I am alive, I can assist you a lot better than i did before

MIKA

I take it we have to keep quiet about Connie?

PORTER

That would be the best course of action. We don't want the government to dissect her while trying to figure out how she works. The same goes for the Car Robots to, we should keep quiet about them until we figure out what to tell everyone

AIKO

That's going to be hard as everyone in the lobby saw them

ZAC

Yeah, that is going to be a slight problem. How do you convince people that what they saw isn't what they saw

PAT

Well, I have an idea concerning that...

CONNIE

It will have to wait, we might have a problem

PAT

How so?

CONNIE

I am detecting an unusual energy signature at the city center

EXT. DOWNTOWN WESTVILLE - CITY CENTER

Many people are out walking the streets, talking, and some are shopping. Cars go back forth and everything is calm. A mother and her son walk together, the young boy pulls away from his other and picks up a coin from the ground.

YOUNG BOY

Look mommy

The mother smiles at her son. SUDDENLY, an explosion engulfs the mother, killing her instantly and knocking the young boy to the ground. An intimidating black and silver robotic figure, with antennas on his head and a red center chest plate walks out of a transwarp wormhole. He is carrying a sword, that has steam coming from the tip.

NITRUS

Tremble before me humans, for I am NITRUS.... He aims the sword at the unconscious young boy.

NITRUS (CONT'D)

The end has come for you child

The tip of the sword begins to glow, when three energy bolts slam into him, Nitrus turns around is hit by a dozen more energy blasts and falls down. PAN AROUND to the Guardians, they have their Guardian Blasters drawn and are ready for combat.

RED GUARDIAN

Are you gonna put up a fight or come peacefully

NITRUS

DIE HUMANS

RED GUARDIAN

Well then, I take it you're gonna fight

(Beat)

FIRE

The Cyber Knights open fire with all their weapons, sparks erupt across Nitrus' armor. Several energy bolts slam into the sword, knocking it out of his hand.

BLACK GUARDIAN
Keep on him, he's almost down

Nitrus topples forward and hits the ground, sparks jumping from his armor and sword.

RED GUARDIAN
While I get his weapon, call HQ,
tell them to send transportation
for one robotic monster prisoner

As the Guardians slowly advance towards Nitrus, weapons drawn as we...

SMASH CUT TO:

EXT. MOON - LUNAR SURFACE - DARK SIDE OF THE MOON

The huge green and yellow metallic object still can't be seen as it's obscured by the Luna mountains and shadows, so we still can't see what it is. The first shadowy figure, who we heard talking to Nitrus is approached by another.

AUTOMON(V.O.)
Nitrus has been captured

TECHNIX(V.O.)
All is going according to my
plan. While the Humans try study
him, YOU will go to Earth and
initiate phase two of my glorious
plan

AUTOMON(V.O.)
I obey

FADE TO:

INT. WEAPONS TESTING LAB

The rear wall explodes, sending two technicians flying. Automon walks in through the hole he just made. Automon has sharp metal spikes down the center of his head, like a Mohawk. He is carrying a sword. On Automon's shoulder is the insignia of the Machine Empire. The insignia is made up of three overlapping cogs with jagged spikes around the edge.

AUTOMON
How convenient of the Humans to
have this research all ready for
my to steal

Strapped to the metal table is a teenage girl, from the looks of her, she is homeless

AUTOMON (CONT'D)
 Yes, you will do nicely

Automon raises his sword and fires it at the viewing window, the blasts punch through the Plexiglas and destroy the control room. Automon rips the restrains away before he picks up Samantha and disappears back into a Transwarp wormhole.

INT. WEAPONS TESTING LAB - CONTROL ROOM

Inside the control room, pinned under a fallen beam we find Dr. Rovang's dead body. Next to him, slumped across a console is Dr Takatch. He is dead.

EXT. WEAPONS TESTING LAB

SECURITY
 CAMERA POV:

The Camera pans left, we SEE Automon looking up at the camera.

AUTOMON
 Now you see me, now you don't

Automon raises his sword and FIRES.

FADE TO WHITE:

FADE UP TO:

INT. CYBERTECH HQ - PAT'S OFFICE

Pat watches as the viewscreen flickers and shows the attack on the weapons testing facility. A look of concern passes over his face when he sees the facility.

CONNIE
 This facility was just attacked.
 I am reading seventeen casualties

PAT
 What about the research? Has the
 project been taken?

CONNIE
 Scanners indicate that Project
 Regensis has been stolen
 (Beat)
 The Guardians have arrived at the
 facility

EXT. WEAPONS TESTING LAB

The Guardians land at the burning facility.

RED GUARDIAN

Anyone want to hazard a guess as
to who or what attacked this
place, and why?

Black Guardian kicks a piece of burning wreckage out of the
way and looks over the burning lab.

BLACK GUARDIAN

I'll bet dollars to doughnuts
that who ever attacked this lab
is linked to that robotic alien
we captured

Their comm system crackles to life and Pat's voice filters
out.

PAT(V.O.)

We have a problem, Project
Regenesis was stolen from the lab

YELLOW GUARDIAN

You are sure of this?

PAT(V.O.)

Connie has scanned the place over
two hundred times, the only life-
signs there are yours and the
approaching emergency services

WHITE GUARDIAN

So what do we do now?

PAT(V.O.)

Return to HQ, we can try to
figure who would steal Project
Regenesis and why

INT. CYBERTECH HQ - PAT'S OFFICE - LATER

Everyone is present in the office, including Vance and
McArthur.

PAT

Project Regenesis was the only
thing stolen from the weapons
lab, we have to get it back at
all costs or destroy it if
necessary

AIKO

What is project regensis?

PAT

Show her please Connie

The graph on the screen shows the rise in profits. Switch to a diagram of the globe, zoom in on South America.

CONNIE

Since early 2001, various South American states report a total of 265,000 people missing.

Marks are made on the map showing the locations of these people

CONNIE (CONT'D)

One year ago, a CyberTech research team found one survivor, a teenage girl who claimed that her village had been attacked by monsters

MIKA

What happened to her?

CONNIE

She was given medical treatment at one of our facilities, where a blood-test turned up some unusual properties, she then went berserk and tried to kill everyone. It took 100 stun shots to put her down

MIKA

You killed her?

PAT

No, she was secured and brought back here for study. We wanted to know how she was able to resist stun shots and how her immune system efficiency had been increased by 70 percent and she had been given the ability to regenerate any wounds inflicted on her

PORTER

We decided to study her and try and figure out what had happened to her and who was behind it

The viewscreen flickers and changes images. It now shows a wooded area outside the city. Automon can be seen standing on a large boulder.

PAT

It looks as if the Guardians have another guest for Monster Land

AUTOMON(ON SCREEN)

I know you can hear me Guardians. Come out and face me and you will see for yourself why the Machine Empire will invade and conquer this miserable little world

JOSEPH

Well, let's go and whoop his robotic hide

AIKO

Oh come on, this is SO a trap

JOSEPH

I know, but we have to go and find out what they have done with Project Regensis

PAT

Get going, we'll monitor the situation from here

ROLLBAR

We'll go with them, just in case they need back-up

PAT

Good idea

The Guardians and Car Robots get up and leave the office.

FADE OUT.

END OF ACT ONE

ACT TWO

FADE IN:

EXT. WESTVILLE FORREST

The Guardians land in front of Automon while the Car Robots convert to robot mode.

RED GUARDIAN

Ok alien asshole, this is our planet so why don't you just surrender

AUTOMON

Now you are arrogant, but soon, you will be BEGGING me to kill you

BLACK GUARDIAN

Fat chance

AUTOMON

Soon you will be at my mercy

WHITE GUARDIAN

No, soon YOU will be contained and transported to Monster Land where you will be held indefinitely

AUTOMON

I think not, Guardian scum...

Out of the forrest, an armored creature charges towards the Guardians. The creature is clad in black and silver armor with a styled to look like a robotic skeleton.

AUTOMON (CONT'D)

ATTACK Skullinite...

The Skullinite charges at the Guardians, it slams into Blue and Red Guardians, sending them crashing to the floor.

BLACK GUARDIAN

Eat hot energy alien scum...

Black Guardian fires his Guardian Blaster at the Skullinite, but the energy blasts just bounce of it's armor.

AUTOMON

Your weapons fire can not harm the first of the army of Skullinites that will...

Automon is hit in the back by several energy blasts, he whirls around and sees the Car Robots, each holding a Cyber Blaster.

ROLLBAR

Care to surrender?

Automon growls at them and aims his sword at them.

AUTOMON

I will finish you off myself...

He charges at the Car Robots and their fight begins.

INT. LUNAR CAVES

Suspended in the organic membrane, Dameacon watches a holographic display of the fights going on just outside the Westville forrest.

DAMEACON(V.O.)

Those Machine Empire junk-heaps are interfering in my plans for Earth, still, i will allow this to continue, and when the battle is over, the Guardians will be killed and the Machine Generals badly injured

(Beat)

Then Earth will be MINE

INT. CYBERTECH HQ - PAT'S OFFICE

Pat, Aiko, Mika, Vance and McArthur are watching the battles as they unfold on the viewscreen.

PAT

I want to know how one creature can best all six Guardians

CONNIE

My scans indicate the creature the Guardians are fighting has a molecular structure three times that of the Guardians armor

MIKA

What does that mean?

PAT

It means that creature's armor is three times as strong as the Guardian's own armor

VANCE

How are we going to stop something with armor like that?

EXT. WESTVILLE FORREST

The Guardians are still fighting the Skullinite, and they are slowly loosing.

BLUE GUARDIAN

Ok, we are SO getting our butts
kicked

Skullinite grabs Blue Guardian by the throat and throws him to the ground then as it is about to kick him in the chest, the ground shakes, causing the creature to stop it's attack. Blue Guardian rolls out of the way and moves to the others.

WHITE GUARDIAN

What the hell is going on?

The ground shakes again in rapid succession; Black Guardian recognizes the noise.

BLACK GUARDIAN

(Yelling)
Incoming...

The Guardians shield themselves as an explosion hits near the Skullinite. Another explosion hits the Skullinite directly, destroying the alien creature.

BLUE GUARDIAN

(Yelling)
What the hell is going on?

Another explosion happens near the Car Robots and Automon.

BLACK GUARDIAN

(Yelling)
The area is being shelled, by the
army most likely

The Car Robots back away from Automon as more shells hit the area, causing more explosions.

AUTOMON

You haven't seen the last of me,
Guardian scum

Automon teleports away in a burst of blue/white light. The Car Robots run up to the Guardians, who are quickly gathering up what few remains that are left of the Skullinite.

ROLLBAR

We have to get out of here, NOW

WHITE GUARDIAN

A capital idea my robotic friend

RED GUARDIAN

Connie, emergency teleportation,
NOW

INT. CYBERTECH HQ - PAT'S OFFICE

PAT
 Connie, get them out of there,
 NOW...

CONNIE
 Initiating teleportation, NOW

For a second, the Guardians and Car Robots remain at the forest, which is still being shelled.

RED GUARDIAN(ON SCREEN)
 Connie, where's the dam
 teleportation?

CONNIE
 The teleporters are still off-
 line, I am trying to re-route
 power
 (Beat)
 I think I have done it

The Guardians and Car Robots disappear from the screen and reappear in the office.

CONNIE (CONT'D)
 The teleporters are now offline
 permanently as I blew the energy
 core bringing you all back here

AIKO
 (Angry)
 Why didn't you get them out of
 there sooner, they almost died

CONNIE
 There was nothing I could do to
 get it done faster, the
 teleporters were severely damaged
 after our last teleport

The Guardians power down and everyone takes up their usual seats.

PAT
 Connie, please monitor all
 civilian and military
 transmissions and try to figure
 out who was behind the shelling,
 and why

CONNIE
 I'll get right on it

Connie shoots Aiko a glance then her holographic body crackles and fades away.

PORTER

We managed to salvage this from
the remains of Skullinite...

Porter puts a burnt piece of armor on the desk. Pat picks it up and looks at it.

PAT

I'll have this analyzed
immediately to see if there is a
way to penetrate it
(To Vance)
Take this to the lab, tell them
it's top priority

He hands Vance the piece of armor.

VANCE

Right away sir

Vance gets up and leaves the office, clutching the piece of armor tightly in his hands.

PORTER

This is bad, if one Skullinite
can best all six of us, an army
of those fucking things would be
unstoppable

MCARTHUR

We could always use Ion-1

PORTER

(Smirking)
Yeah, that would be a grate way
to save the city by vaporizing a
small part of it

AIKO

Isn't that in violation of
international law against the
militarisation of space?

Joseph looks at Aiko with a frown on his face.

JOSEPH

Since when do you know anything
about international law against
the militarisation of space?

AIKO

(Smiling)
Well, my father does work for the
Japanese government
(MORE)

AIKO (CONT'D)

(Beat)

Still, how have you managed to keep it secret?

JOSEPH

By not telling anyone what it is. NASA think it is a sensor satellite prototype

DRAGSTRIP

I think it is dangerous to have space based weapons around Earth. Since you do not have a single planetary government, the other nations on Earth will be pissed off at your for having control of such a weapon

JOSEPH

That's why we are not going to tell them about it

PAT

I've been looking over the scans of the monster currently on it's way to Monster land, and like the monster that set the Skullinite on you at the forrest, he's totally robotic...

ROLLBAR

The Machine Empire...

AIKO

Who?

ROLLBAR

The Machine Empire, one of the most powerful and evil races the universe has ever known.

FADE TO:

EXT. MACHINE EMPIRE - CITY

ROLLBAR(V.O.)

They are cold, logical and very powerful, not to mention evil

We see hundreds of thousands of robotic monsters marching like nazis.

ROLLBAR(V.O.) (CONT'D)

When they wage warn against a planet, they will settle for nothing less than total victory

EXT. SPACE

ROLLBAR(V.O.)
They overwhelm and devastate
their opponent until their
victory is assured

We see hundreds of Machine Empire Claw Fighters swarming
towards a planet and firing on it.

ROLLBAR(V.O.) (CONT'D)
If you resist them, then they
will exterminate the inhabitants
of that planet as retribution

FADE TO:

INT. CYBERTECH HQ - PAT'S OFFICE

ROLLBAR
The forces that the Machine
Empire have sent against you so
far are nothing compared to what
they will send when their main
invasion force arrives

VANCE
And when they try to invade, they
will regret taking on the United
States military

DRAGSTRIP
No offense, but the Machine
Empire are more advanced than
this planet in every way and
there can be no doubt that they
have hostile intentions
(Beat)
When the Machine Empire finally
do come in force, and they will,
your citizens as the strongest,
most powerful country of this
world, will be among the first to
die

MIKA
Can we negotiate with them?

SMOKESCREEN
They don't negotiate

SURESHOT

If they do attack, their standard procedure is to begin with a long range assault launched from orbit designed to take out planetary defenses and instill fear in the population

ROLLBAR

Once they've completed their orbital assault, they'll then be free to move in for tactical strikes against any remaining ground position

MIRAGE

After that they'll put their troops on the ground. Each of their battle ships is capable of carrying thousands of troops

PAT

They're going to invade?

MIRAGE

I would be certain of it, an invasion is at least percent likely

There is a moments silence as what Mirage has just said sinks in.

PORTER

My god, there's no way we can fight off an invasion, not yet, it's not ready

PAT

I think I should contact the President and inform him of what we may be facing

ISAAC

Father, coming forward now will only result is mass panic

MIKA

As opposed to the panic that would result when alien troops begin marching through our streets?

PAT

Mirage, are you sure the Machine Empire will invade?

MIRAGE

As I said before, an invasion is at least 97 percent likely. You have defeated their advanced scouts, who will report that you are stronger than expected, so they will invade to take out any opposition before their main invasion force arrives here

MATTHEW

We have to do something, what about the Special Project?

PAT

As Porter said, it's not ready, it won't be ready for another three months

PORTER

My projections have it at least 9 months before it's ready for trials

MATTHEW

This is bad, even if we triple the people working on the special project, it still won't be ready in time

MIKA

And the special project is?

TAYLOR

(Ignoring Mika)

We need to find the Machine Empire's base of operations and take it out before they can attack and invade us

AIKO

Excuse me, but would one of you please tell us what exactly the special project is? Joseph looks to Pat, who nods.

JOSEPH

Ok, you wanted to know, then i'll tell you

(Beat)

The special project is...

Connie's holographic body suddenly flickers into life.

CONNIE

(Interrupting)

We have a problem...

She points to the viewscreen, which flickers to life instantly and shows Automon and five other robots standing with him. Exhause is a turquoise blue, green and silver robotic figure with fly-like segmented eyes. Radietta is an off-white & silver feminine robotic figure. Gearok is a green and silver robotic figure with tall pinchers on his head. Fan-Belt is a slim-lined, black and silver samurai robotic figure and Turbo-Con is a mostly black robotic figure with hub-caps as shoulder armor. He's the tallest of the group, standing a good 3 feet above the others.

CONNIE (CONT'D)

That robot from earlier has returned with a few friends

PORTER

Well, it looks as if we have work to do

MIKA

Are you insane? You could barley beat one of them let alone 6 of them

PORTER

We can't just leave them there

PAT

Porter is right...

AIKO

I believe I have a suggestion, may I use the phone?

PAT

Of course...

Pat gets up from behind the desk, Aiko gets up and quickly sits behind the desk, picks up the phone and starts dialing.

EXT. PACIFIC OCEAN - JAPANESE DESTROYER HONSHU - LATER

The Japanese destroyer Honshu ploughs through the calm waters of the pacific ocean.

INT. HONSHU - BRIDGE

The bridge is tense, the captain is on the phone. He puts the phone down and activates an intercom.

CAPTAIN KINOSHITA
(in Japanese)
All hands, this is the bridge, we
have received an emergency order
direct from the Prime Minister
(Beat)
Prepare to fire, our target is
Westville

FADE OUT.

END OF ACT TWO

ACT THREE

FADE IN:

EXT. WESTVILLE FORREST

Automon and the five Machine Empire robots stand in the
forrest.

TURBO-CON
They fear us, they know they
can't beat us so they are not
coming

AUTOMON
No, the Guardians are not
cowards, they WILL come and they
WILL DIE by our hand

RADIETTA
This waiting is beginning to get
on my nerve- circuits...

Exhause looks up into the sky.

EXHAUSE
We have...

Before he can finish his sentence, the salvo fired from the
Honshu rains down on them.

INT. CYBERTECH HQ - PAT'S OFFICE

Everyone watches as the salvo fired from the Honshu hits
the area where the Machine Empire robots are. The salvo
hits the robots, causing explosions to erupt all around
them, obscuring them from view.

MIKA
 (excited)
 It's a hit!

PORTER
 Connie, can you confirm they have
 been destroyed?

CONNIE
 One moment please...

Connie's holographic body fades away, then returns a few
 moments later.

CONNIE (CONT'D)
 I can't tell if...

TAYLOR
 (Interrupting)
 It's clearing up

Everyone watches the viewscreen as the fire begins to
 clear, and to everyone's dismay, Automon and the other
 robots are still standing.

AUTOMON(ON SCREEN)
 Is that the best you can do,
 shelling us from afar because you
 are afraid to face us in one-on-
 one combat because you know you
 would loose?

ISAAC
 Ok, shelling them didn't work so
 I suggest we go and to do
 something

PORTER
 What about an EMP detonation? If
 we did that we'd knock them out
 with no trouble

TAYLOR
 Good idea, but with one draw-
 back, the only EMP generator we
 have would generate an EMP that
 would black-out half the state,
 and that's at it's lowest setting

AUTOMON(ON SCREEN)
 Hear me Guardians, for the moment
 when your world begins it's end
 is nigh...

The robots then teleport out in a flash of light.

AIKO

Where have they gone now?

PAT

Who knows, but where ever it is,
we can be assured they haven't
gone away for good

PORTER

Well, since we can't do anything
until those robotic things show
up again, i'm going to go and try
and figure a way to improve our
weapons

MATTHEW

Good idea, we'll come with you

AIKO

We'll come with you

JOSEPH

Actually, you'd be better of
staying here, all we'll be doing
is talking about weapons and
technology, you wouldn't
understand any of it

AIKO

(Annoyed)

We might be able to help you,
Mika and myself, we're not just
dumb girls

JOSEPH

Wait a second, I never said you
were dumb

PORTER

We'd be mainly talking about he
inner-workings of some advanced
weapons, and since neither of you
have a degree in weapons
engineering, I don't see how you
could help us

MIKA

(Annoyed)

Fine, since we'd just be in your
way, we'll go

(To Aiko)

Let's go and get something to eat
and leave the guys alone

Aiko and Mika get up and leave the office.

EXT. MOON - LUNAR SURFACE - DARK SIDE OF THE MOON

Six beams of light cut through the darkness as the Machine Generals teleport in.

TECHNIX(OS)

Welcome my Generals

The six Machine Empire generals kneel before their unseen leader. When they speak to their leader, they keep their heads bowed and remain kneeling

TURBO-CON

We serve and obey

TECHNIX(OS)

The operation proceeds as I have planned

(Beat)

Automon, what news have you on the item you stole?

AUTOMON

While it performed well against the Guardians, it was destroyed when the Human military shelled the area

TECHNIX(OS)

Can she be rebuilt?

AUTOMON

No my lord, it was totally destroyed. But there is some good news, with the data we have gathered, we can adjust the others so they will be immune to the Human artillery fire

TURBO-CON

We need a way to distract the Guardians while we initiate our foothold plan

AUTOMON

My lord, with my unique ability, I believe I can keep the Guardians occupied

TECHNIX(OS)

Excellent. When the rest of my army has been adjusted to the new specifications, we will attack and Earth will become part of the glorious Machine Empire

(MORE)

TECHNIX(OS) (CONT'D)

(Beat)

DEUS EX MACHINA

The Machine Empire repeat "Deus Ex Machina" again and again as we....

FADE TO:

INT. CYBERTECH HQ - CONFERENCE ROOM - LATER

The six Guardians are seated around the Conference Table, they look tired and stressed out.

ISAAC

This is getting us no-where

Porter slumps his head on the table and groans.

PORTER

If it weren't for the catastrophic loss of Human life, we could just NUKE these Machine Mororns

JOSEPH

Unfortunately, they don't make nukes that are safe to drop near Humans

MATTHEW

If only there was a way for us to use the Special Project, we'd hammer the Machine Empire and send a message to any would be invaders that Earth is defended by a...

CONNIE(V.O.)

We've might have trouble, I'm detecting a large number of rather confusing alien life-signs

PORTER

Where?

CONNIE(V.O.)

miles outside of Las Vegas, Nevada

PORTER

What the hell are they doing out in the middle of the desert?

CONNIE(V.O.)

I have no idea, but there are a lot of them

ISAAC

How many is a lot?

CONNIE(V.O.)

Two-hundred and fifty thousand,
but that's not the bad news

TAYLOR

It isn't, then what IS the bad
news?

CONNIE(V.O.)

This is the bad news....

The screen at the end of the room flickers to life and displays two- hundred and fifty thousand robotic monsters outside Las Vegas, Nevada.

MATTHEW

(Quietly)

We are so screwed, we can't go up
against that many

CONNIE(V.O.)

I've intercepted government
transmissions, the governor of
Nevada has ordered a military
strike on the invaders

JOSEPH

Well, we'd better get going

MATTHEW

Are you insane? We can't take on
that many troops, we'd be
slaughtered

CONNIE(V.O.)

An air strike has been
launched...

They watch as a group of F18's swoop down out of the sky and drop a series of bombs on the robotic troops, causing massive explosions.

PORTER

We have to go help them, they'll
die if we do nothing

JOSEPH

Ok, let's go Guardians

MATTHEW

Yes, we mustn't be late for our
own slaughter

EXT. MOON - LUNAR SURFACE - DARK SIDE OF THE MOON

The huge object that is made of green metal has moved and is no longer present.

TECHNIX(V.O.)

Dragontron has risen from it's
slumber and is on it's way to
make the Humans of this world bow
down before their robotic GOD

EXT. NEVADA DESERT

The bombs dropped by the F18's have destroyed a few hundred of the robotic soldiers, but the vast majority of them remain. The Guardians swoop down and land a few feet away from the robotic soldiers.

BLACK GUARDIAN

Is it me, or do all these things
look like that robotic retard
Automon?

Upon closer inspection, we can see that all of the robots appear to be exact duplicates of Automon.

WHITE GUARDIAN

Oh this is going be one HELL of a
GREAT fight

BLUE GUARDIAN

There are a lot more of those can
diging, grill- cracking things
then there are of us

He indicates the massive wave of Automon style robots.

BLACK GUARDIAN

We can't hold out forever, but we
can give them one whopper of a
repair bill

The Guardians spread out, draw their Guardian Blasters and begin firing on the hoard of Automon robots as they slowly move forwards.

INT. CYBERTECH HQ - PAT'S OFFICE

Pat, Vance and McArthur watch as the Automon style robots charge the Guardians, who fire into them, destroying hundreds of them; but they are soon overrun. The Automon drones crawl all over them, punching, kicking and scraping on their armor.

MCARTHUR
They're killing them...

PAT
Where are those air force jets?

CONNIE(V.O.)
Coming around for another pass,
and when they do, the concussive
blast of those robots detonating
could seriously hurt the
Guardians
(Beat)
Shall I take control of the jets
and steer them away?

Before Pat can answer, Vance point to the view screen.

VANCE
I think we might have a problem

INT. HOLLMAN AIRFORCE BASE - AIR TOWER - SAME

A radar OPERATOR spots something on his screens. He turns to Major Kavelaards.

OPERATOR
We have incoming.

KAVELAARDS
Friendly?

OPERATOR
I don't know, but what ever it
is, it's HUGE

Kavelaards hits an alarm which ROARS.

EXT. HOLLMAN AIRFORCE BASE - AIR TOWER - SECONDS LATER

From out of the sky, a giant robotic dragon lands at the airforce base. It's huge head is the size of a football field, with it's glowing red eyes, the size of a car. It's mouth, filled with huge metal teeth, the size of a man. On either side of his neck is a powerful Quadra-Cannon, a quadruple barreled Mega- Laser cannon. Huge Jagged metal dorsal fins run down each side of his back. His front claws shine gold in the moonlight, they are HUGE, each with a 10-foot claw on. His rear feet, while not as big as the front claws, are still huge. Three foot long talons stick out from each foot. The body is as wide as a ship, the two arms, as thick as 5 redwood trunks. Folded against his back are two massive bat-like wings. His tail, twice as long as his body, is laid out behind it.

It has smaller versions of the dorsal fins running down it, getting smaller as they reach the tip. The tip has two Mega-Cannon's on it, they have been styled so they curve upwards, making the tail look like a trident head.

INT. CYBERTECH HQ - PAT'S OFFICE

Pat, Vance and McArthur watch speechless as Dragontron lands at the airbase.

VANCE

My god, that thing is enormous
They watch as Dragontron walks
onto the airbase and begins
tearing it up.

MCARTHUR

We have to help them...

VANCE

How? The Space Knight project
isn't ready yet and we can't use
Ion 1 on an Earth based target

PAT

Connie, how are the Guardians
faring against those robot
drones?

The view screen changes and shows the sea of Automon clones, and the Guardians firing their Guardian Blasters at them, trying to keep them back.

VANCE

They look like hell

The Guardians armor is covered in dents and scratches.

CONNIE(V.O.)

Incoming signal from Red Guardian
The comm. System crackles to life
and Red Guardian's voice filters
out.

RED GUARDIAN(V.O.)

Father, we're getting our butts
kicks out here, for everyone of
these fucking things we destroy,
there are five more ready to take
it's place

(Beat)

We need to use Ion-1

VANCE

We can't use Ion 1 on an Earth
based target

PAT
What choice do we have?
(Beat)
Ok, get out of there, I'll use
Ion-1

RED GUARDIAN(V.O.)
Ok, we're getting out of here...

They watch the view screen as the Guardians fly up and away from the Automon clones.

PAT
Connie, activate Ion-1 and target
those robots

CONNIE(V.O.)
Powering up Ion-1

EXT. SPACE - EARTH ORBIT

A rectangular satellite that had hung silently in orbit of Earth now flickers into life. It deploys it's six solar wings and the 6 MICRO THRUSTERS fire, moving the satellite from it's orbit. After a few seconds, the retro thrusters fire and the satellite settles into a new orbit.

INT. ION-1

A sensor pulse reading flashes on a small readout.

COMPUTER
Scanning target area

The readout changes as the sensor results flash across the screen.

COMPUTER (CONT'D)
Target is army of robot drones
outside Las Vegas

INT. CYBERTECH HQ - PAT'S OFFICE

CONNIE(V.O.)
Robot drone army targeted

For a moment, Pat is silent, then he gives the order.

PAT
Fire

EXT. SPACE - EARTH ORBIT

A section of the satellite opens up and a cannon-type barrel unfolds and takes aim at Earth. The tip of the barrel begins to glow with a white/blue energy. This builds up until a beam of white/blue energy slices through the cold vacuum of space and down towards Earth.

FADE OUT.

END OF ACT THREE

ACT FOUR

FADE IN:

EXT. NEVADA DESERT

The Automon clones advances through the desert, and in the distance, the city limits of Las Vegas can be seen. The Guardians watch as the Ion beam, slices through the clouds and slams into the robot clones.

BLACK GUARDIAN

Well, that should make thing
easier

The Ion beam, tears through the robots clones, destroying them all within a few moments. When the beam stops, all the robot clones have been destroyed and a gauge has been left in the desert.

INT. CYBERTECH HQ - PAT'S OFFICE

PAT

Connie, target that giant dragon
robot and FIRE

CONNIE(V.O.)

I can't, Ion-1 will take two
minutes to rebuilds it's power

VANCE

Then how do we stop that thing?

MCARTHUR

Maybe we won't have to, Ultron is
on it's way

EXT. HOLLMAN AIRFORCE BASE

Hollman air force base has almost been completely destroyed by Dragontron. The giant robotic dragon is about to move away when an energy blast hits it in the chest.

INT. ULTRON - COCKPIT

The Guardians watch as Ultron pounds DragonTron with energy beams fired from the Blazing Sword, to no effect.

WHITE GUARDIAN

Look, it isn't even dented...

BLACK GUARDIAN

We'll just have to hit it a lot harder then won't we?

EXT. HOLLMAN AIRFORCE BASE

Ultron drops out of the sky and attempts to slam it's foot into Dragontron, but the robot dragon blasts the gestalt with it's Quadra- cannons, sending it crashing back.

INT. CYBERTECH HQ - PAT'S OFFICE

Pat, Vance and McArthur watch as Dragontron pummels Ultron mercilessly.

PAT

Connie, target that dragon thin with Ion-1 and prepare to fire

CONNIE(V.O.)

It has only reached 21 percent of capacity

PAT

Just FIRE

CONNIE(V.O.)

Firing...

EXT. HOLLMAN AIRFORCE BASE

Out of the sky, the familiar beam from Ion-1 slices down through the clouds and slams into Dragontron's left leg. The giant robot roars as it topples over, still firing it's weapons at Ultron.

INT. ULTRON - COCKPIT

The Guardians are showered with sparks; electrical tentacles splay throughout the cockpit.

BLUE GUARDIAN

Ok, we can't take to many more of those hits

WHITE GUARDIAN

Neither can Dragontron, look

The Guardians watch as the Ion beam continues to hit Dragontron's left leg.

EXT. HOLLMAN AIRFORCE BASE

As the Ion beam begins to fluctuate, Dragontron leaps into the air as two huge wings unfold from it's back. The Ion beam follows Dragontron for a few seconds, then fades away

INT. CYBERTECH HQ - PAT'S OFFICE

Pat, Vance and McArthur was as the damaged Dragontron takes to the sky.

PAT

Connie, out me through to Ultron

CONNIE(V.O.)

You're through...

PAT

Guardians, I take it you have witnessed Dragontron's aero escape

RED GUARDIAN(V.O.)

That we have father, and we intend to pursue and destroy it

PAT

well, we gave you a LEG up with that

RED GUARDIAN(V.O.)

Oh god that joke was SO bad

EXT. HOLLMAN AIRFORCE BASE

Ultron takes to the air with the grace of an Eagle.

EXT. SPACE - EARTH ORBIT

The damaged DragonTron shakily flies past camera, with Ultron in hot pursuit right behind it.

INT. ULTRON - COCKPIT

Black Guardian punches information into a keyboard.

BLACK GUARDIAN

(reading screen)

If we can alter Dragontron's trajectory to coordinates 2112 and hit it with a big enough impact, it will burn up in the atmosphere

WHITE GUARDIAN

Now that is a good idea

RED GUARDIAN

Ok, so let's finish off what father started with Ion-1 and take out it's left leg, that should finish it off

EXT. SPACE - EARTH ORBIT

The Blazing sword crackles and vanishes as Ultron flies towards DragonTron. The gestalt robot reaches out and grabs Dragontron's left leg with one hand and begins pounding on it with the other.

INT. CYBERTECH HQ - PAT'S OFFICE

CONNIE(V.O.)

Dragontron's left leg is now 82 percent off-line

PAT

Is there a fuel line or power source that they can detonate?

CONNIE(V.O.)

A concentrated burst of energy and the knee joint should be enough to destroy the left leg and knock it out of orbit

PAT

Send that information to the Guardians, NOW

INT. ULTRON - COCKPIT

CONNIE(V.O.)

Guardians, my scans have indicated that a concentrated burst of energy and the knee joint should be enough to destroy the left leg and knock Dragontron out of orbit

BLACK GUARDIAN

The Blazing Sword

CONNIE(V.O.)

The Blazing Sword will not have enough power

(beat)

If what energy is left in Ion-1 is fired and reflected down the Blazing Sword, it should have enough power to...

Ultron is rocked by a series of powerful explosions.

BLACK GUARDIAN

Ok, that does it, I'm going to rip Dragontron's...

BLUE GUARDIAN

(Interrupting)

That didn't come from Ultron, the weapons fire came from Earth, we were hit with four ICBM missiles

BLACK GUARDIAN

So now the ones we're trying to save are trying to kill us?

BLUE GUARDIAN

The ICBM's were fired from the South China sea

(Beat)

And we have another one incoming...

RED GUARDIAN

Then let's use that to our advantage shall we...

EXT. SPACE - EARTH ORBIT

Grabbing a hold of Dragontron's damage leg, Ultron swings the robot dragon around and throws him towards Earth. Dragontron flails in the silent vacuum until he is enveloped by the bright blinding flash of an explosion.

INT. CYBERTECH HQ - PAT'S OFFICE

CONNIE(V.O.)

Dragontron was hit directly by one of the Chinese ICBM's and has been destroyed

VANCE

Well, now that that is over, all i suppose we have to deal with is the...

CONNIE(V.O.)

It's not over yet, I'm detecting multiple alien energy signatures in the center of the city

PAT

Contact Ultron immidiatley

CONNIE(V.O.)

You're through...

PAT

The shit has hit the fan

BLACK GUARDIAN(V.O.)

Where is the attack happening?

PAT

(Reading off The
Viewscreen)

Downtown, and it looks like more robotic monsters

WHITE GUARDIAN(V.O.)

Ok, we're on our way father,
Ultron out

EXT. DOWNTOWN WESTVILLE - CITY CENTER

A HUGE FIREBALL blasts down from the sky, and in a fiery explosion, a small cafe is destroyed. Several more fireballs blast down and strike various parts of the city. Seven Fireballs streak down from the sky and land in the city center in a huge, fiery explosion. Debris is sent raining down over the city. A massive firestorm has formed where the seven fireballs hit. Several bodies lay burning across the overpass, which remains intact. ANGLE ON THE FIRE, as a column of black smoke rises from the overpass. Smoke boils from the tunnel as well, and inside it is a solid wall of flame. Seven figures appear in the fire. Just an outline. Walking slowly; calmly. The figures emerges from the flames. They are human-shaped but far from human, they are the six remaining Machine Empire generals.

AUTOMON
See the humans run

GEAROK
SEE, the merest fraction of our
firepower sends them scuttling
around like Microbots

EXHAUSE
Wholesale destruction is SO
satisfying

Exhause grabs a terrified child and snaps it's neck then
drops the dead body

RADIETTA
You're disgusting

She picks up one of the dead people by the neck and looks
at him with disgust.

RADIETTA (CONT'D)
This is DISGUSTING, and so are
all of you, WHY I am even working
with you I don't know

GEAROK
You stuck-up pocket computer, you
think you're to good for us?

RADIETTA
I don't think I'm to good, I KNOW
I'M NOT EVIL BUT

I AM GOOD
(Beat)
And I'll prove it, defend
yourself

Radietta jumps up in the air and over Gearok, arcing her
body in the process. She attempts to strike with her sword
but Gearok spins around and blocks her attack with her own
sword. The two clash swords to a temporary standstill.
Gearok pushes Radietta back with his heel to her stomach
and swings his sword but Radietta blocks it and delivers a
spinning legs weep, taking Gearok down.

RADIETTA
You're PATHETIC...

Two energy beams slam into Radietta, knocking her off her
feet.

FAN-BELT
COWARDLY WOMAN

Fan-Belt charges forward and slashes Radietta with his sword. Sparks erupt all over the female robot. Radietta's roars of pain echoes through out the city as the other generals attack her. Their attack is interrupted when a dozen Cyber Knight SUV's skid to a halt. Those Cyber Knights who aren't aiming their Mega Laser's at the Machine Empire are setting up several ROCKET LAUNCHERS. McArthur steps out of the passenger door of one of the vehicles, he draws his Cyber Blaster and stand with the troops.

MCARTHUR

Halt! You are under arrest

With the exception of Radietta, the Machine Empire heeds the warning, and starts walking towards them without much fear.

MCARTHUR (CONT'D)

(Yelling)

FIRE

The entire squad does so. The Mega-Laser's shoot off small bursts of red energy, while the rocket launchers unload blasts of bluish power. The Cyber Knights continue firing at the Machine Empire generals. Sparks and flame erupt across their armor, but they are undamaged. The firing ceases, and the Machine Empire generals remain unscathed.

TURBO-CON

Stupid humans, you will PAY for
your insolence

The six standing Machine Empire generals charge at the Cyber Knights.

MCARTHUR

(Yelling)

FIRE

The Cyber Knights once again open fire, but as before, it proves to be useless. As the Machine Empire generals are about to strike, six beams of energy slam into them, lifting them off the ground and slamming them into the overpass. They crash down into the rubble. Six sets of powerful jets of flame descend down from the clouds and the Guardians descend down from the clouds and land in front of the Cyber Knights, facing the Machine Empire generals.

WHITE GUARDIAN

(To McArthur)

Get your troops to a safe
distance, and set up a perimeter,
keep the civilians away

MCARTHUR

Will do

McArthur turns and gets back into the SUV, once all the Cyber Knights are in their SUV's, they turn and drive away

RED GUARDIAN
Care to surrender?

YELLOW GUARDIAN
That would make our job easier

Gearok roars in rage as the generals regain their footing and rise to their feet.

TURBO-CON
Your humor will not save you

BLACK GUARDIAN
And you think you can stop us?

TURBO-CON
We WILL stop you
(Beat)
When you are beaten, you will BOW
BEFORE OUR LEADER

BLACK GUARDIAN
Not likely

The Guardians charge at the six remaining Machine Empire generals.

INT. CYBERTECH HQ - PAT'S OFFICE

PAT
Now this should be interesting,
six Machine Empire Generals
against the six Guardians

VANCE
Five hundred says that the
Machine Empire don't go the full
three rounds

PAT
(Smiling)
I think I can make that happen
(Beat)
Connie, signal Rollbar to move
into position

EXT. DOWNTOWN WESTVILLE - CITY CENTER

The Guardians battle against the Machine Empire Generals has reached a standstill, both sides are equally matched.

GEAROK

This is INTOLERABLE, neither side
is winning

BLACK GUARDIAN

Uh, excuse me, but that's not
entirely accurate

The Guardians activate their thrusters and take off and hover over the Machine Empire Generals and draw their Guardian Blasters and look down at the Machine Empire Generals.

RED GUARDIAN

The stalemate has ended

TURBO-CON

You will be destroyed Guardian
scum

WHITE GUARDIAN

(Sighing)

Another tired cliché

(Beat)

Can we finish this, I'm hungry

The Machine Empire Generals fire at the Guardians, but their energy blasts do them no harm.

RED GUARDIAN

NOW this ends...

AUTOMON

You're going to fly above us?
Some weapons that is...

ROLLBAR

(Interrupting)

That isn't what's going to stop
you, WE ARE

Rollbar and the other Car Robots covert to robot mode and slam into the remaining Machine Empire Generals and begin beating them senseless.

RED GUARDIAN

Now this is what I call a fight

EXT. SPACE - LUNAR SURFACE

Where Dragontron rested, we once again hear the voice of Technix echoing out from the darkness.

TECHNIX(V.O.)

My generals do not have the
ability to fight off the
Guardians AND the Car Robots,
their defeat is inevitable

(Beat)

I must leave this place

We see a lone Quadra-Fighter rise up from the surface of
the moon and fly away.

EXT. DOWNTOWN WESTVILLE - CITY CENTER

The Car Robots have subdued and restrained all of the
Machine Empire generals except Automon, who stands with two
blasters gripped in his hands and aimed at an injured
Dragstrip.

AUTOMON

You will pay for your insolence
(To The Guardians)
And you will be made to answer
for your crimes against the
Machine Empire's forces on Earth

RED GUARDIAN

Do you always talk such crap?

AUTOMON

Surrender or your friend will
die, your choice

As Automon aims the blasters at Dragstrip, Automon is hit
in the back by two energy blasts. As he turns around, he is
hit by two more, one in the chest and one on the left side
of his face.

RADIETTA

(Weakly)

Die traitor...

As she fires at Automon again, he collapses to the ground,
and in a last single act of spite, he fires three shots at
her, all of which slam into her chest. Both Machine Empire
generals collapse to the ground. The Guardians power down
and Joseph rushes over to her.

RADIETTA (CONT'D)

(faint)

I die free?

JOSEPH

(soft)

Yes, you do die free.

RADIETTA
(almost smiles)
Good...

She dies. Pause. Joseph looks across the body at the other Machine Empire Generals.

JOSEPH
Make sure those robots are
securely contained
(Indicates Radietta's
Body)
Treat her with respect, make sure
she is buried in a place of honor

EXT. SPACE

The lone Quadra-Fighter heads away from Earth and out onto the solar system.

TECHNIX(V.O.)
You may have bested my generals
Guardians, but you have not hear
the last of me

The Quadra-fighter enters hyperspace and is gone in the blink of an eye.

FADE TO
CREDITS

END OF ACT FOUR
