

Guardians
Episode 7: "Twisted Mirror"
by
J. M. Wilson

TEASER

FADE IN:

EXT. WESTVILLE - CITY CENTER

The Guardians are fighting a humanoid cyborg bat monster in the center of Westville. There are a few burnt out cars near by.

ROBO-BAT

Give it up Guardians, the Necrari
will reclaim what was once theirs

BLACK GUARDIAN

Over your dead body...

Black Guardian draws his Guardian Blaster and Cyber Blaster and fires them at Robo-Bat. The cyborg monster counters by firing two energy beams from his eyes. The beams meet, forcing both of them back a few steps.

ROBO-BAT

I can keep this up all day, can
you?

There is an explosion that separates the two of them. A strange rift can be seen. The rift resembles a large jagged tear in space within which can be seen a maelstrom of constantly changing colors and patterns.

BLACK GUARDIAN

What have you done you robo-
freak?

ROBO-BAT

Don't blame me, YOU were the ones
who decided to try and stop me

The colors within the rift change, swirl, shift then suddenly the rift surges and two tendrils of energy whip out, one hits Robo-Bat while the other hits Black Guardian.

CLOSE ON: BLACK GUARDIAN

His eyes focused on the blurry image of Robo-Bat, his voice strangely echoing...

PORTER

Oh god my head is SO spinning the
opposite way to Earth

PULL BACK to reveal the rest of the city center except for directly behind Black Guardian. History has just been changed although Porter doesn't yet realize it.

ROBO-BAT

What have you done you Guardian
scum?

Regaining his composure, Black Guardian whirls around and as he is about to fire his Guardian Blaster, Robo-Bat is hit from either side by a barrage of energy blasts and is knocked down. Black Guardian whirls around and sees a squad of heavily armed Cyber Knights running towards him. They fire on Robo-Bat once more, their blasts tearing into the alien monster's body and killing it.

BLACK GUARDIAN

What the hell is going on?

ACT ONE

FADE IN:

EXT. WESTVILLE - CITY CENTER (ALTERNATE UNIVERSE)

The Cyber Knights quickly surround Robo-Bat's body.

A.U. VANCE

Take this back to HQ, Dr Shakhan
will want to examine it

Vance turns to Black Guardian and walks up to him.

A.U. VANCE (CONT'D)

Are you ok Porter?

BLACK GUARDIAN

What is going on? Since when do
we kill monsters instead of
containing...

Black Guardian stumbles back a few steps then collapses to the floor.

A.U. VANCE

MEDICS.....

Two Cyber Medics run up, pulling a stretcher with them. Their uniform is a light blue version of the standard CYber Knight uniform with the Caduceus on their baseball cap instead of the CYber Knight logo.

A.U. VANCE (CONT'D)
Get him back to HQ immidiatley

There's an explosion of electrical activity and they watch, stunned, as Black Guardian's armor de-materializes and Porter appear back in civilian clothes.

A.U. VANCE (CONT'D)
Well, what are you waiting for,
get moving

The Cyber Medics pick the unconscious Porter up and place him on the stretcher. They wheel him over to a waiting ambulance, load him inside then get in and drive away.

INT. CYBERTECH HQ - INFIRMARY (ALTERNATE UNIVERSE)

Porter is laid unconscious on a bio-bed, hooked up to various life support devices.

A.U. VANCE
What else can I tell you, one moment there was just nothing, then the next, he was there with the monster

A.U. PAT
And you saw nothing that would explain his arrival?

A.U. VANCE
Nothing at all, it's as I said, one moment there was just nothing, then the next, he was there with that monster

A.U. CONNIE(V.O.)
He's beginning to come around...

Pat and Vance step up to Porter, who slowly opens his eyes.

A.U. VANCE
Glad to see you finally decided to wake up

PORTER
Bite me...

He tries to sit up, but Pat stops him.

A.U. PAT
You need to rest, you have a lot of questions to answer

PORTER

So you do...

(He lays back down)

Why did you shoot that monster?

A.U. PAT

We always shoot monsters

PORTER

No, we contain them, not kill them

(To Pat)

Father, what's going on?

A.U. PAT

This may be hard to believe, but I'm not YOUR father

PORTER

Excuse me?

A.U. PAT

MY Porter dies three weeks ago, defending Hawaii from an attack...

Porter sits up in bed. Either Pat is joking or he hit his head harder than he thought.

VANCE

So, either you have returned from the dead...

A.U. AIKO(O.S.)

Or he could be from an alternate reality...

Porter looks up and sees Aiko enter the infirmary, she's wearing a Cyber Knight uniform and is wearing a pair of Guardian Activators.

A.U. PAT

Alternate reality?

A.U. AIKO

The scanners confirmed that the energy blast that brought him here was the catalyst for the formation of a dimensional rift

Porter stares at her Guardian Activators.

A.U. PAT

To out it bluntly, this is not OUR Porter

PORTER

So this is not MY Earth, this is
just some alternate reality?

A.U. PAT

Yes, that would seem to be the
case

Porter sits up in bed and swings his feet down. he unplugs
himself from the life support equipment.

A.U. AIKO

Where do you think you're going?
You need to rest

PORTER

No, what I need to do is get back
to MY world, not this twisted
mirror version

Porter gets off the bed and pushes past Aiko and Pat and
heads for the door. He stops in his track when he sees Mika
standing in the doorway.

A.U. MIKA

When I was told about you, I
believed my Porter had come back
to me, now I know I was wrong

PORTER

Come back to you?

A.U. MIKA

I lost you. I watched my Porter
die. Three days ago, in defense
of this country. And here you
are, alive, and you don't even
know me

PORTER

You lost me?
(To Pat)
What's going on?

A.U. PAT

(To A.U Aiko)
Let's take our guest and show him
(To Porter)
This will hopefully answer any
questions you have

Pat makes a hand gesture to follow him, and all leave the
room after him.

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

In our reality, this is the Conference Room, but in this reality it is a War Room. It has a series of computer consoles and monitors around the edge of the room. There is a massive view screen at the far end of the room and the center of the room is dominated by a holographic map-table.

A.U. VANCE

Over here...

Pat leads them to a map of the world on the wall with various red markings on it.

A.U. PAT

Every one of those red dots is a city that has been taken by the Nocrari

The map depicts major cities with red dots covering them.

PORTER

(Shocked)

They've invaded Earth?

A.U. PAT

Yes, about a month ago, give or take a day...

PORTER

That's around the time we became the Guardians in MY reality...

A.U. PAT

It was the same here, except that after Dameacon's initial attack, all was quiet, but the peace did not last long...

FADE TO:

EXT. MOUNT RUSHMORE - (ALTERNATE UNIVERSE)

A.U. PAT(V.O.)

The Nocrari attacked several cities across the world at once, the attack was over before it began

The famous land-mark that pays homage to four of America's most memorable Presidents. From out of the clear blue sky, a Nuclear Photonic torpedo streaks down and slams into George Washington's face. Western South Dakota is obliterated instantly.

EXT. PARIS - CHAMP DE MARS - (ALTERNATE UNIVERSE)

A.U. PAT(V.O.)
 In their initial orbital assault,
 it is estimated they killed over
 120 million people

The famous tower and one of the most familiar places on Earth is obliterated by a single N.P.T. that streaks down out of the sky and destroys the famous landmark. The surrounding areas become irradiated.

EXT. LONDON - CITY CENTER - (ALTERNATE UNIVERSE)

A.U. PAT(V.O.)
 In an instant, Paris, London and
 Western South Dakota were
 obliterated

The famous sky-line of the capitol city of the island nation of England is forever shattered as a solitary N.P.T. slices through the sky and slams into Big-Ben, destroying it. A sheer wave of nuclear photonic energy slices through the city, engulfing Westminster. From space a massive mushroom cloud engulfs the city of London and southern England.

FADE TO:

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

A.U. PAT
 After the attacks, President
 Mitchell declared a state of
 emergency and put the United
 States under Martial Law
 (Beat)
 Our Guardians revealed their
 identities to him, shortly
 thereafter he was killed when Air
 Force 1 was shot down over the
 Bahamas

PORTER
 They revealed their identities,
 why?

A.U. MIKA
 So that the President knew who
 was defending the world, that and
 she saw them transform

A.U. AIKO
That and the President gives us
all the funding we need

A.U. CYBER KNIGHT
Sir, there's another report
coming on

PORTER
What's going on?

A.U. AIKO
There's another Negrari attack
The group move over to a
television monitor.

A.U. TV ANCHORMAN(ON SCREEN)
All military efforts to to stop
the Negrari advance have proven
inconsequential. And as a result,
we've lost Key Largo and
Homestead to the aliens

PORTER
Ground troops?

A.U. PAT
Their troops landed on the South
Western coast of Florida four
days ago

A.U. TV ANCHORMAN(ON SCREEN)
As is Europe, Asia, and Africa,
they have slowly begun
systematically taking over city
after city

The television shows images of structures burning and
explosions.

A.U. TV ANCHORMAN(ON SCREEN)
(CONT'D)
Starting in New England, the
Negrari move west with
frightening inevitability. There
has been no response to attempted
communications with the aliens
except their repeated calls for
us to surrender

Close up on Porter as he watches intently the news of the
destruction of this version of Earth.

A.U. TV ANCHORMAN(ON SCREEN)
(CONT'D)

Thus far, they have left no survivors in any city that opposed them in the their seemingly unstoppable wave of invasion...

A.U. Aiko switches the TV off.

A.U. AIKO
So now you know about our world

PORTER
Well, I think I should try and get back to my world as soon as possible, we've only been fighting the Negrari for a short time

A.U. PAT
But you do not know EVERYTHING about our world

PORTER
Oh come on, I have to get back to MY reality...

A.U. AIKO
(Annoyed)
Are you going to help us or not?

PORTER
You've not asked for my help, all you have done is give me a mirror history lesson

A.U. MIKA
The Negrari are planning a massive ground and assault, we need you to help us stop it

PORTER
How? I presume you have a full team of Guardians?

A.U. PAT
Yes...

PORTER
Then why do you need me?

A.U. PAT
Before he died, our Porter was working on a new weapon. I'm hoping you could finish it

PORTER

What about getting me home to MY
reality?

A.U. AIKO

Will you help us?

Before Porter can respond, an alarm goes off.

A.U. CONNIE(V.O.)

Necrari life sign detected in the
Westville business district

A.U. PAT

Can you help us?

PORTER

I thought you already had a full
team of Guardians?

A.U. AIKO

We could always use the extra
help

PORTER

Why not, as long as you promise
to help me get home

A.U. PAT

You have my word on that..

A.U. CONNIE(V.O.)

It's CrocoTron

Mika is visibly upset at the mention of that name.

A.U. PAT

(To Porter)

CrocoTron is the monster that
killed our Porter

A.U. AIKO

Ok, enough talking, let's go
whack that monster...

As Porter and Aiko head out of the door, A.U. Connie's
holographic body flickers into life.

A.U. CONNIE

So, do you think he'll be able to
complete the weapon?

A.U. PAT

Let's hope so

EXT. WESTVILLE BUSINESS DISTRICT - (ALTERNATE UNIVERSE)

The SUV skids to a halt and A.U. Aiko and Porter get out. A large humanoid cyborg crocodile monster is attacking a store-front.

A.U. AIKO
Hey you ugly fucker, over here...

The monster turns to face them, and growls when he sees Porter.

A.U. CROCOTRON
(To Porter)
I saw you killed before my very eyes

PORTER
I'm feeling much better, thank you

A.U. CROCOTRON
What magic is this?

A.U. AIKO
You should know that there is no such thing as magic

A.U. CROCOTRON
(To Porter)
I'll just have to kill you again

PORTER
Not a chance alien scum...

Porter looks to the Aiko, who nods.

PORTER (CONT'D)
Axel Changer, Drive On

(HENSHIN SEQUENCE)

A.U. Black Guardian turns to Porter, who has not transformed.

A.U. BLACK GUARDIAN
What's wrong?

PORTER
I can't transform...

A.U. CROCOTRON
Then this will make your death even quicker at my hands than it was the first time...

A.U. Crocotron takes one step forward and is hit by five energy beams that slice down from the sky. He is knocked back and slams into an overturned burning car.

A.U. BLACK GUARDIAN
(Smiling)
The cavalry has arrived...

From out of the sky, the five remaining A.U. Guardians descend down and land next to A.U. Black Guardian and Porter. They draw their Guardian Blasters and aim them at A.U. Crocotron

A.U. RED GUARDIAN
Ok you Nocrari scum, this is
where you die..

A.U. CROCOTRON
Wanna bet?

A.U. Blue Guardian taps Porter on the shoulder and hands him a Cyber Blaster. Porter takes it and aims it at A.U. Crocotron.

A.U. CROCOTRON (CONT'D)
You know what our demands are, if
you...

A.U. RED GUARDIAN
Kill it...

The A.U. Guardians open fire, their energy blasts tear into A.U. Crocotron, knocking him back. The monster slumps to the floor. A.U. Red Guardian walks up to A.U. Crocotron, who is still alive.

A.U. CROCOTRON
(Weakly)
No more, please! Grant me mercy,
I beg of you

A.U. RED GUARDIAN
Welcome to Earth...

He aims his Guardian Blaster at A.U. Crocotron and shoot him point blank in the head.

A.U. RED GUARDIAN (CONT'D)
Now that's what I call a close
encounter...

FADE OUT.

END OF ACT ONE

ACT TWO

FADE IN:

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

The A.U. Guardians and Porter enter the war room.

A.U. RED GUARDIAN
We managed to kill Crocotron

A.U. MIKA
He's dead?

A.U. RED GUARDIAN
Yes, I killed it myself...

A.U. PAT
(To Porter)
Why didn't you transform?

PORTER
I have no idea. They worked fine
when I arrived here and now they
don't

A.U. RED GUARDIAN
We should take a look at your
Axel Changers, they might have
been damaged

A.U. PAT
A good idea...

Suddenly, there's an explosion of electrical activity and
Porter watches, as the Guardians costumes de-materialize
and they appear back in Cyber Knight uniform.

A.U. JOSEPH
Let's get to the lab, we might be
able to repair your Axel Changers

For a moment, Porter stares at A.U. Joseph then follows him
and the other Guardians out of the room.

A.U. CONNIE(V.O.)
When do we ask him about the
virus?

A.U. PAT
I'll ask him when they've
finished in the lab. We don't
want to force him to help us

INT. CYBERTECH HQ - SCIENCE LAB (ALTERNATE UNIVERSE)

Porter watches a television news report of several buildings in rubble. A.U. Joseph and Aiko are working on Porter's Axel Changers.

PORTER
(gesturing to the television)
Have you seen this? It was an Irish city which was just bombed back into the stone age by Nocrari fighters

A.U. Aiko glances at the television, then returns to work on the Axel Changers.

A.U. AIKO
So? That's a daily occurrence, a city, village or town gets bombed, we shoot down their fighters and kill their monsters, then it starts over again

A.U. JOSEPH
We were at the Battle of Georgetown and we saw the White House burn to the ground
(Beat)
Thankfully we got President McGowan out in time

The television flickers with images of heavily armed Cyber Knight soldiers fighting monsters in a shelled city.

PORTER
What about the American military? Surely they're helping you in the fight?

A.U. AIKO
They're taxed out to their limits helping our allies AND trying to keep the Nocrari from crossing over from Mexico and Canada

A.U. JOSEPH
Ok, I've figured out what's wrong with your Axel Changers

PORTER
And?

A.U. JOSEPH

It's quite simple, your Axel
Changers operate on a frequency
similar to that of Aiko's Axel
Changers, and since hers operate
on a higher setting, yours will
not work as long as you are in
this reality

A.U. Joseph hands Porter his Axel Changers back; Porter
straps them on.

PORTER

Well, there's slag all I can do
here so I might as well try and
get back to my reality.

A.U. PAT(OS)

That's not entirely accurate, you
can help us like you promised

Pat enters the science lab.

PORTER

What sort of weapon was my
counterpart working on?

A.U. PAT

He was working on a weapon that
would rid Earth of the Nocrari
once and for all

(Beat)

A Bio-Weapon that would terminate
all Nocrari on Earth within a few
hours

PORTER

Ground Zero?

A.U. JOSEPH

You know it?

PORTER

We have a similar virus in my
reality, only we could never get
it to work

A.U. JOSEPH

If you help us, we'll gladly give
you all the data you need, plus a
sample of the virus to get you
started

PORTER

Ok, I'll give it a try

A.U. JOSEPH
 Ok, i'll get you set up over
 here...

A.U. Joseph leads Porter to a science station and calls up
 the relevant files and data.

A.U. JOSEPH (CONT'D)
 Ok, this should be enough to get
 you started

PORTER
 Ok, i'll see what I can do

A.U. JOSEPH
 We appreciate you helping us

PORTER
 Remember, you're helping me get
 back to my reality so it only
 seems fair that I help you

ANGLE ON: AIKO

She glances up at Porter as he begins to get to work. She
 reaches into her pocket and brings out a small
 communicator, she taps the controls then slides it back
 into her pocket.

INT. CYBERTECH HQ - PAT'S OFFICE (ALTERNATE UNIVERSE)

Pat is alone in his office, reading a status report.

A.U. CONNIE(V.O.)
 I've just detected another
 microwave transmission

A.U. PAT
 Another one? That's the twenty-
 second microwave transmission
 we've detected. I don't suppose
 you have any ideas as to where it
 came from?

A.U. CONNIE(V.O.)
 Only that it originated within a
 25 mile radius of Cybertech HQ

A.U. PAT
 Something doesn't feel right.
 Every time there has been one of
 these microwave transmissions,
 there has been an attack, which
 we have always lost or suffered
 heavy casualties in
 (MORE)

A.U. PAT (CONT'D)

(Beat)

Any signs of trouble?

A.U. CONNIE(V.O.)

For the moment, everything is as
it was before the transmission

Pat puts the report down and turns to face the viewscreen.

A.U. PAT

Connie, can you bring up a map of
Westville and the surrounding
areas please

The viewscreen flickers to life and shows a map of
Westville and the surrounding areas.

A.U. CONNIE(V.O.)

Are you onto something?

A.U. PAT

I'm not sure. I hope to god I am
not onto what I think I am onto

(Beat)

Ok, bring up the areas where you
detected all of the microwave
transmissions and superimpose the
radius which you said the
transmissions might have come
from

The map changes twenty two large circles are superimposed
over the map.

A.U. PAT (CONT'D)

Can you narrow this down at all?

A.U. CONNIE(V.O.)

How so?

A.U. PAT

Is there any way for you to
narrow down the radius in which
the transmissions were sent from?

A.U. CONNIE(V.O.)

I'm not sure

A.U. PAT

You still have the signal
frequency of the transmissions
right?

A.U. CONNIE(V.O.)

Of course

A.U. PAT
 Since we don't know the exact
 place that the transmissions
 originated from, can you narrow
 down the area where each
 transmission was strongest

A.U. CONNIE(V.O.)
 I'll give it a try...

Pat watches as the twenty two circles flash briefly then
 shrink slightly.

A.U. CONNIE(V.O.) (CONT'D)
 That's the best that I can do Pat
 looks at the map.

A.U. PAT
 It's a start...

INT. CYBERTECH HQ - SCIENCE LAB (ALTERNATE UNIVERSE)

Porter looks at the screen which displays a long series of
 equations. A.U. Aiko gets up and moves over to him.

A.U. AIKO
 How are you doing?

PORTER
 On a scale of one to ten, one
 being barley any progress and ten
 being I've done it
 (Off Aiko's nod)
 Minus 2

A.U. AIKO
 (Smiling)
 You're doing that good?

PORTER
 My counterpart was certainly onto
 something, but he left out three
 key components

A.U. AIKO
 (Smiling)
 I'm sure you'll figure it out and
 have those missing DNA strands
 figured out

Porter nods as A.U. Aiko moves away. Porter glances at her,
 his face is now a mask of suspicion.

INT. CYBERTECH HQ - PAT'S OFFICE (ALTERNATE UNIVERSE)

A.U. Pat is still studying the map. The twenty two circles have shrunk slightly, but not by much.

A.U. CONNIE(V.O.)
What are you onto?

A.U. PAT
I think we may have a spy in our midst

A.U. CONNIE(V.O.)
A traitor, impossible

A.U. PAT
Impossible? I think not Connie...

A.U. Pat stands up and moves to stand in front of the viewscreen.

A.U. PAT (CONT'D)
Each of these circles represents a microwave signal that was sent
(Beat)
Please show me the time of each battle as it related to each transmission

The viewscreen flickers and the locations of twenty one battles appears on the viewscreen.

A.U. PAT (CONT'D)
Every time there was a microwave signal transmission, a battle took place where we got our butts kicked.

A.U. CONNIE(V.O.)
It could just be a coincidence

A.U. PAT
Not a chance. The signals have only been sent in the last month or so, just as we began developing the Ground Zero virus

Connie's holographic body flickers to life and stands next to Pat and looks over the viewscreen.

A.U. CONNIE
So you believe we have a traitor in our ranks?

A.U. PAT

Yes, I am now more positive than ever that we may have a spy in our midst

(Beat)

Ok, even with the area the transmissions could have been sent from narrowed down, this still leaves a lot of possibilities

A.U. CONNIE

Well, we'd better see if we can't narrow the list down a bit

INT. CYBERTECH HQ - SCIENCE LAB (ALTERNATE UNIVERSE)

Porter looks at the screen which still displays the long series of equations. A.U. Joseph enters and walks up to him.

A.U. JOSEPH

How's it coming?

PORTER

Slower than mollases downhill in winter

A.U. JOSEPH

(Smiling)

You're having that much success?

PORTER

(Pointing to the screen)

My counterpart left several gaps in his research, and I'm having a hard time trying to fill those gaps

A.U. JOSEPH

Can you finish his work

PORTER

My counter-part was most assuredly onto something

A.U. JOSEPH

Anything I can do to help?

PORTER

I could use a coffee

A.U. JOSEPH

(Smiling)

Coming right up. Connie, two coffee's please

Two cups of steaming hot coffee are teleported in. A.U. Joseph hands one to Porter.

A.U. JOSEPH (CONT'D)
Black with no sugar...

PORTER
Just right
(Beat)
Can I ask you a question about
your reality?

A.U. Aiko hears this, she looks up and listens carefully.

A.U. JOSEPH
Sure, what is it?

PORTER
What exactly do the Negrari want
with Earth?

A.U. JOSEPH
You don't know?

PORTER
No, do you?

A.U. JOSEPH
After their initial assault, they
broadcast a message around the
entire world, calling for..

A.U. AIKO
(Interrupting)
Joseph, could you give me a hand,
I'm having trouble with the...

A.U. CONNIE(V.O.)
Negrari monsters detected at the
outskirts of the city

A.U. JOSEPH
(To Porter)
We'll go deal with the Negrari,
you stay here

PORTER
Ok, no problem

A.u Joseph and A.U. Aiko get up and run out of the room. As A.U Aiko leaves the room, Porter watches her closely. Aiko notices this but says nothing. When they have left the room, Porter gets up and leaves.

INT. CYBERTECH HQ - PAT'S OFFICE (ALTERNATE UNIVERSE)

The viewscreen has changed and displays a group of Skullinites that are at the outskirts of the city along with a humanoid grass-hopper monster. Porter enters the office.

PORTER

What's the emergency?

A.U. PAT

A group of Skullinites and a monster have appeared at the edge of the city

PORTER

Can they handle this?

A.U. PAT

Of course, and for instances like this, the Cyber Knights would handle it

PORTER

So why are the Guardians going after it?

A.U. CONNIE

I detected four monsters and twenty Skullinites

PORTER

Your scans were wrong?

A.U. CONNIE

They were fooled into seeing more Necrari than there actually were

A.U. PAT

So it looks as if I were right in my suspicions

PORTER

Suspicions?

A.U. PAT

With recent attacks, and microwave transmissions that have recently been detected, I believe we have a traitor or a spy in our midst

A.U. CONNIE

We have no idea at all who the traitor is or where they are

PORTER
I think I have a clue to who the
traitorous spy is

FADE OUT.

END OF ACT TWO

ACT THREE

FADE IN:

EXT. OUTSKIRTS OF WESTVILLE - (ALTERNATE UNIVERSE)

Hopper-Hack watches as the A.U. Guardians land and draw
their weapons.

HOPPER-HACK
Sorry Guardians, there will be no
fight today...

Before the A.U. Guardians can draw their weapons, Hopper-
Hack and the Skullinites warp away.

A.U. RED GUARDIAN
Well, this was a waist of our
time

A.U. BLACK GUARDIAN
It's strange isn't it, we have a
visitor back at HQ and we have a
monster attack that turns out to
be a waist of time

A.U. GREEN GUARDIAN
We should head back to HQ, try
and find out what the fuck is
going on

INT. CYBERTECH HQ - PAT'S OFFICE (ALTERNATE UNIVERSE)

A.U. PAT
And you are sure of what was
said?

PORTER
Yes, that is what was said...

A.U. CONNIE
(Interrupting)
The Guardians have taken off and
are on their way back here

A.U. PAT
Ok, tell them to meet us in the
war room when they get back

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

The A.U. Guardians power down as they enter the War Room.

A.U. PAT
How did the battle go?

A.U. MATTHEW
It was a waste of our time, as
soon as we got there, they
teleported out

PORTER
They just left?

A.U. AIKO
Yes, that is strange isn't it

PORTER
What are you implying?

A.U. AIKO
Oh I am implying nothing, I just
think that it is strange that as
soon as you start work on our
weapon, a microwave transmission
is sent

A.U. Pat glances up upon hearing A.u. Aiko mention
"Microwave transmission".

A.U. PAT
Ok, let's not jump to conclusions
here and start blaming each
other...

A.U. AIKO
(Interrupting)
He's not one of us, he's not even
from THIS reality

A.U. TAYLOR
Aiko, what's brought this on, you
were fine with him when he
arrived

A.U. AIKO
I think it is rather odd that as
soon as he begins work on our
ultimate weapon, we get sent to a
battle where the monster leaves
before a single shot can be fired

PORTER
I am not a spy or traitor
(Beat)
If I may be excused, I need to
get back to work on YOUR weapon

A.U. JOSEPH
I'll come with you

PORTER
Oh, so YOU don't trust me now?

A.U. JOSEPH
(Glancing at A.U. Aiko)
You need assistance with the
virus, now are you going to carry
on or not?

Porter picks up on the message and walks away.

PORTER
Fine, let's go, I haven't got all
day

A.u. Joseph follows Porter out of the room.

A.U. PAT
Ok, let's not start accusing each
other of things which may or may
not be true

A.U. AIKO
He is NOT one of us...

A.U. ZAC
He may not be from this reality,
but he IS a Guardian
(Beat)
And Aiko, never forget what WE
are, the other Porter is one to

A.u. Aiko glowers at A.U. Zac then storms out of the room.

INT. CYBERTECH HQ - CORRIDOR (ALTERNATE UNIVERSE)

Aiko looks around, and makes sure no-one is looking and
that she is alone. She takes out the communicator she used
before and taps the controls then slips it into her shirt
and walks away.

INT. CYBERTECH HQ - SCIENCE LAB (ALTERNATE UNIVERSE)

A.U. Joseph and Porter enter the science lab.

PORTER
I thought YOU believed me

A.U. JOSEPH
I do believe you, you numskull. I
had to put on a show for...

PORTER
(Interrupting)
So you know who the traitor is?

A.U. JOSEPH
I know who YOU suspect the
traitor to be

PORTER
So, what are you going to do
about it?

A.U. JOSEPH
I want you to tell me why I
should take your word as for who
the traitor is

PORTER
Ok, where do I get started...

INT. CYBERTECH HQ - PAT'S OFFICE (ALTERNATE UNIVERSE)

A.U. CONNIE(V.O.)
I've just detected another
microwave transmission

A.U. PAT
Can you get a lock and find out
who sent it?

A.U. CONNIE(V.O.)
No, the transmission was too brief

A.U. PAT
Dam it, they might have sent
vital information

A.U. CONNIE(V.O.)
I may not have been able to find
out who sent it or what
information they sent, but I WAS
able to get a brief scan of the
signal carrier frequency

A.U. PAT
Which means what exactly?

A.U. CONNIE(V.O.)
Observe the viewscreen if you
would...

A.U. Pat turns to face the viewscreen. The map with the
twenty two circles appears once again.

A.U. CONNIE(V.O.) (CONT'D)
Watch this...

A.U. Pat watches as the circles on the viewscreen shrink
down even further to covering just a few buildings.

A.U. CONNIE(V.O.) (CONT'D)
I have narrowed down the area
where the other transmissions
were sent from

A.U. PAT
Great, now I can get on with
trying to find out if the traitor
is who I have been told it is

INT. CYBERTECH HQ - SCIENCE LAB (ALTERNATE UNIVERSE)

Porter takes a drink of his coffee and stares at the
viewscreen. He works the controls and one of the DNA
strands is filled in.

A.U. JOSEPH
You've got one of those missing
DNA strands in place

PORTER
Yeah, it's not that hard figuring
out which ones they were, it's
just a matter of figuring out
which DNA strand goes in which
gap

Porter down the last of his coffee and returns to work. A.u
Joseph pours him another coffee and hands it to him.

A.U. JOSEPH
So, what's your reality like?

PORTER
It's good, I'm the Black Guardian
and I'm in live with Mika

A.U. JOSEPH
And have you told them about the
special project?

PORTER

No, we're still trying to repair it and get it all on-line

(Beat)

Have you got your special project on-line?

A.U. JOSEPH

(Smiling)

Yes, it's been up and running since two weeks after the Negrari invasion

PORTER

Where is it now?

A.U. JOSEPH

It's on a deep space tactical assignment to locate the Negrari homeworld

PORTER

Any luck?

A.U. JOSEPH

Not as yet, but they have some promising leads Porter works the controls and another DNA strand fills a gap.

PORTER

I'm not comfortable with completing the weapon while the traitor is still within our ranks

A.U. JOSEPH

We have to keep up appearances so the traitor will not figure out we are on to them

PORTER

Fine, but if push comes to shove, you know what has to be done....

A.U. JOSEPH

That I do, and I assure you, when that time come, I will do it

PORTER

If you are uncomfortable with doing it, I'll do it

A.U. JOSEPH

I appreciate your offer, but when it needs to be done, I'll do it

Porter works the controls and another DNA strand fills a gap.

PORTER

I just have one more strand to find, then it's ready

A.U. JOSEPH

You should get some rest

PORTER

I can't leave here and go to the mansion. The traitor knows I'm onto them and will most likely try and knife me in the back

A.U. JOSEPH

Are you sure?

PORTER

It's what I'd do in their place

A.U. JOSEPH

You don't have to go to the mansion to get some rest, you can get some rest in the guest quarters we have here, or you can always take a break and get something to eat

PORTER

As I said before, I just have one more strand to find, then it's ready

INT. CYBERTECH HQ - GUEST QUARTERS (ALTERNATE UNIVERSE)

The guest quarters are modestly decorated and are the size of a master bedroom in any average american house. The door slides open and A.U. Aiko steps in. As the door slides shut behind her, she once again takes out the communicator, she taps the controls then tosses it onto the bed and exits the quarters as quickly as she entered.

INT. CYBERTECH HQ - CONFERENCE ROOM (ALTERNATE UNIVERSE)

Matthew is studying the Necrari movement in central Quebec when an alarm sounds.

A.U. MATTHEW

What is it Connie?

A.U. CONNIE(V.O.)

Proximity alert, a ship has entered the solar system

A.U. MATTHEW
Alert the others and place the
fleet on alert...

Without waiting for Connie's response, he runs out of the room.

INT. CYBERTECH HQ - PAT'S OFFICE (ALTERNATE UNIVERSE)

Matthew bursts into the office.

A.U. MATTHEW
A ship has just entered the solar
system

A.U. PAT
Have the others been alerted?

A.U. CONNIE(V.O.)
They're on their way to the war
room

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

Everyone has gathered in the War Room. No-one seems to notice that Aiko isn't present.

A.U. CONNIE(V.O.)
Scanners indicate that the ship
is the Galaxy Knight

A.U. PAT
Can you confirm this?

A.U. CONNIE(V.O.)
I have a visual lock on the ship

A.U. ZAC
Show us

The view screen flickers to life and shows a grainy image of a starship heading towards Earth.

A.U. PAT
We can't tell by this footage if
this IS the Galaxy Knight or not

A.U. MIKA
What if this ISN'T the Galaxy
Knight?

A.U. TAYLOR
We can't take that risk

A.U. JOSEPH
 Notify all stations: Guardian
 Emergency, Red Alert.

A.U. CONNIE(V.O.)
 Red alert initiated, intercept
 fighters have been launched

EXT. SPACE - EARTH ORBIT (ALTERNATE UNIVERSE)

A dozen fighters fly away from Earth and head out into the solar system. They are primarily white. With two large, blocky, red, engine casings on each side. They have two large wings about 150 feet long each. In the front is a looks like a cockpit. On each wing are two double-barreled Mega Cannons. Under each of the red engine casings is a bay door. PULL BACK: As the Space Knights jet away into the solar system and are gone in the blink of an eye.

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

A.U. PAT
 The Space Knights should reach
 the ship in a few minutes
 (To Porter)
 Do you have Space Knights in your
 reality?

PORTER
 Yeah, but they're still on the
 special project, which is still
 undergoing repairs

A.U. ZAC
 We could help you out there and
 give you a few tips to getting in
 on-line quicker

PORTER
 I'd appreciate that

A.U. CONNIE(V.O.)
 The fighters are approaching the
 ship...

A.U. PAT
 Let's see it...

They turn to face the viewscreen as it flickers to life and displays the image of a massive alien starship.

PORTER
 That isn't the Galaxy Knight...

On the viewscreen, we can see a massive alien starship. It is bristling with weapons and dwarfs the Space Knights.

A.U. PAT
How big is that thing?

A.U. CONNIE(V.O.)
Scanners indicate it is at least
a mile long
(beat)
They're hailing us...

A.U. PAT
Let's hear it

The viewscreen shifts images and now displays a split screen of the alien ship and the image of an oriental looking woman on the bridge.

A.U. RANRU(ON SCREEN)
Guardians, my name is Ranru, I am
the leader of the Negrari and
I...

A.U. MATTHEW
(Interrupting)
Listen you alien bitch, you have
entered Earth controlled space,
surrender or be destroyed

A.U. RANRU(ON SCREEN)
I wish to end the hostilities
between Earth and the Negrari...

A.U. PAT
Then you must unconditionally
surrender and tell your forces on
Earth to do the same

A.U. RANRU(ON SCREEN)
I prepared to meet to discuss
your terms

A.U. JOSEPH
(a beat)
It is unlikely that you are
prepared to discuss terms. It is
more likely that this is an
attempt to lure us into a false
sense of security

A.U. RANRU(ON SCREEN)
Is trust not part of the peace
process
(Beat)
Then trust me now. Meet with me
to discuss terms

A.U. JOSEPH

There will be no terms. You will disarm all weapons and you will be escorted to safe location where you will be held accountable for your acts of aggression against Earth

A.U.RANRU(ON SCREEN)

I will meet with you, but I must ask that your ships do not open fire, as I am here as an official...

A.U. Joseph turns away from the screen and signals to cut off transmission.

A.U. CONNIE(V.O.)

They've opened gun ports, they're preparing to fire

A.U. PAT

Let's not give them a chance, send to all fighters, open fire

FADE OUT.

END OF ACT THREE

ACT FOUR

FADE IN:

EXT. SPACE - MARS ORBIT (ALTERNATE UNIVERSE)

The Space Knights break formation and open fire on the Nocrari ship. They fire Mega Lasers and Pulse Torpedoes as the Nocrari ship sends out an energy beam at the nearest Space Knight. It hits its shields, causing the Space Knight to veer away.

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

Everyone is watching the battle on the screen.

A.U. CONNIE(V.O.)

The Space Knights have engaged the Nocrari ship

A.U. TAYLOR

Send fighter wings 1 through 4 to assist them

A.U. CONNIE(V.O.)
Fighter wings dispatched

PORTER
Does this happen often?

A.U. ZAC
Occasionally, the Nocrari will
send a few ships into our
territory, never before have they
sent a capitol ship, this is...

A.U. CONNIE(V.O.)
(Interrupting)
I'm detecting another microwave
transmission

A.U. JOSEPH
We haven't got time for that now,
just scan it and we'll analyze it
later...

A.U. CONNIE(V.O.)
This transmission is being sent
FROM the Nocrari ship to Earth

A.U. PAT
Can you track it?

A.U. CONNIE(V.O.)
Yes, and it confirms what the
Alternate Porter told us
(Beat)
I'm sorry Joseph

A.U. JOSEPH
I'll go deal with it
(To Porter)
I could use some back up

PORTER
On your six..

INT. CYBERTECH HQ - GUEST QUARTERS (ALTERNATE UNIVERSE)

A.U. Aiko is in the guest quarters. She is sat at the desk,
working the keyboard. Ranru's image on screen, she's on the
bridge of her ship which is at Red Alert. The reception is
breaking up his ship is clearly in battle some shaking.

A.U. AIKO
Are you under attack?

RANRU(ON SCREEN)
 (calm but worried)
 The fight does not go well, we're
 attempting to withdraw but the
 Human fleet is...

The transmission ends suddenly subspace hiss and snow fills the screen. The door slides open and two energy beams slice in and slam into the computer monitor, it explodes and throws A.U. Aiko to the floor.

A.U. AIKO
 What the fuck is going on?

A.U. Aiko watches as A.U. Joseph and Porter enter the room, Cyber Blasters drawn and aimed at her.

A.U. JOSEPH
 Get up, slowly...

A.u. Aiko gets up and takes a step towards A.U. Joseph.

A.U. AIKO
 What's going on?

PORTER
 Don't try and lie any more

A.U. AIKO
 I have no idea what you are
 talking about...

A.U. JOSEPH
 (Interrupting)
 We detected the Necrari
 transmission to this room
 (Beat)
 You're under arrest...

A.U. AIKO
 You can't arrest me, i'm your
 wife Joseph...

A.U. Joseph looks to Porter, he fires his Cyber Blaster, hitting Aiko on the left hand.

A.U. AIKO (CONT'D)
 (Angry)
 You idiot Joseph, I have done
 nothing wrong...

Six armed Cyber Knights arrive and enter the room.

A.U. JOSEPH
 Place her under arrest...

The Cyber Knights move forward and grab A.U. Aiko, they cuff her hands behind her back.

A.U. JOSEPH (CONT'D)
Let's get this piece of CRAP out
of here and to a holding cell

The Cyber Knights Push the manacled A.U. Aiko forward and out of the room.

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

A.U. CONNIE(V.O.) They have Aiko in custody and are escorting her to a holding cell

A.U. PAT
Show me...

The view screen flickers and shows Aiko being escorted down a hallway in manacles. People spit at her and throw things at her. The Cyber Knights, A.U. Joseph nor Porter stop them.

A.U. CONNIE(V.O.)
The Negrari ship has broken
through the fleet

A.U. MATTHEW
Place the second, third and
eighth fleet on stand-by

EXT. SPACE - EARTH ORBIT (ALTERNATE UNIVERSE)

Six dozen Space Knights take up formation in Earth orbit. In the far distance, we can see explosions from the other Space Knights battling the Negrari ship.

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

A.U. PAT
Connie, what's the status of the
Negrari ship?

A.U. CONNIE(V.O.)
They have sustained damage to
twenty percent of their vessel,
life support holding

A.U. TAYLOR
What of our fighters?

A.U. CONNIE(V.O.)
They have either been destroyed
or severely damaged

A.U. MATTHEW
 We have to do something
 (Beat)
 What about Ground Zero?

A.U. CONNIE(V.O.)
 It's not yet ready...

A.U. Joseph and Porter enter the War Room.

PORTER
 The traitor has been confined to
 a holding cell

A.U. JOSEPH
 When we've dealt with the Negrari
 ship, we'll deal with her

A.U. MATTHEW
 Can you get Ground Zero ready?

PORTER
 When do you need it?

A.U. MATTHEW
 As soon as possible

PORTER
 I'll get back to work
 (To A.U. Joseph)
 I could use your help

A.U. JOSEPH
 What of our fleet? They need to
 hold off the Negrari ship long
 enough for us to get it finished

A.U. PAT
 They will, not get going

They turn and exit the War Room.

EXT. SPACE (ALTERNATE UNIVERSE)

The battle rages on. We're close on two Space Knights as they strafe the Negrari ship. One of the Space Knights is already crippled, spinning out of control. Then the other ship takes a hit and is destroyed.

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

A.U. CONNIE(V.O.)
 We've just lost Space Knights 7
 and 9

A.U. PAT
 Have fighter wings Nine-One and
 Nine-Three engage those necrari
 ship, all other ships, fall back
 to Earth...

EXT. SPACE (ALTERNATE UNIVERSE)

The Space Knights continue to fire on the advancing Necrari
 ship as they retreat. Two of the retreating Space Knights
 are destroyed.

INT. CYBERTECH HQ - SCIENCE LAB (ALTERNATE UNIVERSE)

Porter is working on the virus while A.U. Joseph stands
 over him.

A.U. JOSEPH
 What effect will the virus have
 on the Necrari?

PORTER
 The virus will cause them to
 loose all motor control then they
 will experience severe seizures
 shortly before their internal
 organs literally explode. While
 all this is happening, they will
 remain conscious

A.U. JOSEPH
 Sounds horrific and sounds as if
 they will suffer
 (Beat)
 It's what they deserve

He works the controls and the final DNA strand is filled
 in.

PORTER
 That's it, I've finished it

A.U. JOSEPH
 It's ready to be deployed?

PORTER
 Yeah, it's primed and ready. But
 I would advise testing it first

A.U. JOSEPH
 Then let's go find a target

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

A.U. Joseph and Porter enter the War Room.

A.U. JOSEPH
Ground Zero is ready, we need a
test target

A.U. CONNIE(V.O.)
We could target the Necrari
forces in Florida

A.U. PAT
An excellent idea Connie. Alert
General Kavelaards that we will
require two ICBM's then load the
virus into them and target Key
Largo and Homestead

INT. TZACHOR AIR FORCE BASE - CONTROL TOWER (ALTERNATE
UNIVERSE)

Where in our reality she is a major, here she is General
Kavelaards. A Lieutenant runs up to her.

A.U LEIUTENENT HARMON
General, we've just received a
priority one signal from
CyberTech, they've completed
Ground Zero, they need the virus
loaded onto two ICBM's

A.U. GENERAL KAVELAARDS
Targets?

A.U LEIUTENENT HARMON
The Necrari foothold in southern
Florida, Key Largo and Homestead

A.U. GENERAL KAVELAARDS
Get on it. When the virus is
loaded, uplink launch control to
Cybertech HQ

A.U LEIUTENENT HARMON
Yes ma'am...

The Lieutenant turns and moves away.

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

A.U CONNIE(V.O.)
General Kavelaards has authorized
the use of two ICBM's and will
turn control over to us when the
virus has been loaded onto them

PORTER
When detonated, the effects of
the virus will be almost
instantaneous

A.U ZAC
This demonstration will show the
Necrari what will happen when
they mess with the GSA

A.U JOSEPH
At what altitude should we
detonate the missiles?

PORTER
Detonate at ten thousand feet,
that way the virus will be spread
over a wider area

A.U CONNIE(V.O.)
The virus has been loaded onto
the missiles and control has been
turned over to us

A.U PAT
I want full sensor coverage of
both targets and the footage
beamed right to the Necrari ship

A.U CONNIE(V.O.)
They'll have a perfect real-time
view of both Homestead and Key
Largo

A.U PAT
Fire

EXT. TZACHOR AIR FORCE BASE (ALTERNATE UNIVERSE)

From out of their silos, the two virus-tipped ICBM's burst
free and soar up into the clear blue Westville sky.

EXT. SPACE - EARTH ORBIT

The two virus-tipped ICBM's soar out of Earth's atmosphere, and for a brief moment, they look as if they are just hanging above the planet. They they descend back down towards the surface.

EXT. FLORIDA - KEY LARGO (ALTERNATE UNIVERSE)

What was once Key Largo is now a Necrari beachhead. The entire Key Largo area has been turned into a staging ground. We can see thousands of monsters moving about the base and hundreds of thousands of Skullinites boarding troop transports and other attack ships. PULL BACK: As one of the two virus-tipped ICBM's explodes above the Necrari beachhead. Almost instantly, we can see the effects of the virus on the monsters and Skullinites. They began having violent seizures those that can are roaring in pain

EXT. FLORIDA - HOMESTEAD (ALTERNATE UNIVERSE)

PULL BACK: As the second of the two virus-tipped ICBM's explodes above Homestead. We see the same thing happening to the Necrari forces here in Homestead as happened in Key Largo.

INT. CYBERTECH HQ - WAR ROOM (ALTERNATE UNIVERSE)

A.U. PAT

Did they receive the footage of the demonstration of the virus?

A.U. CONNIE(V.O.)

Yes, they got it
(Beat)

They're hailing us

Everyone turns to face the viewscreen as Ranru's image appears

A.U. JOSEPH

You have seen what Ground Zero

A.U. PAT

You are out gunned, and we have your surrounded

A.U. MIKA

Surrender imidiatly, but of course, if you insist on fighting, we can always use Ground Zero...

A.U. RANRU(ON SCREEN)
What are your terms?

A.U. JOSEPH
A total and unconditional
surrender of all Nocrari forces
on Earth.

A.U. MATTHEW
I'm afraid you've run out of
options.

A.U. RANRU(ON SCREEN)
(This costs her)
The victory is yours.

A.U. Joseph can't help but relish the moment.

A.U. JOSEPH
Cut power to you engines and
prepare to be boarded The screen
goes blank.

A.U. CONNIE(V.O.)
The Nocrari ship has cut power to
engines and has sent the stand-
down signal to all Earth-based
Nocrari forces
(Beat)
We've won

A.U. PAT
(To Porter)
We owe you this victory and our
lives

PORTER
(Smiling)
Just help me get back to my
reality and we'll call it quits

A.U. PAT
Before you go, we'd like you to
take this with you...

A.U Pat hands Porter a computer disk.

A.U. PAT(CONT'D)
This contains all the information
you'll need to get your special
project up and running, also it
contains everything about the
virus you helped us to create

PORTER
No problem

A.U. JOSEPH

I've also included everything we gathered on the traitor, she might not be a traitor in your reality but why not play on the safe side

PORTER

I'll give the information to your counterpart when I return home

A.U. JOSEPH

Good. And be careful, who knows what damage she has done in your reality

PORTER

I'll be careful. Thank-you

A.U. JOSEPH

No, thank-you, if it were not for you, we would never have found out about the traitor

PORTER

We're Guardians, no matter what reality we're from, we share a bond

A.U. JOSEPH

(Smiling)

That we do. Now, let's get you back home

FADE TO:

INT. CYBERTECH HQ - PAT'S OFFICE

With the exception of Porter and Joseph, everyone else is present.

ROLLBAR

I'm confident Porter will be found, alive and well

MIKA

I hope so Rollbar. I won't want to lose the man I want to be with for the rest of my life Joseph comes into the office.

MIKA (CONT'D)

Anything?

JOSEPH
The search teams picked up the
signature trace of Porter's Axel
Changers

MIKA
But no wreckage or body?

JOSEPH
Nothing...

CONNIE(V.O.)
(Interrupting)
I'm picking up an unusual high-
energy burst from the city center
(Beat)
I can't believe it, it's Porter
and he's hailing us

MIKA
(Smiling)
Let's here it

CONNIE(V.O.)
On screen...

Porter's image appears on the viewscreen.

JOSEPH
We've got people from here to New
Providence island looking for
you, where on Atlantis have you
been?

PORTER(ON SCREEN)
(sighs)
Through the looking glass

JOSEPH
We'll divert Rollbar to pick you
up. Welcome back to reality

PORTER(ON SCREEN)
(Smiling)
It's good to be back..

EXT. WESTVILLE CITY CENTER

As Rollbar and the other Car Robots race towards Porter...
