"POWER RANGERS MAGIX: EPISODE 32 - EVIL TO THE TENTH POWER"

FADE IN:

INT. THE INFIRMARY - PRE-DAWN

ZEV lies in bed and moves around somewhat until finally waking up. He looks to his right to see KEITH sitting in a chair fast asleep. Keith's head is hanging over the backrest. Zev extends his right hand with his palm facing out.

ZEV

Arraghey, chagnys!

The chair Keith is sitting in becomes a recliner with the footrest up, and the back reclined. Zev gets out of bed on the left side, and takes the pillow and blanket off of the bed that is next to his. He walks over to Keith, carefully lifts up Keith's head, and slides the pillow underneath. Zev then drapes the blanket over Keith. NIGHTINGALE enters, and sees Zev up and about.

NIGHTINGALE

I see-

Zev positions his right index finger over his mouth, and makes a "ssh" sound.

ZEV

I do not want to wake Keith.

NIGHTINGALE

I see. How are you feeling?

ZEV

Much better. Thank you. Although I do still have a few aches. Did Keith stay here all night?

NIGHTINGALE

He never left your side. Can I get you anything headmaster?

ZEV

Just some tea.

Nightingale leaves the infirmary. As Nightingale leaves PROF. FIREBIRD walks in, and sees Zev. She walks up to him.

PROF. FIREBIRD
How are you feeling?

ZEV
Better.

PROF. FIREBIRD
That is good, because we can use all
the help we can get now.

ZEV
How so? Mumankamon has been defeated
and so has Demos, what else could
possibly be out there?

PROF. FIREBIRD
We do not know, but it is very possible
that something else could be coming.

ZEV
What makes you so sure?

PROF. FIREBIRD
It happened after the Rangers defeated
Mechanos.

ZEV
I see. Well should something arise I
will be there to assist the Rangers in
any way possible.

PROF. FIREBIRD
There is something that I have been
wondering now that you are back.

ZEV
What is it?

PROF. FIREBIRD
Are you going to take over my position
and become headmaster again?

ZEV
I have decided not to.

PROF. FIREBIRD
Why?

ZEV
I have been away from Magix for far too
long, and as such I am sure you have
instituted some new policies that I
would know nothing about.

PROF. FIREBIRD

I see. If there is anything you would like to do Zev you can.

ZEV

I think I will give Donovan a hand and become another groundskeeper.

PROF. FIREBIRD

That is fine.

The sun rises, and the light fills the infirmary. When the light hits Keith, it wakes him up. Keith opens his eyes and sees the chair that he is now in.

KEITH

How'd this get here?

ZEV

That was me, Keith.

KEITH

You did this dad?

ZEV

Yes, you looked so uncomfortable in that other chair I just had to remedy it.

KEITH

Thanks.

Zev looks over at a clock on one of the walls.

ZEV

Now go get washed up and dressed for the day and meet me in the main hall. I would like to have breakfast with you and the other Rangers.

Keith gets out of the chair, and leaves the infirmary.

FADE OUT.

FADE IN:

INT. THE MAIN HALL - MORNING

WALKER, BOWIE, ABBY, MARIA, and SAMSON sit at the Firebird table. Keith walks into the hall with a big smile on his face. Maria notices.

MARIA

Someone's in a good mood this morning.

KEITH

How would you feel if you were finally reunited with your long lost father?

MARIA

Probably the same as you do right now.

WALKER

I bet the two of you have a lot of catching up to do.

KEITH

Yeah, but I don't care right now. I'm just glad he's back.

BOWIE

What's going to happen now that your dad's back? Is he going to be the headmaster again or something else?

KEITH

He's actually decided that he's going to be an extra groundskeeper. At least that will give him something to do.

Zev enters the hall and walks up to the Firebird table. He sits beside Keith. He looks over at Samson.

ZEV

It is finally nice to meet you Samson, with me now back to normal.

SAMSON

You too...uh...

ZEV

You may call me "Zev".

SAMSON

Okay.

ZEV

Now I have to know one thing, how exactly did you find the Catacomb of Mystery?

SAMSON

By accident.

ZEV

How so?

SAMSON

Well when I first came here I didn't exactly get the warmest of welcomes from a few people who just so happen to be at this table.

Samson turns his head to look at Keith, Walker, Bowie, and Maria.

ZEV

I take that Keith was among them, right?

SAMSON

He was.

ZEV

Then what happened?

SAMSON

I found my way to one of the lower basements of the castle and fell through the floorboards.

ZEV

That is understandable; those boards may have had years of rot and termite damage.

SAMSON

From there I entered the Catacomb, and the rest is history. Unfortunately my morph card is now toast.

KEITH

What happened?

SAMSON

Mumankamon burnt it before that fight we got into. He said something about wanting to fight me as me.

ABBY

Then how did you defeat him?

SAMSON

I got a new card with a new power. You guys know the deal, about how we always get spells at the last second that in turn save our butts.

WALKER

True.

Without warning a purple fire appears on the table. It burns for second until it leaves a white envelope with the Wolzard "W" symbol on it. The Rangers and Zev stare at this.

BOWIE

It couldn't be could it?

KEITH

I thought Wolzard was destroyed.

ZEV

I think only the morpher I had was destroyed, the being known as "Wolzard" may still have existed in energy form after that. Someone please read the note.

Maria picks up the envelope, opens it, takes out the enclosed note and reads it aloud.

MARIA

Greetings Rangers. I am using what is left of the magic that I possess to send you this. I want to see the six Rangers who are students, half an hour upon the reading of this letter to fight, but this time it will be to the end. Signed Wolzard.

KEITH

We've got to go.

ZEV

Rangers, be careful. I have a feeling that without me to somewhat control him Wolzard could be more powerful.

WALKER

We've fought against him numerous times. This shouldn't be any different.

BOWIE

Besides now that we know that you're not underneath the armor Zev, we can give him all that we've got.

ZEV

Either way, just be careful.

KEITH

Let's go guys.

Keith, Walker, Bowie, Maria, Abby, and Samson get up and leave the hall.

FADE OUT.

FADE IN:

EXT. A FIELD AT THE EDGE OF A FOREST - DAY

WOLZARD stands waiting. Keith, Walker, Bowie, Maria, Abby, and Samson (all unmorphed) show up.

WOLZARD

Welcome to your doom Rangers.

BOWIE

A likely story.

WALKER

We'll defeat you like we've done in the past.

SAMSON

And now that we know that Keith's dad isn't under that armor of yours we can give you all we've got.

MARIA

There's no stopping us now.

ABBY

Now it's time for you to show us your true power.

WOLZARD

Very well.

KEITH

Hold it for just a second.

WALKER

What Keith?

KEITH

How are you able to exist without my father under that armor?

WOLZARD

As you are well aware Red Ranger, you separated me from your father, and I become an energy being. When the Wolzard Morpher was destroyed, the energy form of myself remained, and I entered a Command Infelshia's body, and as such I am whole again.

BOWIE

This is good. He's little more than a Command Infelshia now. He should be no problem.

WOLZARD

Do not count on it Yellow Ranger.

KEITH

Enough talk, it's time to morph.

The Rangers take out their morphers. Keith, Walker, Bowie, Maria, and Abby convert theirs to wand mode. Samson takes out his Solar Mage card.

KEITH, WALKER, BOWIE, MARIA, AND ABBY

Magix...

SAMSON

Sunlight...

KEITH, WALKER, BOWIE, MARIA, ABBY,
AND SAMSON

Metamorphosis! Arthraigh, duine,
marbhan! (Samson only) Abeo, equus,
natura!

Samson punches the card and morphs into the Solar Mage. Keith, Walker, Bowie, Maria, and Abby all morph into the regular Ranger forms. They all surround Wolzard, and draw their respective weapons. Wolzard draws his sword from his shield. The Rangers charge at Wolzard. Abby and Maria use their Staffs to try to swipe at Wolzard, but he blocks the attacks with his shield. Once the attacks are blocked, Wolzard slashes at the two girls with his sword sending them flying back a few feet. Walker then comes in and tries to slash at Wolzard with his Axe, but the attacks are no good and Walker ends up getting slashed and flies back to where Abby and Maria are. Bowie fires a few shots at Wolzard with his Crossbow, and while the shots are making contact they are doing little to no damage on Wolzard. Wolzard then slashes Bowie and sends him back to where Walker, Abby, and Maria are. Keith and Samson then come in with their swords. They simultaneously give Wolzard vertical slashes but Wolzard blocks Keith's sword with his own, and blocks Samson's sword with his shield. Keith and Samson put some pressure on Wolzard's weapons until Wolzard backs away a little. Keith and Samson prepare to charge at Wolzard, but Wolzard comes in quickly and slashes the both of them. Keith and Samson fly back to where the others are.

ABBY

He's a little more powerful than before.

WALKER

Looks like this won't be so easy after all.

MARIA

Don't think like that. We can get him.

BOWIE

But how? Our Legend Power is gone.

SAMSON

And this Solar Mage form of mine isn't as strong as my Ranger form.

Keith looks up and sees five beams of light; one red, one green, one yellow, one blue, and one pink coming toward them.

KEITH

What's that?

The Rangers stand up. Shortly after the Carpet Glider comes flying toward them with the Magix Lamp resting on it, and CHESHIRE floating above the Lamp.

CHESHIRE

Samson catch!

Cheshire throws Samson a card, which just so happens to be a new morph card. Samson takes out his morpher.

SAMSON

Solaria metamorphosis! Abeo, equus, corporeus!

Samson punches the card, holds it up, and morphs into the Solaria Ranger. Samson jumps up and lands on the Glider. The five beams of light hit the Ranger of their color. Once the beams have hit the Rangers, multicolored explosions occur in front of them. When the smoke clears Keith, Walker, Bowie, Maria, and Abby are now in Legend Form, and holding the Legendary Wand Staffs. They get a look at themselves.

ABBY

Our Legend Power returned.

MARIA

But why now?

WALKER

No idea.

BOWIE

Besides it doesn't really matter.

KEITH

Bowie's right, we've got Legend Form again, and that's all that matters.

Samson jumps down holding the Lamp Blaster.

SAMSON

And I've got my regular morph card again.

KEITH

Well there's only one thing to do now, and that's kick some Wolzard infested Command Infelshia butt.

The Rangers charge at Wolzard. Samson leads by firing a few powered up shots at Wolzard. Maria and Abby then come in, slash at Wolzard with the top of their Staffs and then jab him with the bottom of their Staffs. Walker then slashes at Wolzard a few times with the top of his staff. Bowie jumps up and lands a powered up slash from the top of his Staff. Finally Keith fires a Fire Burst attack at Wolzard. The force of the attacks causes Wolzard to fall back many feet. Keith, Walker, Bowie, Maria, and Abby get into position for the Mega Magix Bolt. Samson rubs the Lamp until a clicking sound is heard.

SAMSON

Ars, scipio, natura!

Cheshire pops his head up.

CHESHIRE

Claw Attack!

Samson fires Cheshire at Wolzard, and Cheshire performs a Claw Attack on him. After attacking Wolzard Cheshire goes back into the Lamp.

KEITH, WALKER, BOWIE, MARIA, AND ABBY

Mega Magix Bolt! Finsceal, draiocht, ionsaigh!

A Mega Magix Bolt is fired at Wolzard. The attack hits Wolzard, and he falls down and explodes. No trace of Wolzard is left. After seeing this the Rangers power down and leave the scene. Once the Rangers have left the energy form of Wolzard appears.

WOLZARD

I need a stronger host body, and there
is only one other thing to do about
that. I must combine with Firebird
again.

FADE OUT.

FADE IN:

INT. PROF. FIREBIRD'S OFFICE - DAY

Prof. Firebird and Zev sit in the chairs that are off to the side of the room. A knocking is heard. Zev gets up and opens the door. Keith, Walker, Bowie, Maria, Abby, and Samson enter. Prof. Firebird gets up and goes over to the Rangers.

PROF. FIREBIRD

How did the battle with the new Wolzard go?

KEITH

We destroyed him.

ZEV

What?

WALKER

That's right.

BOWIE

Our attacks hit him and he went down like any other monster or Command Infelshia.

ABBY

So it looks like we only have to take care of Nhymera now and everything will be fine.

MARIA

I don't know about that.

PROF. FIREBIRD

What is it Maria?

MARIA

There's something telling me that we haven't seen the last of the underground kingdom.

SAMSON

Maria's right. Mumankamon did say that his defeat was merely the beginning of the end.

PROF. FIREBIRD

As always Rangers, be careful because we do not know what else could be out there. Remember all we knew of the underground kingdom one hundred years ago was Mechanos and Demos.

ZEV

Also I do not think that Wolzard is destroyed.

KEITH

Why?

ZEV

I think you may have only destroyed the host body.

KEITH

So what's that mean for you?

ZEV

I might have to be a little vigilant as I go about my day-to-day life. There is something telling me that Wolzard might still need me. However being here at Magix should be all the protection I need.

PROF. FIREBIRD

And it will, believe me Zev. After all you are not the only one Magix has become a sanctuary to.

FADE OUT.

FADE IN:

INT. THE MAIN CHAMBER OF THE LAIR - DAY

NIGHT and MARE stand off to the side as ASGARD, DRAGONAS, GHEEZA, PYTHARA, LAGOONAS, OURANOS, ARGES, BUFONO, MAGMAS, and DRAGOON survey the place.

ASGARD

It is a shame that everything is in ruin at the moment.

DRAGONAS

That shouldn't be too much of a problem.

PYTHARA

That's right. We can easily fix this place up.

MAGMAS

Who cares about the lair, I just want to crush the weaklings on the surface.

LAGOONAS

Cool it Magmas, there will be plenty of time to crush the surface.

OURANOS

Besides with our combined power nothing will stand in our way.

Night and Mare start to laugh.

ASGARD

What is so funny?

NIGHT

Do you really believe that nothing will stand in your way?

BUFONO

Of course.

MARE

They really do need to meet the Rangers. Don't they Night?

DRAGOON

Rangers?

NIGHT

The Power Rangers.

PYTHARA

Just who are these Rangers?

MARE

The latest Magix Mages.

MAGMAS

Magix Mages, eh? They're probably nothing but pushovers.

NIGHT

You'd think so but they've defeated Mechanos, and Mumankamon, and if you're not careful Asgard they'll get you too.

ASGARD

Rubbish, there is no one above or below the surface who can out perform me. Gheeza are you ready to fix up the lair?

GHEEZA

Does having a scarab under your skin hurt?

ASGARD

I will take that as a "yes".

Gheeza waves her hands and the lair becomes what it once was.

DRAGONAS

Now that that's taken care of, all this talk of Power Rangers makes me want to meet them.

ASGARD

Agreed Dragonas. It will be a pleasure to meet our new adversaries, especially if they are worthy enough. Come everyone it is time to make our debut on the surface. You two (points to Night and Mare) stay here.

NIGHT

Yes Asgard.

MARE

As you command.

Asgard, Dragonas, Gheeza, Pythara, Lagoonas, Ouranos, Arges, Bufono, Magmas, and Dragoon leave the lair. The energy version of Wolzard comes in and up to Night and Mare.

WOLZARD

Night, Mare, good to see you again.

MARE

Wolzard?

NIGHT

What happened?

WOLZARD

I am without a host body to fully be in existence. I was storing myself within a Command Infelshia, but that has proven to be too weak.

NIGHT

So what do you want us to do?

WOLZARD

Ally yourselves with me, and together we will conquer to surface.

MARE

What do you say Night?

NIGHT

Having this secret alliance with Wolzard would make being with the Dumb-a-dal a lot more bearable. We're in.

WOLZARD

Excellent, but before we can do anything we need one piece to make all my plans complete.

MARE

What?

WOLZARD

I need to be with Firebird again. When I was with him the full extent of my power was unleashed.

NIGHT

So what do you want us to do about it?

WOLZARD

I do not know yet.

FADE OUT.

FADE IN:

INT. THE HALLS OF MAGIX - DAY

Keith, Walker, Bowie, and Maria walk toward their next class.

KEITH

As much as I hate to admit it, I actually kinda miss going to class.

BOWIE

I know with all the Ranger stuff that we've been doing lately I almost forgot that we're students.

MARIA

The sad thing is the year's almost over.

WALKER

Is it just me or did this year go by really fast?

KEITH

No you're right Walker, with all of the Ranger stuff we've been doing this year has gone by pretty quickly.

BOWIE

I don't even want to think about the end of the year now.

MARIA

Why not?

BOWIE

Our finals for the year are coming up.

WALKER

Oh yeah. We might actually run into problems with finals if there's something else out there that we haven't defeated yet.

MARIA

How?

WALKER

Hypothetically speaking, if an attack does happen while we're in an exam, what would happen? We'd definitely have to leave, but what would happen with the exam?

KEITH

I'm sure my mother's all ready made some arrangements for the six of us to take our exams separately from everyone else. Besides almost all of the teachers would give us some sort of leeway when it comes to an attack.

BOWIE

What exactly do you mean by "almost all of the teachers"?

KEITH

Well I'm sure one of the Estrange brothers would probably either fail you on an exam or make you finish it before you could leave. And I don't think I need to say which Estrange would do that.

BOWIE

Keith that Estrange-

The monster warning sound goes off on their morphers. Walker takes his out and opens it.

WALKER

This can't be.

KEITH

What?

WALKER

It looks like there are ten monsters this time.

MARIA

You've got to be joking.

WALKER

No joke.

KEITH

Either way we know what we've got to do now.

Walker, Bowie, and Maria nod. The four of them leave.

INT. ANOTHER PART OF THE CASTLE - DAY

Abby and Samson walk around.

SAMSON

There's something that I've been wondering Abby.

ABBY

What?

SAMSON

It's about what you said to me last night, why did you mention it then?

ABBY

I guess it was just the thought of potentially never seeing you again if you did go back to Solaria, but that doesn't matter now. What matters is what you're going to do about what I said last night.

SAMSON

How's this Friday for you?

ABBY

It's a date.

Their morphers give off the warning sound.

SAMSON

We've got to go.

Samson and Abby rush off.

FADE OUT.

FADE IN:

EXT. A FIELD - DAY

Keith, Walker, Bowie, Maria, Abby and Samson (all unmorphed) arrive. They survey the area.

BOWIE

So where are these ten monsters?

ABBY

There are ten this time?

WALKER

Yeah.

ABBY

Why?

WALKER

We'll know when they show up.

Ten beams of light descend from the sky and hit the ground. The beams cause an explosion, and Asgard, Dragonas, Lagoonas, Pythara, Gheeza, Arges, Ouranos, Bufono, Dragoon, and Magmas walk through the dust kicked up by the explosions. Asgard takes a look at the Rangers.

ASGARD

So you must be these Rangers those two vampire girls were talking about.

KEITH

What's it to you?

ASGARD

I just want to know who I will be defeating is all.

WALKER

Who are you?

ASGARD

I suppose that introductions are in order. I am Asgard.

DRAGONAS

I'm Dragonas.

LAGOONAS

Lagoonas.

PYTHARA

Pythara is my name.

GHEEZA

I am Gheeza.

DRAGOON

The name's Dragoon.

BUFONO

Bufono.

ARGES

Arges.

OURANOS

Ouranos.

MAGMAS

I'm Magmas, and you six weaklings are no match for me.

ASGARD

And together the ten of us make up the Demos Decadal. Our creation was Demos' last act before he was completely destroyed. However that is not important because we have six insects to squash.

The Rangers pull out their morphers. Keith, Walker, Bowie, Maria, and Abby convert theirs to wand mode. Samson pulls out his morph card.

KEITH, WALKER, BOWIE, MARIA AND ABBY

Magix...

SAMSON

Solaria...

ALL SIX RANGERS

Metamorphosis! Arthraigh, duine, marbhan! (Samson only) Abeo, equus, corporeus!

They all morph. The Rangers split up to fight the members of the Decadal. Keith takes on Asgard and Dragonas. Walker fights Lagoonas and Ouranos. Bowie fights Arges and Dragoon. Maria fights Gheeza. Abby fights Pythara. Samson fights Magmas and Bufono. With his sword drawn Keith is somewhat able to block the swipes from Dragonas' sword and Asgard's lance. Asgard and Dragonas have their weapons firmly pressed against Keith's sword, but Keith is able to push back and even gets free of the hold on his sword. Keith tries a vertical slash on Asgard, but Asgard blocks the attack with his shield. Keith then moves and tries to land a horizontal slash on Dragonas, but Dragonas counters and clanks swords with Keith. Keith and Dragonas start to clang swords with each other until Asgard gets in a small hit on Keith, which pushes him back a few steps. Keith charges at Dragonas and Asgard and continues to fight them. Walker is having some difficulty against Lagoonas and Ouranos. Walker tries to slash at Lagoonas, but Lagoonas blocks with his trident. While Walker and Lagoonas have their weapons pressed against each other, Ouranos comes in and hits Walker with his staff. Walker goes back about two feet, and tries to slash at Ouranos with his axe, but what happened with Lagoonas happens with Ouranos. This pattern continues. Bowie and Arges fire shots from their weapons at each other. The shots from Bowie's crossbow appear to be no match against Arges' excellent marksmanship and the shots from his blaster. Dragoon comes in and tries to slash at Bowie, but Bowie is able to counter in time and pushes Dragoon back, and fires a few shots at him. These shots merely anger Dragoon and Dragoon slashes at Bowie with his staff again. One of the slashes hits Bowie, but does minimal damage knocking Bowie back a couple of feet. Bowie continues to fight against Arges and Dragoon. Maria seems to be pretty evenly matched against Gheeza. She is able to get a few hits on Gheeza with her Staff, but Gheeza is also able to get a few hits on Maria with her right arm. Maria falls back a little and fires a few shots of blue magic at Gheeza. However Gheeza uses her right arm to shield herself from the shots. Gheeza then fires a few shots from the lion-like end of the shield on her right arm. The shots hit Maria knocking her back a few feet. Maria continues to fight against Gheeza. Abby appears to have some trouble against Pythara. Abby tries to strike Pythara with her Staff, but Pythara's massive shield keeps blocking Abby's attacks. Pythara uses the bottom of her shield to slash at Abby and it makes contact. The attack causes Abby to go back a few feet. Abby continues to fight against Pythara. Samson seems to be somewhat evenly matched against Bufono and Magmas. As Magmas swings his mace Samson jumps up and distances himself enough that the mace actually hits Bufono. Samson rubs the Lamp Blaster a couple of times and fires a few shots at Magmas and Bufono. The shots make contact. Samson lands and is greeted by a hit from Bufono's hammer. Samson falls back a little. Magmas then uses the

club end of his mace and gets a couple of good hits on Samson. Samson continues to fight against Magmas and Bufono. Asgard and Dragonas give simultaneous slashes to Keith, sending Keith flying back. Lagoonas and Ouranos both hit Walker, sending him back by Keith. Arges fires a high-powered blast at Bowie, which is followed by a hard hit from Dragoon's staff. This causes Bowie to fly back to where Keith and Walker are. Maria receives a hard hit from Gheeza and goes flying back to Keith, Walker, and Bowie. Pythara gives Abby a hard slash and Abby flies back to her comrades. Samson continues to fight against Magmas and Bufono. Asgard, Dragonas, Pythara, Gheeza, Arges, Dragoon, Lagoonas and Ouranos start to close in on Keith, Walker, Bowie, Maria, and Abby.

ASGARD

Is that all you pathetic Rangers have?

KEITH

You haven't seen anything yet.

Keith, Walker, Bowie, Maria, and Abby get up and take out their morphers in wand mode. They dial "1006".

KEITH, WALKER, BOWIE, MARIA, AND ABBY

Legend metamorphosis! Arhtraigh, duine,
duine, marbhan!

Keith, Walker, Bowie, Maria, and Abby all morph to Legend Form. The Legendary Wand Staffs form in their hands. They then split up and fight the members of the Decadal that they were fighting previously. Despite being in Legend Form, Keith is still having the same luck with Asgard and Dragonas. He tries to slash at the both of them with the top of his Staff, but the attack is blocked. He then tries to jab Dragonas with the bottom of his Staff, but Asgard comes in and hits Keith with his lance. Keith continues to fight Asgard and Dragonas. Even with the additional power that Legend Form gives him Walker is having the same luck against Lagoonas and Ouranos that he did before. Walker tries to jab Lagoonas with the top of his Staff, but Lagoonas blocks the attack with his trident, which then leaves Walker wide open for an attack from Ouranos' staff. Walker falls back a little, as Lagoonas and Ouranos stand side-by-side. Walker dials "1" on his Staff.

WALKER

Magix Bolt, Boulder Attack!

Walker forms a green circle in the air and boulders start to come out of it. However the boulders get swatted aside by Lagoonas and Ouranos. Once the boulders have cleared Lagoonas and Ouranos charge at Walker to continue fighting him. Despite the fact that he is now in Legend Form Bowie is having no luck in getting any hits on Arges or Dragoon. Bowie jumps to with the top of his Staff energized but Arges fires a shot at Bowie that hits him. Just as Bowie is about to land on the ground Dragoon comes in and gives Bowie a hard slash. Bowie falls to the ground, but gets back up. Bowie points the top of his staff at Arges and Dragoon and charges at them to once again fight them. Now that she is in Legend Form Maria appears to be having an easier time against Gheeza. Maria dials "1" on her Staff and shoot a jet of water at Gheeza, but Gheeza blocks the attack with her right arm, and then fires a few shots at Maria with the lion-like end of her shield. Maria takes the shot and falls back a little. Maria charges at Gheeza again to continue the fight. Abby's luck against Pythara seems to have improved now that she is in Legend Form. Abby dials "1" on her Staff and sends a small tornado Pythara's way, but Pythara blocks it with her shield. Once the tornado has cleared, Pythara sends one of the snakes on her head over to Abby. The snake wraps itself around Abby, and Pythara uses this grip to start flinging Abby up and down and back a forth onto the ground. This continues for some time. Samson is now starting to tire himself out as he fights against Magmas and Bufono. He aims the Lamp Blaster at the two of them, but he partially falls forward a little from partial exhaustion. Seeing an opportunity, Magmas swings his mace and hits Samson a few times, which knocks Samson back a little. Bufono then blasts Samson with the top of his hammer. The blast hits Samson and he flies back even more. Samson is then forcibly powered down as he lands on the ground. Asgard and Dragonas give Keith hard hits, which send Keith flying back to where Samson is. Keith is also forcibly powered down as he lands. Lagoonas and Ouranos do the same to Walker, and Walker is also forcibly powered down as he lands. The same thing happens to Bowie from Arges, and Dragoon. Maria gets the same treatment from Gheeza. Pythara lets go of her grip on Abby, which sends Abby flying back to the others, and is forcibly powered down as she lands. The Decadal starts to close in on the Rangers.

ASGARD

Are the six of you really all the surface has to offer for its defense?

DRAGONAS

It looks that way.

LAGOONAS

At least they put up a good fight.

OURANOS

But "good" just doesn't cut it, does it?

ARGES

I should commend you on your marksmanship Yellow Ranger, but I did prove to be better than you in that department.

DRAGOON

Not to mention how badly he gotten beaten in hand-to-hand combat.

GHEEZA

Pathetic just pathetic.

PYTHARA

Yes.

MAGMAS

These weaklings should be no problem to defeat now.

BUFONO

So let's get them!

The Decadal starts to close in on the Rangers even more, but before they can get any closer numerous ice darts are fired at them. Prof. Firebird (morphed) swoops in on her Broom Jet, jumps off of it, and lands before the Rangers. She turns to face the Rangers.

PROF. FIREBIRD

Are you all right?

KEITH

I think we'll be fine if we can get back to the castle.

PROF. FIREBIRD

Very well.

Prof. Firebird turns around to face the Decadal again. She draws her Wand Staff and holds it vertically with the emblem pointing up.

PROF. FIREBIRD

Teicniocht, solas!

All seven Rangers teleport away.

FADE OUT.

FADE IN:

INT. PROF. FIREBIRD'S OFFICE - EVENING

Prof. Firebird sits at her desk as the Rangers stand before it.

PROF. FIREBIRD
Just who or what were those creatures?

WALKER
They called themselves the "Demos Decadal".

PROF. FIREBIRD
Demos Decadal?

BOWIE
They said something about their creation was Demos' final act.

PROF. FIREBIRD
But Zev destroyed Demos.

KEITH
Unless of course Demos wasn't completely destroyed.

ABBY
What do you mean?

KEITH
When I went back to the lair after Demos was destroyed, there was this lying on the ground. At the time I just thought it was a fallen pillar, but now that I think about it, it did look a lot like one of Demos' tentacles.

MARIA
Which means that these things are parts of Demos, right?

KEITH
Could be.

SAMSON
Those guys were a tough fight.

WALKER
Yeah there were nothing like any of the monsters we've fought. They felt like they had the same power as Mechanos.

SAMSON

Not to mention Mumankamon.

ABBY

So how'd the Decadal come to be?

KEITH

Maybe that tentacle split up and the parts become the Decadal.

PROF. FIREBIRD

That sounds like the most likely explanation. However now that we know that the underground kingdom has yet to be defeated, we all need to be on guard for whatever attacks that may come up. So for now I just want the six of you to get some rest, because you could be in for another long day tomorrow.

END
