## "POWER RANGERS MAGIX: EPISODE 33 - BLUE WITH ENVY"

FADE IN:

INT. THE HALLS OF MAGIX - DAY

SAMSON and ABBY walk around through the halls, holding hands and generally looking like they are completely wrapped up in each other. Eventually they come up to a classroom door and let go of each other. MARIA watches the both of them from the distance, looking a little depressed. Samson and Abby wave each other good-bye and Abby enters the class. Samson goes further down the hall and even passes by WALKER as he does. Walker comes up to Maria, who is now sort of staring off into space. Walker waves his right hand in front of her face.

WALKER

Hello, Earth to Maria.

Maria snaps out of her partial trance.

MARIA

What?

WALKER

Why were you staring off into space like that?

MARIA

It was nothing.

Walker notices the partially depressed look on Maria's face.

WALKER

What's wrong?

MARIA

Nothing's wrong.

WALKER

You say that now, but the expression on your face looks a little depressed. I've got a spare period right now if you want to talk about it.

MARIA

Well considering that I do need to kill some time during the spare I have now. Fine, we'll go talk about it. Where do you want to go other than the main hall?

WALKER

The main hall's fine.

Walker and Maria walk off.

INT. THE MAIN HALL - DAY

Walker and Maria sit at the Merfolk table.

WALKER

You were too quiet when we were on our way over here, so spill it. What's the matter?

MARIA

Samson.

WALKER

What about Samson?

MARIA

I don't know what it is, but for some odd reason I haven't been liking him recently.

WALKER

Wait a minute, how recent do you mean?

MARIA

Since about Tuesday.

WALKER

I get it now.

MARIA

What?

WALKER

You're jealous of Abby.

MARIA

What does Abby have that would make me jealous?

WALKER

A boyfriend.

MARIA

That has nothing to do with anything.

WALKER

I think it does. You're just a little jealous of the fact that one of your only female friends got a boyfriend before you.

MARIA

No I'm not. What about Jess?

WALKER

You didn't really start to hang out with her until after I started going out with her. Just admit it you're jealous of what Abby and Samson have.

MARIA

Am not.

WALKER

Maria we're not six anymore. Just admit that the green-eyed monster has struck you and we'll be on out merry way.

Maria gets up and walks away. Walker soon follows but Maria escapes him before he can do anything. Walker stands at the entrance to the main hall as KEITH walks in.

KEITH

What's with Maria?

WALKER

She's just jealous of what Abby and Samson have now, and won't admit it.

KEITH

Really? It's kinda strange that it's Maria and not you.

WALKER

Why?

KEITH

Isn't green usually associated with envy?

WALKER

(sarcastically) Ha, ha, ha. (normally) But you do have a point.

KEITH

What are we going to do to help get over this?

WALKER

I don't think there's anything we can do. This is after all something Maria needs to get over herself.

KEITH

Yeah, you're probably right.

FADE OUT.

FADE IN:

INT. THE MAIN CHAMBER OF THE LAIR - DAY

ASGARD, and DRAGONAS stand by where the throne used to be. MAGMAS, NIGHT, and MARE stand before them gathered around an empty portal. Bufono, Pythara, Arges, DRAGOON, Ouranos, Gheeza, and Lagoonas stand in the background.

ASGARD

As you all well aware the Rangers are weak adversaries, so I propose that we attack the surface.

NIGHT

That's a laugh.

DRAGONAS

You dare talk down to Asgard vampire?

MARE

You guys haven't fought the Rangers like we have. No matter how well you lay down your plans, they always somehow manage to mess things up.

MAGMAS

I'll go to the surface first Asgard. I'd really like to finish off that weakling Solaria Ranger once and for all.

ASGARD

Very well do what you will Magmas. And by all means prove these doubting vampires that we are a force to be reckoned with.

Magmas starts to leave the lair.

MARE

He'll go down like every other monster we've sent at the Rangers.

NIGHT

That's right Mare.

DRAGONAS

Really? They couldn't handle us together, what makes you so sure they'll be able to handle us individually?

NIGHT

Just call it a hunch. Besides when you fought the Rangers last, you did mostly out number them two to one.

MARE

That's right, their true strength lies within them working as a team.

ASGARD

You really think a pathetic thing like teamwork is really going to overcome out power?

NIGHT

All I'm saying is watch and learn.

MARE

Maybe you might learn something from the mistakes that Magmas will be making.

Night and Mare walk out of the main chamber and find themselves in another area of the lair. The energy form of WOLZARD floats around waiting for them.

WOLZARD

What are they planning?

NIGHT

They're starting to attack the surface individually.

WOLZARD

They will be defeated just like every monster the Rangers ever fought.

MARE

That's what we said, but they seem to not want to listen to reason.

WOLZARD

That will be their undoing.

NIGHT

Have you come up with any plans recently?

WOLZARD

All of the plans that I have come up with involve me using too much of what little magic I have left. But do not worry, I will strike, and Firebird will not know what hit him when I do.

NIGHT

(sarcastically to Mare) He says that now...

MARE

(sarcastically to Night)...but he'll sing a different tune when Firebird defeats him.

WOLZARD

I will succeed, and Firebird will once again be under my control. But for now the two of you must keep up appearances with the Decadal so as to not arise suspicion about our alliance.

NIGHT

When you're right you're right Wolzard.

FADE OUT.

FADE IN:

INT. THE HALLS OF MAGIX - DAY

Samson walks around to get to his next class. As he walks some smoke starts to bellow out of one of the walls. Samson stops to look at the smoke. The smoke continues to come out until the part of the wall starts to melt. Through the newly melted hole in the wall, lava starts to pour out carrying a black envelope. The lava starts to rise up into a small pillar until eventually hardening. The envelope rests on top of the pillar. Samson picks up the envelope, opens it, and takes out the note inside. He reads the note aloud.

SAMSON

Solaria Ranger, meet me alone in  
downtown Gandalf City in half an hour.  
I extend this challenge to you to prove  
to me that you're not the weakling you  
made yourself out to be at our last  
meeting. Magmas.

Samson crumples up the note.

SAMSON

The nerve of that guy.

NOCHE walks past Samson.

NOCHE

Samson, what is all of this?

Samson turns to Noche.

SAMSON

I've been challenged by one of the new  
enemies.

NOCHE

I take it that you will be unable to  
attend my class in five minutes, right?

SAMSON

Well this is Ranger work, so yeah.

NOCHE

Very well. I will also inform Professor  
Firebird of this.

SAMSON

Professor Noche, don't tell her to send  
the others. He only wants me.

NOCHE

I will, but you do realize she will send the other Rangers anyway.

SAMSON

I know, either way I've got go.

NOCHE

Good luck.

Samson rushes off.

EXT. DOWNTOWN GANDALF CITY - DAY

The sky darkens as Magmas appears in gigantic form. People run in terror as numerous buildings are on fire. Magmas watches over the destruction.

MAGMAS

What's the matter, humans, too hot for you? Well if you think it's hot now just wait until I really get started!

Magmas raises the club end of his mace, which gathers the flames on the buildings. He then shoots the flames at a nearby tower igniting it.

MAGMAS

Your precious surface world will come to an end when the fire on that tower burns out. Until then you can tremble with fear if you must.

The Solaria Express Megazord walks up behind Magmas. Inside of the cockpit Samson (morphed) sits at the controls with CHESHIRE standing behind him.

SAMSON

Rail Trap!

Samson pushes up a lever. Outside the panels on the Solaria Express Megazord's legs open up, and launch mini versions of the engine. The engines travel up to Magmas, and Magmas' eyes flash. As the engines start to wrap rails around Magmas they evaporate.

SAMSON

What?!

MAGMAS

Did you really think such a pathetic attack like that could work on my weakling?

Magmas raises the club end of his mace up, which gathers some fire on it. He then flings the flame over to the Solaria Express Megazord. The flames hit the Solaria Express Megazord, and cause numerous explosions to occur, which knock Samson out of the cockpit and down to the ground. Magmas shrinks to human size. The sky clears up once Magmas has shrunk. Magmas starts to laugh a little. Samson gets back to his feet.

MAGMAS

I do enjoy being human size much better than being a giant. It'll make it easier to defeat you.

Magmas and Samson start to charge at each other. Once Samson has gotten close enough Magmas swings the club end of his mace at Samson, but Samson jumps up and over Magmas. Magmas turns around to hit Samson again, but Samson dodges the attack. Magmas then swings at Samson again, but this time his club is ignited. The club hits Samson knocking him back onto a car. Samson falls off of the car. Samson gets back onto his feet and pulls out the Lamp Blaster.

SAMSON

Lamp Blaster!

Samson rubs the Lamp a few times and aims at Magmas. Magmas' eyes flash, as Samson fires. The shots from the Lamp Blaster evaporate before they can touch Magmas.

SAMSON

So that's it. He evaporates the attacks before they can hit him.

MAGMAS

You're just as pathetic as the last time we fought.

Magmas charges up and fires a high-powered burst of fire at Samson. Samson dodges the attack and it hits the car Samson landed on.

WALKER

Hold it!

Samson and Magmas turn around to see Keith, Walker, BOWIE, Maria, and Abby (all morphed) running up to them.

WALKER

Don't forget about us Magmas.

KEITH

Yeah, you fight one of us you fight all of us.

MAGMAS

That's a laugh.

MARIA

You won't be saying the same thing once we're through with you.

MAGMAS

So that's how you want it, eh? However I only want the Solaria Ranger. And that's how it'll be.

KEITH

I don't think so.

Keith, Walker, Bowie, Maria, and Abby draw their weapons. They get ready to strike. Before they can Samson punches a card and holds toward the other Rangers.

SAMSON

Ars, complexio!

The weapons of the other Rangers disappear.

WALKER

What happened?

KEITH

What are you doing Samson?

SAMSON

Like he said he only wants me, and that's what he'll get.

MAGMAS

I see even a weakling such as yourself can agree with me. Very well Solaria Ranger, if that's the way you want it, then that's the way you'll get it. So prepare to burn before you reach oblivion.

ABBY

No!

MARIA

Samson you're not actually prepared to do this are you?

BOWIE

It seems like it though.

KEITH

Are you really going to go through with  
this Samson?

MAGMAS

Looks like you're all a bunch of  
weaklings, and I don't have time for  
people like you. So I'll leave you now.  
Until next time Solaria Ranger.

Magmas disappears in a burst of flames.

FADE OUT.

FADE IN:

INT. PROF. FIREBIRD'S OFFICE - DAY

PROF. FIREBIRD paces around ZEV stands off to the side watching his wife.

ZEV

Athena stop, you are making me a little sick.

PROF. FIREBIRD

I am sorry Zev, but Magmas seems to be a dangerous foe. I am just a little worried about the Rangers.

Keith, Walker, Bowie, Maria, Abby, and Samson walk in. Samson and Abby stand beside each other. Maria sees this and a somewhat resentful look goes over her face.

PROF. FIREBIRD

Are the six of you all right?

SAMSON

We're fine professor.

KEITH

Magmas didn't really do anything to us.

PROF. FIREBIRD

That is good. However we need to come up with a plan to defeat him. Does anyone have any suggestions?

BOWIE

I was thinking that since Samson is the one, Magmas seems to want, maybe one of us should go out with him and call out Magmas.

PROF. FIREBIRD

Excellent idea Bowie, Samson what do you say?

SAMSON

It could work.

ABBY

I'd like to volunteer to be the one to go with Samson.

PROF. FIREBIRD

I like the enthusiasm Abby, but I think Maria is the better candidate.

MARIA

Why me?

PROF. FIREBIRD

Your element is water, which is perfect to counter any flame attacks Magmas may have.

ABBY

But wind can also put out fires.

PROF. FIREBIRD

Wind can also make them bigger. However with water it is guaranteed that a fire will be put out. What do you think Samson?

SAMSON

Okay I guess.

PROF. FIREBIRD

Then that settles it. Samson and Maria will go call out Magmas, and try to stop him. The other Rangers will be sent should you need them.

Samson, Abby, and Maria leave the office.

ZEV

That is strange. Abby went with them.

BOWIE

She probably did it to see Samson off.

ZEV

Why?

BOWIE

They're dating now apparently.

PROF. FIREBIRD

That is nice. I just wish that some of the other Rangers could find someone.

She looks directly at Keith.

KEITH

Mother!

WALKER

I'm not too sure if it's a good idea to send Maria out with Samson right now.

PROF. FIREBIRD

Why?

WALKER

Apparently she's been feeling a little jealous of Abby right now because of what she's got with Samson now.

ZEV

I take it that Maria will not admit to it either, right?

WALKER

Exactly.

ZEV

These kinds of things can be tricky. If I remember correctly, did Oscuro not have his eye on you when we were the previous mages Athena?

PROF. FIREBIRD

I do not remember, but if that was the case then he never said anything to me about it.

BOWIE

Do you think Maria's going to get over this?

ZEV

She will have to, or else your team will not be what it once was.

FADE OUT.

FADE IN:

EXT. AN OPEN AREA NEAR A FORREST - DAY

Maria and Samson walk around. Maria is primarily giving Samson the silent treatment. After a while Samson gets annoyed of the silence.

SAMSON

I've got to know one thing.

MARIA

What?

SAMSON

Why were you a little reluctant to do this?

MARIA

There was no reason in particular.

SAMSON

I think there was. C'mon you can tell me. I think we've gotten to know each other well enough in the time since I came to Magix.

MARIA

I'd rather not.

SAMSON

There's obviously something bothering you, and you're not going to get over it unless you get it out in the open.

MARIA

Okay fine, my problem's with you.

SAMSON

What? Why?

MARIA

I don't know it's kinda stupid really.

SAMSON

What's the reason?

MARIA

Walker tried to get this out of me earlier, but I guess I'm just a little jealous of Abby right now.

SAMSON

What does Abby have that you...(pause)  
okay I think where this is going right  
now. Is there any reason in particular  
why you're jealous of Abby?

MARIA

I guess it's just because she got a  
boyfriend before I did, and so far  
things are looking a little serious  
between the two of you.

SAMSON

Maria please, we've only been on one  
date. I think even Abby will admit that  
we're not *that* serious.

MARIA

Well we'll have to ask her when we get  
back won't we?

SAMSON

Yeah. But first we should do what we've  
come to do. MAGMAS! I challenge you.

Magmas appears in a burst of flame.

MAGMAS

So the weakling wants to play?

SAMSON

That was the plan.

MAGMAS

What about the girl?

MARIA

I'm here to give him some assistance.

MAGMAS

While I would just prefer you Solaria  
Ranger, I'm sure Asgard will be most  
pleased that I also took out another  
Ranger. Prepare yourselves.

Samson takes out his morpher and "MORPH" card.

SAMSON

Solaria metamorphosis! Abeo, equus,  
corporeus!

Samson morphs. Maria takes out her morpher, opens it, and  
dials "1,0,0,6".

MARIA

Legend metamorphosis! Arthraigh, duine,  
duine, marbhan!

Maria morphs into her regular Ranger form quickly, and then morphs into Legend Form. Her Legendary Wand Staff appears in her hand. Maria points the top of the Staff at Magmas. Samson charges at Magmas and unleashes a few punches that do nothing. Samson jumps back, draws the Lamp Blaster, rubs it, and fires at Magmas. Like before Magmas' eyes glow and the attacks is evaporated. Maria dials "1" on her Staff.

MARIA

Magix Bolt, Tidal Wave!

Maria points the top of her staff at Magmas. A tidal wave comes rushing in at Magmas. Magmas' eyes glow again, which makes the tidal wave disappear.

MAGMAS

Nice try Blue Ranger.

Magmas creates a small ball of fire, which displays tower he ignited.

MAGMAS

Well it appears that time is almost up  
for the surface. So good-bye Rangers!

Magmas disappears in a burst of fire. Samson and Maria both power down.

SAMSON

Why does he always do that when we try  
to attack him?

MARIA

It's almost as if he evaporates the  
attacks before he gets hit by them.

SAMSON

You're right, and it must be energy  
attacks like the ones we fired. Got any  
ideas about a potential plan?

MARIA

Not really, but all I know is that  
we're going to have to work together.

SAMSON

Fine by me, and maybe by doing this  
you'll get over what feeling about me.

FADE OUT.

FADE IN:

EXT. DOWNTOWN GANDALF CITY - DAY

People watch in partial terror as the flame on the tower starts to extinguish. Once the flame has extinguished, the tower crumbles. Magmas appears in a large burst of flame.

MAGMAS

Your time is up, humans. Prepare to  
kiss your precious surface world good-  
bye.

Magmas slams the top of his club to the ground. A flame goes over it.

MAGMAS

Mega fireball!

Magmas raises his club and tilts himself back. He creates a giant fireball in the air. People run in terror at the site of it. NYMERA and Dragoon watch as Magmas creates the ball.

NYMERA

That's some ball of fire.

DRAGOON

Just think when it falls, the surface  
is toast. Literally.

MAGMAS

Your time has come humans.

Magmas continues to create the ball. From out of nowhere a golden beam shoots out at him, hits him, and sends him flying back a few feet. The fireball disappears, as Magmas looks up. Magmas gets back to his feet, and sees Keith, Walker, Bowie, Maria, and Abby morphed and in Legend Form.

MAGMAS

So you all wanna play now?

Samson jumps to the scene. When he lands the other Rangers come up behind him.

SAMSON

Like we said before, we're a team.

MAGMAS

So that's the way you really want it.  
Fine. Then I present you with a  
challenge.

KEITH

A challenge?

Magmas, powers up his club with some flames and shoots the flames at another tower. The flames ignite the tower.

MAGMAS

The rules are simple, if you all get defeated before the flames are extinguished; I win. If even one of you is still standing when the flames are extinguished you guys win.

BOWIE

What's with the challenge?

MAGMAS

Just fighting you can get boring. This should mix things up a little.

Nhymera and Dragoon continue to watch the battle.

DRAGOON

This should be interesting.

Back on the ground the Rangers face off against Magmas.

KEITH

I've had enough of this. Magix Bolt, Fire Burst!

Keith dials "1" on his Staff and points the top of the Staff at Magmas. A burst of fire comes out of the Staff and over to Magmas. Magmas flashes his eyes and evaporates the attack.

MAGMAS

Your pathetic fire attacks won't work on me Red Ranger.

Magmas fires a spiraling burst of flames at Keith. Keith takes the hit and flies back many feet. Walker turns to Magmas, and dials "1" on his Staff.

WALKER

Magix Bolt, Boulder Attack!

Walker points the top of the Staff at Magmas and numerous boulders fly at Magmas. Once again Magmas flashes his eyes and the boulders evaporate. Samson comes up behind Walker.

SAMSON

It's no good. He evaporates any attack that he glares at.

The other Rangers come up behind Walker and Samson. Magmas starts to laugh as he fires another spiraling burst of flames that hit the Rangers. All of the Rangers fall back and fall on the ground.

MAGMAS

Your pathetic attacks can't touch me.  
Looks like this really wasn't much of a challenge after all.

MARIA

I don't think so!

Maria gets up to her feet. She points the top of her Staff at Magmas.

KEITH

Maria!

MARIA

Listen up Magmas because I'm only saying this once. You're not going to win this one because we're a team, and if you fight one of us you fight us all. Even if a few of us may have problems with each other we're still a team no matter what!

The "1" on Maria's Staff, flashes for a second. Maria looks at it. Samson comes up behind her.

SAMSON

Let's do it!

Maria nods and dials the "1" on her Staff.

MARIA

Finsceal, duine, duil! Magix Bolt,  
Tsunami Attack!

Maria points the top of her staff at Magmas and a tsunami comes flying at him. However Magmas' eyes flash and evaporate the attack, turning the tsunami into steam. Abby comes up behind Maria.

ABBY

Even a water attack like that is no good.

Magmas continues to laugh as the steam rises.

MAGMAS

There isn't an attack that can get near me.

SAMSON

I don't think so.

As the steam completely clears Samson comes up beside Magmas with the Lamp Blaster pointed at Magmas' side. Magmas looks over to Samson.

MAGMAS

What?!

SAMSON

Fire!

Samson fires a blast at Magmas. The blast hits Magmas causing him to fall back as explosions go over his body until he eventually falls down.

SAMSON

You were only able to evaporate what you were able to see. So Maria used her tsunami as a distraction while I snuck up behind you.

MARIA

That's right.

KEITH

Great work guys.

Magmas gets back up.

MAGMAS

Curse you!

Magmas turns into a puddle of lava, and the lava shoots up to create a gigantic version of Magmas.

MAGMAS

Come and get me now Rangers!

KEITH

Finsceal, arthraigh, duil, duine!

Keith morphs into the Firebirdzord.

WALKER, BOWIE, MARIA, AND ABBY

Finsceal, arthraigh, teaglaim, duil,  
duine!

Walker, Bowie, Maria, and Abby combine and morph into the Lionzord.

KEITH, WALKER, BOWIE, MARIA, AND ABBY  
Finsceal, arthraigh, teicniocht,  
teaghlaim, duine!

The Firebirdzord and Lionzord then combine into the Legend Megazord.

KEITH, WALKER, BOWIE, MARIA, AND ABBY  
Legend Megazord, power up!

MAGMAS  
How dare you make me resort to  
enlarging myself!

The Solaria Express Megazord comes up to the side of Magmas. Magmas turns to face it. Inside of the Solaria Express Megazord Samson sits at the controls, and Cheshire stands behind Samson.

SAMSON  
Piston Punch!

Samson flips a switch. Outside of the Solaria Express Megazord the Solaria Express Megazord quickly comes up to Magmas and gives a barrage of super fast punches.

SAMSON  
Do it guys!

KEITH, WALKER, BOWIE, MARIA, AND ABBY  
Fire screw attack!

Flames come out of the Legend Megazord's wings and onto the Legend Spear, which is now spinning in the Legend Megazord's right hand. Once all of the flames have been collected, the Legend Megazord launches the flames at Magmas. However Magmas counters and cancels out the attack.

MAGMAS  
Your pathetic fire attack will have no  
effect on someone who uses fire.

KEITH  
What?!

Samson continues to sit at the controls inside of the Solaria Express Megazord.

CHESHITRE  
No way!

SAMSON  
He took that attack and is still  
standing?

Outside on the ground Nhymera and Dragoon watch the battle.

NHYMERA

Not bad Magmas. Maybe you'll actually defeat them.

DRAGOON

I wouldn't count on it. Look.

MAGMAS

What?

Dragoon points to the second tower that Magmas ignited, which is now completely extinguished.

MAGMAS

The flame is gone.

For seemingly no apparent reason Magmas falls down. Keith, Walker, Bowie, Maria, and Abby watch from inside their Megazord.

BOWIE

What happened?

Outside Magmas gets back up and faces the Legend Megazord.

MAGMAS

Just because I lost to you at my own challenge doesn't mean that you Rangers will have it any easier when I'm gone. Asgard and the others will come and destroy you.

KEITH

I don't think so. The rest of you will fall just like you're doing now.

MAGMAS

You say that now Red Ranger, but you have seen first hand what the other members of the Decadal can do. One way or another we will revive Demos, and when that happens your last day will be at hand.

WALKER

What do you mean?

MAGMAS

I will say no more. However if the six of you fight as boldly as you have against me, you will defeat the others.

Magmas glows a little bit as an energy ring forms above his head and goes down to the ground. The ring causes Magmas to stop in place and turn to stone. Once completely stone, Magmas explodes. On the ground Nhymera gets hit with the remains of Magmas, and falls back a little.

NHYMERA

What happened?

DRAGOON

Magmas failed to adhere to his own rules, and as such paid the price for it. The Decadal must follow the rules it makes or else Demos will never be reborn.

Dragoon turns around and leaves. Nhymera has her back to him.

NHYMERA

Wait, Demos is going to be revived?

Nhymera turns around to see nothing.

FADE OUT.

FADE IN:

INT. PROF. FIREBIRD'S OFFICE - DAY

Prof. Firebird sits at her desk. The Rangers come in.

PROF. FIREBIRD

I saw everything on the mirror, is it true that Demos is going to be revived?

KEITH

That's what Magmas said, but who knows?

PROF. FIREBIRD

Either way, we must all be on our guards should the day ever come. Now Maria, have you gotten over your problems with Samson?

MARIA

How do you...?

She turns to Walker.

WALKER

Well you looked so reluctant to go with Samson. Someone had to say something.

PROF. FIREBIRD

So Maria, are you over your problems?

ABBY

What problems?

MARIA

I've been a little jealous of you since you and Samson started to go out. I guess I was just a little mad that one of the only female friends I have got a boyfriend before I did.

ABBY

So what made you get over it?

SAMSON

Something I said about our relationship.

ABBY

Really what?

SAMSON

It's about the seriousness of it.

ABBY

And how serious do you think we are?

SAMSON

How serious do you think we are?

ABBY

I'd say fairly serious. Is that what he said Maria?

Maria looks over at Samson who has a partial look of desperation on his face. Maria turns to Abby.

MARIA

Yeah that's what he said.

Maria looks over at Samson again and mouths, "thank you" to her.

PROF. FIREBIRD

Rangers it has been a long day for you, so why do you not go get some rest.

Abby is the first to leave. As Keith, Walker, and Bowie leave Samson pulls Maria to the side.

SAMSON

Thanks for saving my butt back there. I owe you one.

MARIA

No problem. Besides seeing Abby mad isn't a pretty picture.

FADE OUT.

FADE IN:

EXT. THE AREA WHERE MAGMAS WAS DESTROYED - DUSK

Asgard appears carrying a small black metal container. A reddish-orange energy appears before him. Asgard opens the container and the energy enters it.

ASGARD

There, I have your energy Magmas. It is greatly needed for the ceremony  
Dragonas and I will be performing soon.

Asgard disappears.

INT. A ROOM WITHIN THE LAIR - DUSK

Night and Mare stand around.

MARE

What are we going to do now? We only agreed to the alliance with Wolzard because we didn't like the Decadal, but if they're really going to revive Demos then maybe we should be on their side so we don't anger Demos when he comes back.

NIGHT

We'll pass this along to Wolzard. If he wants to join up with the Decadal as well, then so be it. If not there's no reason why we can't play both sides for chumps.

MARE

I like it. Why is it that you're always the brains of our operation?

NIGHT

That's because I am.

Night and Mare leave the room. Once they have left Wolzard materializes.

WOLZARD

So the Decadal is going to revive Demos? Perhaps I should ally myself with them if for anything else to get Firebird again.

END
