"POWER RANGERS SPACE POLICE DEPARTMENT: EPISODE 33 - FOSSIL
FURY PART 2"

FADE IN:

EXT. A JEWELRY STORE - NIGHT

IODA STORM stands near the sidewalk as EXPLOSION sets up an eggplant shaped bomb near the door.

IODA STORM
Will you hurry?

EXPLOSION
I thought you said that you wanted to
cause as little damage as possible?

IODA STORM
Fine whatever, but remember the time
that Mesogog has given me isn't that
long.

Explosion finishes setting up the bomb, and she walks away from it.

EXPLOSION
There. Done.

The bomb goes off, creating a small hole in the front of the store. Ioda Storm and Explosion then walk into the store.

EXPLOSION
So what are we taking? Gold?

IODA STORM
Take nothing but ice.

EXPLOSION
Ice?

IODA STORM
Diamonds, take only the diamonds.

Ioda Storm and Explosion go through the store and take numerous diamonds.

EXT. A SMALL PARK IN THE CITY - NIGHT

Several people walk through the park going about their business. REFLECTUS steps in front of them.

REFLECTUS

They say it is not safe to walk around
in the park after dark. You never know
who might show up, and you never know
what might happen.

Reflectus opens his chest, and his chest mirrors create an
endless mirror corridor that traps the people who are in
front of Reflectus.

REFLECTUS

And I am the reason why.

EXT. DOWNTOWN DIATECH CITY - DAY

Several people walk around, as TAURUS starts to jump
around, destroying several buildings. The people in the
area start to run in fear only to find PISCES (helmet off).
Pisces' eyes flash for a moment, and an energy wave goes
over the people as they fall to the ground. Pisces then
licks her lips with her snake like tongue. Taurus walks up
to Pisces.

TAURUS

Being brought back to life like this is
so much fun, isn't it?

PISCES

Agreed, but too bad Mesogog couldn't
have resurrected Libra as well.

Pisces and Taurus walk away from the area.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

DORIAN stands behind his desk, as DEX, JOHN, PATRICK, ALEXANDRA, JULIE, and RICK walk into the room, and sit down at the center console.

DEX

So how come you didn't call Tommy and the others in here?

DORIAN

I'm going to save them for more Ranger matters. Either way reports have come in that last night two and a half million dollars worth of diamonds were stolen from several jewelry stores.

ALEXANDRA

Two and a half million? That's a lot of...ice.

An unsure looks goes over Alexandra's face.

PATRICK

What?

ALEXANDRA

I could've sworn for a minute that Ioda Storm was back.

JOHN

Impossible, we deleted him weeks ago.

DORIAN

Well then you're probably not going to like this next incident.

RICK

What?

DORIAN

At the same time as the robberies last night, we got several reports of people being abducted through a mirror corridor.

RICK

But Reflectus would be the only one who could've done that, and I took care of him around the same time that we took care of Ioda Storm.

DORIAN

I know, and this is where things start to get even worse.

Dorian presses a few buttons on his desk, and the screen behind him shows several buildings getting destroyed, and people falling to the ground.

DORIAN

The people you see there have been brought to Diotech City General, and they're all lying in their beds as if their very essences have been drained.

RICK

The Zodiacs? But we also took care of them.

DORIAN

It appears that somehow these deleted criminals have been resurrected.

JULIE

Does anyone else think that Mesogog could be behind this?

DORIAN

Now that you mention it Julie, that could be a possibility. After all we don't know the full extent of the powers that one of those creatures had. But for now I think it's best that we-

VOICE

Like you ever had any good thoughts, Kruger.

DORIAN

That voice...

Dorian turns around to see RUSTRAX on the screen behind his desk.

DORIAN

But how?

RUSTRAX

The same way the other deleted criminals are back. Not that I'm actually going to tell you about this.

DORIAN

What do you want?

RUSTRAX

What any other deleted criminal would want, revenge against the S.P.D. officer who deleted him.

DORIAN

Where and when?

RUSTRAX

You know what; I'm not going to fall for that. Instead I'm just going to tell you that it'll happen sometime in the near future, and let the fear get to you about when it could happen. For all you know, I'm all ready within S.P.D. H.Q. and I could come get you at any time. So I guess I'll see you when I see you.

The screen goes blank.

DEX

So what's the plan?

DORIAN

The six of you go out, and try to find these revived criminals.

PATRICK

What about Rustrax?

DORIAN

There is no way that he could get into the building without someone knowing. So the only thing we can really do is call his bluff, and have a few people sweep the building for any potential intruders.

FADE OUT.

FADE IN:

INT. THE TECH ROOM - DAY

ANITA stands before CONNER, ETHAN, KIRA, TOMMY, and TRENT holding a handheld scanner.

CONNER

Why are we in here doing this?

ETHAN

Since Captain Kruger deputized us, shouldn't we be in the command room or something to see what's going on in the city?

TOMMY

I talked it over with Dorian, and the both of us agree that despite our new "status" within the S.P.D. we still need to find a way to send us back to 2005.

TRENT

Why can't we just stay here?

ETHAN

Yeah, the advanced technology here is too good to let go.

KIRA

Ethan you're the sci-fi geek, wouldn't us being here create some kind of problem?

ANITA

Exactly Kira. We can't have any time paradoxes popping up with the younger versions of the five of you here, and not in your own time.

ETHAN

Wait a minute; do we all do some major things in the next fifteen years?

ANITA

I'm not at liberty to say that. In fact Captain Kruger is still trying to get some clearance for a memory eraser that only affects humans.

TOMMY

Why does Dorian need clearance for that?

ANITA

It's still an experimental technology. The top scientists within the S.P.D. on Eltare are still trying to figure it out.

TOMMY

But wouldn't Zordon have something like that on his home planet anyway?

ANITA

Apparently after his energy wave destroyed Rita, Zedd, the Machine Empire, and Divatox most of the information that Zordon had was lost. And these scientists on Eltare are working from what little Zordon had written down that wasn't in the original Command Center or Power Chamber. But enough of that I need to scan the five of you.

Anita aims the scanner at Conner, Ethan, Kira, Tommy, and Trent, and presses a button. A thin red line goes over the five of them going down from their heads to their feet. Upon finishing the scan, Anita takes the scanner over to a computer terminal and plus the scanner into it. Anita presses a few buttons on the scanner, and some data appears on a screen.

ANITA

Looks like there's an unusual amount of temporal energy within you guys.

KIRA

Temporal energy?

ANITA

It usually occurs when someone or something comes through the space-time continuum. Some of the time travel experiments that a special branch of the S.P.D. is working on recently discovered it. However it looks like the temporal energy within the five of you may be connected to another energy reading that I'm picking up. And it's one that seems to be depleting at a fairly steady pace.

TOMMY

Which energy is it?

ANITA

Let me scan the Gems on your bracelets
for a minute.

Anita unplugs the scanner and takes it over to Conner, Ethan, Kira, Tommy, and Trent. The five of them stick out their left wrists, and Anita scans the Dino Gems. Anita takes the scanner back to the computer terminal, and plugs it in again. Anita presses a few more buttons on the terminal and more data is displayed on screen.

ANITA

It's just what I thought.

CONNER

So what's going on?

ANITA

The energy that passed through the Dino Gems, which caused them to reenergize, is starting to fade. And I'm fairly sure that your morphing will only drain that energy. Although I do have my theories as to what that could mean with all of this temporal energy.

FADE OUT.

FADE IN:

INT. THE HALLS OF S.P.D. H.Q. - DAY

Tommy walks through the halls alone. Several low ranking S.P.D. officers patrol the halls. Tommy sees this and a somewhat confused look goes over his face. Tommy continues down the hall until seeing Dorian walking in his direction. Dorian and Tommy stop when they come up to each other.

TOMMY

What's going on with the extra security?

Dorian and Tommy turn in the direction of another hall and start to walk.

DORIAN

A few minutes ago we received a threat from a criminal who we believe Mesogog may have revived.

TOMMY

But I don't think he could do that. What about that delete process you told me about?

DORIAN

Normally it should completely erase a criminal from existence, but if that criminal left some DNA lying around who knows what could happen. Especially given Emegon's cloning capabilities, and not to mention we don't know the full extent of the powers those creatures had.

TOMMY

So what about this criminal who threatened you?

DORIAN

He and I kinda have a history. I told you about my mutation, right?

TOMMY

Yeah.

DORIAN

Well this guy was the one who was hired to implant the virus that caused the mutation into me.

Dorian and Tommy turn toward a stairwell.

INT. A LOWER LEVEL OF S.P.D H.Q. - DAY

Dorian and Tommy walk out of the stairwell and onto the floor.

TOMMY

Well I don't blame you for increasing security after everything you just told me.

VOICE

Too bad it didn't work.

Dorian and Tommy pause for a moment.

DORIAN

Oh no.

Rustrax steps out from a shadowy area.

RUSTRAX

Long time no see Kruger.

DORIAN

How are you here? The deletion process should've erased your DNA.

RUSTRAX

Then maybe you should investigate Darkwing's business practices a little more. Because if you did, you'd know that he requires a DNA sample to sign whatever contract you make with him, upon the purchase of anything.

Rustrax turns to Tommy.

RUSTRAX

And you should also thank Mesogog for me being here.

TOMMY

Why?

RUSTRAX

It was one of his creatures that revived me and the others. But enough talk, I just want to do what I'm here for. I hope you're ready for this Kruger.

Dorian takes out his morpher. Tommy grabs the morpher key from around his neck, and his bracelet becomes his morpher.

DORIAN

I take it you're ready too.

TOMMY

We can't have people like him running around.

RUSTRAX

Whatever, I'll take you both on.

DORIAN

Emergency, SPD!

Tommy performs his morph hand movements.

TOMMY

Dino Thunder, power up!

Dorian and Tommy morph. Dorian draws the Anubian Sword, while Tommy draws his Brachio Staff. Rustrax charges at the two of them and tries to strike them with his claw hand, but Tommy blocks the attack with his Staff, while Dorian manages to get in a couple of quick slashes with his Sword. Rustrax falls back, and converts his claw hand into a blaster. Rustrax fires a few shots, but Dorian swats them away with his Sword. Tommy waves his Staff in a circular motion.

TOMMY

Energy orb!

An energy orb forms, and Tommy fires it over to Rustrax. Rustrax takes the hit and falls back.

DORIAN

Anubian Sword, full power!

Dorian powers up the Anubian Sword. He then runs toward Rustrax, and gives him a hard slash. Rustrax takes the hit, and falls to the ground and explodes.

FADE OUT.

FADE IN:

EXT. A JEWELRY STORE - DAY

Ioda Storm rushes out of the store carrying a brown bag. He runs for a few feet, until a laser hits the bag, creating a hole that causes the bag to rip. Ioda Storm turns around to see Dex and Alexandra holding her side arm. Alexandra puts her side arm back into her holster.

IODA STORM

I was wondering if I'd see you Yellow Ranger.

ALEXANDRA

Well I was wondering if I'd find you trying to get more ice.

Ioda Storm charges at Dex and Alexandra. Dex and Alexandra quickly take out their morphers.

DEX AND ALEXANDRA

Emergency, SPD!

In flashes of red and yellow light, Dex and Alexandra morph. Dex draws his Magnum Blasters, and Alexandra draws her D-Baton. Ioda Storm approaches the both of them, and Dex strikes him with his Blasters quickly. Ioda Storm falls back a little as Alexandra comes in quickly and slashes Ioda Storm with her D-Baton a few times. Ioda Storm falls back a little.

DEX

We might as well just delete him.

ALEXANDRA

With or without judging him first?

DEX

Without, why?

ALEXANDRA

What do you think your brother would say about that?

DEX

I don't know, but we're dealing with a criminal who we've all ready judged and deleted, and I don't think him being here now would be any different than before.

IODA STORM

There's no need to delete me just yet
Rangers.

ALEXANDRA

Why?

IODA STORM

Because you'll have to catch me first!

Ioda Storm creates a red energy tornado and disappears.

EXT. A PLAZA IN DIATECH CITY - DAY

Pisces and Taurus terrorize the area. Numerous people try to flee the area in fear, but Pisces' eyes flash which cause the people to fall down and emit a blue colored energy. Pisces then licks her lips with her tongue. John on the Squad Cycle, and Rick on the Ops Cycle ride up to the area. They park their Cycles, take off their helmets, and get off. John and Rick then run up to Pisces and Taurus.

PISCES

Didn't think you'd be here Selleck,
especially since Reflectus is a little
more interested in seeing you.

RICK

Don't give me that.

JOHN

We'll take care of you and anyone else
who's back just like every other
criminal we've faced.

RICK

Besides, we defeated you once, and
we'll do it again. And this time you
don't have your big brother to help you
out. Ready John?

John takes out his morpher.

JOHN

Let's do it.

Rick gets into position with his morpher.

JOHN AND RICK

Emergency, SPD!

John and Rick both morph.

PISCES

We might as well have a little fun with these two. Right Taurus?

TAURUS

Right.

Pisces' helmet forms over her head, and she and Taurus charge at John and Rick. John draws his D-Baton quickly just as Taurus comes up to him and tries to give John a punch with his right fist. John jumps back a little to dodge the attack, and then slashes at Taurus a couple of times with his D-Baton. Taurus takes the hits and falls back. Taurus then crouches down to charge his jumping power, before jumping up high into the sky. Taurus starts to fall face first toward John. However, John quickly draws his Knuckle Grip and combines it with his D-Baton.

JOHN

Snipe Blaster!

John aims his Blaster at Taurus, and fires three precise shots at Taurus. Taurus takes the hits, and falls to the ground with a big thud. Pisces swipes her arms at Rick, trying to strike him with her arm fins, but Rick dodges the attacks. Rick then flips out the throttle on his morpher, and revs it until the meter is full.

RICK

Flame Throw!

Rick puts the throttle back into its original position, and extends his left hand. A burst of fire comes out of it, which hits Pisces, causing her to fall to the ground. Taurus comes up to her.

TAURUS

What now?

PISCES

We'll leave these Rangers. They'll meet their end soon enough.

Pisces gets to her feet, and she and Taurus disappear.

FADE OUT.

FADE IN:

INT. THE STREETS OF DIATECH CITY - DAY

Conner, Ethan, Kira, and Trent walk down the sidewalk near a park.

CONNER

So is anyone else wondering why Kruger hasn't really let us do anything?

KIRA

I'm sure he has his reasons. After all Dr. O was the same way when we were first fighting Mesogog.

ETHAN

Then what was the point of deputizing us, if Kruger wasn't going to let us do anything?

TRENT

Didn't he say something about this whole Mesogog thing being more Ranger business than police business?

CONNER

Your point?

KIRA

Maybe he only wants us involved if it's something Mesogog's up to.

ETHAN

But-

The sounds of sirens can be heard as Night Beat drives up to the area. The car parks, and Patrick and Julie get out and run off.

TRENT

Where are they going?

Conner, Ethan, Kira, and Trent start to run and come up to an area of the park where Patrick and Julie are now confronting Reflectus, Explosia, and SAUNAEEL.

CONNER

I guess this is definitely Ranger business for us.

Conner, Ethan, Kira, and Trent run up beside Patrick and Julie.

PATRICK

What are you guys doing here?

ETHAN

Well we were in the neighborhood.

JULIE

Mind hel-

KIRA

We were thinking the same thing.

Conner, Ethan, Kira, and Trent's bracelets become their morphers. Patrick and Julie take out their morphers. Conner, Ethan, Kira, and Trent perform their respective morph hand movements.

CONNER, ETHAN, AND KIRA

Dino Thunder, power up!

TRENT

White Ranger, Dino power!

PATRICK AND JULIE

Emergency, SPD!

Patrick, Julie, Conner, Ethan, Kira, and Trent all morph.

REFLECTUS

I am surprised that the Mars Ranger is not here.

PATRICK

Well he's taking care of the revived Zodiacs.

REFLECTUS

Either way Green Ranger, I trapped you and the Pink Ranger before. And I will do it again.

JULIE

But we know how you did it, so what makes you think we'd fall for it again?

Reflectus draws his sword.

REFLECTUS

We will see about that.

Reflectus, Explosia, and Saunaeel charge at Patrick, Julie, Conner, Ethan, Kira, and Trent. They break up into three groups; Patrick and Conner with Reflectus, Julie and Kira with Explosia, and Ethan and Trent with Saunaeel. In their area Reflectus takes a swipe at Patrick and Conner, but they both jump back to avoid the attack. Patrick draws his D-Baton, and Conner draws and converts his Thundermax Saber. Reflectus swipes at Patrick and Conner again, but they both block the attack with their respective weapons, before Patrick starts to slash at Reflectus with his D-Baton, soon followed by a few slashes from Conner with his Thundermax Saber. In their area Explosia fires a few explosive bees from her stinger, but Julie and Kira dodge them. Julie then takes out and combines her D-Baton, and Knuckle Grip. Kira draws her Thundermax Saber in Laser Mode. Julie and Kira aim their blasters and start to fire numerous shots at Explosia. Explosia takes the hits and falls back. In their area Ethan slashes at Saunaeel a few times with the tip of the Tricera Shield. Saunaeel takes the hits and falls back.

SAUNAEEL

Maybe I should heat things up.

Trent draws his Drago Sword.

TRENT

Laser Arrows!

Trent draws several arrows made of lasers in the air, and they all point toward Saunaeel. The arrows fly toward Saunaeel, and hit him, causing him to go flying back several feet. Patrick and Conner give Reflectus hard slashes from their weapons, and he flies back toward Saunaeel. In their area Julie and Kira continue to fire numerous shots from their blasters at Explosia, and she takes the hits flying over toward Reflectus and Saunaeel. Reflectus, Explosia, and Saunaeel get back to their feet.

SAUNAEEL

I think we should take off.

REFLECTUS

Agreed. We will meet again, Rangers.

Reflectus, Explosia, and Saunaeel disappear.

FADE OUT.

FADE IN:

INT. AN OLD ABANDONED LABORATORY - DAY

EMEGON and MESOGOG stand before a piece of equipment, with an attached metal cylinder, that looks as if it has been underused in quite some time.

MESOGOG

This old piece of equipment of yours had better work.

EMEGON

Well I didn't spend the better part of two days trying to get this thing operational again just to have it fail on me. And you're lucky that the S.P.D. is no longer interested in this building.

MESOGOG

Either way, just make it work. Those robots you received from that bat person might not prove to be enough to finish off the Rangers.

Emegon presses a few buttons on the device, and it starts up. After a while a door on the cylinder opens up and five Tyrannodrones come out.

MESOGOG

Excellent. Now make more.

INT. THE COMMAND ROOM - DAY

Dorian and Tommy stand before Dorian's desk, looking up at the screen, which has communication with Commander FALCO on it.

FALCO

Hmmm...what you have mentioned troubles me Kruger. If someone could possibly resurrect deleted criminals then our entire operation might prove to be useless. However, since these criminals have previously been judged, resurrection or not, there is no need to judge them again. The verdicts for these criminals are still in effect.

DORIAN

Good to know, thank you sir.

FALCO

And Kruger, try to wrap this
Triumvirate business sometime soon,
because I cannot have an entire group
of Rangers investigating what appears
to be a wild goose chase at the moment.

DORIAN

Yes sir.

The screen goes blank.

TOMMY

Well it's good to know that you could
have deleted Rustrax when we did. But
why didn't you do this ahead of time?

DORIAN

I don't know. Maybe something came over
me when I saw Rustrax again. Either
way, we need to pass this along to the
Rangers.

Dex, John, Patrick, Alexandra, Julie, Rick, Conner, Ethan,
Kira, and Trent walk into the command room.

DORIAN

Well?

ALEXANDRA

Dex and I caught Ioda Storm stealing
more diamonds.

RICK

The Zodiacs were just basically
terrorizing the area like they did last
time.

PATRICK

I'm not sure what Reflectus was really
up to.

ETHAN

But we caught him with Mesogog's two
monsters.

TOMMY

When did the four of you do that?

CONNER

We went for a little walk and met up
with Patrick and Julie.

JOHN

Captain, what's the status on deleting these revived criminals?

DORIAN

Commander Falco has all ready given me the go ahead to delete them without having to judge them again. As far as he's concerned despite the fact that they were revived, their judgments still stand. But I don't think I need to tell you that we will have to judge Emegon.

KIRA

So what about Mesogog?

TOMMY

I think we'll have to defeat him the same way we did the last time.

The alarm sounds, and the screen behind Dorian's desk displays a map of downtown Diotech City, where several red dots are starting to walk up to.

DEX

Looks like they're trying to attack the city.

TRENT

Then we should go.

JULIE

But what about what Dr. Falco said? If you guys keep morphing you'll lose your powers.

TOMMY

Then we'll lose them, but what really matters is that we stop whatever Mesogog has planned.

The map of the city on the screen changes to Anita in the tech room.

ANITA

Dorian, I think I may have figured out a way to return the Dino Rangers back to their time.

DORIAN

Sorry Anita, but the twelve of us need to get going.

ANITA

(sighs) Fine don't listen to me. But
you might be sorry that you didn't.

The screen goes blank.

DORIAN

It's time.

DEX

But what about Dr. Falco?

DORIAN

Dex, I've dealt with her plenty of
times when she gets like that. Don't
worry.

TOMMY

Besides we have a bigger problem on our
hands.

FADE OUT.

FADE IN:

EXT. DOWNTOWN DIATECH CITY - DAY

Mesogog, Emegon, Reflectus, Pisces (helmet on), Taurus, Ioda Storm, Explosia, and Saunaeel march toward the downtown core, followed by 25 Tyrannodrones, 25 Mechadroids, 5 X-droids, and 5 Spikedroids. Dorian, Dex, John, Patrick, Alexandra, Julie, Rick, Conner, Ethan, Kira, Tommy and Trent all walk up to where Mesogog is now standing.

MESOGOG

It appears that we brought out every Ranger there is right now.

TOMMY

I think you knew you would.

MESOGOG

Either way this makes defeating all of you even easier.

EMEGON

Can we just get this over with?

DORIAN

Fine by us, everyone ready?

Dex, John, Patrick, Alexandra, and Julie all take out their morphers. Rick gets into position with his.

DEX, JOHN, PATRICK, ALEXANDRA, JULIE
AND RICK

Ready.

TOMMY

What about you?

CONNER

I think we're all ready.

Tommy grabs the key to his morpher from off of his neck. Conner, Ethan, Kira, Tommy, and Trent's bracelets all become their morphers. Dex, John, Patrick, Alexandra, Julie, and Dorian take out their morphers, while Rick gets into position with his. Ioda Storm, Saunaeel, Explosia, Pisces, Taurus, Reflectus along with the Tyrannodrones, Mechadroids, X-droids, and Spikedroids charge at the Rangers. The Rangers break up into five groups; Dex and Conner fighting against 5 Tyrannodrones, 5 Mechdroids, an X-droid, a Spikedroid and Ioda Storm, John, Patrick, and Ethan fighting against 5 Tyrannodrones, 5 Mechdroids, an X-droid, a Spikedroid and Saunaeel, Alexandra, Julie and Kira fighting against 5 Tyrannodrones, 5 Mechdroids, an X-droid, a Spikedroid, Pisces, and Explosia, Dorian and Tommy fighting against 5 Tyrannodrones, 5 Mechdroids, an X-droid, a Spikedroid and Taurus, and Rick and Trent fighting against 5 Tyrannodrones, 5 Mechdroids, an X-droid, a Spikedroid and Reflectus. In their area, the Tyrannodrones, Mechadroids, X-droid, and Spikedroid surround Dex and Conner. Dex and Conner swipe their arms at the Mechadroids and Tyrannodrones causing a few to fall to the ground. However more Mechadroids and Tyrannodrones come up to them, and Dex gives two Tyrannodrones a hard kick with his right foot, while Conner punches two Mechadroids with both of his fists.

CONNER
These robot things are tough.

DEX
Well it's not like these dinosaur
things you guys fought are any easier.

Dex draws his Magnum Blasters.

CONNER
Tyranno Staff!

The Tyranno Staff appears on Conner's hands. Dex then starts to strike a few of the remaining Tyrannodrones and Mechadroids with his Blasters, while Conner swipes at more Tyrannodrones and Mechadroids with his Staff. The Mechadroids and Tyrannodrones take Dex and Conner's hits, leaving only the X-droid, Spikedroid, and Ioda Storm left. Dex aims his Blasters at the X-droid and starts to fire numerous shots, while Conner strikes the Spikedroid several times. The X-droid and Spikedroid take the hits and fall down defeated. Ioda Storm then starts to attack Dex and Conner. In their area, John slashes at a couple Mechadroids with his D-Baton, while Patrick fires a few shots at a few Tyrannodrones with his Smash Blaster, and Ethan slashes at a combination of Mechadroids and Tyrannodrones with his Thundermax Saber. The Mechadroids and Tyrannodrones take the hits and fall down defeated.

PATRICK
This is starting to get exhausting.

JOHN
Well just hold on a little longer.

ETHAN
But given the number of these guys, how long do you think we can last?

Saunaeel, the X-droid, and the Spikedroid charge toward John, Patrick, and Ethan. In their area Alexandra and Julie slash at Tyrannodrones and Mechadroids with their D-Batons, while Kira slashes at a few more Mechadroids and Tyrannodrones with her Thundermax Saber. The Tyrannodrones and Mechadroids take the hits and fall down as Pisces, Explosia, the X-droid and Spikedroid charge toward the three of them.

PISCES
(to Alexandra) When all of this is over, I'm going to do what I should've done last time I was here.

ALEXANDRA
And what's that?

PISCES
Make you my pet, of course. And maybe I'll do the same to your friends here.

JULIE

That's not going to happen.

KIRA

We're stronger than you probably think.

PISCES

We'll see about that.

Pisces extends her wrist fins and starts to swipe at Alexandra, as Julie and Kira give the X-droid and Spikedroid hard slashes, which cause them to fall down defeated. Explosia then starts to attack Julie and Kira. In their area the Mechadroids and Tyrannodrones start to surround Dorian and Tommy. Dorian quickly draws the Anubian Sword and gives the five Mechadroids a hard slash, which causes them to fall down defeated.

TOMMY

Not bad.

DORIAN

Well when you destroy one hundred of these things, in under half an hour, they don't seem that hard anymore.

Tommy draws his Brachio Staff, and slashes at the Tyrannodrones until they all fall down to the ground.

DORIAN

I assume you've done the same with those things, right?

TOMMY

Of course.

TAURUS

You may have defeated the minions, but you'll never get me.

TOMMY

We'll just see about that.

Dorian and Tommy quickly take out the X-droid and Spikedroid, before focusing their attention on Taurus. In their area, Rick and Trent punch and kick their way through all of the Tyrannodrones and Mechadroids, until only the X-droid, Spikedroid, and Reflectus are left.

REFLECTUS

Perhaps this time I will trap you Mars Ranger, and finish off what I should have years ago.

TRENT

So what's the deal with this guy?

RICK

He's got a mirror on his chest that he can use to trap you in.

TRENT

Got it.

Trent draws his Drago Sword.

TRENT

Laser arrows!

Trent draws a few laser arrows with his Sword, and they all point toward Reflectus' chest and go flying toward him. Reflectus takes the hits from the arrows. Rick flips out the throttle on his morpher and revs it until the meter is full.

RICK

Hyper Punch!

Rick flips the throttle back into its original position and aims his Hyper Punch attack at Reflectus' chest. Reflectus takes the hit, and falls back.

REFLECTUS

Get them!

The X-droid and Spikedroid charge toward Rick and Trent. Rick gives the X-droid a few hard punches with his left fist, and it falls down defeated. Trent slashes at the Spikedroid a few times with his Sword, and it takes the hits and falls down defeated. Rick and Trent charge at Reflectus. Rick gives Reflectus a hard punch with his left fist, followed by a hard slash from Trent's Sword. Reflectus takes the hits, and goes flying back near Mesogog. Dex fires numerous shots from his Blasters at Ioda Storm, and Conner strikes him hard with the Tyranno Staff, and Ioda Storm flies back near Mesogog. John now has his D-Baton and Knuckle Grip combined and he fires numerous shots at Saunaeel with Patrick and his Blaster, which are then soon followed by a few hard slashes with Ethan's Tricera Shield. Julie and Kira give Explosia hard slashes with Julie's D-Baton and Kira's Pterra Grips. Explosia takes the hits and falls back a little, as Alexandra gives Pisces a few hard slashes with her D-Baton. Pisces flies back near Mesogog and the others. Alexandra, Julie, and Kira then give Explosia hard slashes with their weapons, and she flies back near Mesogog too. Finally Dorian and Tommy give Taurus hard slashes with their respective weapons, and he goes flying back and lands beside his sister.

MESOGOG

Useless all of you!

EMEGON

Well you're the one who wanted to do this. All I ever wanted to do was clone a dinosaur.

All of the Rangers regroup. John takes out his morpher, and puts the mode selector on change.

JOHN

It's about time we did this. Emegon, for illegal experimentation, destruction of property, and reviving deleted criminals...JUDGMENT!

John presses the button on the top of his morpher. The one minute judgment cycle works its way to an "X" verdict.

DEX, JOHN, PATRICK, ALEXANDRA, JULIE,
AND RICK

Delete approved!

DEX

How about we take care of him in S.W.A.T. Mode?

JOHN

Good thinking rookie.

Dex, Patrick, Alexandra, and Julie take out their morphers.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

S.W.A.T. Mode, power on!

Dex, John, Patrick, Alexandra, and Julie all morph to S.W.A.T. Mode. They place their morphers in their vests, and the S.W.A.T. Defenders appear in their hands. Dex, John, Patrick, Alexandra, and Julie all open up their S.W.A.T. Defenders and place their morphers within them.

DEX, JOHN, PATRICK, ALEXANDRA, AND
JULIE

Full power!

Dex, John, Patrick, Alexandra, and Julie aim their S.W.A.T. Defenders at Emegon, and fire. Their blasts combine, and hit Emegon deleting him.

MESOGOG

I guess I should thank you Rangers.
With Emegon out of my way there will be
nothing to stop me now.

Mesogog fires an energy wave at Saunaeel, which goes through the monster, and splits into four different beams. The beams hit Ioda Storm, Pisces, Taurus, and Reflectus causing them to turn into energy, which then goes back through Saunaeel and into Mesogog. A red energy wave starts to go over his body, and Mesogog falls to the ground.

PATRICK

Did he just defeat himself?

TOMMY

Knowing him, there's something more to this.

ETHAN

So what about these monsters?

CONNER

We need to defeat them.

KIRA

Well let's bring them together.

Conner, Ethan, Kira, Tommy, and Trent combine their signature weapons.

CONNER, ETHAN, KIRA, TOMMY, AND TRENT
Z-Rex Blaster!

Conner, Ethan, Kira, Tommy, and Trent get into position around the Z-Rex Blaster.

TRENT

You guys going to give us a hand?

PATRICK

Of course.

Dex, John, Patrick, Alexandra, and Julie aim their S.W.A.T. Defenders at Explosia, and Saunaeel. Conner, Ethan, Kira, Tommy, and Trent aim the Z-Rex Blaster at Explosia and Saunaeel.

DEX, JOHN, PATRICK, ALEXANDRA, JULIE,
CONNER, ETHAN, KIRA, TOMMY, AND TRENT
FIRE!

Dex, John, Patrick, Alexandra, and Julie fire numerous shots at Explosia and Saunaeel, while Conner, Ethan, Kira, Tommy, and Trent fire a powerful blast from the Z-Rex Blaster. Explosia and Saunaeel take the hits and fall to the ground and explode. As the flames clear from the explosion, Mesogog gets back to his feet. He takes two steps and starts to transform into a monstrous form.

ETHAN

He's back in that "Mesomonster" form again?

TRENT

But how?

TOMMY

The energy he absorbed from those aliens must've done it.

KIRA

So are we going to defeat him the same way we did last time?

CONNER

I want to try something. Ethan, Kira, I need your help.

ETHAN

Okay.

CONNER

Shield of Triumph!

Nothing happens.

CONNER

(in disbelief) What? Shield of Triumph!

Again, nothing happens.

CONNER

Shield-

TOMMY

Conner, I think we may have drained too much energy from the Dino Gems for you to go Triassic.

KIRA

What about us going Super Dino?

TRENT

Well there's only one way to find out.

CONNER, ETHAN, KIRA, TOMMY, AND TRENT
Super Dino Mode!

Conner, Ethan, Kira, Tommy, and Trent all morph to Super Dino Mode.

ETHAN
It worked.

TOMMY
Then there's only one thing left to do.

DORIAN
We've got your backs Tommy.

DORIAN AND TOMMY
Rangers, charge!

All 12 Rangers charge at the Mesomonster. Dex, John, Patrick, Alexandra, and Julie all fire numerous blasts from their S.W.A.T. Defenders at it. Dorian gives it numerous slashes with his Sword. Rick flips out and revs the throttle on his morpher.

RICK
Electro Blast!

Rick places the throttle back, and puts his left hand to the ground. An electric blast goes over to the Mesomonster, hitting it. Conner, Ethan, and Tommy give the Mesomonster numerous slashes with their arm plates, as Trent slashes at it a few times with the blades that are extended from his hands. Kira flies over to the Mesomonster, and slashes at it with her Grips.

TOMMY
Conner, Ethan, Kira, Trent, it's time to finish him off once and for all.

Conner, Ethan, Kira, Tommy, and Trent all release energy in their respective colors. The energy combines creating a T-Rex, which then runs over to the Mesomonster hitting it. The T-Rex disappears, and the Mesomonster falls down and explodes.

FADE OUT.

FADE IN:

INT. THE COMMAND ROOM - DAY

Dex, John, Patrick, Alexandra, Julie, Dorian, Rick, Conner, Ethan, Kira, Tommy, and Trent all stand around the center console holding glasses. Dorian holds up his glass.

DORIAN

Here's to a job really well done.

ETHAN

Here, here!

PATRICK

So what's going to happen to the five of you?

Anita walks into the room, carrying two devices in both of her hands.

ANITA

I think I can explain that one.

TOMMY

So what is it Anita?

ANITA

As I was about to say before someone...

Anita shoots Dorian an evil look.

ANITA

Cut me off. I figured out how to get the five of you back to your original time.

KIRA

So what do we do?

ANITA

Absolutely nothing.

TRENT

Nothing?

CONNER

Really?

ANITA

I just want to be sure of one thing first. Hold out the Dino Gems.

Conner, Ethan, Kira, Tommy, and Trent hold out their left wrists. Anita points the device in her right hand at their wrists and scans them. Anita then walks over to Dorian's desk and sets both of the devices she is holding down, and plugs the scanner into the console. A read out appears on the screen behind the desk.

ANITA

Just what I thought. Since the power of the Dino Gems is about to wear out in a few minutes, the temporal energy that brought the five of you here to this time will also disappear, which should bring you home, or it'll destroy you. But I'm certain it'll just bring you home.

Conner, Ethan, Kira, Tommy, and Trent place their glasses down on the center console, just as energy in their respective colors starts to go over their bodies.

TOMMY

Well I guess this is goodbye. It was an honor fighting along side you Dorian.

DORIAN

I feel the same way Tommy.

CONNER

Well Dex this was fun.

DEX

It sure was.

KIRA

Alexandra, Julie, if I have in fact gotten a recording deal, I hope the two of you buy my albums.

ALEXANDRA

Don't worry.

JULIE

We will.

ETHAN

John, Patrick I guess I'll be seeing you.

JOHN

I'm not too sure about that.

PATRICK

Don't be so sure John.

TRENT

Rick, I hope to see you at something I'm doing if I ever become the artist that I want to be.

RICK

Maybe, you never know.

ANITA

Dorian, Dex, John, Patrick, Alexandra, Julie, Rick, could you all shield your eyes for a minute?

DORIAN

(unsure) Okay.

Dorian, Dex, John, Patrick, Alexandra, Julie, and Rick all cover their eyes. Anita picks up the device that she was holding in her left hand, and takes out a pair of sunglasses that are in her lab coat. Anita puts the glasses on, and points the device at Conner, Ethan, Kira, Tommy, and Trent. Anita releases a white flash from the device and it goes over Conner, Ethan, Kira, Tommy, and Trent, just as energy in their respective colors fully engulfs them, causing them to disappear leaving only the Dino Gems. Anita takes off the glasses. Dorian, Dex, John, Patrick, Alexandra, Julie, and Rick uncover their eyes.

PATRICK

So what'd you do?

ANITA

Erased their memories of their time here.

JULIE

Why?

DORIAN

So that their knowledge of what happens in our time doesn't affect us when they go back to the past.

ANITA

Exactly.

DORIAN

I assume you got a call from your father telling you to use that device while we were out, right?

ANITA

Of course.

DEX

Do you think we'll ever see them again?

ALEXANDRA

Maybe, but not like they were.

INT. THE DRESSING ROOM IN THE STADIUM - DAY

Red energy appears and becomes Conner. One of Conner's teammates walks up to him.

TEAMMATE

What happened to you?

CONNER

I have no idea.

INT. THE COMPUTER LAB - DAY

Blue energy appears, and becomes Ethan.

ETHAN

Where did I just go?

INT. KIRA'S APARTMENT - DAY

Yellow energy appears and becomes Kira.

KIRA

What was that?

INT. THE ART STUDIO - DAY

White energy appears and becomes Trent.

TRENT

What was I doing again?

INT. REEF SIDE HIGH - DAY

Black energy appears in front of the principal's office, and becomes Tommy.

TOMMY

That was strange.

Tommy notices the papers lying on the floor and picks them up.
